The Notes and Preference Shares being offered hereby are referred to herein as the “Offered Securities”.

SEE “RISK FACTORS” IN THIS OFFERING CIRCULAR FOR A DESCRIPTION OF CERTAIN FACTORS THAT SHOULD BE CONSIDERED IN CONNECTION WITH AN INVESTMENT IN THE OFFERED SECURITIES.

THE PLEDGED ASSETS OF THE ISSUER ARE THE SOLE SOURCE OF PAYMENTS ON THE OFFERED SECURITIES. THE OFFERED SECURITIES DO NOT REPRESENT AN INTEREST IN OR OBLIGATIONS OF, AND ARE NOT INSURED OR GUARANTEED BY, THE TRUSTEE, THE HEDGE COUNTERPARTY, E*TRADE GLOBAL ASSET MANAGEMENT, INC., MERRILL LYNCH, PIERCE, FENNER & SMITH INCORPORATED OR ANY OF THEIR RESPECTIVE AFFILIATES.

The Date of this Offering Circular is December 1, 2005
Subject in each case to the Priority of Payments, (a) Holders of the Class A-1A Notes will be entitled to receive interest at a floating rate per annum equal to LIBOR (determined as described herein) plus 0.27%, (b) Holders of the Class A-1B-1 Notes will be entitled to receive interest at a floating rate per annum equal to LIBOR (determined as described herein) plus 0.225%, (c) Holders of the Class A-1B-2 Notes will be entitled to receive interest at a floating rate per annum equal to LIBOR (determined as described herein) plus 0.45%, (d) Holders of the Class A-2 Notes will be entitled to receive interest at a floating rate per annum equal to LIBOR (determined as described herein) plus 0.45%, (e) Holders of the Class B Notes will be entitled to receive interest at a floating rate per annum equal to LIBOR (determined as described herein) plus 0.57%, (f) Holders of the Class C Notes will be entitled to receive interest at a floating rate per annum equal to LIBOR (determined as described herein) plus 3.00% and (g) Holders of the Class D Notes will be entitled to receive interest at a floating rate per annum equal to LIBOR (determined as described herein) plus 5.75%. See “Description of the Notes—Priority of Payments.”

Interest on the Notes will be payable in U.S. Dollars quarterly in arrears on each March 5, June 5, September 5 and December 5, commencing March 5, 2006 (each, a “Distribution Date”), provided that the final Distribution Date with respect to each Class and Sub-class of Notes shall be December 5, 2042 and (ii) if a Distribution Date would otherwise fall on a day that is not a Business Day, the relevant Distribution Date shall be the first following day that is a Business Day. Payments of principal of and interest on the Notes on any Distribution Date will be made if and to the extent that funds are available for such purpose on such Distribution Date in accordance with the Priority of Payments set forth herein. See “Description of the Notes—Interest” and “Description of the Notes—Principal.”

The principal of each of the Class A-1A Notes, the Class A-1B-1 Notes, the A-1B-2 Notes, the Class A-2 Notes, the Class B Notes, the Class C Notes and the Class D Notes is payable on each Distribution Date as required by the Priority of Payments and is required to be paid by the Stated Maturity applicable to such Class, unless redeemed or repaid prior thereto. See “Description of the Notes—Principal.”

All of the Class A-1A Notes are entitled to receive payments, pari passu among themselves, all of the Class A-1B-1 Notes are entitled to receive payments pari passu among themselves, all of the Class A-1B-2 Notes are entitled to receive payments pari passu among themselves, all of the Class A-2 Notes are entitled to receive payments pari passu among themselves, all of the Class B Notes are entitled to receive payments pari passu among themselves, all of the Class C Notes are entitled to receive payments pari passu among themselves, all of the Class D Notes are entitled to receive payments pari passu among themselves, and all of the Preference Shares are entitled to receive payments pari passu among themselves. Except as otherwise described herein, the relative order of seniority of payment of each Class and Sub-class of Notes is as follows: first, Class A-1A Notes and Class A-1B Notes, pro rata, (provided that with respect to the Class A-1B Notes, first to the Class A-1B-1 Notes and second to the Class A-1B-2 Notes) second, Class A-2 Notes, third, Class B Notes, fourth, Class C Notes and fifth, Class D Notes, with (a) each Class and Sub-class of Notes (other than the Class D Notes) in such list being “Senior” to each other Class and Sub-class of Notes that follows such Class or Sub-class, as applicable, of Notes in such list (e.g., the Class A-1 Notes are Senior to the Class A-1B Notes, the Class A-2 Notes, the Class C Notes and the Class D Notes) and (b) each Class and Sub-class of Notes (other than the Class A-1 Notes) in such list being “Subordinate” to each other Class and Sub-class of Notes that precedes such Class or Sub-class, as applicable, of Notes in such list (e.g., the Class D Notes are Subordinate to the Class A-1 Notes, the Class A-2 Notes, the Class B Notes and the Class C Notes). No payment of interest on any Class or Sub-class of Notes will be made until all accrued interest and Commitment Fee due and payable on the Notes of each Class and Sub-class that is Senior to such Class or Sub-class, as applicable, and that remain outstanding has been paid in full. As more fully described herein, no payment of principal of any Class or Sub-class of Notes will be made until all principal of, and all accrued interest and Commitment Fee due and payable on the Notes of each Class and Sub-class that is Senior to such Class or Sub-class, as applicable, and that remain outstanding have been paid in full except (i) to the payment of Class C Deferred Interest from Interest Proceeds in certain circumstances, (ii) to the payment of Class D Deferred Interest from Interest Proceeds in certain circumstances (iii) to the payment of principal on the Notes (other than the Class D Notes) from Interest Proceeds in reverse seniority upon a failure of the Class C Overcollateralization Test, (iv) to the payment of principal on the Class D Notes upon a failure of the Class D Interest Diversion Test and (v) on Distribution Dates not occurring during a Sequential Pay Period. (x) principal of the Class A-1 Notes, the Class A-2 Notes and the Class B Notes will be paid on a pro rata basis up to a certain amount as more fully described herein and (y) principal of the Class C Notes shall be paid up to a certain amount as more fully described herein. See “Description of the Notes—Priority of Payments.”
The Notes are subject to optional and mandatory redemption under the circumstances described under “Description of the Notes—Optional Redemption and Tax Redemption,” “—Auction Call Redemption” and “—Mandatory Redemption.”

On each Distribution Date, to the extent funds are available therefor, Interest Proceeds will be released from the lien of the Indenture for payment to the Preference Share Paying Agent only after the payment of interest and Commitment Fee on the Notes and certain other amounts in accordance with the Priority of Payments. Any Interest Proceeds permitted to be released from the lien of the Indenture on any Distribution Date in accordance with the Priority of Payments and paid to the Preference Share Paying Agent will be distributed to the Persons in whose names Preference Shares are registered in the Preference Share Register (the “Preference Shareholders”) on such Distribution Date. Until the Notes have been paid in full, Principal Proceeds are not permitted to be released from the lien of the Indenture and will not be available to make distributions in respect of the Preference Shares. Subject to provisions of the Issuer Charter and The Companies Law (2004 Revision) of the Cayman Islands governing the declaration and payment of dividends (as described herein), after the Notes have been paid in full, Interest Proceeds and Principal Proceeds remaining after all other applications under the Priority of Payments will be released from the lien of the Indenture in accordance with the Priority of Payments and paid to the Preference Share Paying Agent for distribution to the Preference Shareholders on each Distribution Date.

Distributions (other than certain liquidating distributions described herein) will be made in Cash. The Issuer currently intends, in the event that the Preference Shares are not redeemed at the option of a Majority-in-Interest of Preference Shareholders following the repayment in full of the Notes, to liquidate all of its remaining investments in an orderly manner and distribute the proceeds of such liquidation to the Preference Shareholders. See “Description of the Preference Shares—Distributions.”

The Notes offered by the Co-Issuers in the United States (“Restricted Notes”) will be offered in reliance on an exemption from the registration requirements of the Securities Act and will initially be represented by one or more permanent global notes (“Restricted Global Notes”) in fully registered form (as defined in Section 8-102(a)(13) of the UCC, “Registered Form”), without interest coupons, deposited with the Trustee as custodian for; and registered in the name of, DTC (or its nominee). The Preference Shares offered by the Issuer in the United States will be offered in reliance on an exemption from the registration requirements of the Securities Act (“Restricted Preference Shares”). Restricted Preference Shares will be issued in definitive, fully Registered Form, without interest coupons and registered in the name of the beneficial owner thereof. The Notes offered by the Co-Issuers outside the United States (“Regulation S Notes”) and the Preference Shares offered by the Issuer outside the United States (“Regulation S Preference Shares”) will be offered in reliance on Regulation S under the Securities Act and will be represented by one or more permanent global notes (“Regulation S Global Notes”) or one or more permanent global share certificates (“Global Preference Shares”), respectively, in fully Registered Form, without interest coupons, deposited with the Preference Share Paying Agent as custodian for, and registered in the name of, DTC (or its nominee), for credit to the applicable purchaser accounts at Euroclear Bank S.A./N.V., as operator of the Euroclear System ("Euroclear"), or Clearstream Banking, société anonyme ("Clearstream, Luxembourg"). The Regulation S Global Notes and the Restricted Global Notes are collectively referred to herein as “Global Notes.” Except in the limited circumstances described herein, (a) certificated Notes will not be issued in exchange for beneficial interests in a Global Note and (b) certificated Preference Shares will not be issued in exchange for beneficial interests in a Global Preference Share. See “Description of the Notes—Form, Denomination, Registration and Transfer.”

Application will be made to the Irish Financial Services Regulatory Authority (“IFSRA”), as competent authority under Directive 2003/71/EC (the “Prospectus Directive”) for the approval of this Offering Circular. Application will be made to the Irish Stock Exchange Limited (the “Irish Stock Exchange”) for the admittance of the Notes to the Official List of the Irish Stock Exchange and trading on its regulated market. There can be no assurance that any such listing will be granted. No such applications will be made to list the Class A Notes, the Class B Notes, the Class C Notes or the Class D Notes on any other stock exchange or to list the Preference Shares on any stock exchange. This document constitutes a prospectus with regard to the Co-Issuers and the Notes for the purposes of the Prospectus Directive. It is not intended to be a prospectus within the meaning of the Securities Act.
NOTICE TO NEW HAMPSHIRE RESIDENTS

NEITHER THE FACT THAT A REGISTRATION STATEMENT OR AN APPLICATION FOR A LICENSE HAS BEEN FILED UNDER CHAPTER 421-B OF THE NEW HAMPSHIRE REVISED STATUTES WITH THE STATE OF NEW HAMPSHIRE NOR THE FACT THAT A SECURITY IS EFFECTIVELY REGISTERED OR A PERSON IS LICENSED IN THE STATE OF NEW HAMPSHIRE CONSTITUTES A FINDING BY THE SECRETARY OF STATE THAT ANY DOCUMENT FILED UNDER RSA 421-B IS TRUE, COMPLETE AND NOT MISLEADING. NEITHER ANY SUCH FACT NOR THE FACT THAT AN EXEMPTION OR EXCEPTION IS AVAILABLE FOR A SECURITY OR A TRANSACTION MEANS THAT THE SECRETARY OF STATE HAS PASSED IN ANY WAY UPON THE MERITS OR QUALIFICATIONS OF, OR RECOMMENDED OR GIVEN APPROVAL TO, ANY PERSON, SECURITY OR TRANSACTION. IT IS UNLAWFUL TO MAKE, OR CAUSE TO BE MADE, TO ANY PROSPECTIVE PURCHASER, CUSTOMER OR CLIENT ANY REPRESENTATION INCONSISTENT WITH THE PROVISIONS OF THIS PARAGRAPH.

NO PERSON IS AUTHORIZED IN CONNECTION WITH ANY OFFERING MADE HEREBY TO GIVE ANY INFORMATION OR MAKE ANY REPRESENTATION OTHER THAN AS CONTAINED HEREIN AND, IF GIVEN OR MADE, SUCH INFORMATION OR REPRESENTATION MUST NOT BE RELIED UPON AS HAVING BEEN AUTHORIZED BY THE ISSUER, THE CO-ISSUER, THE COLLATERAL MANAGER, THE HEDGE COUNTERPARTY OR THE INITIAL PURCHASER OR ANY OF THEIR RESPECTIVE AFFILIATES. THIS OFFERING CIRCULAR DOES NOT CONSTITUTE AN OFFER TO SELL, OR A SOLICITATION OF AN OFFER TO BUY, (A) ANY SECURITIES OTHER THAN THE OFFERED SECURITIES OR (B) ANY OFFERED SECURITY IN ANY JURISDICTION IN WHICH IT IS UNLAWFUL TO MAKE SUCH AN OFFER OR SOLICITATION. THE DISTRIBUTION OF THIS OFFERING CIRCULAR AND THE OFFERING OF THE OFFERED SECURITIES IN CERTAIN JURISDICTIONS MAY BE RESTRICTED BY LAW. PERSONS INTO WHOSE POSSESSION THIS OFFERING CIRCULAR COMES ARE REQUIRED BY THE CO-ISSUERS AND THE INITIAL PURCHASER TO INFORM THEMSELVES ABOUT, AND TO OBSERVE, ANY SUCH RESTRICTIONS. IN PARTICULAR, THERE ARE RESTRICTIONS ON THE DISTRIBUTION OF THIS OFFERING CIRCULAR, AND THE OFFER AND SALE OF OFFERED SECURITIES, IN THE UNITED STATES OF AMERICA, THE UNITED KINGDOM, THE CAYMAN ISLANDS, JAPAN, FRANCE AND GERMANY. SEE “PLAN OF DISTRIBUTION.” NEITHER THE DELIVERY OF THIS OFFERING CIRCULAR NOR THE SALE OF ANY SECURITY OFFERED HEREBY WILL UNDER ANY CIRCUMSTANCES IMPLY THAT THERE HAS BEEN NO CHANGE IN THE AFFAIRS OF THE CO-ISSUERS OR THAT THE INFORMATION HEREIN IS CORRECT AS OF ANY DATE SUBSEQUENT TO THE DATE AS OF WHICH SUCH INFORMATION IS GIVEN HEREIN. THE CO-ISSUERS AND THE INITIAL PURCHASER RESERVE THE RIGHT FOR ANY REASON, TO REJECT ANY OFFER TO PURCHASE IN WHOLE OR IN PART, TO ALLOT TO ANY OFFEREES LESS THAN THE FULL AMOUNT OF OFFERED SECURITIES SOUGHT BY SUCH OFFEEER OR TO SELL LESS THAN THE AGGREGATE STATED PRINCIPAL AMOUNT OF ANY CLASS OR SUB-CLASS OF NOTES OR THE NUMBER OF PREFERENCE SHARES.

THE OFFERED SECURITIES HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE SECURITIES ACT OR THE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES OR ANY OTHER JURISDICTION. THE OFFERED SECURITIES ARE TO BE PURCHASED FOR INVESTMENT
ONLY AND MAY NOT BE SOLD, PLEDGED OR OTHERWISE TRANSFERRED BY AN INVESTOR DIRECTLY OR INDIRECTLY WITHIN THE UNITED STATES OR TO OR FOR THE ACCOUNT OF U.S. PERSONS (AS DEFINED IN REGULATION S) EXCEPT PURSUANT TO AN EXEMPTION FROM THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT. PROSPECTIVE PURCHASERS ARE HEREBY NOTIFIED THAT THE SELLER OF ANY NOTES OR PREFERENCE SHARES MAY BE RELYING ON THE EXEMPTION FROM THE REGISTRATION REQUIREMENTS OF SECTION 5 OF THE SECURITIES ACT PROVIDED BY RULE 144A THEREUNDER (“RULE 144A”) OR ANOTHER EXEMPTION FROM THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT. FOR CERTAIN RESTRICTIONS ON RESALE, SEE “DESCRIPTION OF THE NOTES—FORM, DENOMINATION, REGISTRATION AND TRANSFER.” “DESCRIPTION OF THE PREFERENCE SHARES—FORM, REGISTRATION AND TRANSFER” AND “TRANSFER RESTRICTIONS.” A TRANSFER OF OFFERED SECURITIES IS SUBJECT TO THE RESTRICTIONS DESCRIBED HEREIN, INCLUDING THAT NO SALE, PLEDGE, TRANSFER OR EXCHANGE MAY BE MADE OF A NOTE OR PREFERENCE SHARE (1) EXCEPT AS PERMITTED UNDER (A) THE SECURITIES ACT PURSUANT TO AN EXEMPTION FROM REGISTRATION AS DESCRIBED HEREIN, (B) APPLICABLE STATE SECURITIES LAWS AND (C) APPLICABLE SECURITIES LAWS OF ANY OTHER JURISDICTION, (2) EXCEPT IN COMPLIANCE WITH THE CERTIFICATION AND OTHER REQUIREMENTS SET FORTH IN THE INDENTURE, THE ISSUER CHARTER AND THE PREFERENCE SHARE PAYING AGENCY AGREEMENT, AS APPLICABLE, AND (3) IN A DENOMINATION LESS THAN THE REQUIRED MINIMUM DENOMINATION. THE OFFERED SECURITIES ARE SUBJECT TO FURTHER RESTRICTIONS ON TRANSFER. SEE “TRANSFER RESTRICTIONS.”

NONE OF THE ISSUER, THE CO-ISSUER OR THE POOL OF COLLATERAL HAS BEEN REGISTERED UNDER THE INVESTMENT COMPANY ACT OF 1940, AS AMENDED (THE “INVESTMENT COMPANY ACT”), BY REASON OF THE EXEMPTION FROM REGISTRATION CONTAINED IN SECTION 3(c)(7) THEREOF. NO TRANSFER OF NOTES OR PREFERENCE SHARES THAT WOULD HAVE THE EFFECT OF REQUIRING EITHER OF THE CO-ISSUERS OR THE POOL OF COLLATERAL TO REGISTER AS AN INVESTMENT COMPANY UNDER THE INVESTMENT COMPANY ACT WILL BE PERMITTED. ANY TRANSFER OF A DEFINITIVE NOTE MAY BE EFFECTED ONLY ON THE NOTE REGISTER MAINTAINED BY THE NOTE REGISTRAR PURSUANT TO THE INDENTURE. ANY TRANSFER OF AN INTEREST IN A RESTRICTED GLOBAL NOTE, A REGULATION S GLOBAL NOTE OR A GLOBAL PREFERENCE SHARE WILL BE SHOWN ON, AND TRANSFERS THEREOF WILL BE EFFECTED ONLY THROUGH, RECORDS MAINTAINED BY DTC AND ITS DIRECT AND INDIRECT PARTICIPANTS (INCLUDING, IN THE CASE OF REGULATION S GLOBAL NOTES AND GLOBAL PREFERENCE SHARES EUROCLEAR AND CLEARSTREAM, LUXEMBOURG). ANY TRANSFER OF RESTRICTED PREFERENCE SHARES MAY BE EFFECTED ONLY ON THE PREFERENCE SHARE REGISTER MAINTAINED BY THE PREFERENCE SHARE REGISTRAR PURSUANT TO THE PREFERENCE SHARE PAYING AGENCY AGREEMENT.

EACH PURCHASER AND TRANSFEREE OF A CLASS A NOTE, CLASS B NOTE OR Class C NOTE WILL BE DEEMED TO REPRESENT AND WARRANT (OR, IN CERTAIN CIRCUMSTANCES REQUIRED TO CERTIFY) THAT (A) IT IS NOT, AND IS NOT INVESTING THE ASSETS OF, AN “EMPLOYEE BENEFIT PLAN” (AS DEFINED IN SECTION 3(3) OF THE UNITED STATES EMPLOYEE RETIREMENT INCOME SECURITY ACT OF 1974, AS AMENDED (“ERISA”)), THAT IS SUBJECT TO SECTION 406 OF ERISA, A “PLAN” (AS DEFINED IN SECTION 4975(c)(1) OF THE UNITED STATES INTERNAL REVENUE CODE OF 1986, AS AMENDED (THE “CODE”)), THAT IS SUBJECT TO SECTION 4975 OF THE CODE OR A FOREIGN, GOVERNMENTAL OR CHURCH PLAN THAT IS SUBJECT TO ANY FOREIGN, FEDERAL, STATE OR LOCAL LAW THAT IS MATERIALLY SIMILAR TO THE FOREGOING PROVISIONS OF ERISA AND THE CODE (A “SIMILAR LAW”), OR (B) ITS PURCHASE AND OWNERSHIP OF SUCH NOTE WILL NOT RESULT IN A NON-EXEMPT PROHIBITED TRANSACTION UNDER ERISA OR THE CODE (OR, IN THE CASE OF A FOREIGN, GOVERNMENTAL OR CHURCH PLAN, A VIOLATION OF ANY SIMILAR LAW).

EACH ORIGINAL PURCHASER OF A CLASS D NOTE WILL BE REQUIRED TO CERTIFY WHETHER OR NOT IT IS A BENEFIT PLAN INVESTOR (AS DEFINED IN THE PLAN ASSET REGULATIONS OF THE UNITED STATES DEPARTMENT OF LABOR, 29 C.F.R. SECTION 2510.3-101 (I)) (ANY SUCH PERSON, A
“BENEFIT PLAN INVESTOR”) OR A CONTROLLING PERSON (AS DEFINED BELOW) TO ENSURE, IMMEDIATELY AFTER THE ISSUANCE OF THE CLASS D NOTES THAT LESS THAN 25% OF THE CLASS D NOTES ARE HELD BY BENEFIT PLAN INVESTORS (DISREGARDING CLASS D NOTES HELD BY PERSONS OTHER THAN BENEFIT PLAN INVESTORS WHO HAVE DISCRETIONARY AUTHORITY OR CONTROL WITH RESPECT TO THE ASSETS OF THE ISSUER, OR WHO PROVIDE INVESTMENT ADVICE FOR A FEE, DIRECT OR INDIRECT, WITH RESPECT TO SUCH ASSETS, OR ANY AFFILIATES OF SUCH PERSONS (EACH, A “CONTROLLING PERSON”). AN INVESTOR THAT IS A BENEFIT PLAN INVESTOR SUBJECT TO SECTION 406 OF ERISA, SECTION 4975 OF THE CODE OR ANY SIMILAR LAW WILL BE REQUIRED TO CERTIFY THAT ITS INVESTMENT IN CLASS D NOTES WILL NOT RESULT IN A NON-EXEMPT PROHIBITED TRANSACTION UNDER THE FOREGOING PROVISIONS OF ERISA AND THE CODE (OR A VIOLATION OF ANY SIMILAR LAW). NO TRANSFER OF CLASS D NOTES (OTHER THAN A TRANSFER FROM THE ISSUER OR THE INITIAL PURCHASER ON THE ISSUE DATE) WILL BE EFFECTIVE AND THE ISSUER, THE TRUSTEE AND THE NOTE REGISTRAR WILL NOT RECOGNIZE ANY SUCH TRANSFER IF THE TRANSFEREE OF A CLASS D NOTE IS A BENEFIT PLAN INVESTOR OR CONTROLLING PERSON.

EACH ORIGINAL PURCHASER OF A PREFERENCE SHARE WILL BE REQUIRED TO CERTIFY WHETHER OR NOT IT IS A BENEFIT PLAN INVESTOR OR A CONTROLLING PERSON TO ENSURE, IMMEDIATELY AFTER THE ISSUANCE OF THE PREFERENCE SHARES THAT LESS THAN 25% OF THE PREFERENCE SHARES ARE HELD BY BENEFIT PLAN INVESTORS (DISREGARDING PREFERENCE SHARES HELD BY CONTROLLING PERSONS). AN INVESTOR THAT IS A BENEFIT PLAN INVESTOR SUBJECT TO SECTION 406 OF ERISA, SECTION 4975 OF THE CODE OR ANY SIMILAR LAW WILL BE REQUIRED TO CERTIFY THAT ITS INVESTMENT IN PREFERENCE SHARES WILL NOT RESULT IN A NON-EXEMPT PROHIBITED TRANSACTION UNDER THE FOREGOING PROVISIONS OF ERISA AND THE CODE (OR A VIOLATION OF ANY SIMILAR LAW). NO TRANSFER OF PREFERENCE SHARES (OTHER THAN A TRANSFER FROM THE ISSUER OR THE INITIAL PURCHASER ON THE ISSUE DATE) WILL BE EFFECTIVE AND THE ISSUER, THE PREFERENCE SHARE REGISTRAR, THE PREFERENCE SHARE PAYING AGENT, THE TRUSTEE AND THE NOTE REGISTRAR WILL NOT RECOGNIZE ANY SUCH TRANSFER IF THE TRANSFEREE OF A PREFERENCE SHARE IS A BENEFIT PLAN INVESTOR OR CONTROLLING PERSON.

THE OFFERED SECURITIES HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE UNITED STATES SECURITIES AND EXCHANGE COMMISSION OR ANY STATE SECURITIES COMMISSION OR OTHER REGULATORY AUTHORITY OF ANY STATE OR OTHER JURISDICTION, AND NONE OF THE FOREGOING AUTHORITIES HAS CONFIRMED THE ACCURACY OR DETERMINED THE ADEQUACY OF THIS OFFERING CIRCULAR. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

This Offering Circular has been prepared by the Co-Issuers solely for use in connection with the offering of the Offered Securities described herein (the “Offering”) and for listing purposes. The Co-Issuers have taken all reasonable care to confirm that the information contained in this Offering Circular (excluding the information appearing in the section “The Collateral Manager”) is true and accurate in all material respects and is not misleading in any material respect and that there are no other facts relating to the Co-Issuers or the Offered Securities, the omission of which makes this Offering Circular as a whole or any such information contained herein, in light of the circumstances under which it was made, misleading in any material respect. The Co-Issuers accept responsibility for the information contained in this document accordingly. To the best of the knowledge and belief of the Co-Issuers the information contained in this document is in accordance with the facts and does not omit anything likely to affect the import of such information. The Co-Issuers disclaim any obligation to update such information and do not intend to do so. Neither the Initial Purchaser nor any of its affiliates make any representation or warranty as to, have independently verified or assume any responsibility for, the accuracy or completeness of the information contained herein. Neither the Initial Purchaser nor any of its affiliates has independently verified any such information or assumes any responsibility for its accuracy or completeness. Neither the Collateral Manager nor any of their affiliates makes any representation or warranty as to, has independently verified or assumes any
responsibility for, the accuracy and completeness of the information contained herein other than the information appearing in the sections “The Collateral Manager” and “Risk Factors—Conflicts of Interest Involving the Collateral Manager.” None of the Hedge Counterparties or any of their respective affiliates makes any representation or warranty as to, has independently verified or assumes any responsibility for, the accuracy and completeness of the information contained herein. Nothing contained in this Offering Circular is or should be relied upon as a promise or representation as to future results or events. The Trustee has not participated in the preparation of this Offering Circular and assumes no responsibility for its contents.

All of the statements in this Offering Circular with respect to the business of the Co-Issuers, and any financial projections or other forecasts, are based on information furnished by the Co-Issuers. See “Forward Looking Statements.” None of the Initial Purchaser, the Collateral Manager or their respective affiliates assumes any responsibility for the performance of any obligations of either of the Co-Issuers or any other person described in this Offering Circular (except that the Collateral Manager is responsible for the performance of its obligations under the Collateral Management Agreement) or for the due execution, validity or enforceability of the Offered Securities, instruments or documents delivered in connection with the Offered Securities or for the value or validity of any collateral or security interests pledged in connection with the Notes. None of the Hedge Counterparties or any of their respective affiliates assumes responsibility for the performance of any obligations of any other person described in this Offering Circular or for the due execution, validity or enforceability of the Offered Securities, instruments or documents delivered in connection with the Offered Securities (other than its own obligations under documents entered into by it) or for the value or validity of any collateral or security interests pledged in connection with the Notes.

This Offering Circular contains summaries of certain documents. The summaries do not purport to be complete and are qualified in their entirety by reference to such documents, copies of which will be made available to offerees upon request. Requests and inquiries regarding this Offering Circular or such documents should be directed to Merrill Lynch, Pierce, Fenner & Smith, Incorporated, 4 World Financial Center, New York, New York 10080; Attention: Global Structured Credit Products. Copies of such documents may also be obtained free of charge from AIB/BNY Fund Management (Ireland) Limited in its capacity as paying agent located in Dublin, Ireland for the Notes (in such capacity, the “Irish Paying Agent”) if and for so long as any Offered Securities are listed on the Irish Stock Exchange.

The Co-Issuers will make available to any offeree of the Offered Securities, prior to the issuance thereof, the opportunity to ask questions of and to receive answers from the Co-Issuers or a person acting on their behalf concerning the terms and conditions of the Offering, the Co-Issuers or any other relevant matters and to obtain any additional information to the extent the Co-Issuers possess such information or can obtain it without unreasonable expense. The information referred to in this paragraph will also be obtainable at the office of the Irish Paying Agent in Dublin, Ireland if and for so long as any Offered Securities are listed on the Irish Stock Exchange.

Each purchaser of a Restricted Note or a Restricted Preference Share will be required (or, in certain circumstances, deemed) to represent to the Co-Issuers and the Initial Purchaser that it is (a) either (i) a Qualified Institutional Buyer, to whom notice is given that the resale, pledge or other transfer is being made in reliance on the exemption from Securities Act registration provided by Rule 144A or (ii) solely in the case of a Restricted Preference Share, an “accredited investor” within the meaning of Rule 501(a) (an “Accredited Investor”) under the Securities Act, and (b) in each case, a Qualified Purchaser and is acquiring the Restricted Note or Restricted Preference Share for its own account for investment purposes and not with a view to the distribution thereof (except in accordance with Rule 144A). A “Qualified Purchaser” is (i) a “qualified purchaser” as defined in the Investment Company Act. (ii) a “knowledgeable employee” (as defined in Rule 3c-5 promulgated under the Investment Company Act, a “Knowledgeable Employee”) with respect to the Issuer or (iii) a company beneficially owned exclusively by one or more “qualified purchasers” and/or Knowledgeable Employees with respect to the Issuer. Each purchaser of a Regulation S Note or Regulation S Preference Share will be required (or, in certain circumstances, deemed) to represent to the Co-Issuers and the Initial Purchaser that it is acquiring the Regulation S Note or Regulation S Preference Share in an “offshore transaction” within the meaning of Rule 903 or Rule 904 of Regulation S and is neither a U.S. Person, such term is defined in Regulation S (a “U.S. Person”), nor a U.S. resident for purposes of the Investment Company Act (a “U.S. Resident”), and is acquiring the Regulation S Note or Regulation S Preference Share for its own account and not for the account or benefit of a U.S. Person or a U.S. Resident. Each purchaser or transferee of Offered Securities will also be required (or, in certain circumstances, deemed) to acknowledge that the
Offered Securities have not been and will not be registered under the Securities Act and may not be reoffered, resold, pledged or otherwise transferred except (a)(i) to a person (A) whom the seller reasonably believes is a Qualified Institutional Buyer, purchasing for its own account, to whom notice is given that the resale, pledge or other transfer is being made in reliance on the exemption from Securities Act registration provided by Rule 144A and (B) that is a Qualified Purchaser, (ii) in an “offshore transaction” in accordance with Rule 903 or Rule 904 of Regulation S to a non-U.S. Person that is not a U.S. Resident or (iii) in the case of Preference Shares only, in accordance with another exemption from the registration requirements of the Securities Act (subject to the delivery of such certifications, legal opinions or other information as the Issuer may reasonably require to confirm that such transfer is being made pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act), that is a Qualified Purchaser, (b) in compliance with the certification and other requirements set forth in the Indenture or the Preference Share Paying Agency Agreement, as applicable, and (c) in accordance with any applicable securities laws of any state of the United States and any other relevant jurisdiction.

Although the Initial Purchaser may from time to time make a market in one or more Class or Sub-class of Notes or the Preference Shares, the Initial Purchaser is under no obligation to do so. In the event that the Initial Purchaser commences any market-making, the Initial Purchaser may discontinue the same at any time. There can be no assurance that a secondary market for any Class or Sub-class of the Notes or the Preference Shares will develop, or if a secondary market does develop, that it will provide the Holders of such Class or Sub-class of Notes or the Holders of Preference Shares with liquidity of investment or that it will continue for the life of such Class or Sub-class of Notes or Preference Shares.

In this Offering Circular, “Holder” means a Noteholder and/or a Preference Shareholder as the context may require.

THIS OFFERING CIRCULAR IS FOR INFORMATION PURPOSES ONLY AND IS NOT INTENDED TO BE RELIED UPON ALONE AS THE BASIS FOR AN INVESTMENT DECISION. IN MAKING AN INVESTMENT DECISION, PROSPECTIVE INVESTORS MUST RELY ON THEIR OWN EXAMINATION OF THE CO-ISSUERS AND THE TERMS OF THE OFFERING, INCLUDING THE MERITS AND RISKS INVOLVED AND MUST NOT RELY UPON INFORMATION PROVIDED BY OR STATEMENTS MADE BY THE INITIAL PURCHASER, THE COLLATERAL MANAGER, ANY HEDGE COUNTERPARTY OR ANY OF THEIR RESPECTIVE AFFILIATES. INVESTORS SHOULD BE AWARE THAT THEY MAY BE REQUIRED TO BEAR THE FINANCIAL RISKS OF AN INVESTMENT IN OFFERED SECURITIES FOR AN INDEFINITE PERIOD OF TIME.

THE CONTENTS OF THIS OFFERING CIRCULAR ARE NOT TO BE CONSTRUED AS LEGAL, BUSINESS OR TAX ADVICE. EACH PROSPECTIVE INVESTOR SHOULD CONSULT ITS OWN ATTORNEY, BUSINESS ADVISOR AND TAX ADVISOR AS TO LEGAL, BUSINESS AND TAX ADVICE.

NOTWITHSTANDING ANYTHING TO THE CONTRARY CONTAINED IN THIS OFFERING CIRCULAR, ALL PERSONS MAY DISCLOSE TO ANY AND ALL PERSONS, WITHOUT LIMITATION OF ANY KIND, THE U.S. FEDERAL, STATE AND LOCAL TAX TREATMENT OF THE OFFERED SECURITIES AND THE ISSUER, ANY FACT THAT MAY BE RELEVANT TO UNDERSTANDING THE U.S. FEDERAL, STATE AND LOCAL TAX TREATMENT OF THE OFFERED SECURITIES AND THE ISSUER, AND ALL MATERIALS OF ANY KIND (INCLUDING OPINIONS OR OTHER TAX ANALYSIS) RELATING TO SUCH TAX TREATMENT AND THAT MAY BE RELEVANT TO UNDERSTANDING SUCH TAX TREATMENT.

AVAILABLE INFORMATION

To permit compliance with Rule 144A under the Securities Act in connection with sales of the Offered Securities, each of the Co-Issuers (or the Issuer, in the case of the Preference Shares) will be required to furnish, upon request of a Holder of a Note or Preference Share, to such Holder and a prospective purchaser designated by such Holder the information required to be delivered under Rule 144A(d)(4) under the Securities Act if at the time of the request such Co-Issuer is not a reporting company under Section 13 or 15(d) of the United States Securities Exchange Act of 1934, as amended (the “Exchange Act”), or exempt from reporting pursuant to Rule 12g-3-2(b) under the Exchange Act. Such information may be obtained from (a) in the case of the Notes, the Trustee or, if and for so long as any Notes are listed on the Irish Stock Exchange, the Irish Paying Agent located in Ireland or (b) in the case of the Preference Shares, the Preference Share Paying Agent. It is not contemplated that either of the Co-Issuers will be such a reporting company or so exempt.

FORWARD LOOKING STATEMENTS

Any projections, forecasts and estimates contained herein are forward looking statements and are based upon certain assumptions that the Collateral Manager considers reasonable. Projections are necessarily speculative in nature, and it can be expected that some or all of the assumptions underlying the projections will not materialize or will vary significantly from actual results. Accordingly, the projections are only an estimate. Actual results may vary from the projections, and the variations may be material.

Some important factors that could cause actual results to differ materially from those in any forward looking statements include changes in interest rates, market, financial or legal uncertainties, differences in the actual allocation of the Collateral Debt Securities among asset categories from those assumed, the timing of acquisitions of the Collateral Debt Securities, the timing of additional borrowings under the Class A-1B-1 Notes, the timing and frequency of defaults on the Collateral Debt Securities, mismatches between the timing of accrual and receipt of Interest Proceeds and Principal Proceeds from the Collateral Debt Securities (particularly prior to the Ramp-Up Completion Date), defaults under Collateral Debt Securities and the effectiveness of the Hedge Agreement, among others. Consequently, the inclusion of projections herein should not be regarded as a representation by the Issuer, the Co-Issuer, and the Collateral Manager, the Trustee, any Hedge Counterparty, the Initial Purchaser or any of their respective affiliates or any other person or entity of the results that will actually be achieved by the Issuer.
None of the Issuer, the Co-Issuer, the Collateral Manager, the Hedge Counterparties, the Initial Purchaser or their respective affiliates has any obligation to update or otherwise revise any projections, including any revisions to reflect changes in economic conditions or other circumstances arising after the date hereof or to reflect the occurrence of unanticipated events, even if the underlying assumptions do not come to fruition.

The Notes will be issued and secured pursuant to an Indenture dated as of December 1, 2005 (the “Indenture”), among the Issuer, the

[1] All Class A-1B-1 Notes will be issued on the Issue Date. U.S.$ 48,000,000 of the aggregate principal amount of the Class A-1B-1 Notes will be advanced on the Issue Date and further advances will be made under the Class A-1B-1 Notes after the Issue Date as provided in the Class A-1B-1 Note Funding Agreement.
Co-Issuer and Wells Fargo Bank, National Association, as trustee (in such capacity, together with its successors, the “Trustee”). The Hedge Counterparty will be an express third party beneficiary of the Indenture. See “Description of the Notes—Status and Security” and “The Indenture.” The Notes will be limited-recourse debt obligations of the Co-Issuers secured solely by a pledge of the Collateral by the Issuer to the Trustee pursuant to the Indenture for the benefit of the Holders from time to time of the Notes, the Collateral Manager, the Trustee and the Hedge Counterparty (collectively, the “Secured Parties”). See “Description of the Notes—Status and Security.”

The terms of the Preference Shares will be set out in the Memorandum and Articles of Association of the Issuer, as amended and restated (the “Issuer Charter”), and will be issued in accordance with a Preference Share Paying Agency Agreement dated as of December 1, 2005 (the “Preference Share Paying Agency Agreement”) between the Issuer and Wells Fargo Bank, National Association, as preference share paying agent (in such capacity, together with its successors or any person authorized by the Issuer from time to time to make payments on the Preference Shares and to deliver notices to the Preference Shareholders on behalf of the Issuer, the “Preference Share Paying Agent”).

All of the Class A-1A Notes are entitled to receive payments, pari passu among themselves, all of the Class A-1B-1 Notes are entitled to receive payments pari passu among themselves, all of the Class A-1B-2 Notes are entitled to receive payments pari passu among themselves, all of the Class A-2 Notes are entitled to receive payments pari passu among themselves, all of the Class B Notes are entitled to receive payments pari passu among themselves, all of the Class C Notes are entitled to receive payments pari passu among themselves, all of the Class D Notes are entitled to receive payments pari passu among themselves, and all of the Preference Shares are entitled to receive payments pari passu among themselves. Except as otherwise described herein, the relative order of seniority of payment of each Class and Sub-class of Notes is as follows: first, Class A-1A Notes and Class A-1B Notes, pro rata, (provided that with respect to the Class A-1B Notes, first to the Class A-1B-1 Notes and second to the Class A-1B-2 Notes) second, Class A-2 Notes, third, Class B Notes, fourth, Class C Notes and fifth, Class D Notes, with (a) each Class and Sub-class of Notes (other than the Class D Notes) in such list being “Senior” to each other Class and Sub-class of Notes that follows such Class or Sub-class, as applicable, of Notes in such list (e.g., the Class A-1 Notes are Senior to the Class A-2 Notes, the Class B Notes, the Class C Notes and the Class D Notes) and (b) each Class and Sub-class of Notes (other than the Class A-1 Notes) in such list being “Subordinate” to each other Class and Sub-class of Notes that precedes such Class or Sub-class, as applicable, of Notes in such list (e.g., the Class D Notes are Subordinate to the Class A-1 Notes, the Class A-2 Notes, the Class B Notes and the Class C Notes).

No payment of interest on any Class or Sub-class of Notes will be made until all accrued interest and Commitment Fee due and payable on the Notes of each Class and Sub-class that is Senior to such Class or Sub-class, as applicable, and that remain outstanding has been paid in full. As more fully described herein, no payment of principal of any Class or
Sub-class of Notes will be made until all principal of, and all accrued interest and Commitment Fee due and payable on the Notes of each Class and Sub-class that is Senior to such Class or Sub-class, as applicable, and that remain outstanding have been paid in full except (i) to the payment of Class C Deferred Interest from Interest Proceeds in certain circumstances, (ii) to the payment of Class D Deferred Interest from Interest Proceeds in certain circumstances (iii) to the payment of principal on the Notes (other than the Class D Notes) from Interest Proceeds in reverse seniority upon a failure of the Class C Overcollateralization Test, (iv) to the payment of principal on the Class D Notes upon a failure of the Class D Interest Diversion Test and (v) on Distribution Dates not occurring during a Sequential Pay Period, (x) principal of the Class A-1 Notes, the Class A-2 Notes and the Class B Notes will be paid on a pro rata basis up to a certain amount as more fully described herein and (y) principal of the Class C Notes shall be paid up to a certain amount as more fully described herein. See “Description of the Notes—Priority of Payments.”

The Co-Issuers:

E*TRADE ABS CDO IV, Ltd. (the “Issuer”) is an exempted company incorporated under The Companies Law (2004 Revision) of the Cayman Islands pursuant to the Issuer Charter. The entire share capital of the Issuer will consist of (a) 1,000 ordinary shares, par value U.S.$ 1.00 per share (the “Ordinary Shares”), each of which will be held in trust for charitable purposes by Walkers SPV Limited, a licensed trust company incorporated in the Cayman Islands (the “Share Trustee”), under the terms of a declaration of trust and (b) 6,900 Preference Shares, par value U.S.$ 0.01 per share, to be issued at an issue price of U.S.$ 1,000 per share. The Indenture and Issuer Charter will provide that the activities of the Issuer are limited to (1) acquiring, holding, pledging and disposing of, and investing and reinvesting in, Collateral Debt Securities and Eligible Investments, (2) entering into and performing its obligations under the Indenture, the Hedge Agreement(s), the Collateral Management Agreement, the Collateral Administration Agreement, the Purchase Agreement, the Class A-1B-1 Note Funding Agreement, the Administration Agreement, the Master Forward Sale Agreement, the Preference Share Paving Agency Agreement, the Asset Sale Agreement and the Account Control Agreement, (3) issuing and selling the Offered Securities, (4) pledging the Collateral as security for its obligations in respect of the Notes and otherwise for the benefit of the Secured Parties and (5) other activities incidental to the foregoing and permitted by the Indenture, including, without limitation, entering into any and all documentation necessary to give effect to the foregoing.

The Issuer will not have any material assets other than the Collateral Debt Securities, Eligible Investments and rights under any Hedge Agreement and certain other agreements entered into as described herein.

E*TRADE ABS CDO IV LLC, a limited liability company organized under the laws of the State of Delaware (the “Co-Issuer” and, together with the Issuer, the “Co-Issuers”), will be organized for the sole purpose of co-issuing and selling the Notes.

The Co-Issuer will be capitalized to the extent of the contribution of U.S.$ 100 by its member, will have no other assets other than such
Collateral Manager:

E*TRADE Global Asset Management, Inc., a Delaware corporation (“ETGAM” or the “Collateral Manager”) based in Virginia, will perform certain investment advisory, administrative and monitoring functions with respect to the Collateral under a collateral management agreement to be entered into between the Issuer and the Collateral Manager (the “Collateral Management Agreement”). Pursuant to the Collateral Management Agreement and in accordance with the Indenture, the Collateral Manager will select and will perform certain investment advisory and administrative functions with respect to the Collateral (including exercising rights and remedies associated with the Collateral Debt Securities) based on the restrictions set forth in the Indenture and the Collateral Management Agreement and on the Collateral Manager’s experience and judgment. The Collateral Manager will also monitor the Hedge Agreement. For a summary of the provisions of the Collateral Management Agreement and certain other information concerning the Collateral Manager and certain individuals associated therewith who will be performing these functions, see “The Collateral Manager” and “The Collateral Management Agreement.”

Use of Proceeds:

The gross proceeds received from the issuance and sale of the Offered Securities, together with an upfront payment from the Hedge Counterparty, are expected to be approximately U.S.$ 301,340,000 (after giving effect to and assuming the making of all Borrowings under the Class A-1B-1 Notes after the Issue Date) and the gross proceeds as of the Issue Date are expected to be approximately U.S.$ 196,540,000. The net proceeds from the issuance and sale of the Offered Securities (after giving effect to and assuming the making of all Borrowings under the Class A-1B-1 Notes after the Issue Date) are expected to be approximately U.S.$ 296,400,000, which reflects the payment from such gross proceeds of organizational and structuring fees and expenses of the Co-Issuers (including, without limitation, the legal fees and expenses of counsel to the Co-Issuers, the Initial Purchaser and the Collateral Manager), the expenses of offering the Offered Securities (including fees payable in connection with the purchase or placement of the Offered Securities), the initial deposits into the Expense Account and the Interest Reserve Account as well as any upfront payments made or received in respect of the Hedge Agreements. Such net proceeds will be used by the Issuer to purchase a diversified portfolio, selected by the Collateral Manager, of interests in certain asset-backed securities and Synthetic Securities the Reference Obligations of which will be asset-backed securities, that, in each case, have the characteristics described herein. See “Security for the Notes—Collateral Debt Securities,” “—Asset-Backed Securities” and “—Eligibility Criteria.”

Drawdown of Class A-1B-1 Notes:

Pursuant to a Class A-1B-1 Note Funding Agreement dated December 1, 2005 (the “Class A-1B-1 Note Funding Agreement”) among the Issuer, the Co-Issuer, the Trustee, Merrill Lynch, Pierce, Fenner & Smith Incorporated, as distribution agent and the Holders from time to time of the Class A-1B-1 Notes, the Holders of the Class A-1B-1 Notes (or the Liquidity Provider(s) with respect to any such Holder) will
commit to make monthly advances under the Class A-1B-1 Notes, on and subject to the terms and conditions specified therein, provided that the aggregate principal amount advanced under the Class A-1B-1 Notes will not exceed U.S.$ 152,800,000. Subject to compliance with certain borrowing conditions specified in the Class A-1B-1 Note Funding Agreement and described herein under “Description of the Notes—Drawdown of Class A-1B-1 Notes,” the Co-Issuers may borrow amounts under the Class A-1B-1 Notes during the Commitment Period (as defined herein). The aggregate principal amount that may be borrowed on any Borrowing Date (other than any borrowing of the Aggregate Undrawn Amount under the Class A-1B-1 Note Funding Agreement) will be an integral multiple of U.S.$ 1,000 and at least U.S.$ 5,000,000. See “Description of the Notes—Drawdown of Class A-1B-1 Notes.”

“Aggregate Undrawn Amount” means at any time, with respect to the Class A-1B-1 Notes, the aggregate amount of the unutilized Commitments in respect of all Class A-1B-1 Notes.

Prior to the Commitment Period Termination Date, each Holder of Class A-1B-1 Notes will be required to satisfy the Rating Criteria. If any Holder of Class A-1B-1 Notes fails at any time prior to the Commitment Period Termination Date to comply with the Rating Criteria, the Issuer will have the right (under the Class A-1B-1 Note Funding Agreement) and the obligation (under the Indenture) to either (i) replace such Holder with another entity that meets such Rating Criteria (by requiring the noncomplying Holder to transfer all of its rights and obligations in respect of the Class A-1B-1 Notes to such other entity) or (ii) require such Holder to cause a Class A-1B-1 Noteholder Prepayment Account to be established and credit to such Class A-1B-1 Noteholder Prepayment Account Cash or Eligible Prepayment Account Investments, the aggregate outstanding principal amount of which is equal to such Holder’s Unfunded Commitment at such time and enter into a Noteholder Prepayment Account Control Agreement in relation to such account. See “Description of the Notes—Drawdown of Class A-1B-1 Notes.”

The Class A-1A Notes will bear interest at a floating rate per annum equal to LIBOR (determined as described herein) plus 0.27%. The Class A-1B-1 Notes will bear interest at a floating rate per annum equal to LIBOR (determined as described herein) plus 0.225%. The Class A-1B-2 Notes will bear interest at a floating rate per annum equal to LIBOR (determined as described herein) plus 0.45%. The Class A-2 Notes will bear interest at a floating rate per annum equal to LIBOR (determined as described herein) plus 0.45%. The Class B Notes will bear interest at a floating rate per annum equal to LIBOR (determined as described herein) plus 0.57%. The Class C Notes will bear interest at a floating rate per annum equal to LIBOR (determined as described herein) plus 3.00%. The Class D Notes will bear interest at a floating rate per annum equal to LIBOR (determined as described herein) plus 5.75%. Interest on each Class and Sub-class of Notes shall be computed on the basis of the actual number of days elapsed in the applicable Interest Period divided by 360.
Interest on the Notes will accrue from the Issue Date. Accrued and unpaid interest will be payable quarterly in arrears on each Distribution Date, if and to the extent that funds are available for such purpose on such Distribution Date in accordance with the Priority of Payments set forth herein. See “Description of the Notes—Interest.”

So long as any Class A Notes or Class B Notes are outstanding, the default on any Distribution Date to make payment in respect of interest on the Class C Notes by reason of the operation of the Priority of Payments will not constitute an Event of Default under the Indenture. Any interest on the Class C Notes that is not so paid when due by operation of the Priority of Payments will be deferred (such interest being referred to herein as “Class C Deferred Interest”). Any Class C Deferred Interest will be added to the Aggregate Outstanding Amount of the Class C Notes, and thereafter interest will accrue on the Aggregate Outstanding Amount of the Class C Notes, as so increased. Upon the payment of Class C Deferred Interest previously capitalized as additional principal, the Aggregate Outstanding Amount of the Class C Notes will be reduced by the amount of such payment.

So long as any Class A Notes, Class B Notes or Class C Notes are outstanding, the failure on any Distribution Date to make payment in respect of interest on the Class D Notes by reason of the operation of the Priority of Payments will not constitute an Event of Default under the Indenture. Any interest on the Class D Notes that is not so paid when due by operation of the Priority of Payments will be deferred (such interest being referred to herein as “Class D Deferred Interest”). Any Class D Deferred Interest will be added to the Aggregate Outstanding Amount of the Class D Notes, and thereafter interest will accrue on the Aggregate Outstanding Amount of the Class D Notes, as so increased. Upon the payment of Class D Deferred Interest previously capitalized as additional principal, the Aggregate Outstanding Amount of the Class D Notes will be reduced by the amount of such payment.

Additionally, except as more fully described herein and subject to the Priority of Payments, so long as any Class of Notes is outstanding, if any Coverage Test applicable to such Class of Notes is not satisfied on the Determination Date relating to any Distribution Date, then Interest Proceeds that would otherwise be used to make payments in respect of interest on any Class or Sub-class of Notes Subordinate to such Class and to pay the Subordinate Collateral Manager Fee and certain other expenses and to make distributions on the Preference Shares and, if such Interest Proceeds are insufficient, in certain cases Principal Proceeds, will be used instead to redeem, first, each Class or Sub-class (if any) of Notes Senior to such Class of Notes (sequentially in direct order of Seniority) and, second, such Class of Notes, until each applicable Coverage Test is satisfied. See “Description of the Notes—Priority of Payments.” So long as the Class D Notes are outstanding, if the Class D Interest Diversion Test is not satisfied on the Determination Date relating to any Distribution Date, then Interest Proceeds otherwise used to pay such Subordinate Collateral Manager Fee and certain other expenses and to make such distributions on the Preference Shares will be used instead to redeem the Class D Notes.
Commitment Fee on the Class A-1B-1 Notes:

A commitment fee ("Commitment Fee") will accrue on the Aggregate Undrawn Amount of the Class A-1B-1 Notes, for each day from and including the Issue Date to but excluding the Commitment Period Termination Date, at a rate per annum equal to 0.05% (the "Commitment Fee Rate"). The Commitment Fee will be payable quarterly in arrears on each Distribution Date and will rank pari passu with the payment of interest on the Class A-1B Notes, pro rata. The Commitment Fee will be computed on the basis of a 360-day year and the actual number of days elapsed. No Class or Sub-class of Notes other than the Class A-1B-1 Notes will be entitled to a commitment fee. See "Description of the Notes—Commitment Fee on Class A-1B-1 Notes.”

Distributions on the Preference Shares:

On each Distribution Date, to the extent funds are available therefor, Interest Proceeds will be released from the lien of the Indenture for payment to the Preference Share Paying Agent only after the payment of interest and Commitment Fee on the Notes and certain other amounts in accordance with the Priority of Payments. Any Interest Proceeds permitted to be released from the lien of the Indenture on any Distribution Date in accordance with the Priority of Payments and paid to the Preference Share Paying Agent will be distributed to the Preference Shareholders on such Distribution Date. Until the Notes have been paid in full, Principal Proceeds are not permitted to be released from the lien of the Indenture and will not be available to make distributions in respect of the Preference Shares. Subject to provisions of the Issuer Charter and The Companies Law (2004 Revision) of the Cayman Islands governing the declaration and payment of dividends (as described herein), after the Notes have been paid in full, Interest Proceeds and Principal Proceeds remaining after all other applications under the Priority of Payments will be released from the lien of the Indenture in accordance with the Priority of Payments and paid to the Preference Share Paying Agent for distribution to the Preference Shareholders on each Distribution Date. Distributions will be made in Cash (except certain liquidating distributions). See "Description of the Preference Shares—Distributions.”

Except as more fully described herein and subject to the Priority of Payments, if any of the Coverage Tests is not satisfied on the Determination Date related to any Distribution Date, Interest Proceeds and, if such Interest Proceeds are insufficient, in certain cases Principal Proceeds that would otherwise be released from the lien of the Indenture and paid to the Preference Share Paying Agent for distribution to the Preference Shareholders on the related Distribution Date (subject to the payment of certain other amounts prior thereto) will be used instead to repay principal of the Notes sequentially in direct order of seniority, to the extent and as described herein. In addition, if the Issuer is unable to obtain a Rating Confirmation from each Rating Agency by the first Determination Date following the Ramp-Up Completion Date, Interest Proceeds and, if such Interest Proceeds are insufficient, Principal Proceeds that would otherwise be released from the lien of the Indenture and paid to the Preference Share Paying Agent for distribution to the Preference Shareholders (subject to the payment of certain other amounts prior thereto) will be used instead to repay principal of the Notes sequentially in direct order of seniority.
Non-Call Period:

The period from the Issue Date to and including the Business Day immediately preceding the Distribution Date in December 2008 is referred to herein as the "Non-Call Period".

Maturity; Average Life; Duration:

The stated maturity of the Class A-1A Notes is December 5, 2042; the stated maturity of the Class A-1B-1 Notes is December 5, 2042; the stated maturity of the Class A-1B-2 Notes is December 5, 2042; the stated maturity of the Class A-2 Notes is December 5, 2042; the stated maturity of the Class B Notes is December 5, 2042; the stated maturity of the Class C Notes is December 5, 2042; and the stated maturity of the Class D Notes is December 5, 2042 (with respect to each Class and Sub-class of Notes, the "Stated Maturity"). Each Class and Sub-class of Notes will mature at the applicable Stated Maturity unless redeemed or repaid prior thereto. The Preference Shares will be redeemed on the Scheduled Preference Share Redemption Date, unless redeemed on an earlier date in accordance with the Priority of Payments. The average life of each Class and Sub-class of Notes and the duration of the Preference Shares may be less than the number of years until their Stated Maturity and the Scheduled Preference Share Redemption Date, respectively. See "Maturity, Prepayment and Yield Considerations" and "Risk Factors—Average Life of the Notes and Prepayment Considerations" and "—Distributions on the Preference Shares; Investment Term; Non-Petition Agreement."

Principal Repayment of the Notes:

During the Substitution Period, Specified Principal Proceeds and, after the Substitution Period, Principal Proceeds will be applied on each Distribution Date in accordance with the Priority of Payments to pay principal of each Class or Sub-class of Notes, with principal of a Class or Sub-class of Notes being paid prior to the payment of principal of each other Class and Sub-class of Notes then outstanding that is Subordinate to the Class or Sub-class, as applicable, of Notes being paid, except as otherwise described herein. The amount and frequency of principal payments of a Class or Sub-class of Notes will depend upon, among other things, the amount and frequency of payments of principal and interest received with respect to the Collateral Debt Securities. See "Description of the Notes—Principal" and "—Priority of Payments."

In addition, payments of principal may be made on the Notes in the following circumstances (subject, in each case, to the Priority of Payments): (a) upon the failure of the Issuer to satisfy any Coverage Test applicable to any Class of Notes, (b) upon the failure of the Issuer to obtain a Rating Confirmation from each Rating Agency, (c) in connection with a Tax Redemption and (d) for the payment of Class C Deferred Interest and Class D Deferred Interest. In addition, the Issuer may redeem the Notes, in whole but not in part, at the applicable Redemption Price therefor on any Distribution Date occurring after the end of the Non-Call Period in connection with an Optional Redemption. Furthermore, on or after the Distribution Date occurring in December 2013, the Notes may be redeemed in connection with an Auction Call Redemption. See "Description of the Notes—Optional
Redemption and Tax Redemption,” “Mandatory Redemption,” “Auction Call Redemption” and “Priority of Payments—Interest Proceeds.”

**Mandatory Redemption:**

Each Class of Notes will be subject to mandatory redemption on any Distribution Date in the event that any Coverage Test applicable to such Class of Notes is not satisfied on the related Determination Date. Subject to the Priority of Payments, any such redemption will be effected, **first,** from Interest Proceeds to the extent necessary to cause each applicable Coverage Test to be satisfied, and **second,** to the extent that the application of Interest Proceeds pursuant to the Priority of Payments would be insufficient to cause such tests to be satisfied, from Principal Proceeds until each such Class of Notes has been paid in full. Any such redemption will be applied to each outstanding Class of Notes in accordance with its relative seniority and will otherwise be effected as described below under “Description of the Notes—Priority of Payments.”

In the event of a Rating Confirmation Failure, as described under “Description of the Notes—Mandatory Redemption,” after application of Uninvested Proceeds, subject to the Priority of Payments, Interest Proceeds and, if necessary, Principal Proceeds, will be used to pay principal of the Notes sequentially in direct order of seniority, to the extent necessary to obtain a Rating Confirmation from each Rating Agency.

**Optional Redemption and Tax Redemption of the Notes:**

Subject to the satisfaction of certain conditions described herein, on any Distribution Date occurring after the end of the Non-Call Period, the Issuer may redeem the Notes (such redemption, an **Optional Redemption**), in whole but not in part, at the written direction of a Majority-in-Interest of Preference Shareholders at the applicable Redemption Price therefor. Any such redemption may only be effected from (a) the sale proceeds of the Collateral Debt Securities and (b) the Balance of the Cash and Eligible Investments in the Accounts (other than the Hedge Counterparty Collateral Account, any Synthetic Security Issuer Account and any Class A-1B-1 Noteholder Prepayment Account). No Optional Redemption may be effected, however, unless (i) all Sale Proceeds under clause (a) above are used (1) to make such an Optional Redemption, (2) to pay any amounts payable under the Priority of Payments and (3) to redeem the Preference Shares at the applicable Redemption Price and (ii) the aggregate bid price for such Collateral Debt Securities obtained in accordance with the procedures set forth in the Indenture, together with funds under clause (b) above, are at least equal to the Total Senior Redemption Amount. See “Description of the Notes—Optional Redemption and Tax Redemption.”

In addition, subject to satisfaction of certain conditions described below and herein, the Issuer may redeem the Notes on any Distribution Date (such redemption, a **Tax Redemption**), in whole but not in part, at the direction of either (i) the Holders of more than 50% of the Aggregate Outstanding Amount (a **Majority**) in any Class or Sub-class of Notes that, as a result of the occurrence of a Tax Event, has not received 100% of the aggregate amount of principal and interest payable to such Class or Sub-class, as applicable, on any Distribution
Date (each such Class or Sub-class an “Affected Class”) or (ii) a Majority-in-Interest of Preference Shareholders. Any such redemption may only be effected from (a) the Sale Proceeds of the Collateral Debt Securities and (b) the Balance of the Cash and Eligible Investments in the Accounts (other than the Hedge Counterparty Collateral Account, any Synthetic Security Issuer Account and any Class A-1B-1 Noteholder Prepayment Account), at the applicable Redemption Price. No Tax Redemption may be effected, however, unless (i) all Sale Proceeds under clause (a) above are used in whole or in part to make such a Tax Redemption, and, if there are sufficient funds, to redeem the Preference Shares, (ii) funds under clauses (a) and (b) are at least equal to the Total Senior Redemption Amount, (iii) a Tax Event shall have occurred and (iv) the Tax Materiality Condition is satisfied. See “Description of the Notes—Optional Redemption and Tax Redemption.”

Auction Call Redemption:

In addition, if the Notes have not been redeemed in full prior to the Distribution Date occurring in December 2013, then an auction of the Collateral Debt Securities will be conducted by the Trustee on behalf of the Issuer and, provided that certain conditions are satisfied, the Collateral Debt Securities will be sold and the Notes will be redeemed on such Distribution Date. If such conditions are not satisfied and the auction is not successfully conducted on such Distribution Date, the Trustee will conduct auctions on a quarterly basis until the Notes are redeemed in full. See “Description of the Notes—Auction Call Redemption.”

Redemption of the Preference Shares:

The Preference Shares will be redeemed on the Scheduled Preference Share Redemption Date, unless redeemed on an earlier Redemption Date in accordance with the Preference Share Documents. See “Description of the Preference Shares—Redemption.”

“Preference Share Documents” means the Issuer Charter and related resolutions, the Preference Share Paying Agency Agreement and certain resolutions passed by the Issuer’s Board of Directors concerning the Preference Shares.

Security for the Notes:

Pursuant to the Indenture, the Notes, together with the Issuer’s obligations to the Hedge Counterparty under the Hedge Agreement, will be secured by: (i) the Collateral Debt Securities, all payments thereon and the Equity Securities, if any; (ii) the Accounts and Eligible Investments purchased with funds on deposit in the Accounts and all income from the investment of funds therein (other than income from investment of funds on deposit in the Synthetic Security Counterparty Accounts); (iii) the rights of the Issuer under the Hedge Agreement; (iv) the rights of the Issuer under the Collateral Management Agreement, the Collateral Administration Agreement, the Administration Agreement, the Purchase Agreement and the Class A-1B-1 Note Funding Agreement; (v) all Cash and Money delivered to the Trustee (directly or through a Securities Intermediary or its bailee); (vi) all securities, investments and agreements in which the Issuer has an interest (other than the Excepted Property); and (vii) all proceeds, accessions, profits, income, benefits, substitutions and replacements, whether voluntary or involuntary, of and to any of the property of the Issuer described in the preceding clauses (collectively, excluding the
U.S.$ 1,000 issued Ordinary Share capital and U.S.$ 1,000 transaction fee paid to the Issuer and any further transaction fee that may be paid to it in respect of any further issuance of securities and the bank accounts in which monies relating to such share capital and transaction fees are held, the "Collateral". In the event of any realization on the Collateral, proceeds will be allocated to the payment of each Class and Sub-class of Notes in accordance with the respective priorities established by the Priority of Payments. The security interest Granted under the Indenture in each Synthetic Security Counterparty Account is subject to and subordinate to the security interest and rights of the relevant Synthetic Security Counterparty in and to such Synthetic Security Counterparty Account.

"Grant" means to grant, bargain, sell, warrant, alienate, remise, demise, release, convey, assign, transfer, mortgage, pledge and create a security interest in and right of set-off against, deposit, set over and confirm.

On the Issue Date, the Issuer will have purchased (or entered into agreements to purchase for settlement following the Issue Date) Collateral Debt Securities having an Aggregate Principal Balance of at least U.S.$ 240,000,000. The Issuer expects that, no later than the Ramp-Up Completion Date, it will have purchased Collateral Debt Securities having an Aggregate Principal Balance, together with the Aggregate Principal Balance of all Cash and Eligible Investments held as Principal Proceeds in the Principal Collection Account, of at least U.S.$ 300,000,000.

"Ramp-Up Completion Date" means the date that is the earlier of (a) February 23, 2006 and (b) the first date on which the Aggregate Principal Balance of the Pledged Collateral Debt Securities and the Collateral Debt Securities with respect to which the Issuer has entered into binding commitments to purchase, is at least equal to the Aggregate Ramp-Up Par Amount. All Collateral Debt Securities purchased by the Issuer will be pledged to the Trustee under the Indenture.

"Aggregate Ramp-Up Par Amount" means $300,000,000.

"Aggregate Principal Balance" means, when used with respect to any Pledged Securities as of any date of determination, the sum of the Principal Balances on such date of determination of all such Pledged Securities.

"Pledged Securities" means on any date of determination, (a) the Collateral Debt Securities, Equity Securities and Eligible Investments that have been Granted to the Trustee and (b) all non-Cash proceeds thereof, in each case, to the extent not released from the lien of the Indenture pursuant thereto.

"Pledged Collateral Debt Security" means as of any date of determination, any Collateral Debt Security that has been Granted to the Trustee and has not been released from the lien of the Indenture pursuant thereto.
Liquidation of Collateral Debt Securities:

It is expected that the Collateral Debt Securities so acquired by the Issuer will, on the Ramp-Up Completion Date, have the characteristics and satisfy the criteria set forth herein under “Security for the Notes—Collateral Debt Securities” and “—Eligibility Criteria.” Although the Issuer expects that the Collateral Debt Securities purchased by it will, on the Ramp-Up Completion Date, satisfy the Collateral Quality Tests and the Coverage Tests described herein, there is no assurance that such tests will be satisfied on such date. Failure to satisfy such tests on or following the Ramp-Up Completion Date may result in the repayment of a portion of the Notes (according to the priority specified in the Priority of Payments). See “Description of the Notes—Mandatory Redemption.”

During the Substitution Period, Principal Proceeds (other than Specified Principal Proceeds) will, subject to the restrictions described more fully herein, generally be used to purchase additional Collateral Debt Securities. See “Security for the Notes—Dispositions of Collateral Debt Securities.” No investment will be made in Collateral Debt Securities after the termination of the Substitution Period. No investment will be made in Collateral Debt Securities from Specified Principal Proceeds. Unless terminated earlier as described herein under “Description of the Notes—Certain Definitions,” the Substitution Period is expected to terminate on the Distribution Date occurring in March 2008.

On December 5, 2042, or in connection with any Optional Redemption, Tax Redemption or Auction Call Redemption, the Collateral Debt Securities, Eligible Investments and other Collateral will be liquidated, and there will be distributed to the Preference Shareholders in accordance with the Priority of Payments all net proceeds from such liquidation and all available Cash after the payment (in the order of priorities set forth under “Description of the Notes—Priority of Payments”) of all (i) fees, (ii) expenses (including any amount owing by the Issuer under the Hedge Agreement) and (iii) principal of and interest (including any Defaulted Interest and interest on Defaulted Interest, any Class C Deferred Interest and Class D Deferred Interest and interest on Class C Deferred Interest and Class D Deferred Interest) on the Notes. See “Description of the Notes—Optional Redemption” and “Description of the Preference Shares—Redemption.”

The Issuer Charter provides that the Issuer will be wound up on the earlier to occur of (i) the passing of an Special Resolution resolving to dissolve the Issuer (a) at any time on or after December 5, 2042 (the “Scheduled Preference Share Redemption Date”), (b) at any time after the sale or other disposition of all of the Issuer’s assets, or (c) at any time after the Notes are paid in full; and (ii) on the date of a winding up pursuant to the provisions of or as contemplated by The Companies Law of the Cayman Islands as then in effect.

The Issuer currently intends, in the event that the Preference Shares are not redeemed at the option of a Majority-in-Interest of Preference Shareholders following the repayment in full of the Notes, to liquidate all of its remaining investments in an orderly manner and distribute the proceeds of such liquidation to the Preference Shareholders.
The Offering:
The Offered Securities are being offered for sale (i) within the United States, or to or for the account or benefit of, U.S. Persons, (a) solely in the case of the Preference Shares, to a limited number of Accredited Investors that are also Qualified Purchasers in transactions exempt from registration under the Securities Act or (b) to Qualified Institutional Buyers that are also Qualified Purchasers pursuant to Rule 144A and (ii) outside the United States to persons that are neither U.S. Persons nor U.S. Residents in offshore transactions in reliance on Regulation S and, in each case, in accordance with any applicable securities laws of any state of the United States and any other relevant jurisdiction. A “Qualified Purchaser” is (i) a “qualified purchaser” as defined in the Investment Company Act, (ii) a Knowledgeable Employee with respect to the Issuer or (iii) a company beneficially owned exclusively by one or more “qualified purchasers” and/or Knowledgeable Employees with respect to the Issuer. See “Plan of Distribution” and “Transfer Restrictions.”

Ratings:
It is a condition to the issuance of the Offered Securities that the Class A-1A Notes be rated “Aaa” by Moody’s Investors Service, Inc. (“Moody’s”), “AAA” by Standard & Poor’s Ratings Services, a division of The McGraw-Hill Companies, Inc. (“Standard & Poor’s”), and “AAA” by Fitch Ratings (“Fitch” and, together with Moody’s and Standard & Poor’s, the “Rating Agencies”), that the Class A-1B-1 Notes be rated “Aaa” by Moody’s, “AAA” by Standard & Poor’s and “AAA” by Fitch, that the Class A-1B-2 Notes be rated “Aaa” by Moody’s, “AAA” by Standard & Poor’s and “AAA” by Fitch, that the Class A-2 Notes be rated “Aaa” by Moody’s, “AAA” by Standard & Poor’s and “AAA” by Fitch, that the Class B Notes be rated at least “Aa2” by Moody’s, “AA” by Standard & Poor’s and “AA” by Fitch, that the Class C Notes be rated at least “Baa2” by Moody’s, “BBB” by Standard & Poor’s and “BBB” by Fitch, that the Class D Notes be rated at least “Ba1” by Moody’s, “BB+” by Standard & Poor’s and “BB+” by Fitch and that the Preference Shares be rated at least “B” by Standard & Poor’s.

The ratings assigned by Moody’s to the Notes address the ultimate cash receipt of all required interest and principal payments on each such Class and Sub-class of Notes, in each case as provided in the governing documents, and are based on the expected loss posed to the Noteholders relative to the promise of receiving the present value of such payments. The ratings assigned by Standard & Poor’s and Fitch to the Notes (other than the Class C Notes and the Class D Notes) address the timely payment of interest and ultimate payment of principal on each such Class and Sub-class of Notes. The ratings assigned by Standard & Poor’s and Fitch to the Class C Notes and Class D Notes address the ultimate payment of interest and principal on the Class C Notes and Class D Notes, respectively.

The rating assigned to the Preference Shares by Standard & Poor’s (a) addresses only the ultimate receipt of the initial Preference Share Rated Balance, (b) will not at any time address the timely receipt of any payments, including payments on redemption or repurchase of the Preference Shares or any other distributions thereon and (c) will be monitored by Standard & Poor’s on an ongoing basis. The rating assigned to the Preference Shares by Standard & Poor’s will be withdrawn after the Preference Share Rated Balance is reduced to zero.

The Regulation S Global Notes and the Restricted Global Notes are collectively referred to herein as “Global Notes”. Under certain limited circumstances described herein, definitive registered Notes may be issued in exchange for Global Notes.

No Note (or any interest therein) may be transferred to a transferee acquiring an interest in a Restricted Note except (a) to a transferee who the seller reasonably believes is a “qualified institutional buyer” (as defined in Rule 144A) (a “Qualified Institutional Buyer”), purchasing for its own account, to whom notice is given that the resale, pledge or other transfer is being made in reliance on the exemption from the registration requirements of the Securities Act provided by Rule 144A, (b) to a transferee that is a Qualified Purchaser, (c) in compliance with the certification (if any) and other requirements set forth in the Indenture and (d) in accordance with any applicable securities laws of any state of the United States and any other relevant jurisdiction.

No Note (or any interest therein) may be transferred to a transferee acquiring an interest in a Regulation S Note except (a) to a transferee that is acquiring such interest in an “offshore transaction” (within the meaning of Regulation S) in accordance with Rule 903 or Rule 904 of Regulation S, (b) to a transferee that is neither a U.S. Person nor a U.S. Resident, (c) in compliance with the certification (if any) and other requirements set forth in the Indenture and (d) in accordance with any applicable securities laws of any state of the United States and any other relevant jurisdiction.

No Note (or any interest therein) may be transferred, and neither the Trustee nor the Note Registrar will recognize any such transfer, unless (a) such transfer is made in a manner exempt from registration under the Securities Act, (b) such transfer is made in denominations greater than or equal to the minimum denomination therefor, (c) such transfer would not have the effect of requiring either of the Co-Issuers or the pool of Collateral to register as an investment company under the Investment Company Act and (d) the transferee is able to make all applicable certifications and representations required by the relevant transfer certificate attached as an exhibit to the Indenture (if the Indenture requires that a transfer certificate be delivered in connection with such a transfer). Notwithstanding the foregoing, (x) an owner of a beneficial interest in a Regulation S Global Note may transfer such interest in the form of a beneficial interest in such Regulation S Global Note without the provision of written certification, provided that such transfer is not made to a U.S. Person or a U.S. Resident or for the account or benefit of a U.S. Person or a U.S. Resident and is effected through Euroclear or Clearstream, Luxembourg in an offshore transaction as required by Regulation S and only in accordance with the Applicable Procedures; and (y) an owner of a beneficial interest in a Restricted Global Note may transfer such interest in the form of a beneficial interest in such Restricted Global Note without the provision of written certification; provided that each of the transferor and the transferee of such beneficial interest will be deemed to have made the representations that would have otherwise been required by such
certifications. See “Description of the Notes—Form, Denomination, Registration and Transfer” and “Transfer Restrictions.”

The Indenture provides that if, notwithstanding the restrictions on transfer contained therein, either of the Co-Issuers determines that any Person owning an interest in a Global Note as reflected on the books of the Depositary or on the books of a Depositary Participant or on the books of an indirect participant for which a Depositary Participant of the Depositary acts as agent, such Person a “Beneficial Owner” of a Restricted Note (or any interest therein) (A) was not at the time of purchase both a Qualified Institutional Buyer and a Qualified Purchaser or (B) any Beneficial Owner of a Regulation S Note (or any interest therein) is at any time either a U.S. Person or a U.S. Resident, then either of the Co-Issuers may require, by notice to such Holder, that such Holder sell all of its right, title and interest to such Restricted Note (or interest therein) or Regulation S Note (or interest therein), as applicable, to a person (x) if such person is taking delivery in the form of an interest in a Restricted Note, that is both a Qualified Institutional Buyer and a Qualified Purchaser or (y) if such person is taking delivery in the form of an interest in a Regulation S Note, that is neither a U.S. Person nor a U.S. Resident, with such sale to be effected within 30 days after notice of such sale requirement is given. If such Beneficial Owner fails to effect the transfer required within such 30-day period, (i) upon direction from the Collateral Manager or the Issuer, the Trustee, on behalf of and at the expense of the Issuer, will cause such Beneficial Owner’s interest in such Note to be transferred in a commercially reasonable sale (conducted by the Trustee in accordance with Section 9-610(b) of the Uniform Commercial Code as in effect in the State of New York as applied to securities that are sold on a recognized market or that may decline speedily in value) to a person that certifies to the Trustee, the Co-Issuers and the Collateral Manager, in connection with such transfer, that such person is both a Qualified Institutional Buyer and a Qualified Purchaser or (y) if such person is taking delivery in the form of an interest in a Regulation S Note, such person is neither a U.S. Person nor a U.S. Resident, and (ii) pending such transfer, no further payments will be made in respect of such Note held by such Beneficial Owner.

“Depositary” means, with respect to the Notes issued in the form of one or more Global Notes, the Person designated as Depositary pursuant to the Indenture or any successor thereto appointed pursuant to the applicable provisions of the Indenture.

“Depositary Participant” means a broker, dealer, bank or other financial institution or other Person for whom from time to time the Depositary effects book-entry transfers and pledges of notes deposited with the Depositary.

The Preference Shares being offered by the Issuer in the United States in reliance upon an exemption from the registration requirements of the Securities Act (“Restricted Preference Shares”) will be represented by certificates in fully registered, definitive form registered in the name of the legal and beneficial owner thereof (or a nominee acting on behalf of the disclosed legal and beneficial owner thereof).
The Preference Shares offered outside the United States in reliance upon Regulation S ("Regulation S Preference Shares") will be represented by one or more permanent global certificates in fully Registered Form, deposited with the Trustee as custodian for, and registered in the name of, DTC (or its nominee) for the accounts of Euroclear and/or Clearstream, Luxembourg ("Global Preference Shares"). Interests in a Global Preference Share will be shown on, and transfers thereof will be effected only through, records maintained by DTC and its direct and indirect participants (including Euroclear and Clearstream, Luxembourg). Interests in a Global Preference Share may be held only through Euroclear or Clearstream, Luxembourg.

Under certain limited circumstances described herein, definitive, registered Preference Shares ("Definitive Preference Shares") may be issued in exchange for Global Preference Shares.

No Preference Share (or any interest therein) may be transferred to a U.S. Person or within the United States except (a) to a transferee (i) that the seller reasonably believes is a Qualified Institutional Buyer purchasing for its own account, to whom notice is given that the resale, pledge or other transfer is being made in reliance on the exemption from the registration requirements of the Securities Act provided by Rule 144A or (ii) pursuant to another exemption from the registration requirements of the Securities Act (subject to the delivery of such certifications, legal opinions or other information as the Issuer may reasonably require to confirm that such transfer is being made pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act), (b) to a transferee that is a Qualified Purchaser, (c) if such transfer is made in compliance with the certification and other requirements set forth in the Issuer Charter and the Preference Share Paying Agency Agreement and (d) if such transfer is made in accordance with any applicable securities laws of any other jurisdiction of the United States and any other relevant jurisdiction.

No Regulation S Preference Share (or any interest therein) may be transferred except (a) to a transferee that is acquiring such interest in an "offshore transaction" (within the meaning of Regulation S) in accordance with Rule 903 or Rule 904 of Regulation S, (b) to a transferee that is neither a U.S. Person nor a U.S. Resident, (c) if such transfer is made in compliance with the certification and other requirements set forth in the Issuer Charter and the Preference Share Paying Agency Agreement and (d) if such transfer is made in accordance with any applicable securities laws of any state of the United States and any other relevant jurisdiction.

The Preference Share Paying Agency Agreement provides that if, notwithstanding the restrictions on transfer contained therein, the Issuer determines that (A) any beneficial owner of Restricted Preference Shares was not at the time of purchase both (i) a Qualified Institutional Buyer or otherwise entitled to purchase such Restricted Preference Shares pursuant to another exemption from the registration requirements of the Securities Act (subject to the delivery of such certifications, legal opinions or other information as the Issuer may reasonably require to confirm that such transfer is being made pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act) and (ii) a Qualified Purchaser at any
time or (B) any beneficial owner of a Regulation S Preference Share (or any interest therein) is at any time either a U.S. Person or a U.S. Resident, then the Issuer may require, by notice to such Holder, that such Holder sell all of its right, title and interest to such Restricted Preference Shares or Regulation S Preference Share (or interest therein), as applicable, to a person (x) if such person is taking delivery in the form of a Restricted Preference Share, that is both (i) a Qualified Institutional Buyer or otherwise entitled to take delivery of such Restricted Preference Share pursuant to another exemption from the registration requirements of the Securities Act (subject to the delivery of such certifications, legal opinions or other information as the Issuer may reasonably require to confirm that such transfer is being made pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act) and (ii) a Qualified Purchaser or (y) if such person is taking delivery in the form of an interest in a Regulation S Preference Share, that is neither a U.S. Person nor a U.S. Resident, with such sale to be effected within 30 days after notice of such sale requirement is given. If such beneficial owner fails to effect the transfer required within such 30-day period, (a) upon direction from the Collateral Manager or the Issuer, the Preference Share Paying Agent, on behalf of and at the expense of the Issuer, will cause such beneficial owner’s interest in such Preference Share to be transferred in a commercially reasonable sale (conducted by the Administrator in accordance with Section 9-610(b) of the Uniform Commercial Code as in effect in the State of New York as applied to securities that are sold on a recognized market or that may decline speedily in value) to a person that certifies to the Preference Share Paying Agent, the Preference Share Registrar, the Issuer and the Collateral Manager, in connection with such transfer, that (i) if such person is taking delivery in the form of a Restricted Preference Share, such person is both (i) a Qualified Institutional Buyer or otherwise entitled to take delivery of such Restricted Preference Share pursuant to another exemption from the registration requirements of the Securities Act (subject to the delivery of such certifications, legal opinions or other information as the Issuer may reasonably require to confirm that such transfer is being made pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act) and (ii) a Qualified Purchaser or (y) if such person is taking delivery in the form of an interest in a Regulation S Preference Share, such person is neither a U.S. Person nor a U.S. Resident, and (b) pending such transfer, no further payments will be made in respect of such Preference Share held by such beneficial owner.

No Preference Share (or any interest therein) may be transferred, and neither the Issuer nor the Preference Share Registrar will recognize any such transfer, unless (a) such transfer is made in denominations greater than or equal to the minimum denomination thereof, (b) the transferee is able to make all applicable certifications and representations required by the relevant transfer certificate attached as an exhibit to the Preference Share Paying Agency Agreement or Indenture, if applicable, (c) the transferee is not a Benefit Plan Investor or Controlling Person and (d) such transfer is made to a transferee that is not a Flow-Through Investment Vehicle (other than a Qualifying Investment Vehicle) (each as defined herein). Global Preference Shares or Definitive Preference Shares may not be held by Benefit Plan Investors or Controlling Persons at any time. See “Description of the Preference Shares—Form,
Registration and Transfer” and “Transfer Restrictions.”
Notwithstanding the foregoing, (x) an owner of a beneficial interest in a Global Preference Share may transfer such interest in the form of a beneficial interest in such Global Preference Share upon provision to the Preference Share Registrar of written certification from the transferee and transferor in the form provided for in the Preference Share Paying Agency Agreement; provided that such transfer is not made to a U.S. Person or a U.S. Resident or for the account or benefit of a U.S. Person or a U.S. Resident and is effected through Euroclear or Clearstream, Luxembourg in an offshore transaction as required by Regulation S and only in accordance with the Applicable Procedures. See “Description of the Preference Shares—Form, Registration and Transfer” and “Transfer Restrictions.”

RISK FACTORS

An investment in the Offered Securities involves certain risks. Prospective investors should carefully consider the following factors, in addition to the matters set forth elsewhere in this Offering Circular, prior to investing in the Offered Securities.

Limited Liquidity. There is currently no market for the Offered Securities. Although the Initial Purchaser may from time to time make a market in any Class or Sub-class of Notes or the Preference Shares, the Initial Purchaser is under no obligation to do so. In the event that the Initial Purchaser commences any market-making, it may discontinue the same at any time. There can be no assurance that a secondary market for any of the Offered Securities will develop, or if a secondary market does develop, that it will provide the Holders of such Offered Securities with liquidity of investment or that it will continue for the life of the Offered Securities. In addition, the Offered Securities are subject to certain transfer restrictions and can only be transferred to certain transferees as described under “Transfer Restrictions.” Consequently, an investor in the Offered Securities must be prepared to hold its Offered Securities for an indefinite period of time or until their Stated Maturity or the Scheduled Preference Share Redemption Date, as the case may be.

Limited-Recourse Obligations. The Notes are limited-recourse obligations of the Co-Issuers. The Notes are payable solely from the Collateral Debt Securities and other Collateral pledged by the Issuer to secure the Notes. None of the security holders, members, officers, directors, managers or incorporators of the Issuer, the Co-Issuer, the Trustee, the Administrator, any Rating Agency, the Share Trustee, the Collateral Manager, the Hedge Counterparty, the Initial Purchaser, any of their respective affiliates or any other person or entity will be obligated to make payments on the Notes. Consequently, the Noteholders must rely solely on amounts received in respect of the Collateral Debt Securities and other Collateral pledged to secure the Notes for the payment of principal thereof and interest and Commitment Fee thereon. There can be no assurance that the distributions on the Collateral Debt Securities and other Collateral pledged by the Issuer to secure the Notes will be sufficient to make payments on any Class or Sub-class of Notes, in particular after making payments on more Senior Classes or Sub-classes of Notes and certain other required amounts ranking Senior to such Class or Sub-class. The Issuer’s ability to make payments in respect of any Class or Sub-class of Notes will be constrained by the terms of the Notes of Classes and Sub-classes more Senior to such Class or Sub-class and the Indenture. If distributions on the Collateral are insufficient to make payments on the Notes, no other assets will be available for payment of the deficiency and, following liquidation of all the Collateral, the obligations of the Co-Issuers to pay such deficiencies will be extinguished.

Subordination of each Class of Subordinate Notes. No payment of interest on any Class or Sub-class of Notes will be made until all accrued interest and Commitment Fee due and payable on the Notes of each Class and Sub-class that is Senior to such Class or Sub-class, as applicable, and that remain outstanding has been paid in full. As more fully described herein, no payment of principal of any Class or Sub-class of Notes will be made until all principal of, and all accrued interest and Commitment Fee due and payable on the Notes of each Class and Sub-class that is Senior to such Class or Sub-class, as applicable, and that remain outstanding have been paid in full except (i) to the payment of Class C Deferred Interest from Interest Proceeds in certain circumstances, (ii) to the payment of Class D Deferred Interest from Interest Proceeds in certain circumstances (iii) to the payment of principal on the Notes (other than the Class D Notes) from Interest Proceeds in reverse seniority upon a failure of the Class C Overcollateralization Test, (iv) to the payment of principal on the Class D Notes upon a failure of the Class D Interest Diversion Test and (v) on Distribution Dates not occurring during a Sequential Pay Period, (x) principal of the Class A-1 Notes, the Class A-2 Notes and the Class B Notes will be paid on a pro rata basis up to a certain amount as more fully described herein and (y) principal of the Class C Notes shall be paid up to a certain amount as more fully described herein. See “Description of the Notes—Priority of Payments.” If an Event of Default occurs, so long as any Notes are outstanding, the Holders of the most Senior Class or Sub-class of Notes then outstanding will be entitled to determine the remedies to be exercised under the Indenture. So long as any Class A Notes or Class B Notes are outstanding, the failure on any Distribution Date to make payment in respect of interest on the Class C Notes by reason of the operation of the Priority of Payments will not constitute an Event of Default under the Indenture. Any interest on the Class C Notes, that is not paid when due by operation of the Priority of Payments will be deferred. So long as any Class A Notes, Class B Notes or Class C Notes are outstanding, the failure on any Distribution Date to make payment in respect of interest on the Class D Notes by reason of the operation of the Priority of Payments will not constitute an Event of Default under the Indenture. Any interest on the Class D Notes
that is not paid when due by operation of the Priority of Payments will be deferred. In the event of any realization on the Collateral, proceeds will be allocated to the Notes and other amounts in accordance with the Priority of Payments prior to any distribution to the Preference Shareholders. See “Description of the Notes—The Indenture” and “—Priority of Payments.” Remedies pursued by the Holders of the Class or Classes of Notes entitled to determine the exercise of such remedies could be adverse to the interest of the Holders of the other Classes of Notes. To the extent that any losses are suffered by any of the Holders of any Offered Securities, such losses will be borne, first, by the Holders of the Preference Shares, second, by the Holders of the Class D Notes, third, by the Holders of the Class C Notes, fourth, by the Holders of the Class B Notes, fifth, by the Holders of the Class A-2 Notes and sixth, by the Holders of the Class A-1 Notes. The Holders of the Class A-1B-2 Notes will bear losses prior to the Holders of the Class A-1B-1 Notes.

Payments in respect of the Preference Shares. The Issuer, pursuant to the Indenture, will pledge substantially all of its assets to secure the Notes and certain other obligations of the Issuer. The Preference Shares will not be secured by the Collateral. The proceeds of such assets will only be available to make payments in respect of the Preference Shares as and when such proceeds are released in accordance with the Priority of Payments. There can be no assurance that, after payment of principal and interest and Commitment Fee on the Notes and other fees and expenses of the Co-Issuers in accordance with the Priority of Payments, the Issuer will have funds remaining to make distributions in respect of the Preference Shares. See “Description of the Notes—Priority of Payments.”

Any amounts that are released from the lien of the Indenture for distribution to the Preference Shareholders in accordance with the Priority of Payments on any Distribution Date will not be available to make payments in respect of the Notes on any subsequent Distribution Date.

Volatility of the Class D Notes and the Preference Shares. The Class D Notes and the Preference Shares represent leveraged investments in the underlying Collateral. Therefore, it is expected that changes in the value of the Class D Notes and the Preference Shares will be greater than the change in the value of the underlying Collateral Debt Securities, which themselves are subject to credit, liquidity, interest rate and other risks. Utilization of leverage is a speculative investment technique and involves certain risks to investors. The indebtedness of the Issuer under the Notes will result in interest expense and other costs incurred in connection with such indebtedness that may not be covered by proceeds received from the Collateral. The use of leverage generally magnifies the Issuer’s opportunities for gain and risk of loss.

Ongoing Commitments—Class A-1B-1 Notes. Holders of the Class A-1B-1 Notes will be obligated during the Commitment Period, subject to compliance by the Issuer with certain borrowing conditions specified in the Class A-1B-1 Note Funding Agreement, to advance funds to the Co-Issuers until the aggregate principal amount advanced under the Class A-1B-1 Notes equals the aggregate amount of Commitments to make advances under the Class A-1B-1 Note Funding Agreement; provided that (i) the aggregate amount advanced under the Class A-1B-1 Notes may not in any event exceed U.S.$ 152,800,000 and (ii) at the time of and immediately after giving effect to such Borrowing, no Event of Default has occurred and is continuing or would result from such Borrowing. See “Description of the Notes—Drawdown of Class A-1B-1 Notes.”

Nature of Collateral. The Collateral is subject to credit, liquidity and interest rate risk. In addition, a significant portion of the Collateral will be acquired by the Issuer after the Issue Date, and, accordingly, the financial performance of the Issuer may be affected by the price and availability of Collateral to be purchased. The amount and nature of the collateral securing the Notes have been established with a view to withstanding certain assumed deficiencies in payment occasioned by defaults in respect of the Collateral Debt Securities. See “Ratings of the Offered Securities.” If any deficiencies exceed such assumed levels, however, payments on the Notes and distributions on the Preference Shares could be adversely affected. To the extent that a default occurs with respect to any Collateral Debt Security securing the Notes and the Issuer (upon the advice of the Collateral Manager) sells or otherwise disposes of such Collateral Debt Security, it is not likely that the proceeds of such sale or disposition will be equal to the amount of principal and interest owing to the Issuer in respect of such Collateral Debt Security. The market value of the Collateral Debt Securities included in the Collateral generally will fluctuate with, among other things, the financial condition of the obligors on or issuers of such Collateral Debt Securities or, with respect to Synthetic Securities included in the Collateral, of the obligors on or issuers of the Reference Obligations, the remaining term thereof to maturity, general economic conditions, the condition of certain financial markets, political events, developments or trends in any particular industry and changes in prevailing interest rates. The Issuer will
observe certain limitations on its ability to purchase Synthetic Securities in order to ensure that it is not treated as a “dealer in securities” or otherwise treated as engaged in a trade or business in the United States for U.S. federal income tax purposes.

Although the Issuer is permitted to invest in Asset-Backed Securities and other Collateral Debt Securities during the Ramp-Up Period and in connection with substitutions during the Substitution Period, the Issuer may find that, as a practical matter, these investment opportunities are not available to it for a variety of reasons such as the limitations imposed by the Eligibility Criteria. At any time there may be a limited universe of investments that would satisfy the Eligibility Criteria given the other investments in the Issuer’s portfolio. As a result, the Issuer may at times find it difficult to purchase suitable investments. See “Security for the Notes—Collateral Debt Securities” and “—Eligibility Criteria.” If the Issuer is unable to purchase sufficient suitable investments, principal of all or a portion of the Notes may be repaid. See “Description of the Notes—Mandatory Redemption.”

Under the Indenture the Collateral Manager may only direct the disposition of Collateral Debt Securities under certain limited circumstances. Notwithstanding such restrictions and satisfaction of the conditions set forth in the Indenture, sales and purchases of Collateral Debt Securities could result in losses to the Issuer, which losses could affect the timing and amount of payments in respect of the Notes and Preference Shares or result in the reduction in or withdrawal of the rating of any or all of the Notes by one or more of the Rating Agencies. On the other hand, circumstances may exist under which the Collateral Manager may believe that it is in the best interests of the Issuer to dispose of Collateral, but will not be permitted to do so due to the restrictions and conditions of the Indenture.

Asset-Backed Securities. The Collateral Debt Securities will consist of Asset-Backed Securities. “Asset-Backed Securities” are debt obligations or debt securities that entitle the holders thereof to receive payments that depend primarily on the cash flow from a specified pool of financial assets, either fixed or revolving, that by their terms convert into cash within a finite time period, together with rights or other assets designed to assure the servicing or timely distribution of proceeds to holders of the Collateral Backed Securities. See “Security for the Notes—Asset-Backed Securities.”

Holders of Asset-Backed Securities bear various risks, including credit risks, liquidity risks, interest rate risks, market risks, operations risks, structural risks and legal risks. Credit risk is an important issue in Asset-Backed Securities because of the significant credit risks inherent in the underlying collateral and because issuers are primarily private entities. The structure of an Asset-Backed Security and the terms of the investors’ interest in the collateral can vary widely depending on the type of collateral, the desires of investors and the use of credit enhancements. Although the basic elements of all Asset-Backed Securities are similar, individual transactions can differ markedly in both structure and execution. Important determinants of the risk associated with issuing or holding the securities include the process by which principal and interest payments are allocated and distributed to investors, how credit losses affect the issuing vehicle and the return to investors in such Asset-Backed Securities, whether the collateral represents a fixed set of specific assets or accounts, whether the underlying collateral assets are revolving or closed-end, under what terms (including maturity of the asset-backed instrument) any remaining balance in the accounts may revert to the issuing entity and the extent to which the entity that is the actual source of the collateral assets is obligated to provide support to the issuing vehicle or to the investors in such Asset-Backed Securities. See “Security for the Notes—Asset-Backed Securities.”

A significant portion of the Collateral will consist of Asset-Backed Securities that are subordinate in right of payment and rank junior to other securities that are secured by or represent an ownership interest in the same pool of assets. In addition, many of the transactions have structural features that divert payments of interest and/or principal to more senior classes when the delinquency or loss experience of the pool exceeds certain levels. As a result, such securities have a higher risk of loss as a result of delinquencies or losses on the underlying assets. In certain circumstances, payments of interest may be reduced or eliminated for one or more payment dates. Additionally, as a result of cash flow being diverted to payments of principal on more senior classes, the average life of such securities may lengthen. Subordinate Asset-Backed Securities generally do not have the right to call a default or vote on remedies following a default unless more senior securities have been paid in full. As a result, a shortfall in payments to subordinate investors in Asset-Backed Securities will generally not result in a default being declared on the transaction and the transaction will not be restructured or unwound. Furthermore, because subordinate Asset-Backed Securities may represent a relatively small percentage of the size of the asset pool being
securitized, the impact of a relatively small loss on the overall pool may be substantially on the holders of such subordinate security. See “Security for the Notes—Asset-Backed Securities.”

**RMBS Securities.** RMBS securities are generally ownership or participation interests in pools of mortgage loans secured by one-family to four-family residential properties and include Home Equity Loan Securities, Residential A Mortgage Securities and Residential B/C Mortgage Securities. RMBS securities are subject to various risks. Credit risk arises from losses due to defaults by the borrowers in the underlying collateral and the servicer’s failure to perform. As with other Asset-Backed Securities, RMBS securities are susceptible to prepayment risks as they generally do not contain prepayment penalties and a reduction in interest rates will increase the prepayments on RMBS securities resulting in a reduction in yield to maturity for holders of such securities. Legal risks can arise as a result of the procedures followed in connection with the origination of the mortgage loans or the servicing thereof which may require compliance with various federal and state laws, public policies and principles of equity regulating interest rates and other charges, require certain disclosures, require licensing or originators, prohibit discriminatory lending practices, regulate the use of consumer credit information and debt collection practices and may limit the ability of a servicer of a residential mortgage loan to collect all or part of the principal of or interest on such mortgage loan, entitle the borrower to a refund of amounts previously paid by it or subject such servicer to damages and sanctions. RMBS securities may be affected by a decline in real estate values and changes in the financial condition of mortgagees of properties securing the mortgage loans. There is no assurance that the values of the properties securing the mortgage loans have remained or will remain at their levels on the dates of origination of the related mortgage loans. If the residential real estate market should experience an overall decline in property values such that the outstanding balances of the mortgage loans become equal to or greater than the value of the properties securing such loans, delinquencies, foreclosures and losses could be higher than those now generally experienced in the mortgage lending industry.

Furthermore, the risk of loss from mortgage loans may increase due to the concentration of mortgage loans in certain regions. Such concentration may present risk consideration in addition to that generally present for similar mortgage-backed securities without such concentration. Certain geographic regions of the United States from time to time will experience weaker regional economic conditions and housing markets are directly or indirectly affected by natural disasters or civil disturbances such as earthquakes, hurricanes, floods, eruptions and riots. The risk of loss from mortgage loans may also increase due to economic conditions generally, in particular industries or affecting particular segments of the borrowing community (such as mortgagees relying on commission income and self-employed mortgagees) and other factors which may or may not affect real property values (including the purposes for which the mortgage loans were made and the uses of the mortgaged properties). The rate of principal payment on the mortgage loans (including prepayments, liquidations due to defaults and mortgage loan repurchases) may also affect the risk of loss from mortgage loans. The rate of principal payment on the mortgage loans is affected by a number of considerations, including, without limitation, the following: (i) the amortization schedules of the mortgage loans, (ii) the rate of partial prepayments and full prepayments by borrowers due to refinancing, job transfer, changes in property values or other factors, (iii) liquidations of the properties that secure defaulted mortgage loans and (iv) repurchases of mortgage loans by the depositor of such mortgage loans according to the procedures governing the particular pool of mortgage loans.

Many of the RMBS which the Issuer may purchase are subject to available funds caps or other caps on the interest rate payable to holders of such securities. The effect of such caps is to reduce the rate at which interest is paid to the holders of such securities (including the Issuer), which would have an adverse effect on the Issuer’s ability to pay interest and Commitment Fee on the Notes and to make distributions on the Preference Shares.

RMBS may have structural characteristics that distinguish them from other Asset-Backed Securities. The rate of interest payable on RMBS may be set or effectively capped at the weighted average net coupon of the underlying mortgage loans themselves, often referred to as an “available funds cap.” As a result of this cap, the return to investors is dependent on the relative timing and rate of delinquencies and prepayments of mortgage loans bearing a higher rate of interest. In general, early prepayments will have a greater impact on the yield to investors. Federal and state law may also affect the return to investors by capping the interest rates payable by certain mortgagees.

**Servicemembers Civil Relief Act.** The Servicemembers Civil Relief Act, or the “Relief Act,” provides relief to borrowers who enter active military service and to borrowers in reserve status who are called to active duty after the origination of their mortgage loan. The response of the United States to the terrorist attacks on September
11. 2001 has included the activation to active duty of persons in reserve military status. The Relief Act provides generally that a borrower who is covered by the Relief Act may not be charged interest on a mortgage loan in excess of 6% per annum during the period of the borrower’s active duty. Amounts in excess of the 6% limitation are not required to be paid by the borrower at any future time. The Relief Act also limits the ability to foreclose on a mortgage loan during the borrower’s period of active duty and, in some cases, during an additional three month period thereafter. As a result, there may be delays in payment and increased losses on such mortgage loans. Those delays and increased losses will be borne primarily by subordinated classes of securities.

**Synthetic Securities.** As described above, a portion of the Collateral Debt Securities included in the Collateral may consist of Synthetic Securities the Reference Obligations of which are Asset-Backed Securities or a specified pool or index of financial assets, either static or revolving, that by their terms convert into cash within a finite period of time. Investments in such types of assets through the purchase of Synthetic Securities present risks in addition to those resulting from direct purchases of such Collateral Debt Securities. With respect to Synthetic Securities, the Issuer will usually have a contractual relationship only with the counterparty of such Synthetic Security, and not the Reference Obligor(s) on the Reference Obligation. The Issuer generally will have no right directly to enforce compliance by the Reference Obligor(s) with the terms of either the Reference Obligation or any rights of set-off against the Reference Obligor(s), nor will the Issuer generally have any voting or other consensual rights of ownership with respect to the Reference Obligation. The Issuer will not directly benefit from any collateral supporting the Reference Obligation and will not have the benefit of the remedies that would normally be available to a holder of such Reference Obligation. In addition, in the event of the insolvency of the counterparty, the Issuer will be treated as a general creditor of such counterparty, and will not have any claim of title with respect to the Reference Obligation. Consequently, the Issuer will be subject to the credit risk of the counterparty as well as that of the Reference Obligor(s). As a result, concentrations of Synthetic Securities entered into with any one counterparty will subject the Offered Securities to an additional degree of risk with respect to defaults by such counterparty as well as by the Reference Obligor(s). One or more affiliates of the Initial Purchaser may act as counterparty with respect to all or a portion of the Synthetic Securities, which relationship may create certain conflicts of interest. Furthermore, such affiliates of the Initial Purchaser may, in their role as counterparty to all or a portion of the Synthetic Securities, manage the Reference Obligations with respect to the Synthetic Securities and make determinations regarding those Reference Obligations. See “—Certain Conflicts of Interest—Conflicts of Interest Involving the Initial Purchaser.”

**CMBS Securities.** CMBS securities represent interests in (or are secured by) commercial mortgage loans and include CMBS Conduit Securities and CMBS Large Loan Securities. Consequently, the performance of the CMBS securities included in the Collateral will be affected by payments, defaults and losses on the underlying mortgage loans. Commercial mortgage loans are generally secured by multifamily or commercial property and may entail risks of delinquency and foreclosure, and risks of loss in the event thereof, that are greater than similar risks associated with loans made on the security of single-family residential property. The ability of a borrower to repay a loan secured by an income-producing property typically is dependent primarily upon the successful operation of such property rather than upon the existence of independent income or assets of the borrower. If the net operating income of the property is reduced (for example, if rental or occupancy rates decline or real estate tax rates or other operating expenses increase), the borrower’s ability to repay the loan, and the value of the property, may be impaired. Net operating income of an income-producing property can be affected by, among other things, tenant mix, success of tenant businesses, property management decisions (including responding to changing market conditions, planning and implementing rental or pricing structures and causing maintenance and capital improvements to be carried out in a timely fashion), property location and condition, competition from comparable types of properties, any need to address environmental contamination at the property and the occurrence of any uninsured casualty or condemnation at the property.

The value of an income producing property is directly related to the net operating income derived from such property. Furthermore, the value of any commercial property may be adversely affected by risks generally incident to interests in real property, including various events which the related borrower and/or manager of the commercial property, the issuer, the depositor, the indenture trustee, the master servicer or the special servicer may be unable to predict or control, such as changes in general or local economic conditions and/or specific industry segments; declines in rental or occupancy rates; increases in interest rates, real estate tax rates and other operating expenses; changes in governmental rules, regulations and fiscal policies; acts of God; environmental hazards; terrorist acts; and social unrest and civil disturbances. The exercise of remedies and successful realization of
liquidation proceeds relating to CMBS securities may be highly dependent upon the performance of the related servicer or special servicer. There may be a limited number of special servicers available, particularly those which do not have conflicts of interest.

Insolvency Considerations with Respect to Issuers of Collateral Debt Securities. The Collateral Debt Securities consisting of obligations of non-U.S. issuers may be subject to various laws enacted in the countries of their issuance for the protection of creditors. These insolvency considerations will differ depending on the country in which each issuer is located or domiciled and may differ depending on whether the issuer is a non-sovereign or a sovereign entity.

Various laws enacted for the protection of creditors may apply to the Collateral Debt Securities. The information in this and the following paragraph is applicable with respect to U.S. issuers subject to United States federal bankruptcy law. Insolvency considerations may differ with respect to other issuers. If a court in a lawsuit brought by an unpaid creditor or representative of creditors of an issuer of a Collateral Debt Security, such as a trustee in bankruptcy, were to find that the issuer did not receive fair consideration or reasonably equivalent value for incurring the indebtedness constituting the Collateral Debt Security and, after giving effect to such indebtedness, the issuer (i) was insolvent, (ii) was engaged in a business for which the remaining assets of such issuer constituted unreasonably small capital or (iii) intended to incur, or believed that it would incur, debts beyond its ability to pay such debts as they mature, such court could determine to invalidate, in whole or in part, such indebtedness as a fraudulent conveyance, to subordinate such indebtedness to existing or future creditors of such issuer, or to recover amounts previously paid by such issuer in satisfaction of such indebtedness. The measure of insolvency for purposes of the foregoing will vary. Generally, an issuer would be considered insolvent at a particular time if, at such time, the sum of its debts was greater than the value of all its property at a fair valuation, or if, at such time, the present fair saleable value of its assets was less than the amount that would be required to pay its probable liabilities on its existing debts as they become absolute and matured. There can be no assurance as to what standard a court would apply in order to determine that the issuer was “insolvent” upon giving effect to such incurrence of the indebtedness constituting the Collateral Debt Security or that, regardless of the method of valuation, a court would not determine that the issuer was “insolvent” upon giving effect to such incurrence. In addition, in the event of the insolvency of an issuer of a Collateral Debt Security, payments made on such Collateral Debt Security could be subject to avoidance as a “preference” if made within a certain period of time (which may be as long as one year) before insolvency. In general, if payments on a Collateral Debt Security are avoidable, whether as fraudulent conveyances or preferences, such payments can be recaptured either from the initial recipient (such as the Issuer) or from subsequent transferees of such payment (such as the Holders of the Offered Securities). To the extent that any such payments are recaptured from the Issuer, the resulting loss will be borne first by the Holders of the Preference Shares, then by the Holders of the Class D Notes, then by the Holders of the Class C Notes, then by the Holders of the Class B Notes, and finally by the Holders of the Class A Notes. However, a court in a bankruptcy or insolvency proceeding would be able to direct the recapture of any such payment from a Holder of Offered Securities only to the extent that such court has jurisdiction over such Holder or its assets. Moreover, it is likely that avoidable payments could not be recaptured directly from a Holder that has given value in exchange for its Offered Security, in good faith and without knowledge that the payments were avoidable. Nevertheless, since there is no judicial precedent relating to a structured security such as the Offered Securities, there can be no assurance that a Holder of the Offered Securities will be able to avoid recapture on this or any other basis.

There can be no assurance that any payment on the Collateral Debt Securities would not be avoidable and whether any creditor claims could be asserted in a U.S. court (or the courts of any other country) against the Issuer.

Illiquidity of Collateral Debt Securities. Some of the Collateral Debt Securities purchased by the Issuer will have no, or only a limited, trading market. The Issuer’s investment in illiquid Collateral Debt Securities may restrict its ability to dispose of investments in a timely fashion and for a fair price as well as its ability to take advantage of market opportunities, although the Issuer is generally prohibited by the Indenture from selling Collateral Debt Securities except under certain limited circumstances described under “Security for the Notes—Dispositions of Collateral Debt Securities.” Illiquid Collateral Debt Securities may trade at a discount from comparable, more liquid investments. In addition, the Issuer may invest in privately placed Collateral Debt Securities that may or may not be freely transferable under the laws of the applicable jurisdiction or due to contractual restrictions on resale, and even if such privately placed Collateral Debt Securities are transferable, the
prices realized from their sale could be less than those originally paid by the Issuer or less than what may be considered the fair value of such securities.

Rating Confirmation Failure: Mandatory Redemption of Notes: Reduction of Hedge Agreements. The Co-Issuers will notify each Rating Agency and each Hedge Counterparty in writing of the occurrence of the Ramp-Up Completion Date no later than seven days after the Ramp-Up Completion Date occurs (the “Ramp-Up Notice”). The Co-Issuers will request that each Rating Agency notify the Co-Issuers within 30 days after receipt of the Ramp-Up Notice if it has reduced or withdrawn the rating (including private or confidential ratings, if any) assigned by it on the Issue Date to any Class or Sub-class of Notes. If the Co-Issuers fail to obtain a Rating Confirmation prior to the later of (x) 45 Business Days following the Ramp-Up Completion Date and (y) the first Determination Date following the Ramp-Up Completion Date (a “Rating Confirmation Failure”), the Issuer will be required on the first Distribution Date following the occurrence of such Rating Confirmation Failure, to apply Uninvested Proceeds, and subject to the Priority of Payments, Interest Proceeds and, if necessary, Principal Proceeds, to pay principal of the Notes sequentially in direct order of seniority, to the extent necessary to obtain a Rating Confirmation from each Rating Agency and the notional amount of the Hedge Agreement will be (i) reduced by an amount which is proportionate to the amount by which the Aggregate Outstanding Amount of the Notes is reduced by reason of such payment of principal of the Notes in connection with a Rating Confirmation Failure or, (ii) if necessary to obtain a Rating Confirmation and subject to the prior consent of the Hedge Counterparty, increased in order to provide interest rate protection for the same percentage of Fixed Rate Securities as contemplated by the projections made as of the Issue Date. See “Description of the Notes—Mandatory Redemption” and “—Priority of Payments.”

Credit Ratings. Credit ratings of debt securities represent the rating agencies’ opinions regarding their credit quality and are not a guarantee of quality. Rating agencies attempt to evaluate the safety of principal and interest payments and do not evaluate the risks of fluctuations in market value, therefore, they may not fully reflect the true risks of an investment. Also, rating agencies may fail to make timely changes in credit ratings in response to subsequent events, so that an issuer’s current financial condition may be better or worse than a rating indicates. Consequently, credit ratings of the Collateral Debt Securities will be used by the Collateral Manager only as a preliminary indicator of investment quality. Investments in non-investment grade and comparable unrated obligations will be more dependent on the Collateral Manager’s credit analysis than would be the case with investments in investment-grade debt obligations.

International Investing. A limited portion of the Collateral Debt Securities may consist of obligations of an issuer organized under the law of the Bahamas, Bermuda, the Cayman Islands, the Channel Islands or the Netherlands Antilles or obligations of a Qualifying Foreign Obligor. Moreover, collateral securing Asset-Backed Securities may consist of obligations of issuers or borrowers organized under the laws of various jurisdictions other than the United States. Investing outside the United States may involve greater risks than investing in the United States. These risks may include: (i) less publicly available information; (ii) varying levels of governmental regulation and supervision; and (iii) the difficulty of enforcing legal rights in a foreign jurisdiction and uncertainties as to the status, interpretation and application of laws therein. Moreover, many foreign companies are not subject to accounting, auditing and financial reporting standards, practices and requirements comparable to those applicable to U.S. companies.

In addition, there generally is less governmental supervision and regulation of exchanges, brokers and issuers in foreign countries than there is in the United States. For example, there may be no comparable provisions under certain foreign laws with respect to insider trading and similar investor protection securities laws that apply with respect to securities transactions consummated in the United States.

Foreign markets also have different clearance and settlement procedures, and in certain markets there have been times when settlements have failed to keep pace with the volume of securities transactions, making it difficult to conduct such transactions. Delays in settlement could result in periods when assets of the Issuer are uninvested and no return is earned thereon. The inability of the Issuer to make intended Collateral Debt Security purchases due to settlement problems or the risk of intermediary counterparty failures could cause the Issuer to miss investment opportunities. The inability to dispose of a Collateral Debt Security due to settlement problems could result either in losses to the Issuer due to subsequent declines in the value of such Collateral Debt Security or, if the Issuer has entered into a contract to sell the security, could result in possible liability to the purchaser. Transaction costs of buying and selling foreign securities, including brokerage, tax and custody costs, also are generally higher than those
involved in domestic transactions. Furthermore, foreign financial markets, while generally growing in volume, have, for the most part, substantially less volume than U.S. markets, and securities of many foreign companies are less liquid and their prices more volatile than securities of comparable domestic companies.

In many foreign countries there is the possibility of expropriation, nationalization or confiscatory taxation, limitations on the convertibility of currency or the removal of securities, property or other assets of the Issuer, political, economic or social instability or adverse diplomatic developments, each of which could have an adverse effect on the Issuer’s investments in such foreign countries. The economics of individual non-U.S. countries may also differ favorably or unfavorably from the U.S. economy in such respects as growth of gross domestic product, rate of inflation, volatility of currency exchange rates, depreciation, capital reinvestment, resource self-sufficiency and balance of payments position.

Dependence on Certain Personnel. Because the composition of the Collateral Debt Securities will vary over time, the performance of the Collateral Debt Securities depends heavily on the skills of the Collateral Manager in analyzing, selecting and managing the Collateral Debt Securities. As a result, the Issuer will be highly dependent on the financial and managerial experience of the Collateral Manager and certain of its employees to whom the task of managing the Collateral has been assigned. Certain employment arrangements between those employees and the Collateral Manager may exist, but the Issuer is not and will not be, a direct beneficiary of such arrangements, which arrangements are in any event subject to change without the consent of the Issuer. See “The Management Agreement” and “The Collateral Manager.”

Certain Conflicts of Interest. The activities of the Collateral Manager, the Initial Purchaser and their respective affiliates may result in certain conflicts of interest.

Conflicts of Interest Involving the Collateral Manager. Various potential and actual conflicts of interest may arise from the overall investment activities of the Collateral Manager and its Affiliates, including investment activities that the Collateral Manager or an Affiliate undertakes on behalf of accounts for which it acts as investment adviser. In particular, the Collateral Manager and its Affiliates may invest for the account of others in debt obligations that would be appropriate as security for the Notes and have no duty in making such investments to act in a way that is favorable to the Issuer or the Persons in whose names Notes are registered in the Note Register (the “Noteholders”) or the Preference Shareholders. Such investments may be different from those made on behalf of the Issuer. The Collateral Manager and its Affiliates, or accounts for which the Collateral Manager or an Affiliate of the Collateral Manager acts as an investment adviser, may have economic interests in or other relationships with issuers in whose obligations or securities the Issuer may invest. In particular, such persons may make and/or hold an investment in an issuer’s securities that may be pari passu, senior or junior in ranking to an investment in such issuer’s securities made and/or held by the Issuer or in which partners, security holders, officers, directors, agents or employees of such persons serve on boards of directors or otherwise have ongoing relationships. Each of such ownership and other relationships may result in securities laws restrictions on transactions in such securities by the Issuer and otherwise create conflicts of interest for the Issuer or Collateral Manager. In such instances, the Collateral Manager and its Affiliates may in their discretion (except as provided below under “Security for the Notes—Dispositions of Collateral Debt Securities”) make investment recommendations and decisions that may be the same as or different from those made with respect to the Issuer’s investments.

Although the officers and employees of the Collateral Manager will devote as much time to the Issuer as the Collateral Manager deems appropriate, the officers and employees may have conflicts in allocating their time and services among the Issuer and the Collateral Manager’s and its Affiliates’ other accounts. In addition, the Collateral Manager and its Affiliates, in connection with their other business activities, may acquire material non-public confidential information that may restrict the Collateral Manager from purchasing securities or selling securities for itself or its clients (including the Issuer) or otherwise using such information for the benefit of its clients or itself.

The Indenture and the Collateral Management Agreement place significant restrictions on the Collateral Manager’s ability to advise the Issuer to buy or sell securities for inclusion in the Collateral. Accordingly, during certain periods or in specified circumstances, the Collateral Manager’s compliance with such restrictions may prohibit the Issuer from buying or selling securities or taking other actions that the Collateral Manager, absent such restrictions, might consider in the best interests of the Issuer, the Noteholders or the Preference Shareholders.
The Collateral Manager currently serves as investment adviser to E*TRADE Bank, which is, and E*TRADE ABS CDO I, Ltd., E*TRADE ABS CDO II, Ltd., and E*TRADE ABS CDO III, Ltd., which were, authorized to invest in Asset-Backed Securities and may in the future serve as manager of other such companies. The Collateral Manager and its Affiliates may pursue its own interests as a manager or adviser of Collateral Debt Securities or as an owner of other securities issued by an issuer of Collateral Debt Securities, without considering the effect of its actions or omissions on the Issuer.

An Affiliate of the Collateral Manager will acquire 20% of the Preference Shares on the Issue Date. In addition, the Collateral Manager, its Affiliates and client accounts for which the Collateral Manager or its Affiliates act as investment adviser may at times own Notes of one or more Classes or Preference Shares. At any given time, the Collateral Manager and its Affiliates will not be entitled to vote the Offered Securities held by any of such Collateral Manager, its Affiliates and client accounts for which such Collateral Manager or any Affiliate thereof acts as investment adviser (and for which such Collateral Manager or such Affiliate has discretionary authority) with respect to any assignment or termination of, any of the express rights or obligations of the Collateral Manager under the Collateral Management Agreement or the Indenture (including the exercise of any rights to remove the Collateral Manager or terminate the Collateral Management Agreement), or any amendment or other modification of the Collateral Management Agreement or the Indenture increasing the rights or decreasing the obligations of the Collateral Manager.

For purposes hereof, “Affiliate” means, with respect to a specified Person, (i) any other Person who, directly or indirectly, is in control of, or controlled by, or is under common control with, such Person or (ii) any other Person who is a director, member, officer, employee or general partner of (a) such Person or (b) any such other Person described in clause (i) above. For the purposes of the foregoing definition, control of a Person will mean the power, direct or indirect, (x) to vote more than 50% of the securities having ordinary voting power for the election of directors of such Person or (y) to direct or cause the direction of the management and policies of such Person whether by contract or otherwise; provided that no other special purpose company to which the Administrator provides directors and/or acts as share trustee shall be an Affiliate of the Issuer. The ownership of a portion of the Preference Shares by its Affiliate may give the Collateral Manager an incentive to take actions that vary from the interests of the Holders of the Notes.

Conflicts of Interest Involving the Initial Purchaser. Certain of the Collateral Debt Securities acquired or to be acquired by the Issuer will consist of obligations of issuers or obligors, or obligations sponsored or serviced by companies, for which the Initial Purchaser or an affiliate thereof has acted as underwriter, agent, placement agent or dealer or for which the Initial Purchaser or an affiliate thereof has acted as lender or provided other commercial or investment banking services. The Initial Purchaser or an affiliate thereof may structure issuers of Collateral Debt Securities and arrange to place such Collateral Debt Securities with the Issuer. The Initial Purchaser or an affiliate thereof may also act as counterparty with respect to one or more Synthetic Securities. In its role as counterparty with respect to Synthetic Securities, the Initial Purchaser or one of more of its affiliates may manage a pool of Reference Obligations with respect to the Synthetic Securities and make determinations regarding those Reference Obligations. In addition, an affiliate of the Initial Purchaser may act as Hedge Counterparty under one or more Hedge Agreements with the Issuer. Moreover, the Initial Purchaser or its affiliates may from time to time enter into derivative transactions with third parties with respect to the Offered Securities or with respect to Collateral Debt Securities acquired by the Issuer, and the Initial Purchaser or its affiliates may, in connection therewith, acquire (or establish long, short or derivative financial positions with respect to) Offered Securities, Collateral Debt Securities or one or more portfolios of financial assets similar to the portfolio of Collateral Debt Securities acquired by (or intended to be acquired by) the Issuer. These activities may create certain conflicts of interest, and there can be no assurance that the terms on which the Issuer entered into (or enters into) any of the foregoing transactions with the Initial Purchaser (or an affiliate thereof) were or are the most favorable terms available in the market at the time from other potential counterparties. See “Security for the Notes—The Hedge Agreement.”

Money Laundering Prevention. The Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (the “USA Patriot Act”), effective as of October 26, 2001, requires that financial institutions, a term that includes banks, broker-dealers and investment companies, establish and maintain compliance programs to guard against money laundering activities. The USA Patriot Act requires the Secretary of the U.S. Treasury to prescribe regulations in connection with anti-money laundering policies of financial institutions. The Federal Reserve Board, the U.S. Treasury and the SEC are currently studying
what types of investment vehicles should be required to adopt anti-money laundering procedures, and it is unclear at this time whether such procedures will apply to pooled investment vehicles such as the Issuer. It is possible that there could be promulgated legislation or regulations that would require the Issuer or the Initial Purchaser or other service providers to the Issuer, in connection with the establishment of anti-money laundering procedures, to share information with governmental authorities with respect to investors in the Offered Securities. Such legislation and/or regulations could require the Issuer to implement additional restrictions on the transfer of the Offered Securities or interests therein. The Issuer reserves the right to request such information as is necessary to verify the identity of investors in the Offered Securities and the source of the payment of subscription monies, or as is necessary to comply with any customer identification programs required by Financial Crimes Enforcement Network and/or the SEC. In the event of delay or failure by the applicant to produce any information required for verification purposes, an application for or transfer of Offered Securities or interests therein and the subscription monies relating thereto may be refused. In connection with the establishment of anti-money laundering procedures, the Issuer may implement additional restrictions on the transfer of Offered Securities.

The Issuer and the Administrator are also subject to anti-money laundering legislation in the Cayman Islands pursuant to the Proceeds of Criminal Conduct Law (2005 Revision) of the Cayman Islands (the “PCCL”). Pursuant to the PCCL, the Cayman Islands government passed The Money Laundering Regulations (2003 Revision) of the Cayman Islands which impose specific requirements with respect to the obligation “to know your client.” Except in relation to certain categories of institutional investors, the Issuer will require a detailed verification of each investor’s identity and the source of the payment used by such investor for purchasing the Offered Securities in a manner similar to the obligations imposed under the laws of other major financial centers. In addition, if any person who is resident in the Cayman Islands has a suspicion that a payment to the Issuer (by way of investment or otherwise) contains the proceeds of criminal conduct, that person must report such suspicion to the Cayman Islands authorities pursuant to the PCCL. If the Issuer were determined by the Cayman Islands government to be in violation of the PCCL or The Money Laundering Regulations (2003 Revision) of the Cayman Islands, the Issuer could be subject to substantial criminal penalties. Such a violation could materially adversely affect the timing of payments by the Issuer to the Holders of the Offered Securities.

Purchase of Collateral Debt Securities. The Collateral Debt Securities purchased by the Issuer on the Issue Date will be purchased pursuant to an asset sale agreement dated December 1, 2005 between the Issuer and Merrill Lynch International (the “Asset Sale Agreement”) from a portfolio of Collateral Debt Securities held by Merrill Lynch International pursuant to a warehousing agreement between Merrill Lynch International, the Collateral Manager and the Issuer, at prices determined by Merrill Lynch International. The Issuer will purchase such Collateral Debt Securities only to the extent the Collateral Manager determines that such purchases are consistent with the restrictions contained in the Indenture and applicable law.

In addition, on the Issue Date, the Issuer will enter into the “Master Forward Sale Agreement” pursuant to which the Issuer may purchase additional Collateral Debt Securities from Merrill Lynch International from time to time during the Ramp-Up Period. The purchase price payable for any Collateral Debt Security purchased by the Issuer pursuant to the Master Forward Sale Agreement will be the price determined with reference to the purchase price paid by Merrill Lynch International at the time such Collateral Debt Security was purchased by Merrill Lynch International. Accordingly, the Issuer will bear the risk of market changes subsequent to the acquisition of such Collateral Debt Securities and related hedging arrangements as if it had acquired such Collateral Debt Securities directly at the time of purchase by Merrill Lynch International of such Collateral Debt Securities and not the date of acquisition.

If Merrill Lynch International were to become the subject of a case or proceeding under the United States Bankruptcy Code, another applicable insolvency law or a stockbroker liquidation under the Securities Investor Protection Act of 1970, the conservator, receiver or trustee in bankruptcy, other liquidator or the Securities Investor Protection Corporation could assert that Asset-Backed Securities acquired from Merrill Lynch International are property of the insolvency estate of Merrill Lynch International. “Bankruptcy Code” means the United States Bankruptcy Code, Title 11 of the United States Code, as amended or where the context requires, the applicable provisions of the laws of the Cayman Islands. Property that Merrill Lynch International has pledged or assigned, or in which Merrill Lynch International has granted a security interest, as collateral security for the payment or performance of an obligation, would be property of the estate of Merrill Lynch International. Property that Merrill Lynch International has sold or absolutely assigned and transferred to another party, however, is not property of the
estate of Merrill Lynch International. The Issuer does not expect that the purchase by the Issuer of Asset-Backed Securities, under the circumstances contemplated by this Offering Circular, will be deemed to be a pledge or collateral assignment (as opposed to the sale or other absolute transfer of such Asset-Backed Securities to the Issuer).

**Funding of the Class A-1B-1 Notes.** Although the entire aggregate principal amount of the Class A-1A Notes, the Class A-1B-2 Notes, the Class A-2 Notes, the Class B Notes, the Class C Notes and the Class D Notes will be advanced on the Issue Date, less than the entire aggregate principal amount of the Class A-1B-1 Notes will be advanced on the Issue Date. During the period (the “Ramp-Up Period”) from, and including, the Issue Date to, and including, the Ramp-Up Completion Date, the Issuer will borrow from the Holders of the Class A-1B-1 Notes on and subject to the terms and conditions in the Class A-1B-1 Note Funding Agreement in order to purchase eligible Collateral Debt Securities (for inclusion in the Collateral) having an Aggregate Principal Balance of not less than the Aggregate Principal Balance necessary for the Issuer to comply with its obligations under the Indenture. The Issuer may not acquire any Collateral Debt Security unless such acquisition is made on an “arm’s-length basis” for fair market value or pursuant to the Asset Sale Agreement or the Master Forward Agreement.

**Relation to Prior Investment Results.** The prior investment results of the Collateral Manager and the persons associated with the Collateral Manager or any other entity or person described herein are not indicative of the Issuer’s future investment results. The nature of, and risks associated with, the Issuer’s future investments may differ substantially from those investments and strategies undertaken historically by such persons and entities. There can be no assurance that the Issuer’s investments will perform as well as the past investments of any such persons or entities.

**Projections, Forecasts and Estimates.** Any projections, forecasts and estimates contained herein are forward looking statements and are based upon certain assumptions that the Co-Issuers consider reasonable. Projections are necessarily speculative in nature, and it can be expected that some or all of the assumptions underlying the projections will not materialize or will vary significantly from actual results. Accordingly, the projections are only an estimate. Actual results may vary from the projections and the variations may be material.

Some important factors that could cause actual results to differ materially from those in any forward looking statements include changes in interest rates, market, financial or legal uncertainties, differences in the actual allocation of the Collateral Debt Securities among asset categories from those assumed, the timing of acquisitions of Collateral Debt Securities, the timing of additional borrowings under the Class A-1B-1 Notes, mismatches between the timing of accrual and receipt of Interest Proceeds and Principal Proceeds from the Collateral Debt Securities (particularly during the Ramp-Up Period), defaults under Collateral Debt Securities and the effectiveness of the Hedge Agreement, among others. Consequently, the inclusion of projections herein should not be regarded as a representation by the Issuer, the Co-Issuer, the Collateral Manager, the Trustee, the Initial Purchaser or any of their respective affiliates or any other person or entity of the results that will actually be achieved by the Issuer.

None of the Issuer, the Co-Issuer, the Collateral Manager, the Trustee, the Initial Purchaser, any of their respective affiliates or any other person has any obligation to update or otherwise revise any projections, including any revisions to reflect changes in economic conditions or other circumstances arising after the date hereof or to reflect the occurrence of unanticipated events, even if the underlying assumptions do not come to fruition.

**Investment Company Act.** Neither of the Co-Issuers nor the pool of Collateral has been registered with the United States Securities and Exchange Commission (the “SEC”) as an investment company pursuant to the Investment Company Act. The Issuer has not so registered in reliance on an exception for investment companies (a) whose investors resident in the United States are solely “qualified purchasers” or “knowledgeable employees” (within the meaning given to such terms in the Investment Company Act and the regulations of the SEC thereunder) or certain transferees thereof identified in Rule 3c-6 under the Investment Company Act and (b) which do not make a public offering of their securities in the United States. Counsel for the Co-Issuers will opine, in connection with the issuance of the Offered Securities, that none of the Issuer, the Co-Issuer or the pool of Collateral is on the Issue Date an investment company required to be registered under the Investment Company Act (assuming, for the purposes of such opinion, that the Notes and Preference Shares are sold in accordance with the terms of the Indenture, the Preference Share Paying Agency Agreement, the Issuer Charter, the Purchase Agreement and the Subscription Agreements). No opinion or no-action position has been requested of the SEC.
If the SEC or a court of competent jurisdiction were to find that the Issuer, the Co-Issuer or the pool of Collateral is required, but in violation of the Investment Company Act had failed, to register as an investment company, possible consequences include, but are not limited to, the following: (i) the SEC could apply to a district court to enjoin the violation; (ii) investors in the Issuer or the Co-Issuer could sue the Issuer or the Co-Issuer, as the case may be, and recover any damages caused by the violation; and (iii) any contract to which the Issuer or the Co-Issuer, as the case may be, is a party that is made in, or whose performance involves a, violation of the Investment Company Act would be unenforceable by any party to the contract unless a court were to find that under the circumstances enforcement would produce a more equitable result than nonenforcement and would not be inconsistent with the purposes of the Investment Company Act. Should the Issuer, the Co-Issuer or the pool of Collateral be subjected to any or all of the foregoing, the Issuer, the Co-Issuer or the pool of Collateral, as the case may be, would be materially and adversely affected.

Each transferee of a beneficial interest in a Restricted Global Note will be deemed to represent at the time of purchase that: (i) the purchaser is both (a) a Qualified Institutional Buyer and (b) a Qualified Purchaser; (ii) the purchaser is not a dealer described in paragraph (a)(1)(ii) of Rule 144A unless such purchaser owns and invests on a discretionary basis at least U.S.$ 25,000,000 in securities of issuers that are not affiliated persons of the dealer; and (iii) the purchaser is not a plan referred to in paragraph (a)(1)(i)(D) or (a)(1)(i)(E) of Rule 144A, or a trust fund referred to in paragraph (a)(1)(i)(F) of Rule 144A that holds the assets of such a plan, unless investment decisions with respect to the plan are made solely by the fiduciary, trustee or sponsor of such plan; and (iv) the purchaser will provide written notice of the foregoing, and of any applicable restrictions on transfer, to any transferee.

The Indenture provides that, notwithstanding the restrictions on transfer contained therein, either of the Co-Issuers determines that any Beneficial Owner of a Restricted Note (or any interest therein) (A) was not at the time of purchase both a Qualified Institutional Buyer and a Qualified Purchaser or (B) any Beneficial Owner of a Regulation S Note (or any interest therein) is at any time either a U.S. Person or a U.S. Resident, then either of the Co-Issuers may require, by notice to such Holder, that such Holder sell all of its right, title and interest in such Restricted Note (or interest therein) or Regulation S Note (or interest therein), as applicable, to a person (x) if such person is taking delivery in the form of an interest in a Restricted Note, that is both a Qualified Institutional Buyer and a Qualified Purchaser or (y) if such person is taking delivery in the form of an interest in a Regulation S Note, that is neither a U.S. Person nor a U.S. Resident, with such sale to be effected within 30 days after notice of such sale requirement is given. If such Beneficial Owner fails to effect the transfer required within such 30-day period, (i) upon direction from the Collateral Manager or the Issuer, the Trustee, on behalf of and at the expense of the Issuer, will cause such Beneficial Owner’s interest in such Note to be transferred in a commercially reasonable sale (conducted by the Trustee in accordance with Section 9-610(b) of the Uniform Commercial Code as in effect in the State of New York as applied to securities that are sold on a recognized market or that may decline speedily in value) to a person that certifies to the Trustee, the Co-Issuers and the Collateral Manager, in connection with such transfer, that such person is both a Qualified Institutional Buyer and a Qualified Purchaser or (y) if such person is taking delivery in the form of an interest in a Regulation S Note, such person is neither a U.S. Person nor a U.S. Resident, and (ii) pending such transfer, no further payments will be made in respect of such Note held by such Beneficial Owner.

The Preference Share Paying Agency Agreement provides that if, notwithstanding the restrictions on transfer contained therein, the Issuer determines that (A) any beneficial owner of Restricted Preference Shares was not at the time of purchase both (i) a Qualified Institutional Buyer or otherwise entitled to purchase such Restricted Preference Shares pursuant to another exemption from the registration requirements of the Securities Act (subject to the delivery of such certifications, legal opinions or other information as the Issuer may reasonably require to confirm that such transfer is being made pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act) and (ii) a Qualified Purchaser or (B) any beneficial owner of a Regulation S Preference Share (or any interest therein) is at any time either a U.S. Person or a U.S. Resident, then the Issuer may require, by notice to such Holder, that such Holder sell all of its right, title and interest in such Restricted Preference Shares or Regulation S Preference Share (or interest therein), as applicable, to a person (x) if such person is taking delivery in the form of a Restricted Preference Share, that is both (i) a Qualified Institutional Buyer or otherwise entitled to take delivery of such Restricted Preference Share pursuant to another exemption from the registration requirements of the Securities Act (subject to the delivery of such certifications, legal opinions or other information as the Issuer may reasonably require to confirm that such transfer is being made pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act) and (ii) a
Qualified Purchaser or (y) if such person is taking delivery in the form of an interest in a Regulation S Preference Share, that is neither a U.S. Person nor a U.S. Resident, with such sale to be effected within 30 days after notice of such sale requirement is given. If such beneficial owner fails to effect the transfer required within such 30-day period, (a) upon direction from the Collateral Manager or the Issuer, the Preference Share Paying Agent, on behalf of and at the expense of the Issuer, will cause such beneficial owner’s interest in such Preference Share to be transferred in a commercially reasonable sale (conducted by the Administrator in accordance with Section 9-610(b) of the Uniform Commercial Code as in effect in the State of New York as applied to securities that are sold on a recognized market or that may decline speedily in value) to a person that certifies to the Preference Share Paying Agent, the Preference Share Registrar, the Issuer and the Collateral Manager, in connection with such transfer, that (x) if such person is taking delivery in the form of a Restricted Preference Share, such person is both (i) a Qualified Institutional Buyer or otherwise entitled to take delivery of such Restricted Preference Share pursuant to another exemption from the registration requirements of the Securities Act (subject to the delivery of such certifications, legal opinions or other information as the Issuer may reasonably require to confirm that such transfer is being made pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act) and (ii) a Qualified Purchaser or (y) if such person is taking delivery in the form of an interest in a Regulation S Preference Share, such person is neither a U.S. Person nor a U.S. Resident, and (b) pending such transfer, no further payments will be made in respect of such Preference Share held by such beneficial owner.

**Mandatory Repayment of the Notes.** If any Coverage Test applicable to a Class of Notes is not met, Interest Proceeds to the extent necessary to cause each applicable Coverage Test to be satisfied and, after application of Interest Proceeds, Principal Proceeds will be used to repay principal of one or more Classes of Notes until each such Class of Notes has been paid in full. See “Description of the Notes—Mandatory Redemption.”

In the event of a Rating Confirmation Failure, the Issuer will be required on the first following Distribution Date to first apply Uninvested Proceeds, and then to apply, in accordance with the Priority of Payments, Interest Proceeds and then Principal Proceeds, to the repayment of, first, the Class A-1A Notes and the Class A-1B Notes, pro rata (provided that with respect to the Class A-1B Notes, first to the Class A-1B-1 Notes and second to the Class A-1B-2 Notes), second, the Class A-2 Notes, third, the Class B Notes, fourth, the Class C Notes and fifth, the Class D Notes, as and to the extent necessary to obtain a Rating Confirmation from each Rating Agency.

The foregoing could result in an elimination, deferral or reduction in the payments in respect of interest or the principal repayments made to the Holders of one or more Classes or Sub-classes of Notes that are Subordinate to any other outstanding Class or Sub-class of Notes, which could adversely impact the returns of such Holders.

**Auction Call Redemption.** In addition, if the Notes have not been redeemed in full prior to the Distribution Date occurring in December 2013, then an auction of the Collateral Debt Securities will be conducted and, provided that certain conditions are satisfied, the Collateral Debt Securities will be sold and the Notes will be redeemed on such Distribution Date. If such conditions are not satisfied and the auction is not successfully conducted on such Distribution Date, the Trustee will conduct auctions on a quarterly basis until the Notes are redeemed in full. See “Description of the Notes—Redemption Price” and “—Auction Call Redemption.”

**Optional Redemption.** Subject to satisfaction of certain conditions, a Majority-in-Interest of Preference Shareholders may require that the Notes be redeemed in whole and not in part as described under “Description of the Notes—Optional Redemption and Tax Redemption”; provided that such optional redemption may not occur prior to the end of the Non-Call Period. See “Description of the Notes—Optional Redemption and Tax Redemption.” The Hedge Agreement will terminate upon any Optional Redemption.

**Tax Redemption.** Subject to satisfaction of certain conditions, the Issuer may redeem the Notes, in whole but not in part, on any Distribution Date and only from (a) the Sale Proceeds of the Collateral and (b) the Balance of the Cash and Eligible Investments in the Accounts (other than the Hedge Counterparty Collateral Account, any Synthetic Security Issuer Account and any Class A-1B-1 Noteholder Prepayment Account), at the direction of either (i) a Majority of any Affected Class or (ii) a Majority-in-Interest of Preference Shareholders, at the applicable Redemption Price. No Tax Redemption may be effected, however, unless (i) all Sale Proceeds under clause (a) above are used to make such Tax Redemption, (ii) funds under clauses (a) and (b) are sufficient to redeem the Notes simultaneously and to pay certain other amounts in accordance with the procedures set forth in the Indenture, (iii) a Tax Event will have occurred and (iv) the Tax MatURITY Condition is satisfied. See “Description of the Notes—Optional Redemption and Tax Redemption.” The Hedge Agreement will terminate upon any Tax Redemption.
Accelerated Maturity Date. If an Event of Default occurs and is continuing and the conditions to liquidating the Collateral set forth in the Indenture are satisfied, the Trustee will use commercially reasonable efforts to liquidate the Collateral and terminate the Hedge Agreement and, on the second Business Day following the Business Day on which the Trustee notifies the Issuer, the Collateral Manager, the Hedge Counterparty and each Rating Agency that such liquidation and such termination is completed (the "Accelerated Maturity Date"), apply the proceeds thereof in accordance with the Priority of Payments described under "Description of the Notes—Priority of Payments—Interest Proceeds" and "—Principal Proceeds." See "Description of the Notes—The Indenture."

An Accelerated Maturity Date may occur even if there are insufficient proceeds to make any distribution on the Preference Shares or, if the Holders of at least 66-2/3% in Aggregate Outstanding Amount of each Class of Notes voting as a separate Class and the Hedge Counterparty (unless no early termination or liquidation payment would be owing by the Issuer to the Hedge Counterparty upon the termination thereof by reason of an “event of default” or “termination event” under the Hedge Agreement with respect to the Issuer) so direct, even if there are insufficient funds to pay the Redemption Price of each Class of Notes in full.

Termination of the Hedge Agreement and Liquidation of Collateral Upon Redemption. The Hedge Agreement will terminate upon an Optional Redemption, Tax Redemption or Auction Call Redemption and upon notice of the liquidation of Collateral after an Event of Default under the Indenture, which may require the Issuer to make a termination payment to the Hedge Counterparty. Any such termination payment would reduce the proceeds available to be distributed on the Offered Securities. In the event of an early termination of the Hedge Agreement, the Issuer is more likely be required to make a termination payment to the Hedge Counterparty (and the amount of such termination payment is likely to be larger) as a result of any Up Front Payment (as defined in “Security for the Notes—The Hedge Agreement”) by the Hedge Counterparty. When paid on the relevant Distribution Date, any such termination payment would reduce the proceeds otherwise available to be distributed on all the Offered Securities on such Distribution Date.

In addition, an Optional Redemption, a Tax Redemption, an Auction Call Redemption or the occurrence of liquidation of Collateral following an Event of Default under the Indenture may require the Collateral Manager to liquidate positions more rapidly than would otherwise be desirable, which could adversely affect the realized value of the Collateral Debt Securities sold. Moreover, the Collateral Manager may be required, in order to sell all the Collateral Debt Securities, to aggregate Collateral Debt Securities in a block transaction, thereby possibly resulting in a lower realized value for the Collateral Debt Securities sold.

Interest Rate Risk. The Notes bear interest at floating rates based on LIBOR. The Collateral Debt Securities will include obligations that bear interest at fixed rates. Accordingly, the Notes are subject to interest rate risk to the extent that there is an interest rate mismatch between the floating rate at which interest accrues on the Notes and the rates at which interest accrues on the Collateral Debt Securities. In addition, any payments of principal or interest on Collateral Debt Securities received during a Due Period will be reinvested in Eligible Investments maturing not later than the Business Day immediately preceding the next Distribution Date. There is no requirement that Eligible Investments bear interest at LIBOR, and the interest rates available for Eligible Investments are inherently uncertain. As a result of these mismatches, an increase in three-month LIBOR could adversely impact the ability of the Issuer to make payments on the Notes (including by reason of a decline in the value of previously issued fixed rate Collateral Debt Securities as LIBOR increases). To mitigate a portion of such interest rate mismatch, the Issuer will on the Issue Date enter into the Hedge Agreement. However, there can be no assurance that the Collateral Debt Securities and Eligible Investments, together with the Hedge Agreement, will in all circumstances generate sufficient Interest Proceeds to make timely payments of interest and Commitment Fee on the Notes. Moreover, the benefits of the Hedge Agreement may not be achieved in the event of the early termination of the Hedge Agreement, including termination upon the failure of the Hedge Counterparty to perform its obligations thereunder. See “Security for the Notes—The Hedge Agreement."

A portion of the Collateral Debt Securities included in the Collateral may be obligations that pay interest more frequently than quarterly. Accordingly, a difference in the rates payable for one-month LIBOR or two-month LIBOR versus three-month LIBOR could adversely impact the ability of the Issuer to make payments on the Notes. In addition, any payments of principal or interest on pledged Collateral Debt Securities received during a Due Period will be reinvested in Eligible Investments maturing not later than the Business Day immediately preceding the next quarterly Distribution Date. There is no requirement that Eligible Investments bear interest at LIBOR, and
the interest rates available for Eligible Investments are inherently uncertain. As a result of these mismatches, an increase in three-month LIBOR could adversely impact the ability of the Issuer to make payments on the Notes (including by reason of a decline in the value of previously issued fixed rate Collateral Debt Securities as LIBOR increases). To mitigate a portion of such interest rate or payment mismatches, the Issuer will on the Issue Date enter into the Hedge Agreement and may enter into Basis Swap transactions after the Issue Date provided the Rating Condition has been met. However, there can be no assurance that the Collateral Debt Securities included in the Collateral and Eligible Investments, together with the Hedge Agreement, will in all circumstances generate sufficient Interest Proceeds to make timely payments of interest and Commitment Fee on the Notes. Moreover, the benefits of the Hedge Agreement may not be achieved in the event of the early termination of the Hedge Agreement, including termination upon the failure of the Hedge Counterparty to perform its obligations thereunder, or if additional swap transactions are not entered into. See “Security for the Notes—The Hedge Agreement.”

Average Life of the Notes and Prepayment Considerations. The average life of each Class and Sub-class of Notes is expected to be shorter than the number of years until the Stated Maturity of such Class or Sub-class of Notes. See “Maturity, Prepayment and Yield Considerations.”

The average life of each Class and Sub-class of Notes will be affected by the financial condition of the obligors on or issuers of the Collateral Debt Securities and the characteristics of the Collateral Debt Securities, including the existence and frequency of exercise of any prepayment, optional redemption or sinking fund features, the prevailing level of interest rates, the redemption price, the actual default rate and the actual level of recoveries on any Defaulted Securities, the frequency of tender or exchange offers for the Collateral Debt Securities and any sales of Collateral Debt Securities and any dividends or other distributions received in respect of Equity Securities, as well as the risks unique to investments in obligations of foreign issuers described above. See “Maturity, Prepayment and Yield Considerations” and “Security for the Notes.”

Distributions on the Preference Shares: Investment Term; Non-Petition Agreement. Prior to the payment in full of the Notes and all other amounts owing under the Indenture, Preference Shareholders will be entitled to receive distributions only to the extent permissible under the Indenture and Cayman Islands law (as described herein). The timing and amount of distributions payable to Preference Shareholders and the duration of the Preference Shareholders’ investment in the Issuer therefore will be affected by the average life of the Notes. See “—Average Life of the Notes and Prepayment Considerations” above. Each purchaser or transferee of Preference Shares will be required, or deemed, to covenant that it will not cause the filing of a petition in bankruptcy against the Issuer before one year and one day has elapsed since the payment in full of the Notes or, if longer, the applicable preference period then in effect plus one day. If such provision failed to be effective to preclude the filing of a petition under applicable bankruptcy laws, then the filing of such a petition could result in one or more payments on the Notes made during the period prior to such filing being deemed to be preferential transfers subject to avoidance by the bankruptcy trustee or similar official exercising authority with respect to the Issuer’s bankruptcy estate.

Early Termination of the Substitution Period. Although the Substitution Period is expected to terminate on the Distribution Date occurring in March 2008, the Substitution Period may terminate prior to such date if (i) the Collateral Manager (with the written consent of a Majority-in-Interest of Preference Shareholders) notifies the Trustee and each Hedge Counterparty that, in light of the composition of Collateral Debt Securities, general market conditions and other factors, the Collateral Manager has determined that investments in additional Collateral Debt Securities within the foreseeable future would either be impractical or not beneficial, (ii) the Notes are redeemed as described below under “Description of the Notes—Optional Redemption and Tax Redemption.” (iii) an Event of Default occurs and the Notes are accelerated or (iii) the Discretionary Sale Percentage is 0%. “Discretionary Sale Percentage” means (a) if the Par Value Differential is or has been at any time less than U.S.$ 1,750,000, 0%, (b) if the Par Value Differential is greater than or equal to U.S.$ 1,750,000 but less than U.S.$ 3,500,000, 7.5% and (c) otherwise, 15%. If the Substitution Period terminates prior to the Distribution Date occurring in March 2008, such early termination may affect the expected average lives of the Notes and the duration of the Preference Shares described under “Maturity, Prepayment and Yield Considerations.”

Changes in Tax Law; No Gross-Up in Respect of Offered Securities. Although no withholding tax is currently imposed on the payments of interest on or principal of the Notes or on the distributions on the Preference Shares, there can be no assurance that, as a result of any change in any applicable law, treaty, rule, regulation, or interpretation thereof, the payments on the Offered Securities would not in the future become subject to withholding
taxes. In the event that any withholding tax is imposed on payments of interest or other payments on any Offered Securities, no “gross-up” payments or additional amounts will be paid to the Holders of the Offered Securities.

**Changes in Tax Law: No Gross-Up in Respect of Collateral Debt Securities.** Under the definition of “Collateral Debt Securities,” a Collateral Debt Security will be eligible for purchase by the Issuer if, at the time it is purchased, either the payments thereon are not subject to U.S. withholding tax or foreign withholding tax or the issuer thereof (and the guarantor, if any) is required to make “gross-up” payments that cover the full amount of any such withholding taxes. However, there can be no assurance that, as a result of any change in any applicable law, treaty, rule, regulation or interpretation thereof, the payments on the Collateral Debt Securities would not in the future become subject to withholding taxes imposed by the United States or another jurisdiction. In that event, if the obligors of such Collateral Debt Securities were not then required to make “gross-up” payments that cover the full amount of any such withholding taxes, the amounts available to make payments on the Offered Securities would accordingly be reduced. There can be no assurance that remaining payments on the Collateral Debt Securities would be sufficient to make timely payments of interest on and payment of principal at the Stated Maturity of each Class of the Notes or that there would be amounts available to pay dividends and make other distributions on the Preference Shares. The Issuer may redeem the Notes, in whole but not in part, at the direction of either (i) a Majority of any Affected Class or (ii) a Majority-in-Interest of Preference Shareholders. See “Description of the Notes—Optional Redemption and Tax Redemption.”

Prospective investors should review the material with respect to the U.S. federal income tax treatment of the Offered Securities set forth under “Certain U.S. Federal Income Tax Considerations.”

**Certain ERISA Considerations.** The Issuer intends to restrict ownership of the Class D Notes and Preference Shares so that no assets of the Issuer will be deemed to be “plan assets” subject to ERISA and/or Section 4975 of the Code, as such term is defined in the Plan Asset Regulation issued by the United States Department of Labor. Although the Issuer intends to restrict the acquisition of Class D Notes and Preference Shares by Benefit Plan Investors (which is defined in the Plan Asset Regulation to include all employee benefit plans, whether or not the plans are subject to Title I of ERISA and/or Section 4975 of the Code) to less than 25% of all Class D Notes and less than 25% of all Preference Shares (excluding any Class D Notes and Preference Shares, as applicable, held by Controlling Persons (as defined herein), such as the Preference Shares held by the Collateral Manager), there can be no assurance that ownership of Class D Note or Preference Shares by Benefit Plan Investors will always remain below the 25% threshold established under the Plan Asset Regulation. In particular, each owner of a Class D Note or Preference Share will be required to execute and deliver to the Issuer and the Note Registrar or Preference Share Paying Agent, as applicable, a letter in the form attached as an exhibit to the Preference Share Paying Agency Agreement or Indenture, as applicable, to the effect that such owner will not transfer such interest except in compliance with the transfer restrictions set forth therein, (including the requirement that any subsequent transferee execute and deliver a letter in such form as a condition to any subsequent transfer). Although each such owner will be required to indemnify the Issuer for the consequences of any breach of such obligations, there is no assurance that an owner will not breach such obligations or that, if such breach occurs, such owner will have the financial capacity, willingness or legal ability to indemnify the Issuer for any losses that the Issuer may suffer, including by reason of non-compliance with the 25% threshold. In addition, each transferee of Class D Notes or Preference Shares will be required to represent and warrant that (i) it is not, and is not acting on behalf of, a Benefit Plan Investor or a Controlling Person and (ii) it, and any fiduciary of it causing it to acquire Class D Notes or Preference Shares, agrees to indemnify and hold harmless the Co-Issuers from any cost, damage or loss incurred by the Co-Issuers as a result of such owner being or being deemed to be a Benefit Plan Investor.

If the assets of either of the Co-Issuers were deemed to be “plan assets,” certain transactions that the Issuer might enter into, or may have entered into, in the ordinary course of business might constitute non-exempt prohibited transactions under ERISA and/or Section 4975 of the Code and might have to be rescinded. However, it is anticipated that such a result would be unlikely because (1) the Collateral Debt Securities acquired by the Issuer will be limited to securities as to which the assets of the issuers thereof will not be treated as “plan assets,” even if the underlying assets of the Issuer are so treated, and (2) the issuers of such securities will be special purpose entities that are not likely to be Parties-In-Interest or Disqualified Persons with respect to any Plans.

Each purchaser and transferee of a Class A Note, Class B Note or Class C Note will be deemed to represent and warrant (or, if required by the Indenture, a transferee will be required to certify) either that (a) it is not, and is not investing the assets of, an employee benefit plan subject to Title I of ERISA, a plan subject to Section 4975 of
the Code or a governmental or church plan subject to any Similar Law or (b) its purchase and ownership of such Note will be covered by a prohibited transaction class exemption issued by the United States Department of Labor (or, in the case of a foreign, governmental or church plan, will not result in a violation of any Similar Law). Each original purchaser of a Class D Note or Restricted Preference Share will be required to certify whether or not it is a Benefit Plan Investor or a Controlling Person, and each such purchaser that is a Benefit Plan Investor subject to Section 406 of ERISA, Section 4975 of the Code or any Similar Law will be required to certify that its investment in Class D Notes or Restricted Preference Shares will not result in a non exempt prohibited transaction under the foregoing provisions of ERISA and the Code or a violation of any Similar Law. No transfer of Class D Notes or Preference Shares (other than a transfer from the Issuer or the Initial Purchaser on the Issue Date) will be effective and the Issuer, the Preference Share Registrar, the Preference Share Paying Agent, the Trustee and the Note Registrar will not recognize any such transfer if the transferee of a Class D Note or Preference Share is a Benefit Plan Investor or Controlling Person.

See “Certain ERISA Considerations” herein for a more detailed discussion of certain ERISA and related considerations with respect to an investment in the Notes or the Preference Shares.

Emerging Requirements of the European Community. As part of the harmonisation of securities markets in Europe, the European Commission has adopted the Prospectus Directive. The Prospectus Directive regulates offers of securities to the public and admissions to trading to E.U. regulated markets. The European Commission has also adopted a directive known as the Transparency Directive (Directive 2004/109/EC) (which must be implemented by Member States by the end of 2006) that, among other things, imposes continuing financial reporting obligations on issuers that have certain types of securities admitted to trading on an E.U. regulated market. In addition, the Market Abuse Directive (Directive 2003/6/EC) harmonises the rules on insider trading and market manipulation in respect of securities admitted to trading on an E.U. regulated market and requires issuers of such securities to disclose any non-public, price-sensitive information as soon as possible, subject to certain limited exemptions. The listing of Notes on the Official List of the Irish Stock Exchange and the admission of the Notes to trading on the regulated market of the Irish Stock Exchange would subject the Issuer to regulation under these directives, although the requirements applicable to the Issuer are not yet fully clarified. The Indenture does not require the Issuer to maintain a listing for Notes on a stock exchange within the European Union if the Issuer and the Trustee agree that compliance with these directives (or other requirements adopted by the European Commission or a relevant member State) becomes burdensome. There is no assurance that the Notes will continue to be listed on a stock exchange within the European Union or at all during the lifetime of the Notes.
DESCRIPTION OF THE NOTES

The Notes will be issued pursuant to the Indenture. The following summary describes certain provisions of the Notes and the Indenture. This summary does not purport to be complete and is subject to, and qualified in its entirety by reference to, the provisions of the Indenture. Copies of the Indenture may be obtained by prospective investors upon request to the Trustee at 9062 Old Annapolis Road, Columbia, Maryland 21045.

Status and Security

The Notes will be limited-recourse debt obligations of the Co-Issuers. All of the Class A-1A Notes are entitled to receive payments pari passu among themselves, all of the Class A-1B-1 Notes are entitled to receive payments pari passu among themselves, all of the Class A-1B-2 Notes are entitled to receive payments pari passu among themselves, all of the Class A-2 Notes are entitled to receive payments pari passu among themselves, all of the Class B Notes are entitled to receive payments pari passu among themselves, all of the Class C Notes are entitled to receive payments pari passu among themselves, all of the Class D Notes are entitled to receive payments pari passu among themselves, and all of the Preference Shares are entitled to receive payments pari passu among themselves. Except as otherwise described herein, the relative order of seniority of payment of each Class and Sub-class of Notes is as follows: first, Class A-1A Notes and Class A-1B Notes, pro rata, (provided that with respect to the Class A-1B Notes, first to the Class A-1B-1 Notes and second to the Class A-1B-2 Notes) second, Class A-2 Notes, third, Class B Notes, fourth, Class C Notes and fifth, Class D Notes, with (a) each Class and Sub-class of Notes (other than the Class D Notes) in such list being “Senior” to each other Class and Sub-class of Notes that follows such Class or Sub-class, as applicable, of Notes in such list (e.g., the Class A-1 Notes are Senior to the Class A-2 Notes, the Class B Notes, the Class C Notes and the Class D Notes) and (b) each Class and Sub-class of Notes (other than the Class A-1 Notes) in such list being “Subordinate” to each other Class and Sub-class of Notes that precedes such Class or Sub-class, as applicable, of Notes in such list (e.g., the Class D Notes are Subordinate to the Class A-1 Notes, the Class A-2 Notes, the Class B Notes and the Class C Notes). No payment of interest on any Class or Sub-class of Notes will be made until all accrued interest and Commitment Fee due and payable on the Notes of each Class and Sub-class that is Senior to such Class or Sub-class, as applicable, and that remain outstanding has been paid in full. As more fully described herein, no payment of principal of any Class or Sub-class of Notes will be made until all principal of, and all accrued interest and Commitment Fee due and payable on the Notes of each Class and Sub-class that is Senior to such Class or Sub-class, as applicable, and that remain outstanding have been paid in full except (i) to the payment of Class C Deferred Interest from Interest Proceeds in certain circumstances, (ii) to the payment of Class D Deferred Interest from Interest Proceeds in certain circumstances (iii) to the payment of principal on the Notes (other than the Class D Notes) from Interest Proceeds in reverse seniority upon a failure of the Class C Overcollateralization Test, (iv) to the payment of principal on the Class D Notes upon a failure of the Class D Interest Diversion Test and (v) on Distribution Dates not occurring during a Sequential Pay Period, (vi) principal of the Class A-1 Notes, the Class A-2 Notes and the Class B Notes will be paid on a pro rata basis up to a certain amount as more fully described herein and (vii) principal of the Class C Notes shall be paid up to a certain amount as more fully described herein. See “Description of the Notes—Priority of Payments.”

Under the terms of the Indenture, the Issuer will Grant to the Trustee for the benefit of the Secured Parties a first priority security interest in the Collateral described herein to secure the Issuer’s obligations under the Indenture and the Notes, subject in the case of any Synthetic Security Counterparty Account to the security interest of the related Synthetic Security Counterparty in such Synthetic Security Counterparty Account.

Payments of principal of and interest and Commitment Fee on the Notes will be made solely from the proceeds of the Collateral, in accordance with the priorities described under “—Priority of Payments” herein. If the amounts received in respect of the Collateral (net of certain expenses) are insufficient to make payments on the Notes, no other assets will be available for payment of the deficiency and, following liquidation of all the Collateral, the obligations of the Co-Issuers to pay any such deficiency will be extinguished.
Drawdown of Class A-1B-1 Notes

All of the Class A-1B-1 Notes will be issued on the Issue Date. U.S.$ 48,000,000 of the principal amount of the Class A-1B-1 Notes will be advanced on the Issue Date. Pursuant to the Class A-1B-1 Note Funding Agreement dated December 1, 2005 between the Issuer, the Co-Issuer, the Trustee and the Holders from time to time of the Class A-1B-1 Notes, subject to compliance with the conditions set forth therein, the Co-Issuers may request (and the Holders of the Class A-1B-1 Notes (or such Liquidity Providers to whom such Holders have delegated their obligations under the Class A-1B-1 Note Funding Agreement) will be obligated to make pro rata in accordance with their respective Commitments) monthly advances under the Class A-1B-1 Notes until the aggregate principal amount advanced under the Class A-1B-1 Notes equals U.S.$ 152,800,000 during the period (the “Commitment Period”) commencing with and including the Issue Date and ending on but excluding the date (the “Commitment Period Termination Date”) that is the earliest to occur of (i) the first Business Day following the Ramp-Up Completion Date; (ii) the redemption of the Class A-1B-1 Notes in full; (iii) the first date on which the Aggregate Undrawn Amount of the Class A-1B-1 Notes has been reduced to zero; (iv) an Event of Default specified in clause (iv) or (vi) of the definition thereof; or (v) the sale, foreclosure or other disposition of the Collateral under the Indenture. Any reference herein to “Commitments” means, in respect of any Class A-1B-1 Note, the maximum aggregate principal amount of advances (whether at the time funded or unfunded) that the Holder of such Class A-1B-1 Note is obligated from time to time under the Class A-1B-1 Note Funding Agreement to make to the Co-Issuers.

During the Commitment Period, the Co-Issuers (at the direction of the Collateral Manager) may borrow amounts under the Class A-1B-1 Notes pursuant to the Class A-1B-1 Note Funding Agreement (a “Borrowing” and the date of any such Borrowing, a “Borrowing Date”), provided that (i) the aggregate amount of Borrowings under the Class A-1B-1 Notes may not in any event exceed the aggregate amount of Commitments in respect of the Class A-1B-1 Notes, (ii) at the time of, and immediately after giving effect to such Borrowing, no Event of Default or Default has occurred and is continuing or would result from any Borrowing and (iii) the further conditions specified in the Class A-1B-1 Note Funding Agreement are satisfied. Except as the Holders of the Class A-1B-1 Notes will otherwise agree, Borrowings will be made only on the 23rd day of each month commencing with December 23, 2005 (or if such day is not a Business Day, the next preceding Business Day); provided, however, that (i) notwithstanding the foregoing, the Ramp-Up Completion Date and the Issue Date may also be the date of a Borrowing, (ii) there may be no more than three Borrowings prior to and including the Ramp-Up Completion Date (excluding any Borrowing made on the Issue Date), and (iii) the final Borrowing may be made in the same month as another Borrowing and may be made on any Business Day. The aggregate principal amount of any Borrowing in respect of the Class A-1B-1 Notes (taken as a whole) will be at least U.S.$ 5,000,000 and an integral multiple of U.S.$ 1,000. On or prior to the fifth Business Day immediately preceding each Borrowing Date (other than the Issue Date), the Collateral Manager will cause the Trustee to provide notice to each Class A-1B-1 Noteholder (with a copy to the Trustee) of the Co-Issuers’ intention to effect a Borrowing.

On the Commitment Period Termination Date, the aggregate unfunded amount of the Class A-1B-1 Notes, if any, will be reduced to zero.

Prior to the Commitment Period Termination Date, each Holder of Class A-1B-1 Notes will be required to satisfy the Rating Criteria specified in the Class A-1B-1 Note Funding Agreement. If any Holder of Class A-1B-1 Notes will at any time prior to the Commitment Period Termination Date fail to satisfy such Rating Criteria, the Issuer will have the right under the Class A-1B-1 Note Funding Agreement to, and will be obligated under the Indenture to, either (i) replace such Holder with another entity that meets such Rating Criteria (by requiring the non-complying Holder to transfer all of its rights and obligations in respect of the Class A-1B-1 Notes to such other entity) or (ii) require such non-complying Holder to cause a Class A-1B-1 Noteholder Prepayment Account to be established and credit to such Class A-1B-1 Noteholder Prepayment Account Cash or Eligible Prepayment Account Investments the aggregate outstanding principal amount of which is equal to such Holder’s Unfunded Commitment at such time and enter into a Noteholder Prepayment Account Control Agreement in relation to such account (the “Prepayment Option”). The “Rating Criteria” will be satisfied on any date with respect to any Holder of the Class A-1B-1 Notes if (a) the short-term debt, deposit or similar obligations of such Holder, or an Affiliate of such Holder that unconditionally and absolutely guarantees (with such form of guarantee satisfying Standard & Poor’s then-published criteria with respect to guarantees) the obligations of such Holder, are on such date rated “P-1” by Moody’s, “A-1” by Standard & Poor’s and, if rated by Fitch, at least “F1” by Fitch or (b) such Holder is then
entitled under a Liquidity Facility to borrow loans from, or sell Class A-1B-1 Notes to, one or more financial institutions (each, a “Liquidity Provider”) so long as the short-term debt, deposit or similar obligations of each such Liquidity Provider are rated “P-1” by Moody’s, at least “A-1” by Standard & Poor’s and, if rated by Fitch, at least “F1” by Fitch. A “Liquidity Facility” is a liquidity agreement providing for the several commitments of the Liquidity Providers party thereto to make loans to, or purchase interests in Class A-1B-1 Notes from, such Holder in an aggregate principal amount at any one time outstanding equal to or greater than the Commitment of such Holder. The purchase of Class A-1B-1 Notes (whether in connection with the initial placement or in a subsequent transfer) by any person who does not satisfy the Rating Criteria set forth in clause (a) of the definition thereof at the time of such purchase but who is then entitled to the benefit of a Liquidity Facility described in clause (b) of such definition will be subject to the requirement that each Rating Agency will have confirmed that the acquisition by such person will not result in a downgrade or withdrawal of its then-current rating, if any, of any Class or Sub-class of Notes. Pursuant to the Class A-1B-1 Note Funding Agreement, any purchaser of Class A-1B-1 Notes that is entitled under a Liquidity Facility to borrow loans from Liquidity Providers may delegate to such Liquidity Providers, and such Liquidity Providers may severally agree to each perform their notatable share (determined in accordance with their respective commitments under the relevant Liquidity Facility) of, all of the purchaser’s obligations under the Class A-1B-1 Note Funding Agreement in respect of the Class A-1B-1 Notes held by such purchaser.

Interest

The Class A-1A Notes will bear interest at a floating rate per annum equal to LIBOR (determined as described herein) plus 0.27%. The Class A-1B-1 Notes will bear interest at a floating rate per annum equal to LIBOR (determined as described herein) plus 0.225%. The Class A-1B-2 Notes will bear interest at a floating rate per annum equal to LIBOR (determined as described herein) plus 0.45%. The Class A-2 Notes will bear interest at a floating rate per annum equal to LIBOR (determined as described herein) plus 0.45%. The Class B Notes will bear interest at a floating rate per annum equal to LIBOR (determined as described herein) plus 0.57%. The Class C Notes will bear interest at a floating rate per annum equal to LIBOR (determined as described herein) plus 3.00%. The Class D Notes will bear interest at a floating rate per annum equal to LIBOR (determined as described herein) plus 5.75%. Interest on the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes will be computed on the basis of the actual number of days elapsed in the applicable Interest Period divided by 360.

Interest will accrue on the outstanding principal amount of each Class and Sub-class of Notes (determined as of the first day of each Interest Period and after giving effect to any redemption or other payment of principal occurring on such day) from the Issue Date (or, with respect to any Borrowing under the Class A-1B-1 Notes after the Issue Date, from the date of such Borrowing). Interest accruing for any Interest Period will accrue for the period from and including the first day of such Interest Period to and including the last day of such Interest Period.

Payments of interest on the Notes will be payable in U.S. Dollars quarterly in arrears on each March 5, June 5, September 5 and December 5, commencing March 5, 2006 (each a “Distribution Date”); provided that (i) the final Distribution Date with respect to each Class and Sub-class of Notes shall be December 5, 2042 and (ii) if a Distribution Date would otherwise fall on a day that is not a Business Day, the relevant Distribution Date shall be the first following day that is a Business Day.

Subject to the Priority of Payments, so long as any Class of Notes is outstanding, if any Coverage Test applicable to such Class of Notes is not satisfied on a Determination Date, then Interest Proceeds that would otherwise be used on the related Distribution Date to make payments in respect of interest on any Class or Sub-class of Notes Subordinate to such Class, to pay the Subordinate Collateral Manager Fee and certain other expenses and to make distributions on the Preference Shares and, if such Interest Proceeds are insufficient, Principal Proceeds, will be used instead to redeem, first, each Class or Sub-class (if any) of Notes Senior to such Class of Notes (sequentially in direct order of seniority) and, second, such Class of Notes, until each applicable Coverage Test is satisfied. See “Description of the Notes—Priority of Payments.” So long as the Class D Notes are outstanding, if the Class D Interest Diversion Test is not satisfied on the Determination Date relating to any Distribution Date, then Interest Proceeds otherwise used to pay such Subordinate Collateral Manager Fee and certain other expenses and make such distributions on the Preference Shares will be used instead to redeem the Class D Notes.
So long as any Class A Notes or Class B Notes are outstanding, the failure on any Distribution Date to make payment in respect of interest on the Class C Notes by reason of the operation of the Priority of Payments will not constitute an Event of Default under the Indenture. Any interest on the Class C Notes that is not paid when due by operation of the Priority of Payments will be deferred (such interest being referred to herein as “Class C Deferred Interest”); provided that no accrued interest on the Class C Notes will become Class C Deferred Interest unless a more Senior Class or Sub-class of Notes is then outstanding. Any Class C Deferred Interest will be added to the Aggregate Outstanding Amount of the Class C Notes, and thereafter interest will accrue on the Aggregate Outstanding Amount of the Class C Notes, as so increased. Upon the payment of Class C Deferred Interest previously capitalized as additional principal, the Aggregate Outstanding Amount of the Class C Notes will be reduced by the amount of such payment.

So long as any Class A Notes, Class B Notes or Class C Notes are outstanding, the failure on any Distribution Date to make payment in respect of interest on the Class D Notes by reason of the operation of the Priority of Payments will not constitute an Event of Default under the Indenture. Any interest on the Class D Notes that is not paid when due by operation of the Priority of Payments will be deferred (such interest being referred to herein as “Class D Deferred Interest”); provided that no accrued interest on the Class D Notes will become Class D Deferred Interest unless a more Senior Class or Sub-class of Notes is then outstanding. Any Class D Deferred Interest will be added to the Aggregate Outstanding Amount of the Class D Notes, and thereafter interest will accrue on the Aggregate Outstanding Amount of the Class D Notes, as so increased. Upon the payment of Class D Deferred Interest previously capitalized as additional principal, the Aggregate Outstanding Amount of the Class D Notes will be reduced by the amount of such payment.

Interest will cease to accrue on each Note or, in the case of a partial repayment, on such part, from the date of repayment or Stated Maturity unless payment of principal is improperly withheld or unless default is otherwise made with respect to such payments. To the extent lawful and enforceable, interest on any Defaulted Interest on any Note will accrue at the interest rate applicable to such Note until paid. “Defaulted Interest” means any interest due and payable in respect of any Note or (when used with respect to the Class A-1B-1 Notes and the calculation of the Commitment Fee Amount, the Commitment Fee that is not punctually paid or duly provided for on the applicable Distribution Date or at Stated Maturity and which remains unpaid. In no event shall interest which is deferred and capitalized as Class C Deferred Interest or Class D Deferred Interest in accordance with the Indenture, constitute Defaulted Interest.

Definitions

“Interest Period” means (i) in the case of the initial Interest Period, the period from, and including, the Issue Date to, but excluding, the first Distribution Date (or, in the case of the Class A-1B-1 Notes, the date of each relevant Borrowing) and (ii) thereafter, the period from, and including, the Distribution Date immediately following the last day of the immediately preceding Interest Period to, but excluding, the next succeeding Distribution Date.

With respect to each Interest Period, “LIBOR” for purposes of calculating the interest rate for each Class or Sub-class of Notes for such Interest Period shall be determined by the Trustee, as calculation agent (the “Calculation Agent”) in accordance with the following provisions:

(i) LIBOR for any Interest Period shall equal the offered rate, as determined by the Calculation Agent, for Dollar deposits in Europe of the Designated Maturity which appears on Telerate Page 3750 (or such other page as may replace such Telerate Page 3750 for the purpose of displaying comparable rates), as reported by Bloomberg Financial Market Commodities News, as of 11:00 a.m. (London time) on the applicable LIBOR Determination Date. “LIBOR Determination Date” means, with respect to any Interest Period, the second London Banking Day prior to the first day of such Interest Period.

(ii) If, on any LIBOR Determination Date, such rate does not appear on Telerate Page 3750 (or such other page as may replace such Telerate Page 3750 for the purpose of displaying comparable rates), as reported by Bloomberg Financial Market Commodities News, the Calculation Agent shall determine the arithmetic mean of the offered quotations of the Reference Banks to prime banks in the London interbank market for Dollar deposits in Europe of three months (except that in the case where such Interest Period shall commence on a day that is not a LIBOR Business Day, for a term of three months commencing on the next following LIBOR Business Day), by reference to requests for quotations as of approximately 11:00
a.m. (London time) on such LIBOR Determination Date made by the Calculation Agent to the Reference Banks. If, on any LIBOR Determination Date, at least two of the Reference Banks provide such quotations, LIBOR shall equal such arithmetic mean. If, on any LIBOR Determination Date, fewer than two Reference Banks provide such quotations, LIBOR shall be deemed to be the arithmetic mean of the offered quotations that leading banks in New York City selected by the Calculation Agent are quoting on the relevant LIBOR Determination Date for Dollar deposits for the term of such Interest Period (except that in the case where such Interest Period shall commence on a day that is not a LIBOR Business Day, for a term of three months commencing on the next following LIBOR Business Day), to the principal London offices of leading banks in the London interbank market.

(iii) In respect of any Interest Period having a Designated Maturity other than three months, LIBOR shall be determined through the use of straight-line interpolation by reference to two rates calculated in accordance with clauses (i) and (ii) above, one of which shall be determined as if the maturity of the Dollar deposits referred to therein were the period of time for which rates are available next shorter than the Interest Period and the other of which shall be determined as if such maturity were the period of time for which rates are available next longer than the Interest Period, provided that, if an Interest Period is less than or equal to seven days, then LIBOR shall be determined by reference to a rate calculated in accordance with clauses (i) and (ii) above as if the maturity of the Dollar deposits referred to therein were a period of time equal to seven days.

(iv) If the Calculation Agent is required but is unable to determine a rate in accordance with either of the procedures described in clause (i) or (ii) above, LIBOR with respect to such Interest Period shall be the arithmetic mean of the offered quotations of the Reference Dealers as of 10:00 a.m. (New York time) on the first day of such Interest Period for negotiable U.S. Dollar certificates of deposit of major U.S. money market banks having a remaining maturity closest to the Designated Maturity.

(v) If the Calculation Agent is required but is unable to determine a rate in accordance with any of the procedures described in clause (i), (ii) or (iv) above, LIBOR with respect to such Interest Period shall be calculated on the last day of such Interest Period and shall be the arithmetic mean of the Base Rate for each day during such Interest Period.

For purposes of clauses (i), (iii), (iv) and (v) above, all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point. For the purposes of clause (ii) above, all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one thirty-second of a percentage point.

As used herein:

“Base Rate” means a fluctuating rate of interest determined by the Calculation Agent as being the rate of interest most recently announced by the Base Rate Reference Bank at its New York office as its base rate, prime rate, reference rate or similar rate for Dollar loans. Changes in the Base Rate shall take effect simultaneously with each change in the underlying rate.

“Base Rate Reference Bank” means JPMorgan Chase Bank, or if such bank ceases to exist or is not quoting a base rate, prime rate, reference rate or similar rate for Dollar loans, such other major money center commercial bank in New York City as is selected by the Calculation Agent.

“Designated Maturity” means (a) with respect to the Class A-1B-1 Notes, (i) for the First Interest Period for a Borrowing made under the Class A-1B-1 Notes, the number of calendar days from, and including, the relevant Borrowing Date to, but excluding, the Distribution Date immediately following the Interest Period in which such Borrowing is made, (ii) for each Interest Period after the First Interest Period for a Borrowing made under the Class A-1B-1 Notes (other than the Interest Period ending on the Distribution Date in December, 2042), three months and (iii) for the Interest Period ending on the Distribution Date in December, 2042, the number of calendar days from, and including, the first day of such Interest Period to, but excluding, the final Distribution Date and (b) with respect to any Class or Sub-class of Notes, (i) for the First Interest Period, the number of calendar days from, and including, the Issue Date to, but excluding, the first Distribution Date, (ii) for each Interest Period after the First Interest Period (other than the Interest Period ending on the Distribution Date in December, 2042) and as set out in clause (iii)
below), three months and (iii) for the Interest Period ending on the Distribution Date in December, 2042, the number of calendar days from, and including, the first day of such Interest Period to, but excluding, the final Distribution Date.

“LIBOR Business Day” means a day on which commercial banks and foreign exchange markets settle payments in Dollars in New York and London.

“London Banking Day” means a day on which commercial banks are open for business (including dealings in foreign exchange and foreign currency deposits) in London.

“Reference Banks” means four major banks in the London interbank market, selected by the Calculation Agent.

“Reference Dealers” means three major dealers in the secondary market for U.S. Dollar certificates of deposit selected by the Calculation Agent.

For so long as any Note remains outstanding, the Co-Issuers will at all times maintain an agent appointed to calculate LIBOR in respect of each Interest Period. As soon as possible after 11:00 a.m. (London time) on each LIBOR Determination Date, but in no event later than 11:00 a.m. (London time) on the Business Day immediately following each LIBOR Determination Date, the Calculation Agent will calculate the interest rate for the Notes for the related Interest Period and the amount of interest for such Interest Period payable in respect of each U.S.$1,000 in principal amount of each Class and Sub-class of Notes (in each case rounded to the nearest cent, with half a cent being rounded upward) on the related Distribution Date and will communicate such rates and amounts and the related Distribution Date to the Co-Issuers, the Trustee, each Paying Agent (other than the Preference Share Paying Agent), Euroclear, Clearstream, Luxembourg and, for so long as the Notes are listed on the Irish Stock Exchange, the Irish Stock Exchange.

The Calculation Agent may be removed by the Co-Issuers at any time. If the Calculation Agent is unable or unwilling to act as such, is removed by the Co-Issuers or fails to determine the interest rate for any Class or Sub-class of Notes or the amount of interest payable in respect of any Class or Sub-class of Notes for any Interest Period, the Co-Issuers will promptly appoint as a replacement Calculation Agent a leading bank that is engaged in transactions in U.S. Dollar deposits in the international Eurodollar market and which does not control and is not controlled by or under common control with either of the Co-Issuers or any affiliate thereof. The Calculation Agent may not resign its duties without a successor having been duly appointed. The determination of the interest rate for Notes for each Interest Period by the Calculation Agent will (in the absence of manifest error) be final and binding upon all parties.

Commitment Fee on Class A-1B-1 Notes

A commitment fee (“Commitment Fee”) will accrue on the Aggregate Undrawn Amount of the Class A-1B-1 Notes for each day from and including the Issue Date to but excluding the Commitment Period Termination Date, at a rate per annum equal to the Commitment Fee Rate. The Commitment Fee will be payable quarterly in arrears on each Distribution Date and will rank pari passu with the payment of interest on the Class A-1B Notes, pro rata. The Commitment Fee will be computed on the basis of a 360-day year and the actual number of days elapsed. No Class or Sub-class of Notes other than the Class A-1B-1 Notes will be entitled to a commitment fee.

Principal

The Stated Maturity of the Class A-1A Notes is December 5, 2042; the Stated Maturity of the Class A-1B-1 Notes is December 5, 2042; the Stated Maturity of the Class A-1B-2 Notes is December 5, 2042; the Stated Maturity of the Class A-2 Notes is December 5, 2042; the Stated Maturity of the Class B Notes is December 5, 2042; the Stated Maturity of the Class C Notes is December 5, 2042; and the Stated Maturity of the Class D Notes is December 5, 2042. Each Class and Sub-class of Notes is scheduled to mature at the applicable Stated Maturity unless redeemed or repaid prior thereto. However, the Notes may be paid in full prior to their Stated Maturity. See “Risk Factors—Average Life of the Notes and Prepayment Considerations” and “Maturity, Prepayment and Yield Considerations.” Any payment of principal with respect to any Class or Sub-class of Notes (including any payment of principal made in connection with a mandatory redemption, an Optional Redemption, Auction Call Redemption
or Tax Redemption) will be made by the Trustee on a pro rata basis on each Distribution Date among the Notes of such Class or Sub-class, as applicable, according to the respective unpaid principal amounts thereof outstanding immediately prior to such payment. The Trustee will, so long as any Class or Sub-class of Notes is listed on the Irish Stock Exchange, notify the Irish Stock Exchange not later than the second Business Day preceding each Distribution Date of the amount of principal payments to be made on the Notes of each Class on such Distribution Date, the amount of any Class C Deferred Interest and Class D Deferred Interest, the Aggregate Outstanding Amount of the Notes of each Class and the percentage of the original Aggregate Outstanding Amount of the Notes of such Class after giving effect to the principal payments, if any, on such Distribution Date.

During the Substitution Period, Specified Principal Proceeds and, after the Substitution Period, Principal Proceeds will be applied on each Distribution Date in accordance with the Priority of Payments to pay principal of each Class and Sub-class of Notes. As more fully described herein, no payment of principal of any Class or Sub-class of Notes will be made until all principal of, and all accrued interest and Commitment Fee due and payable on the Notes of each Class and Sub-class that is Senior to such Class or Sub-class, as applicable, and that remain outstanding have been paid in full except (i) to the payment of Class C Deferred Interest from Interest Proceeds in certain circumstances, (ii) to the payment of Class D Deferred Interest from Interest Proceeds in certain circumstances (iii) to the payment of principal on the Notes (other than the Class D Notes) from Interest Proceeds in reverse seniority upon a failure of the Class C Overcollateralization Test, (iv) to the payment of principal on the Class D Notes upon a failure of the Class D Interest Diversion Test and (v) on Distribution Dates not occurring during a Sequential Pay Period, (x) principal of the Class A-1 Notes, the Class A-2 Notes and the Class B Notes will be paid on a pro rata basis up to a certain amount as more fully described herein and (y) principal of the Class C Notes shall be paid up to a certain amount as more fully described herein. See "Description of the Notes—Priority of Payments."

Mandatory Redemption

Each Class of Notes will be subject to mandatory redemption on any Distribution Date in the event that any Coverage Test applicable to such Class of Notes is not satisfied on the related Determination Date. Subject to the Priority of Payment, any such redemption will be effected, first, from Interest Proceeds to the extent necessary to cause each applicable Coverage Test to be satisfied, and second, (to the extent that the application of Interest Proceeds pursuant to the Priority of Payments would be insufficient to cause such tests to be satisfied), from Principal Proceeds, until each such Class of Notes has been paid in full. Any such redemption will be applied to each outstanding Class of Notes sequentially in direct order of seniority and will otherwise be effected as described below under "—Priority of Payments."

In addition, the Co-Issuers will notify each Rating Agency and each Hedge Counterparty in writing of the occurrence of the date that is the earlier of (a) February 23, 2006 and (b) the first date on which the Aggregate Principal Balance of the Pledged Collateral Debt Securities and the Collateral Debt Securities with respect to which the Issuer has entered into binding commitments to purchase is at least equal to the Aggregate Ramp-Up Par Amount (such date, the "Ramp-Up Completion Date") within seven days after the Ramp-Up Completion Date occurs (each notice, a "Ramp-Up Notice"). The Co-Issuers will request that each Rating Agency notify the Co-Issuers within 30 days after receipt of the Ramp-Up Notice if it has reduced or withdrawn the rating (including private or confidential ratings, if any) assigned by it on the Issue Date to any Class or Sub-class of Notes. If the Co-Issuers fail to obtain a Rating Confirmation prior to the later of (x) 45 Business Days following the Ramp-Up Completion Date and (y) the first Determination Date following the Ramp-Up Completion Date (a "Rating Confirmation Failure"), the Issuer will be required on the first Distribution Date following the occurrence of such Rating Confirmation Failure to apply Uninvested Proceeds, and subject to the Priority of Payments, Interest Proceeds and, if necessary, Principal Proceeds, to pay principal of the Notes, to the extent necessary to obtain a Rating Confirmation from each Rating Agency.

Auction Call Redemption

In accordance with the procedures set forth in the Indenture (the "Auction Procedures"), the Trustee will, at the expense of the Issuer, conduct an auction (an "Auction") of the Collateral Debt Securities if, on or prior to the Distribution Date occurring in December 2013, the Notes have not been redeemed in full. The Auction will be conducted on a date no later than ten Business Days prior to (1) the Distribution Date occurring in December 2013.
and (2) if the Notes are not redeemed in full on the prior Distribution Date, each Distribution Date thereafter until the Notes have been redeemed in full (each such date, an “Auction Date”). Any of the Preference Shareholders, the Trustee or their respective Affiliates may, but will not be required to, bid at the Auction. The Trustee will sell and transfer the Collateral Debt Securities (which may be divided into up to eight Subpools) to the highest bidder therefor (or to the highest bidder for each Subpool) at the Auction, provided that:

(i) the Auction has been conducted in accordance with the Auction Procedures;

(ii) the Trustee has received bids for the Collateral Debt Securities from at least two Qualified Bidders (including the winning Qualifying Bidder) for (A) the purchase of the Collateral Debt Securities or (B) the purchase of each Subpool;

(iii) the Collateral Manager certifies that the Highest Auction Price would result in the Sale Proceeds from the Collateral Debt Securities (or the related Subpools) for a purchase price (paid in Cash) which together with the Balance of all Eligible Investments and Cash held in the Accounts (other than Eligible Investments and Cash in the Hedge Counterparty Collateral Account, any Synthetic Security Issuer Account and any Class A-1B-1 Noteholder Prepayment Account) will be at least equal to the Total Senior Redemption Amount; provided that the Holders of 100% of the Aggregate Outstanding Amount of any Class of Notes may elect to receive less than 100% of the portion of the Redemption Price that would otherwise be payable to Holders of such Class (and the minimum funding requirements specified in this clause (iii)); and

(iv) the bidder(s) who offered the Highest Auction Price for the Collateral Debt Securities (or the related Subpools) enter(s) into a written agreement with the Issuer (which the Issuer will execute if the conditions set forth above and in the Indenture are satisfied which execution will constitute certification by the Issuer that such conditions have been satisfied) that obligates the highest bidder (or the highest bidder for each Subpool) to purchase all of the Collateral Debt Securities (or the relevant Subpool) with the closing of such purchase (and full payment in Cash to the Trustee) to occur on or prior to the sixth Business Day following the relevant Auction Date.

Notwithstanding the conditions set forth in clause (iii) above, in connection with any Auction Call Redemption, Holders of 100% of the Aggregate Outstanding Amount of any Class or Sub-class of Notes or 100% of the Preference Shareholders may elect to receive less than 100% of the portion of the Redemption Price that would otherwise be payable to Holders of such Class or the Preference Shareholders (and the minimum funding requirements specified in the immediately preceding paragraph shall be reduced accordingly).

Provided that all of the conditions set forth in clauses (i) through (iv) have been met, the Trustee will sell and transfer the Collateral Debt Securities (or the related Subpool), without representation, warranty or recourse, to such highest bidder (or the highest bidder for each Subpool, as the case may be) in accordance with and upon completion of the Auction Procedures. The Trustee will deposit the purchase price for the Collateral Debt Securities in the Collection Accounts and, on the Distribution Date immediately following the relevant Auction Date, pay accrued and unpaid expenses, redeem the Notes and make a payment to the Preference Share Paying Agent for distribution to the Preference Shareholders in an amount equal to the Preference Share Redemption Date Amount at such time plus any excess proceeds from such sale (such redemption, the “Auction Call Redemption”).

If any of the foregoing conditions is not met with respect to any Auction or if the highest bidder (or the highest bidder for any Subpool, as the case may be) fails to pay the purchase price before the sixth Business Day following the relevant Auction Date, (a) the Auction Call Redemption will not occur on the Distribution Date following the relevant Auction Date, (b) the Trustee will give notice of the withdrawal, (c) subject to clause (d) below, the Trustee will decline to consummate such sale and will not solicit any further bids or otherwise negotiate any further sale of Collateral Debt Securities in relation to such Auction and (d) unless the Notes are redeemed in full prior to the next succeeding Auction Date, the Trustee will conduct another Auction on the next succeeding Auction Date.

“Highest Auction Price” means, with respect to an Auction Call Redemption, the greater of (a) the highest price bid by any Listed Bidder for all of the Collateral Debt Securities and (b) the sum of the highest prices bid by one or more Listed Bidders for each Subpool. In each case, the price bid by a Listed Bidder shall be the Dollar amount which the Collateral Manager certifies to the Trustee based on the Collateral Manager’s review of the bids, which certification shall be binding and conclusive.
“Qualified Bidder List” means a list of not less than two and not more than eight Persons prepared by the Collateral Manager and delivered to the Trustee on the Issue Date, as may be amended and supplemented by the Collateral Manager from time to time upon written notice to the Trustee; provided that any such notice shall only be effective on any Auction Date if it was received by the Trustee at least two Business Days prior to such Auction Date.

“Qualified Bidders” means the Persons whose names appear from time to time on the Qualified Bidder List.

“Subpool” means each of the groups of Collateral Debt Securities designated by the Collateral Manager in accordance with the Auction Procedures on which Qualified Bidders may provide a separate bid in an Auction.

Optional Redemption and Tax Redemption

Subject to the satisfaction of certain conditions described herein, on any Distribution Date occurring after the end of the Non-Call Period, the Issuer may redeem the Notes (such redemption, an “Optional Redemption”), in whole but not in part, at the written direction of a Majority-in-Interest of Preference Shareholders at the applicable Redemption Price therefor. Any such redemption may only be effected from (a) the Sale Proceeds of the Collateral Debt Securities and (b) the Balance of the Cash and Eligible Investment in the Accounts (other than the Hedge Counterparty Collateral Amount, any Synthetic Security Issuer Account and any Class A-1B-1 Noteholder Prepayment Account). No Optional Redemption may be effected, however, unless (i) all Sale Proceeds under clause (a) above are used (1) to make such an Optional Redemption, (2) to pay any amounts payable under the Priority of Proceeds and (3) to redeem the Preference Shares at the applicable Redemption Price and (ii) funds under clauses (a) and (b) above are at least equal to the Total Senior Redemption Amount. See “Risk Factors—Optional Redemption.”

In connection with the sale of Collateral Debt Securities to effect an Optional Redemption, the Trustee will solicit bids for the entire pool of Collateral Debt Securities and will determine the highest bid therefor. If such bid exceeds the Total Senior Redemption Amount, the Trustee will immediately notify the Collateral Manager of the highest bid for such Collateral Debt Securities and will notify the Preference Share Paying Agent and the Collateral Manager of the amount by which such highest bid, together with the proceeds from any Eligible Investments maturing on or prior to the Scheduled Redemption Date and all Cash (other than in respect of any Synthetic Security Issuer Account, any Hedge Counterparty Collateral Account and any Class A-1B-1 Noteholder Prepayment Account), exceeds the Total Senior Redemption Amount (the “Available Preference Share Redemption Amount”).

If the Available Preference Share Redemption Amount is less than the Preference Share Redemption Date Amount, the Preference Shareholders whose aggregate Voting Percentages at such time equal 100% of all Preference Shareholders’ Voting Percentages at such time, excluding any Preference Shares held by the Collateral Manager or its Affiliates and accounts for which the Collateral Manager or its Affiliates acts as investment adviser (and for which the Collateral Manager or any such Affiliate has discretionary authority) may, by notice to the Preference Share Paying Agent, elect to receive less than the Preference Share Redemption Date Amount in order to effect such Optional Redemption (provided that the Available Preference Share Redemption Amount is greater than the Preference Share Redemption Date Amount divided by the number of outstanding Collateral Manager Preference Shares).

In addition, subject to satisfaction of certain conditions described herein, the Issuer may redeem the Notes on any Distribution Date (such redemption, a “Tax Redemption”), in whole but not in part, by the Issuer at the direction of either (i) a Majority of any Class or Sub-class of Notes that, as a result of the occurrence of a Tax Event, has not received 100% of the aggregate amount of principal and interest payable to such Class on any Distribution Date (each such Class or Sub-class, an “Affected Class”) or (ii) a Majority-in-Interest of Preference Shareholders. Any such redemption may only be effected from (a) the Sale Proceeds of the Collateral Debt Securities and (b) the Balance of the Cash and Eligible Investments in the Accounts (other than the Hedge Counterparty Collateral Account, any Synthetic Security Issuer Account and any Class A-1B-1 Noteholder Prepayment Account), at the applicable Redemption Price. No Tax Redemption may be effected, however, unless (i) all Sale Proceeds under clause (a) above are used in whole or in part to make such Tax Redemption, and, if there are sufficient funds, to
redeem the Preference Shares, (ii) funds under clauses (a) and (b) are at least equal to the Total Senior Redemption Amount, (iii) a Tax Event shall have occurred and (iv) the Tax Materiality Condition is satisfied.

Notwithstanding the immediately preceding paragraph, in connection with any Tax Redemption, Holders of 100% of the Aggregate Outstanding Amount of an Affected Class may elect to receive less than 100% of the portion of the Total Senior Redemption Amount that would otherwise be payable to Holders of such Affected Class (and the minimum funding requirements specified in the immediately preceding paragraph will be reduced accordingly).

The “Non-Call Period” is the period from the Issue Date to and including the Business Day immediately preceding the Distribution Date in December 2008.

A “Tax Event” will occur if (i) any obligor (including any Synthetic Security Counterparty) is, or on the next scheduled payment date under any Collateral Debt Security, will be, required to deduct or withhold from any payment under any Collateral Debt Security to the Issuer for or on account of any tax for whatever reason and such obligor is not required to pay to the Issuer such additional amount as is necessary to ensure that the net amount actually received by the Issuer (free and clear of taxes, whether assessed against such obligor or the Issuer) will equal the full amount that the Issuer would have received had no such deduction or withholding been required, (ii) any jurisdiction imposes net income, profits, or similar tax on the Issuer, or (iii) the Issuer is required to deduct or withhold from any payment under the Hedge Agreement for or on account of any tax and the Issuer is obligated to make a gross up payment (or otherwise pay additional amounts) to the Hedge Counterparty, or (iv) a Hedge Counterparty is required to deduct or withhold from any payment under a Hedge Agreement for or on account of any tax for whatever reason and such Hedge Counterparty is not required to pay to the Issuer such additional amount as is necessary to ensure that the net amount actually received by the Issuer (free and clear of taxes, whether assessed against such obligor or the Issuer) will equal the full amount that the Issuer would have received had no such deduction or withholding been required. The “Tax Materiality Condition” will be satisfied if a Tax Event occurs and (i) such a tax or taxes imposed on the Issuer or withheld from payments to the Issuer and with respect to which the Issuer receives less than the full amount that the Issuer would have received had no such deduction occurred, and (ii) “gross up payments” required to be made by the Issuer exceed the amounts that the Issuer would have been required to pay had no deduction or withholding been required exceeds, in the aggregate, U.S.$1,000,000 during any 12-month period.

Redemption Procedures. Notice of redemption will be given by first-class mail, postage prepaid, mailed not less than 10 days prior to the date scheduled for redemption (with respect to such Auction Call Redemption, Optional Redemption or Tax Redemption, the “Redemption Date”), to each Holder of Notes at such Holder’s address in the Note Register maintained by the Note Registrar under the Indenture, each Rating Agency and (by facsimile or e-mail with telephone confirmation thereof) the Hedge Counterparty. In addition, the Trustee will, if and for so long as any Class or Sub-class of Notes to be redeemed is listed on the Irish Stock Exchange, (i) cause notice of such Auction Call Redemption, Optional Redemption or Tax Redemption to be delivered to the Company Announcements Office of the Irish Stock Exchange not less than 10 days prior to the Redemption Date and (ii) promptly notify the Irish Stock Exchange of such Auction Call Redemption, Optional Redemption or Tax Redemption. Notes must be surrendered at the offices of any Paying Agent under the Indenture in order to receive the applicable Redemption Price, unless the Holder provides (i) an undertaking to surrender such Note thereafter and (ii) in the case of a Holder that is not a Qualified Institutional Buyer, such security or indemnity as may be required by the Co-Issuers or the Trustee.

Any such notice of redemption may be withdrawn by the Issuer up to the fourth Business Day prior to the scheduled Redemption Date by written notice to the Trustee, the Hedge Counterparty and the Collateral Manager only if the Collateral Manager is unable to deliver the sale agreement or agreements referred to in the immediately succeeding paragraph in form satisfactory to the Trustee. Notice of any such withdrawal will be given by the Trustee to each Holder of Notes at such Holder’s address in the Note Register maintained by the Note Registrar under the Indenture by overnight courier guaranteeing next day delivery, sent not later than the third Business Day prior to the scheduled Redemption Date. In addition, the Trustee will, if any Class or Sub-class of Notes to have been redeemed was listed on the Irish Stock Exchange deliver a notice of such withdrawal to the Company Announcements Office of the Irish Stock Exchange not less than three Business Days prior to the scheduled Redemption Date.
The Notes may not be redeemed pursuant to an Optional Redemption or Tax Redemption unless at least four Business Days before the scheduled Redemption Date, the Collateral Manager will have furnished to the Trustee and the Hedge Counterparty evidence, in form satisfactory to the Trustee, that the Collateral Manager on behalf of the Issuer has entered into a binding agreement or agreements to sell to a financial institution or institutions, not later than the Business Day immediately preceding the scheduled Redemption Date, all or part of the Collateral Debt Securities at a purchase price, in immediately available funds, at least equal to an amount sufficient, together with the Eligible Investments maturing on or prior to the scheduled Redemption Date and all Cash (other than any Synthetic Security Issuer Account, Hedge Counterparty Collateral Account or Class A-1B-1 Noteholder Prepayment Account), to pay amounts (including termination payments due and payable under the Hedge Agreement(s) (assuming that the Issuer is the "defaulting party"), if any) payable under the Priority of Payments (including fees and expenses incurred by the Trustee and the Collateral Manager in connection with such sale of Collateral Debt Securities and all Administrative Expenses), to pay any accrued and unpaid amounts payable by the Issuer pursuant to the Hedge Agreement and to redeem the Notes on the scheduled Redemption Date at the applicable Redemption Prices, therefor, together with all accrued interest and Commitment Fee to the date of redemption and all Class C Deferred Interest and Class D Deferred Interest and, solely in the case of an Auction Call Redemption, to make a payment to the Preference Share Paying Agent for distribution to the Preference Shareholders in an amount equal to the Preference Share Redemption Date Amount provided that Preference Shareholders whose aggregate Voting Percentages at such time equal 100% of all Preference Shareholders’ Voting Percentages at such time, excluding any Preference Shares held by the Collateral Manager or its Affiliates and accounts for which the Collateral Manager or its Affiliates acts as investment adviser (and for which the Collateral Manager or any such Affiliate has discretionary authority) may agree to receive a lesser amount, in which case, the Total Senior Redemption amount will be reduced accordingly; provided, further, that the amount attributable to the Collateral Manager Preference Shares will not be reduced below the applicable Preference Share Redemption Date Amount in connection with such election (the aggregate amount required to make all such payments and to effect such redemption of the Notes, the “Total Senior Redemption Amount”).

“Administrative Expenses” means amounts due or accrued with respect to any Distribution Date and payable by the Issuer or the Co-Issuer to (i) the Trustee pursuant to the Indenture or any co-trustee appointed pursuant to the Indenture, (ii) the Collateral Administrator under the Collateral Administration Agreement, (iii) the Administrator under the Administration Agreement, (iv) the Preference Share Paying Agent, the Preference Share Transfer Agent and the Preference Share Registrar under the Preference Share Paying Agency Agreement, (v) the independent accountants, agents and counsel of the Issuer for reasonable fees and expenses (including amounts payable in connection with the preparation of tax forms on behalf of the Co-Issuers and any registered office fees), (vi) the Rating Agencies for fees and expenses in connection with any rating (including the annual fees payable to the Rating Agencies for the monitoring of any rating) of the Offered Securities, including fees and expenses due or accrued in connection with any rating of the Collateral Debt Securities, (vii) the Collateral Manager under the Indenture and the Collateral Management Agreement (including amounts payable pursuant to Section 10 of the Collateral Management Agreement), (viii) any other Person in respect of any governmental fee, charge or tax in relation to the Issuer or the Co-Issuer (in each case as certified by an Authorized Officer of the Issuer or the Co-Issuer to the Trustee), (ix) the fees and expenses of the Irish Stock Exchange and the Irish Paying Agent, (x) the Initial Purchaser in respect of indemnities under the Purchase Agreement and (xi) any other Person in respect of any other fees or expenses (including indemnities) permitted under the Indenture and the documents delivered pursuant to or in connection with the Indenture and the Notes; provided that Administrative Expenses shall not include (a) any amounts due or accrued with respect to the actions taken on or in connection with the Issue Date (provided that funds may be withdrawn from the Expense Account prior to the first Determination Date for such purpose provided that the Collateral Manager has approved in writing each such withdrawal in advance), (b) amounts payable in respect of the Notes, (c) amounts payable under the Hedge Agreement and (d) any Collateral Manager Fee payable pursuant to the Collateral Management Agreement.

“Authorized Officer” means (i) with respect to the Issuer, any Officer of the Issuer who is authorized to act for the Issuer in matters relating to, and binding upon, the Issuer, (ii) with respect to the Co-Issuer, any Officer who is authorized to act for the Co-Issuer in matters relating to, and binding upon, the Co-Issuer, (iii) with respect to the Collateral Manager, any Officer, employee or agent of the Collateral Manager who is authorized to act for the Collateral Manager in matters relating to, and binding upon, the Collateral Manager with respect to the subject matter of the request, certificate or order in question and (iv) with respect to the Trustee or any other bank or trust company acting as trustee of an express trust or as custodian, a Trust Officer. Each party may receive and accept a
certification of the authority of any other party as conclusive evidence of the authority of any person to act, and such certification may be considered as in full force and effect until receipt by such other party of written notice to the contrary.

“IRR” means with respect to each Distribution Date, the rate of return on the Preference Shares that would result in a net present value of zero, assuming (i) the original Aggregate Liquidation Preference of the Preference Shares as the initial negative cash flow on the Issue Date and all distributions, if any, on such Distribution Date and each preceding Distribution Date as positive cash flows, (ii) the initial date for the calculation as of the Issue Date and (iii) the number of days to each subsequent Distribution Date from the Issue Date being calculated on the basis of a 360-day year consisting of twelve 30-day months, provided that the IRR shall be calculated on a bond-equivalent yield basis.

“Preference Share Redemption Date Amount” means, in respect of any Redemption Date, the sum of (a) the Preference Share Rated Balance and (b) the amount required (after taking into account any dividends or other distributions made or to be made to the Holders of the Preference Shares on such Redemption Date and all prior Distribution Dates in accordance with the Priority of Payments) to ensure that, after distribution of such amount to the Preference Shareholders, such Preference Shareholders will have received an IRR on the Preference Shares for the period from the Issue Date to such Redemption Date of not less than (w) 9% per annum, if such Redemption Date occurs on or after December 5, 2013 but before December 5, 2014, (x) 8% per annum, if such Redemption Date occurs on or after December 5, 2014 but before December 5, 2015, (y) 6% per annum, if such Redemption Date occurs on or after December 5, 2015 but before December 5, 2017, or (z) 4% per annum, if such Redemption Date occurs on or after December 5, 2017.

Redemption Price

The amount payable in connection with any Auction Call Redemption, Optional Redemption or Tax Redemption of any Note will be as set forth in the remainder of this paragraph and as set forth above (with respect to each Class or Sub-class of Notes, the “Redemption Price”). The Redemption Price payable with respect to any Note will be an amount equal to (a) the outstanding principal amount of such Note being redeemed plus (b) accrued interest thereon (including Defaulted Interest and accrued, unpaid and uncapitalized interest on Defaulted Interest, if any) plus (c) with respect to the Class A-1B-1 Notes, an amount equal to accrued Commitment Fee on the amount of such reduction plus (d) with respect to the Class C Notes, any Class C Deferred Interest plus (e) in the case of the Class D Notes, any Class D Deferred Interest.

Cancellation

All Notes that are redeemed or paid and surrendered for cancellation as described herein will forthwith be canceled and may not be reissued or resold.

Payments

Payments in respect of principal of and interest and Commitment Fee on any Note will be made to the Holders of Notes entitled to receive such payments. The date on which such entitlement shall be determined shall be the 15th day (whether or not a Business Day) prior to the applicable Distribution Date or Redemption Date (the “Record Date”). Payments on each Note will be payable by wire transfer in immediately available funds to a Dollar account maintained by the Holder thereof in accordance with wire transfer instructions received by any Person authorized by the Issuer to pay the principal or interest on or Commitment Fee on any Notes on behalf of the Issuer under the Indenture (each, a “Paying Agent”) on or before the Record Date or, if no wire transfer instructions are received by a Paying Agent in respect of such Note, by a Dollar check drawn on a bank in the United States mailed to the address of the Holder of such Note as it appears on the Note Register at the close of business on the Record Date for such payment. Final payments in respect of principal of the Notes will be made against surrender of such Notes at the office of the Paying Agent.

If any payment on the Notes is due on a day that is not a Business Day, then payment will be made on the next succeeding Business Day with the same force and effect as if made on the date for payment. For this purpose, “Business Day” means a day on which banking institutions are not authorized or obligated by law, regulation or executive order to close in London or New York City or any other city in which the Corporate Trust Office of the
Trustee is located and, in the case of the final payment of principal of any Note, the place of presentation of such Note.

"Corporate Trust Office" means the designated corporate trust office of the Trustee, currently located at (i) for securities transfer purposes, Wells Fargo Center, Sixth Street and Marquette Avenue, Minneapolis, Minnesota, 55479, Attention: Corporate Trust Services – E*TRADE ABS CDO IV, and (ii) for all other purposes, 9062 Old Annapolis Road, Columbia, Maryland, 21045 or the principal corporate trust office of any successor Trustee.

For so long as any Notes are listed on the Irish Stock Exchange and the rules of such exchange will so require, the Co-Issuers will maintain a Paying Agent with respect to such Notes with an office located in Dublin, Ireland.

Except as otherwise required by applicable law, any money deposited with the Trustee or any Paying Agent in trust for the payment of principal of or interest or Commitment Fee on any Note and remaining unclaimed for two years after such principal or interest has become due and payable will be paid to the Issuer upon request by the Issuer therefor, and the Holder of such Note will thereafter, as an unsecured general creditor, look to the Issuer or the Co-Issuer for payment of such amounts and all liability of the Trustee or such Paying Agent with respect to such trust money (but only to the extent of the amounts so paid to the Issuer) will thereupon cease. The Trustee or such Paying Agent, before being required to make any such release of payment may, but will not be required to, adopt and employ, at the expense of the Issuer, any reasonable means of notification of such release of payment, including mailing notice of such release to Holders whose Notes have been called but have not been surrendered for redemption or whose right to or interest in monies due and payable but not claimed is determinable from the records of any Paying Agent, at the last address of record of each such Holder.

Priority of Payments

With respect to any Distribution Date, collections received on the Collateral during each Due Period in respect of the Collateral will be divided into Interest Proceeds and Principal Proceeds and applied in the priority set forth below under "—Interest Proceeds" and "—Principal Proceeds," respectively (collectively, the "Priority of Payments"). "Due Period" means, with respect to any Distribution Date, the period commencing on (but excluding) the 30th day of the calendar month ending immediately prior to the preceding Distribution Date (or on the Issue Date in the case of the Due Period relating to the first Distribution Date) and ending on (and including) the 30th day of the calendar month ending immediately prior to such Distribution Date (without giving effect to any Business Day adjustment thereto), except that, in the case of the Due Period that is applicable to the Distribution Date relating to the Stated Maturity of the Notes, such Due Period shall end on (and include) the day preceding the Stated Maturity. Amounts that would otherwise have been payable in respect of a Pledged Collateral Debt Security on the last day of a Due Period but for such day not being a designated business day in the Underlying Instruments or a Business Day, shall be considered included in collections received during such Due Period.

Interest Proceeds. On each Distribution Date, Interest Proceeds with respect to the related Due Period will be distributed in the order of priority set forth under paragraphs (1) to (18) below:

(1) to the payment of taxes and filing and registration fees owed by the Co-Issuers, if any;

(2) (a) first, to the payment, in the following order, to the Trustee, the Collateral Administrator, the Preference Share Paying Agent and the Administrator of accrued and unpaid fees owing to them under the Indenture, the Collateral Administration Agreement, the Preference Share Paying Agency Agreement and the Administration Agreement, as applicable; (b) second, to the payment, first, to the Trustee of accrued and unpaid operational expenses of the Trustee owing to it under the Indenture (and, if an Event of Default has occurred and is continuing under the Indenture, to the Trustee of other accrued and unpaid expenses (including amounts payable pursuant to any indemnity)), second, to the Rating Agencies of accrued and unpaid fees and expenses of the Rating Agencies and third, to the Trustee of other accrued and unpaid expenses (including amounts payable pursuant to any indemnity) of the Trustee owing to it under the Indenture; (c) third, to the payment, in the following order, of the Collateral Administrator, the Preference Share Paying Agent, the Note Registrar, the Administrator and the Collateral Manager of accrued and unpaid administrative expenses (including indemnification payments, if any) owing to them under the Collateral Administration Agreement, the
Preference Share Paying Agency Agreement, the Administration Agreement and the Collateral Management Agreement, as applicable; provided that all payments made pursuant to subclauses (b) and (c) of this clause (2) do not exceed on such Distribution Date U.S.$ 75,000 for such Due Period; and (d) fourth, if the balance of all Eligible Investments and Cash in the Expense Account on the related Determination Date is less than U.S.$ 75,000, for deposit to the Expense Account of an amount equal to the lesser of (x) an amount sufficient to cause the Balance of all Eligible Investments and Cash in the Expense Account, immediately after such deposit, to equal U.S.$ 75,000 and (y) the amount by which U.S.$ 75,000 exceeds the sums paid under subparagraphs (b) and (c) of this paragraph (2):

(3) to the payment to the Collateral Manager of accrued and unpaid Senior Collateral Manager Fees;

(4) to the payment of any amount scheduled to be paid to a Hedge Counterparty pursuant to any Hedge Agreement, together with any termination payments (and any accrued interest thereon) payable by the Issuer pursuant to such Hedge Agreement(s) other than by reason of an event of default or termination event (other than “illegality” or “tax event”) as to which such Hedge Counterparty is the sole “defaulting party” or the sole “affected party”;

(5) to the payment of the Interest Distribution Amounts on the Class A-1B-1 Notes and the Commitment Fee Amount on the Class A-1B-1 Notes, pro rata;

(6) to the payment of the Interest Distribution Amount on the Class A-2 Notes;

(7) to the payment of the Interest Distribution Amount on the Class B Notes;

(8) (a) if either Class A/B Coverage Test is not satisfied on the related Determination Date and if any Class A Note or Class B Note remains Outstanding, to the payment of principal of, first, the Class A-1A Notes and the Class A-1B Notes, pro rata (provided that with respect to the Class A-1B Notes, first to the Class A-1B-1 Notes and second to the Class A-1B-2 Notes), second, the Class A-2 Notes and third, the Class B Notes, to the extent necessary to cause each of the Class A/B Coverage Tests to be satisfied or until such Class of Notes has been paid in full and (b) on the first Distribution Date following the occurrence of a Rating Confirmation Failure, after the application of Uninvested Proceeds, to the payment of principal of, first, the Class A-1A Notes and the Class A-1B Notes, pro rata (provided that with respect to the Class A-1B Notes, first to the Class A-1B-1 Notes and second to the Class A-1B-2 Notes), second, the Class A-2 Notes and third, the Class B Notes, to the extent necessary in order to obtain a Rating Confirmation from each Rating Agency or until such Class of Notes has been paid in full;

(9) to the payment of the Interest Distribution Amount on the Class C Notes (excluding any Class C Deferred Interest);

(10) (a) if the Class C Overcollateralization Test is not satisfied on the related Determination Date and if any Notes remain outstanding, to the payment of principal of, first, the Class C Notes, second, the Class B Notes, third, the Class A-2 Notes and fourth, the Class A-1B Notes and the Class A-1A Notes, pro rata (provided that with respect to the Class A-1B Notes, first to the Class A-1B-1 Notes and second to the Class A-1B-2 Notes), to the extent necessary to cause the Class C Overcollateralization Test to be satisfied or until such Class or Sub-class of Notes has been paid in full, (b) if the Class C Interest Coverage Test is not satisfied on the related Determination Date and if any Notes remain outstanding, to the payment of principal of, first, the Class A-1A Notes and the Class A-1B Notes, pro rata (provided that with respect to the Class A-1B Notes, first to the Class A-1B-1 Notes and second to the Class A-1B-2 Notes), second, the Class A-2 Notes, third, the Class B Notes and fourth, the Class C Notes, to the extent necessary to cause the Class C Interest Coverage Test to be satisfied or until such Class or Sub-class of Notes has been paid in full and (c) on the first Distribution Date following the occurrence of a Rating Confirmation Failure, after the application of Uninvested Proceeds, to the payment of principal of, first, the Class A-1A Notes and the Class A-1B Notes, pro rata (provided that with respect to the Class A-1B Notes, first to the Class A-1B-1 Notes and second to the Class A-1B-2 Notes), second, the Class A-2 Notes, third, the Class B Notes and fourth, the Class C Notes, to the extent necessary in order to obtain a Rating Confirmation from each Rating Agency or until such Class or Sub-class of Notes has been paid in full;

50
(11) to the payment of the Interest Distribution Amount on the Class D Notes (excluding any Class D Deferred Interest);

(12) (a) if the Class D Interest Diversion Test is not satisfied on the related Determination Date and if any Class D Notes remain outstanding, to the payment of principal of the Class D Notes, to the extent necessary to cause the Class D Interest Diversion Test to be satisfied or until the Class D Notes have been paid in full and (b) on the first Distribution Date following the occurrence of a Rating Confirmation Failure, after the application of Uninvested Proceeds, to the payment of principal of, first, the Class A-1A Notes and the Class A-1B Notes, pro rata (provided that with respect to the Class A-1B Notes, first to the Class A-1B-1 Notes and second to the Class A-1B-2 Notes), second, the Class A-2 Notes, third, the Class B Notes, fourth, the Class C Notes and fifth, the Class D Notes, to the extent necessary in order to obtain a Rating Confirmation from each Rating Agency or until such Class or Sub-class of Notes has been paid in full;

(13) to the payment of Class C Deferred Interest (in reduction of the principal amount of the Class C Notes);

(14) to the payment of Class D Deferred Interest (in reduction of the principal amount of the Class D Notes);

(15) to the payment of all accrued and unpaid Administrative Expenses of the Co-Issuers (including any accrued and unpaid fees and expenses owing), in the following order, to the Trustee, the Rating Agencies, the Note Registrar, the Collateral Administrator, the Preference Share Paying Agent, the Preference Share Registrar and the Administrator under the Indenture, the Collateral Administration Agreement, the Collateral Management Agreement, the Preference Share Paying Agency Agreement, the Administration Agreement and not paid pursuant to paragraph (2) above (whether as the result of the limitations on amounts set forth therein or otherwise);

(16) to the payment to the Collateral Manager of accrued and unpaid Subordinate Collateral Manager Fees;

(17) to the payment of any termination payments by the Issuer to the Hedge Counterparty pursuant to any Hedge Agreement but only to the extent that (i) such termination payments are not paid pursuant to paragraph (4) above and (ii) the Issuer is unable to, or determines not to, replace the relevant terminated Hedge Agreement; and

(18) the remainder (the “Excess Interest”), to the Preference Share Paying Agent for distribution (subject to the Indenture), to the Preference Shareholders as a dividend on the Preference Shares or (in the case of a payment on the Scheduled Preference Share Redemption Date or any other date upon which the Preference Shares are redeemed) as a payment on redemption of the Preference Shares as provided in the Issuer Charter.

Principal Proceeds. On each Distribution Date, Principal Proceeds with respect to the related Due Period will be distributed in the order of priority set forth under paragraphs (1) to (14) below:

(1) to the payment of the amounts referred to in paragraphs (1) through (7) under “Priority of Payments—Interest Proceeds” above in the same order of priority specified therein, but only to the extent not paid thereunder;

(2) after giving effect to any application of Uninvested Proceeds and Interest Proceeds as described under “Priority of Payments—Interest Proceeds” above, (a) if either Class A/B Coverage Test or Class C Coverage Test is not satisfied on the related Determination Date and if any Class A Notes or Class B Notes remain outstanding, to the payment of principal of, first, the Class A-1A Notes and the Class A-1B Notes, pro rata (provided that with respect to the Class A-1B Notes, first to the Class A-1B-1 Notes and second to the Class A-1B-2 Notes), second, the Class A-2 Notes and third, the Class B Notes, but only to the extent necessary to cause each of the Class A/B Coverage Tests and the Class C Coverage Tests to be satisfied and (b) on the first Distribution Date following the occurrence of a Rating Confirmation Failure, to the payment of principal of, first, the Class A-1A Notes and the Class A-1B Notes, pro rata (provided that with respect to the Class A-1B Notes, first to the Class A-1B-1 Notes and second to the Class A-1B-2 Notes), second, the Class A-2 Notes
and third, the Class B Notes, but only to the extent specified by each Rating Agency in order to obtain a Rating Confirmation;

(3) (a) if the related Determination Date occurs (i) during the Substitution Period (including any Distribution Date in respect of which the related Determination Date occurs on the last day of the Substitution Period) and (ii) during the Sequential Pay Period, to the payment of principal of, first, the Class A-1A Notes and the Class A-1B Notes, pro rata (provided that with respect to the Class A-1B Notes, first to the Class A-1B-1 Notes and second to the Class A-1B-2 Notes), second, the Class A-2 Notes and third, the Class B Notes, in each case until such Class or Sub-class of Notes is paid in full; provided that amounts applied for payment under this subclause (a) may not exceed an amount equal to the Specified Principal Proceeds with respect to the related Due Period; and (b) if the related Determination Date occurs (i) after the last day of the Substitution Period and (ii) during the Sequential Pay Period, to the payment of principal of, first, the Class A-1A Notes and the Class A-1B Notes, pro rata (provided that with respect to the Class A-1B Notes, first to the Class A-1B-1 Notes and second to the Class A-1B-2 Notes), second, the Class A-2 Notes and third, the Class B Notes, in each case until such Class or Sub-class of Notes is paid in full;

(4) (a) if the related Determination Date (i) occurs during the Substitution Period (including any Distribution Date in respect of which the related Determination Date occurs on the last day of the Substitution Period) and (ii) does not occur during the Sequential Pay Period, to the payment of principal of the Class A-1A Notes, the Class A-1B-1 Notes, the Class A-1B-2 Notes, the Class A-2 Notes and the Class B Notes on a pro rata basis in an aggregate amount up to the Class A/B Pro Rata Principal Payment Cap for such Distribution Date; provided that amounts applied for payment under this subclause (a) may not exceed an amount equal to the Specified Principal Proceeds with respect to the related Due Period, and (b) if the related Determination Date (i) occurs after the last day of the Substitution Period and (ii) does not occur during the Sequential Pay Period, to the payment of principal of the Class A-1A Notes, the Class A-1B-1 Notes, the Class A-1B-2 Notes, the Class A-2 Notes and the Class B Notes on a pro rata basis in an aggregate amount up to the Class A/B Pro Rata Principal Payment Cap for such Distribution Date;

(5) to the payment of the amounts referred to in paragraph (9) under “Priority of Payments—Interest Proceeds” above, but only to the extent not paid in full thereunder; provided that amounts applied for payment under this paragraph (5) and paragraphs (3) and (4) under “Priority of Payments—Principal Proceeds” above may not exceed an amount equal to the Specified Principal Proceeds with respect to the related Due Period for any Distribution Date in respect of which the related Determination Date occurs during the Substitution Period (including any Distribution Date in respect of which the related Determination Date occurs on the last day of the Substitution Period);

(6) if the related Determination Date (a) occurs during the Sequential Pay Period, to the payment of principal of the Class C Notes (including any Class C Deferred Interest) until such Class of Notes is paid in full and (b) does not occur during the Sequential Pay Period, to the payment of the Class C Notes in an amount up to the Class C Pro Rata Principal Payment Cap for such Distribution Date; provided that if the related Determination Date occurs during the Substitution Period (including any Distribution Date in respect of which the related Determination Date occurs on the last day of the Substitution Period), amounts applied for payment under this paragraph (6) and paragraphs (3), (4) and (5) under “Priority of Payments—Principal Proceeds” above may not exceed an amount equal to the Specified Principal Proceeds with respect to the related Due Period;

(7) after giving effect to any application of Uninvested Proceeds and Interest Proceeds as described under “Priority of Payments—Interest Proceeds” above and Principal Proceeds pursuant to paragraphs (2), (3), (4) and (6) above, (a) if either Class C Coverage Test is not satisfied on the related Determination Date and if any Class C Notes remain outstanding, to the payment of principal of the Class C Notes, but only to the extent necessary to cause each of the Class C Coverage Tests to be satisfied and (b) on the first Distribution Date following the occurrence of a Rating Confirmation Failure, to the payment of principal of, first, the Class A-1A Notes and the Class A-1B Notes, pro rata (provided that with respect to the Class A-1B Notes, first to the Class A-1B-1 Notes and second to the Class A-1B-2 Notes), second, the Class A-2 Notes, third, the Class B Notes and fourth, the Class C Notes, but only to the extent specified by each Rating Agency in order to obtain a Rating Confirmation;
(8) to the payment of the amounts referred to in paragraph (11) under “Priority of Payments—Interest Proceeds” above, but only to the extent not paid in full thereunder, provided that amounts applied for payment under this paragraph (8) and paragraphs (3), (4), (5) and (6) under “Priority of Payments—Principal Proceeds” above may not exceed an amount equal to the Specified Principal Proceeds with respect to the related Due Period for any Distribution Date in respect of which the related Determination Date occurs during the Substitution Period (including any Distribution Date in respect of which the related Determination Date occurs on the last day of the Substitution Period);

(9) to the payment of principal of the Class D Notes (including any Class D Deferred Interest) until such Class of Notes is paid in full; provided that if the related Determination Date occurs during the Substitution Period (including any Distribution Date in respect of which the related Determination Date occurs on the last day of the Substitution Period), amounts applied for payment under this paragraph (9) and paragraphs (3), (4), (5), (6) and (8) under “Priority of Payments—Principal Proceeds” above may not exceed an amount equal to the Specified Principal Proceeds with respect to the related Due Period;

(10) after giving effect to any application of Uninvested Proceeds and Interest Proceeds as described under “Priority of Payments—Interest Proceeds” above and Principal Proceeds pursuant to paragraphs (2), (3), (4), (6), (7) and (9) under “Priority of Payments—Principal Proceeds” above, on the first Distribution Date following the occurrence of a Rating Confirmation Failure, to the payment of principal of, first, the Class A-1A Notes and the Class A-1B Notes, pro rata (provided that with respect to the Class A-1B Notes, first to the Class A-1B-1 Notes and second to the Class A-1B-2 Notes), second, the Class A-2 Notes, third, the Class B Notes, fourth, the Class C Notes and fifth, the Class D Notes, but only to the extent specified by each Rating Agency in order to obtain a Rating Confirmation;

(11) if the related Determination Date occurs during the Substitution Period (including any Distribution Date in respect of which the related Determination Date occurs on the last day of the Substitution Period), to the Principal Collection Account, to remain available for application to the purchase of substitute Collateral Debt Securities (subject to the satisfaction of the Eligibility Criteria) by no later than the last day of the Due Period relating to the Distribution Date immediately following such Distribution Date, in an amount equal to the Principal Proceeds received during the related Due Period (after giving effect to any payments pursuant to paragraphs (1) through (10) above);

(12) to the payment of amounts referred to in paragraph (15) under “Priority of Payments—Interest Proceeds,” but only to the extent not paid thereunder;

(13) to the payment of amounts referred to in paragraph (16) under “Priority of Payments—Interest Proceeds,” but only to the extent not paid thereunder; and

(14) the remainder (the “Excess Principal Proceeds”), to the Preference Share Paying Agent for distribution (subject to the Indenture), to the Preference Shareholders as a dividend on the Preference Shares or, in the case of a payment on the Scheduled Preference Share Redemption Date or any other date upon which the Preference Shares are redeemed, as a payment on redemption of the Preference Shares as provided in the Issuer Charter.

On the Stated Maturity of the Notes, upon a redemption of the Preference Shares or upon a Tax Redemption, an Auction Call Redemption or an Optional Redemption, the Issuer (or the Collateral Manager acting pursuant to the Collateral Management Agreement on behalf of the Issuer) shall sell all of the Collateral Debt Securities and all Eligible Investments standing to the credit of the Accounts (other than any Hedge Counterparty Collateral Account, any Synthetic Security Issuer Account and any Synthetic Security Counterparty Account) and sell or liquidate all other Collateral, and after the payment (in accordance with the Priority of Payments) of all (i) fees, (ii) expenses (including any amount owing by the Issuer under the Hedge Agreement), (iii) interest (including any Defaulted Interest and interest on Defaulted Interest and any Class C Deferred Interest and Class D Deferred Interest and interest on Class C Deferred Interest and Class D Deferred Interest) on and principal of the Notes and (iv) any Excess Interest in respect of the Preference Shares, all remaining proceeds from such sales and all available Cash shall be paid to the Preference Share Paying Agent for deposit into the Preference Share Payment Account for payment (subject to the Indenture) to the Holders of the Preference Shares as a distribution by way of redemption thereof, whereupon all of the Securities shall be canceled. The Issuer shall (for the avoidance of doubt) be entitled
to retain for its own account U.S.$ 1,000 of capital contributed to the Issuer by the owner of the Issuer’s Ordinary Shares in accordance with the Issuer Charter and a U.S.$ 1,000 profit fee paid to the Issuer, together with, in each case, interest accrued thereon and the bank account in which monies are held.

Not later than 12:00 p.m., New York time, on or before the Business Day preceding each Distribution Date, the Issuer shall, pursuant to the Indenture remit or cause to be remitted to the Trustee for deposit in the Payment Account an amount of Cash sufficient to pay the amounts described in “Priority of Payments—Interest Proceeds” required to be paid on such Distribution Date.

If, on any Distribution Date, the amount available in the Payment Account from amounts received in or prior to the related Due Period is insufficient to make the full amount of the disbursements required by or on behalf of the statements furnished by the Issuer pursuant to the Indenture the Trustee shall make the disbursements called for in the order and according to the priority set forth under “Priority of Payments—Interest Proceeds” subject to the Indenture to the extent funds are available therefor.

Except as otherwise expressly provided in this section “Priority of Payments”, if on any Distribution Date the amount available in the Payment Account from amounts received in the related Due Period is insufficient to make the full amount of the disbursements required by any numbered paragraph in this section “Priority of Payments” to different Persons, the Trustee shall make the disbursements called for by such subclause ratably in accordance with the respective amounts of such disbursements then due and payable to the extent funds are available therefor.

Any amounts to be paid to the Preference Share Paying Agent pursuant to paragraph (18) under “Priority of Payments—Interest Proceeds” or paragraph (14) under “Priority of Payments—Principal Proceeds” shall be released from the lien of the Indenture and paid (upon standing order of the Issuer) to the Preference Share Paying Agent for deposit into the Preference Share Payment Account. In the event that amounts distributable to the Holders of the Preference Shares pursuant to the Priority of Payments cannot be distributed to such Holders due to restrictions on such distributions under the laws of the Cayman Islands, the Issuer shall notify the Trustee and the Preference Share Paying Agent and all amounts payable to the Preference Shareholders pursuant to the Priority of Payments shall be held in the Preference Share Payment Account until the first Distribution Date, or (in the case of any payment which would otherwise be payable on the Scheduled Preference Share Redemption Date or any Redemption Date upon which the Preference Shares are redeemed) the first Business Day, on which such distributions can be made to the Holders of the Preference Shares (subject to the availability of such amounts under Cayman Islands law to pay any liability of the Issuer not limited in recourse to the Collateral).

Certain Definitions

“Aggregate Outstanding Amount” means (a) with respect to any of the Notes at any time, the aggregate principal amount of such Notes Outstanding at such time, which amount shall, except as otherwise provided herein, (x) include (i) Class C Deferred Interest, if any, with respect to Class C Notes at such time and (ii) Class D Deferred Interest, if any, with respect to Class D Notes at such time and (y) exclude the Aggregate Undrawn Amount with respect to the Class A-1B-1 Notes at such time and (b) with respect to any of the Preference Shares at any time, the number of such Preference Shares outstanding at such time multiplied by the Issue Price.

“Applicable Recovery Rate” means, with respect to any Collateral Debt Security on any Measurement Date, the lowest of (a) an amount equal to the percentage for such Collateral Debt Security set forth in the Moody’s recovery rate matrix set forth in Part I of Schedule A hereto in (x) the table corresponding to the relevant Specified Type of CDO Obligation or Other ABS, (y) the column in such table setting forth the Moody’s Rating of such Collateral Debt Security as of the date of issuance of such Collateral Debt Security and (z) the row in such table opposite the percentage of the issue of which such Collateral Debt Security is a part relative to the total capitalization of (including both debt and equity securities issued by) the relevant issue of such Collateral Debt Security, determined on the original issue date of such Collateral Debt Security; provided that (1) if such Collateral Debt Security is an ABS REIT Debt Security, such amount will be 40% (or 10% in the case of REIT Debt Securities-Health Care or REIT Debt Securities-Mortgage) and (2) if the Collateral Debt Security is a Synthetic Security, the recovery rate will be that assigned by Moody’s, (b) an amount equal to the percentage for such Collateral Debt Security set forth in the Standard & Poor’s recovery rate matrix set forth in Part II of Schedule A hereto in (x) the applicable table, (y) the row in such table opposite the Standard & Poor’s Rating of such Collateral Debt Security.
Debt Security as of the issuance of such Collateral Debt Security and (z) the column in such table below the then current rating of the most senior Class or Sub-class of Notes outstanding; provided, further, that if such Collateral Debt Security is a Synthetic Security, the recovery rate will be that assigned by Standard & Poor’s at the time of acquisition of such Synthetic Security and (c) an amount equal to the percentage corresponding to the domicile and seniority of such Defaulted Security or Deferred Interest PIK Bond, as applicable, as set forth in the Fitch recovery rate matrix attached as Part III of Schedule A here to; provided, further, that the applicable percentage will be the percentage corresponding to the most senior outstanding Class or Sub-class of Notes then rated by Fitch.

“Calculation Amount” means, with respect to any Defaulted Security or Deferred Interest PIK Bond at any time, the lesser of (a) the fair market value of such Defaulted Security or Deferred Interest PIK Bond and (b) the Applicable Recovery Rate multiplied by the Principal Balance of such Defaulted Security or Deferred Interest PIK Bond.

“Class A/B Pro Rata Principal Payment Cap” means, on any Distribution Date, an amount equal to (a) the amount of Principal Proceeds available in accordance with the Priority of Payments on such Distribution Date to make payments under paragraph (4) under “Priorities of Payments—Principal Proceeds” multiplied by (b) the sum of (i) the Aggregate Outstanding Amount of the Class A-1 Notes, the Class A-2 Notes and the Class B Notes (determined on the immediately preceding Determination Date, after giving effect to all payments of the principal thereof on such Distribution Date, including from Interest Proceeds, prior to paragraph (4) under “Priorities of Payments—Principal Proceeds,”) divided by (c) the Aggregate Outstanding Amount of the Class A-1 Notes, the Class A-2 Notes, the Class B Notes, the Class C Notes and the Class D Notes (determined on the immediately preceding Determination Date, after giving effect to all payments of the principal thereof on such Distribution Date, including from Interest Proceeds, prior to paragraph (4) under “Priorities of Payments—Principal Proceeds,”); provided that, if the sum of (i) the Aggregate Outstanding Amount of the Class A-1 Notes, the Class A-2 Notes and the Class B Notes and (ii) the Aggregate Undrawn Amount of the Class A-1B-1 Notes is zero, the Class A/B Pro Rata Principal Payment Cap shall be zero.

“Class A/B Sequential Pay Ratio” means, as of any Measurement Date, the number (expressed as a percentage) calculated by dividing (a) the Net Outstanding Portfolio Collateral Balance on such Measurement Date by (b) the sum of (i) the Aggregate Outstanding Amount of the Class A-1 Notes, (ii) the Aggregate Outstanding Amount of the Class A-2 Notes and (iii) the Aggregate Outstanding Amount of the Class B Notes.

“Class A/B Sequential Pay Test” means, for so long as any Class A Notes and Class B Notes remain outstanding, a test satisfied on any Measurement Date occurring on or after the Ramp-Up Completion Date if the Class A/B Sequential Pay Ratio on such Measurement Date is equal to or greater than 106.20%.

“Class A-1B-1 Note Funding Agreement” means the note funding agreement dated on or prior to the Issue Date between the Co-Issuers, the Trustee, Merrill Lynch Pierce, Fenner & Smith Incorporated and the Beneficial Owners from time to time of the Class A-1B-1 Notes, as modified and supplemented and in effect from time to time.

“Class C Pro Rata Principal Payment Cap” means, on any Distribution Date, an amount equal to (a) the amount of Principal Proceeds available in accordance with the Priority of Payments on such Distribution Date to make payments under paragraph (6) under “Priorities of Payments—Principal Proceeds” multiplied by (b) the Aggregate Outstanding Amount of the Class C Notes (determined on the immediately preceding Determination Date, after giving effect to all payments of the principal thereof on such Distribution Date, including from Interest Proceeds, prior to paragraph (6) under “Priorities of Payments—Principal Proceeds,”) divided by (c) the sum of the Aggregate Outstanding Amount of the Class C Notes and the Class D Notes (determined on the immediately preceding Determination Date, after giving effect to all payments of the principal thereof on such Distribution Date, including from Interest Proceeds, prior to paragraph (6) under “Priorities of Payments—Principal Proceeds,”); provided that, if the Aggregate Outstanding Amount of the Class C Notes is zero, the Class C Pro Rata Principal Payment Cap will be zero.

“Class D Overcollateralization Haircut Amount” means, with respect to any date of determination, the sum of the following:
(a) with respect any Collateral Debt Security with a Standard & Poor’s Rating of “CCC”, the lower of Fair Market Value (determined pursuant to the Indenture) of such Collateral Debt Security and 50% of the Principal Balance of such Collateral Debt Security;

(b) with respect to any Collateral Debt Security that has a Moody’s Rating of at least “Baa3” or a Standard & Poor’s Rating of at least “BBB–” on the date of purchase and has been downgraded so that it has a Moody’s Rating of no lower than “Ba3” and a Standard & Poor’s Rating of no lower than “BB–”, 90% of par value of such Collateral Debt Security; and

(c) with respect to any Collateral Debt Security that has a Moody’s Rating of at least “Ba3” or a Standard & Poor’s Rating of at least “BB–” on the date of purchase and has been downgraded so that it has a Moody’s Rating of “B1”, “B2” or “B3” and a Standard & Poor’s Rating of “B+”, “B” or “B–”, 80% of par value of such Collateral Debt Security.

“Commitment Fee Amount” means with respect to the Class A-1B-1 Notes as of any Distribution Date, the sum of (a) the aggregate amount of Commitment Fee accrued during the Interest Period ending on such Distribution Date plus (b) any Commitment Fee Amount due but not paid in any previous Interest Period plus (c) any Defaulted Interest in respect of any Commitment Fee Amount due but not paid on any prior Distribution Date (which Defaulted Interest shall accrue at the Note Interest Rate applicable to the Class A-1B-1 Notes).

“Deferred Interest PIK Bond” means a PIK Bond with respect to which payment of interest in whole has been deferred and capitalized in an amount equal to the amount of interest payable in respect of the lesser of (x) six months and (y) one payment period.

“Determination Date” means the last day of a Due Period.

“Excepted Property” means the U.S.$ 1,000 of issued Ordinary Share capital and U.S.$ 1,000 transaction fee paid to the Issuer and any further transaction fee that may be paid to it in respect of any further issuance of share capital and the bank accounts in which Monies relating to such share capital and transaction fees are held.

“Interest Distribution Amount” means, with respect to any Class or Sub-class of Notes and any Distribution Date, the sum of (i) the aggregate amount of interest accrued at the Note Interest Rate for such Class or Sub-class, during the Interest Period ending immediately prior to such Distribution Date, on the Aggregate Outstanding Amount of the Notes of such Class or Sub-class on the first day of such Interest Period (after giving effect to any redemption of the Notes of such Class or Sub-class or other payment of principal of the Notes of such Class or Sub-class on any preceding Distribution Date) plus (ii) any Defaulted Interest in respect of the Notes of such Class or Sub-class and accrued interest thereon.

“Interest Excess” means (a) the sum of (i) the Aggregate Principal Balance of the Pledged Collateral Debt Securities on the Ramp-Up Completion Date (including Collateral Debt Securities not yet purchased, but as to which the Issuer has entered into binding purchase agreements for regular settlement) plus (ii) all Uninvested Proceeds on deposit in the Uninvested Proceeds Account on the Issue Date plus (iii) the Aggregate Principal Balance of all Eligible Investments purchased with Principal Proceeds on deposit in the Principal Collection Account minus (b) U.S.$ 300,000,000.

“Interest Proceeds” means, with respect to any Due Period, the sum (without duplication) of: (1) all payments of interest on the Collateral Debt Securities during such Due Period (excluding both (a) accrued interest and interest in respect of Defaulted Securities, Deferred Interest PIK Bonds and Written Down Securities included in Principal Proceeds pursuant to clauses (8) and (9) of the definition of Principal Proceeds and (b) payments of interest on Semi-Annual Pay Securities during such Due Period required to be deposited into the Interest Equalization Account, together with the amount, if any, released from the Interest Equalization Account for deposit into the Interest Collection Account with respect to such Due Period); (2) all accrued interest received in Cash by the Issuer with respect to Collateral Debt Securities sold by the Issuer (excluding (a) Sale Proceeds received in respect of Defaulted Securities, Deferred Interest PIK Bonds and Written Down Securities and (b) accrued interest included in Principal Proceeds pursuant to clause (8) of the definition of Principal Proceeds), (3) all payments of interest (including any amount representing the accrued portion of a discount from the face amount of an Eligible Investment) on Eligible Investments in the Accounts (except the Hedge Counterparty Collateral Account, any
Synthetic Security Issuer Account, any Synthetic Security Counterparty Account (to the extent that interest payable on the balance standing to the credit of such account is not payable to the Issuer pursuant to the governing documents of such Synthetic Security) and any Class A-1B-1 Noteholder Prepayment Account) received in Cash by the Issuer during such Due Period and all payments of principal, including repayments, on Eligible Investments purchased with amounts from the Interest Collection Account received by the Issuer during such Due Period; (4) all amendment and waiver fees, all late payment fees, and all other fees and commissions received in Cash by the Issuer during such Due Period in connection with such Collateral Debt Securities and Eligible Investments (other than fees and commissions received in respect of Defaulted Securities, Deferred Interest PIK Bonds and Written Down Securities included as Principal Proceeds pursuant to clause (5) of the definition thereof and yield maintenance payments included in Principal Proceeds pursuant to clause (10) of the definition thereof); (5) all payments received pursuant to the Hedge Agreement (excluding any payments received by the Issuer by reason of an event of default or termination event that are required to be used for the purchase of a replacement Hedge Agreement) less any deferred premium payments payable by the Issuer under the Hedge Agreement during such Due Period; (6) all amounts on deposit in the Expense Account, the Interest Reserve Account and the Uninvested Proceeds Account that are transferred to the Payment Account for application as Interest Proceeds as described below under “Security for the Notes—The Accounts—Expense Account,” “—Interest Reserve Account” and “—Uninvested Proceeds Account”; and (7) with respect to the Due Period in which it is determined that the Issuer has received a Rating Confirmation, Uninvested Proceeds on deposit in the Uninvested Proceeds Account on the Ramp-Up Completion Date in an amount equal to the lesser of (a) the Interest Excess and (b) U.S.$1,000,000; provided that Interest Proceeds shall in no event include (i) any payment or proceeds specifically defined as “Principal Proceeds” in the definition thereof, and (ii) any Excepted Property.

“Issue” of Collateral Debt Securities means Collateral Debt Securities issued by the same issuer, secured by the same collateral pool.

“Measurement Date” means any of the following: (i) the Issue Date, (ii) the Ramp-Up Completion Date, (iii) any date after the Ramp-Up Completion Date upon which the Issuer disposes of any Collateral Debt Security or on which a Collateral Debt Security becomes a Defaulted Security, (iv) each Determination Date, (v) the last Business Day of any calendar month (other than a month in which there is a Determination Date and any calendar month ending prior to the Ramp-Up Completion Date), (vi) any date on which the Issuer acquires a Collateral Debt Security and (vii) with reasonable notice to the Issuer and the Trustee, any other Business Day that any Rating Agency or the Holders of more than 50% of the Aggregate Outstanding Amount of any Class of Notes requests be a “Measurement Date”.

“Net Outstanding Portfolio Collateral Balance” means, on any Measurement Date, an amount equal to (a) the Aggregate Principal Balance on such Measurement Date of all Pledged Collateral Debt Securities plus (b) the Balance of all Principal Proceeds and Uninvested Proceeds held as Cash and Eligible Investments purchased with Principal Proceeds or Uninvested Proceeds and any amount on deposit at such time in the Principal Collection Account or the Uninvested Proceeds Account (without duplication) minus (c) the Aggregate Principal Balance on such Measurement Date of all Pledged Collateral Debt Securities that are (i) Defaulted Securities or Deferred Interest PIK Bonds (or, with respect to any Deferred Interest PIK Bond with respect to which only a portion of interest has been deferred and capitalized, the Aggregate Principal Balance with respect to such portion that has been deferred and capitalized) or (ii) Equity Securities plus (d) for each Defaulted Security or Deferred Interest PIK Bond, the Calculation Amount with respect to such Defaulted Security or Deferred Interest PIK Bond (with respect to any Deferred Interest PIK Bond with respect to which payment of interest in part has been deferred and capitalized, the Calculation Amount with respect to such part) minus (e) the Overcollateralization Haircut Amount. Solely for purposes of the Eligibility Criteria, on each Measurement Date occurring on or prior to the Ramp-Up Completion Date, the Net Outstanding Portfolio Collateral Balance shall equal U.S.$300,000,000 and during the Substitution Period, solely for the purposes of paragraphs (1) through (31) and (34) through (36) (in each case, inclusive) of the Eligibility Criteria, the Aggregate Principal Balance of all Pledged Collateral Debt Securities shall be deemed to be U.S.$300,000,000.

“Note Interest Rate” means, with respect to the Notes of any Class or Sub-class for any Interest Period, the annual rate at which interest accrues on the Notes of such Class or Sub-class for such Interest Period, as specified herein.
“Outstanding” means, with respect to the Notes or a particular Class or Sub-class of the Notes, as of any date of determination, all of (a) the Notes or (b) the Notes of such Class or Sub-class, as the case may be, theretofore authenticated and delivered under the Indenture except:

(a) Notes theretofore canceled by a Note Registrar or delivered to a Note Registrar for cancellation;

(b) Notes or portions thereof for whose payment or redemption funds in the necessary amount have been theretofore irrevocably deposited with the Trustee or any Paying Agent in trust for the Holders of such Notes; provided that, if such Notes or portions thereof are to be redeemed, notice of such redemption has been duly given pursuant to the Indenture or provision therefor satisfactory to the Trustee has been made;

(c) Notes in exchange for, or in lieu of, other Notes which have been authenticated and delivered pursuant to the Indenture, unless proof satisfactory to the Trustee is presented that any such Notes are held by a Holder in due course; and

(d) Notes alleged to have been mutilated, destroyed, lost or stolen for which replacement Notes have been issued as provided in the Indenture;

provided that in determining whether the Holders of the requisite Aggregate Outstanding Amount have given any request, demand, authorization, direction, notice, consent or waiver hereunder, (1) prior to the Commitment Period Termination Date, the Aggregate Outstanding Amount of the Class A-1B-1 Notes shall be deemed to include the Aggregate Undrawn Amount of such Notes and (2) Notes beneficially owned by the Issuer or the Co-Issuer or any other obligor upon the Notes or any Affiliate of any of them shall be disregarded and deemed not to be outstanding and (3) Notes beneficially owned by the Collateral Manager, any Affiliate of the Collateral Manager or any account for which the Collateral Manager or an Affiliate of the Collateral Manager acts as investment adviser (and for which the Collateral Manager or such Affiliate has discretionary authority) shall be disregarded and deemed not to be outstanding with respect to any assignment or termination of, any of the express rights or obligations of the Collateral Manager under the Collateral Management Agreement or the Indenture (including the exercise of any rights to remove the Collateral Manager or terminate the Collateral Management Agreement or approve or object to a Replacement Officer (as defined in the Collateral Management Agreement)), or any amendment or other modification of the Collateral Management Agreement or the Indenture increasing the rights or decreasing the obligations of the Collateral Manager except that, in determining whether the Trustee shall be protected in relying upon any such request, demand, authorization, direction, notice, consent or waiver, only Notes that the Trustee knows to be beneficially owned in the manner indicated in clause (2) or (3) above shall be so disregarded. Notes owned in the manner indicated in clause (2) or (3) above that have been pledged in good faith may be regarded as Outstanding if the pledgee establishes to the satisfaction of the Trustee the pledgee’s right so to act with respect to such Notes and that the pledgee is not the Issuer, the Co-Issuer, the Collateral Manager or any other obligor upon the Notes or any Affiliate of the Issuer, the Co-Issuer, the Collateral Manager or such other obligor or an account for which the Collateral Manager or an Affiliate of the Collateral Manager acts as investment adviser (and for which the Collateral Manager or such Affiliate has discretionary authority).

“Overcollateralization Haircut Amount” means, with respect to any date of determination, the sum of the following:

(a) the product of (i) 50% and (ii) the Aggregate Principal Balance of all Collateral Debt Securities (other than Deferred Interest PIK Bonds and Defaulted Securities) that have a Moody’s Rating of “Ca1” or lower;

(b) the product of (i) 20% and (ii) the Aggregate Principal Balance of all Collateral Debt Securities (other than Deferred Interest PIK Bonds and Defaulted Securities) that have a Moody’s Rating of “B1,” “B2” or “B3”; and

(c) the product of (i) 10% and (ii) the excess (if any) of (A) the Aggregate Principal Balance of all Collateral Debt Securities (other than Deferred Interest PIK Bonds and Defaulted Securities) that have a Moody’s Rating of “Ba1,” “Ba2” or “Ba3” over (B) 10% of the Aggregate Principal Balance of all Collateral Debt Securities (other than Deferred Interest PIK Bonds and Defaulted Securities); and
in the event that the Aggregate Principal Balance of all Collateral Debt Securities (other than Deferred Interest PIK Bonds and Defaulted Securities) with a Standard & Poor’s Rating of below “BBB−” exceeds 10% of the Aggregate Principal Balance of all Collateral Debt Securities (other than Deferred Interest PIK Bonds and Defaulted Securities), (1) the product of (A) 30% and (B) the Aggregate Principal Balance of all Collateral Debt Securities (other than Deferred Interest PIK Bonds and Defaulted Securities) that have a Standard & Poor’s Rating of “CCC+” or lower, plus (2) the product of (A) 20% and (B) the Aggregate Principal Balance of all Collateral Debt Securities (other than Deferred Interest PIK Bonds and Defaulted Securities) that have a Standard & Poor’s Rating of “B+,” “B” or “B−,” plus (3) the product of (A) 10% and (B) the Aggregate Principal Balance of all Collateral Debt Securities (other than Deferred Interest PIK Bonds and Defaulted Securities) that have a Standard & Poor’s Rating of “BB+,” “BB” or “BB−”;

provided if a Pledged Collateral Debt Security falls within more than one of the categories described in the foregoing clauses, then, as of the Measurement Date on which the Moody’s Rating or Standard & Poor’s Rating, as applicable, of the Pledged Collateral Debt Security first caused it to be included in more than one such category, such Pledged Collateral Debt Security shall be included only in the category that, as of such Measurement Date, results in the greatest Overcollateralization Haircut Amount (and not in any of the other categories), and such Pledged Collateral Debt Security shall remain in such category until the next Measurement Date on which such Moody’s Rating or Standard & Poor’s Rating is changed in a way that would cause it to fall into an additional category (in which case it shall be included only in the category that, as of such Measurement Date, results in the greatest Overcollateralization Haircut Amount) or into none of the above categories. Notwithstanding the foregoing, (x) the applicability of clauses (a), (b) and (c) of this definition (including the applicable percentages and ratings, as well as the definitions used therein) may be modified if the Rating Condition with respect to Moody’s is satisfied with respect to such modification and (y) the applicability of clause (d) of this definition (including the applicable percentages and ratings, as well as the definitions used therein) may be modified if the Rating Condition with respect to Standard & Poor’s is satisfied with respect to such modification;

provided, further, that solely for the purpose of calculating the Class D Overcollateralization Ratio, the foregoing clauses shall not apply to any Collateral Debt Security that is subject to adjustment by the Class D Overcollateralization Haircut Amount; provided, further that solely for the purpose of calculating the Overcollateralization Haircut Amount in connection with the Overcollateralization Tests or the Class A/B Sequential Pay Test and the Discretionary Sale Percentage, the Principal Balance of any Written Down Security shall be its outstanding principal amount or certificate balance reduced by the written down amount thereof (to the extent it has not already been taken into account in the calculation of its outstanding principal amount or certificate balance), and solely for purposes of calculating the Overcollateralization Haircut Amount in connection with the Class A/B Sequential Pay Test and the Par Value Differential, if a Standard & Poor’s Rating set forth in the table below is applicable to a Collateral Debt Security (other than any Equity Security, Defaulted Security or Written Down Security), then the Principal Balance of such Collateral Debt Security shall be multiplied by the lowest “Discount Percentage” opposite such Standard & Poor’s Rating applicable to such Collateral Debt Security in the table below:

<table>
<thead>
<tr>
<th>Standard &amp; Poor’s Rating</th>
<th>Discount Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>BB+, BB, BB−</td>
<td>90%</td>
</tr>
<tr>
<td>B+, B, B−</td>
<td>70%</td>
</tr>
<tr>
<td>Below B−</td>
<td>50%</td>
</tr>
</tbody>
</table>

In the event that unanticipated events affect market conditions generally, the applicability of the Discount Percentages to the calculation of the Overcollateralization Haircut Amount described above (including the applicable percentages and ratings, as well as the definitions used therein) may be modified if the Rating Condition with respect to Moody’s (insofar as the application of the Discount Percentage relates to the
Moody’s Rating) and Standard & Poor’s (insofar as the application of the Discount Percentage relates to
the Standard & Poor’s Rating) is satisfied with respect to such modification.

“PIK Bond” means any Collateral Debt Security that, pursuant to the terms of the related Underlying
Instruments, permits the payment of interest thereon to be deferred and capitalized as additional principal thereof or
that issues identical securities in place of payments of interest in Cash.

“Principal Balance” or “par” means, with respect to any Pledged Security, as of any date of
determination, the outstanding principal amount of such Pledged Security; provided that

(a) the Principal Balance of a Collateral Debt Security received upon acceptance of an Offer
for another Collateral Debt Security, which Offer expressly states that failure to accept such Offer may
result in a default under the Underlying Instruments, shall be deemed to be the Calculation Amount of such
other Collateral Debt Security until such time as Interest Proceeds and Principal Proceeds, as applicable,
are received when due with respect to such newly acquired Collateral Debt Security;

(b) the Principal Balance of any Equity Security unless otherwise expressly stated herein
shall be zero;

(c) the Principal Balance of any PIK Bond (including any Deferred Interest PIK Bond) shall
be equal to the outstanding principal amount thereof (exclusive of any principal thereof representing
capitalized interest);

(d) the Principal Balance of any Eligible Investment that does not pay Cash interest on a
current basis shall be the lesser of par or the original issue price thereof;

(e) the Principal Balance of any Written Down Security shall be reduced to reflect the
percentage by which the aggregate par amount of the entire Issue of such Written Down Security is a
part (taking into account all securities ranking senior in priority of payment thereto and secured by the same
pool of collateral) exceeds the aggregate par amount (including reserved interest or other amounts available
for overcollateralization) of all collateral securing such Issue (excluding defaulted collateral), as determined
by the Collateral Manager using customary procedures and information available in the servicer reports
relating to such Written Down Security;

(f) the Principal Balance of any debt security the Underlying Instruments of which provide
for such security to make no periodic payments of interest throughout the life of such security, shall be the
accreted value of such security during the period for which no interest is paid in Cash.

“Principal Proceeds” means, with respect to any Due Period, the sum (without duplication of: (1) any
Uninvested Proceeds on deposit in the Uninvested Proceeds Account on the Ramp-Up Completion Date that are not
included in Interest Proceeds pursuant to clause (7) of the definition thereof; (2) all payments of principal on the
Collateral Debt Securities and Eligible Investments received in Cash by the Issuer during such Due Period including
prepayments or mandatory sinking fund payments, or payments in respect of optional redemptions, exchange offers,
tender offers, recoveries on Defaulted Securities, Deferred Interest PIK Bonds and Written Down Securities,
including the proceeds of a sale of any Equity Security and any amounts received as a result of optional
redemptions, exchange offers, tender offers for any Equity Securities received in Cash by the Issuer during such Due
Period; (3) Sale Proceeds received in Cash by the Issuer during such Due Period (including as a result of the sale of
any Credit Improved Security, Credit Risk Security, Written Down Security, Deferred Interest PIK Bond or
Defaulted Security but excluding those included in Interest Proceeds as defined above and those applied as
described under “Security for the Notes—The Accounts—Uninvested Proceeds Account”), but only to the extent
such Sale Proceeds were not applied to purchase substitute Collateral Debt Securities during the Substitution
Period; (4) all payments of principal on Eligible Investments purchased with amounts from the Principal Collection
Account or the Uninvested Proceeds Account (excluding any amount representing the accreted portion of a discount
from the face amount of an Eligible Investment) received in Cash by the Issuer during such Due Period; (5) all
amendment, waiver, late payment fees and other fees and commissions, collected during the related Due Period in
respect of Defaulted Securities, Deferred Interest PIK Bonds and Written Down Securities; (6) any proceeds
resulting from the termination and liquidation of the Hedge Agreement, to the extent such proceeds exceed the cost of entering into a replacement Hedge Agreement in accordance with the requirements set forth in the Indenture; (7) all payments received in Cash by the Issuer during such Due Period that represent call, prepayment or redemption premiums; (8) all payments of interest received to the extent that they represent accrued and unpaid interest to the date of purchase on Collateral Debt Securities purchased after the Ramp-Up Completion Date; (9) all payments of interest received in respect of Defaulted Securities, Deferred Interest PIK Bonds and Written Down Securities; (10) all yield maintenance payments in Cash by the Issuer during such Due Period and (11) all other payments received in connection with the Collateral Debt Securities and Eligible Investments (other than those standing to the credit of each Hedge Counterparty Collateral Account, Synthetic Security Issuer Account, Synthetic Security Counterparty Account or Class A-1B-1 Noteholder Prepayment Account) that are not included in Interest Proceeds; provided that in no event shall Principal Proceeds include Excepted Property.

“Quarterly Asset Amount” means, with respect to any Distribution Date, the average of (a) the Net Outstanding Portfolio Collateral Balance on the first day of the related Due Period or, in the case of the first Due Period, on the Issue Date and (b) the Net Outstanding Portfolio Collateral Balance on the last day of the related Due Period.

“Sale Proceeds” means all proceeds received as a result of sales of Pledged Securities or an Auction, net of any reasonable out-of-pocket expenses of the Collateral Manager or the Trustee in connection with any such sale.

“Sequential Pay Period” means the period commencing on the earliest of (a) the first Measurement Date on which the Net Outstanding Portfolio Collateral Balance of all Collateral Debt Securities held by the Issuer is less than 50% of the Net Outstanding Portfolio Collateral Balance on the Ramp-Up Completion Date, (b) the first Measurement Date on which the Class A/B Sequential Pay Test is not satisfied and (c) the first Determination Date on which an Event of Default has occurred and is continuing.

“Specified Principal Proceeds” means, with respect to any Due Period, (a) all payments of principal of any Collateral Debt Security (excluding any amount representing the accreted portion of a discount from the face amount of a Collateral Debt Security and excluding any Sale Proceeds) received in Cash by the Issuer during such Due Period, including prepayments, mandatory redemption payments or mandatory sinking fund payments, payments in respect of optional redemptions, exchange offers or tender offers, (b) all Sale Proceeds from and all payments received in respect of, any Defaulted Security, Deferred Interest PIK Bond, Written Down Security, Equity Security or Deliverable Obligation that is a Defaulted Security made since such security became a Defaulted Security, Deferred Interest PIK Bond, Written Down Security, Equity Security or Deliverable Obligation that is a Defaulted Security and during such Due Period, up to an amount equal to the par amount thereof at the time of determination (provided that, for the purposes of this subclause (b), the par amount with respect to a Written Down Security shall be deemed to be the original par amount thereof, and not the written-down amount thereof) and (c) all Sale Proceeds (other than accrued interest treated as Interest Proceeds included therein) from Credit Risk Securities, Credit Improved Securities and other Collateral Debt Securities which were not reinvested in accordance with the Indenture.

“Substitution Period” means the period from and including the Issue Date and ending on the first to occur of (a) the Distribution Date immediately following the date that the Collateral Manager (with the written consent of a Majority-in-Interest of Preference Shareholders) notifies the Trustee and each Hedge Counterparty that, in light of the composition of Collateral Debt Securities, general market conditions and other factors, the Collateral Manager has determined that investments in additional Collateral Debt Securities within the foreseeable future would either be impractical or not beneficial; (b) the Distribution Date occurring in March 2008; (c) the termination of the Substitution Period as a result of the occurrence of an Event of Default and the acceleration of the Notes and (d) the first date on which a Substitution Period Termination Event occurs; provided that if the Substitution Period is terminated following the occurrence of the Substitution Period Termination Event pursuant to clause (c) of the definition thereof, the Substitution Period may resume if a Majority of the Controlling Class, in its sole discretion, approves the resumption of the Substitution Period.

The other factors referred to in (a) above would include, without limitation, any change in U.S. federal tax law requiring tax to be withheld on payments to the Issuer with respect to obligations or securities held by the Issuer, making it impossible for the Collateral Manager to acquire qualifying Collateral Debt Securities.
“Substitution Period Termination Event” means, as of any Measurement Date, an event that will occur when any of the following occurs as of such Measurement Date: (a) the Discretionary Sale Percentage on such Measurement Date is 0%; (b) the Moody’s Weighted Average Rating Factor on such Measurement Date exceeds the Moody’s Maximum Weighted Average Rating Factor Test plus 85; or (c) due to any action that has been finally judicially determined to constitute fraud on the part of the Collateral Manager or due to a change in the personnel of the Collateral Manager that has not been previously approved by a Majority of the Controlling Class (i) Moody’s or Standard & Poor’s withdraws (and as of such Measurement Date, has not reinstated) its rating (including any private or confidential rating), if any, of any of the Class A-1 Notes, the Class A-2 Notes or the Class B Notes or reduces any such rating below the rating in effect on the Issue Date by one or more rating subcategories or (ii) Moody’s or Standard & Poor’s withdraws (and as of such Measurement Date, has not reinstated) its rating (including any private or confidential rating), if any, of any of the Class C Notes or the Class D Notes or reduces any such rating below the rating in effect on the Issue Date by two or more rating subcategories.

“Underlying Instruments” means the indenture or other agreement pursuant to which a Pledged Security has been issued or created and each other agreement that governs the terms of or secures the obligations represented by such Pledged Security or of which holders of such Pledged Security are the beneficiaries.

“Uninvested Proceeds” means, at any time, (a) the net proceeds received by the Issuer on the Issue Date from the initial issuance of the Offered Securities, to the extent such proceeds have not theretofore been deposited in the Expense Account or the Interest Reserve Account or invested in Collateral Debt Securities, each in accordance with the Indenture, or deposited in a Synthetic Security Counterparty Account and (b) the net proceeds received by the Issuer after the Issue Date, from any Borrowing under the Class A-1B-1 Notes to the extent such proceeds have not been invested in Collateral Debt Securities in accordance with the terms of the Indenture or deposited in a Synthetic Security Counterparty Account.

The Coverage Tests

The Coverage Tests applicable to a Class of Notes will be used primarily to determine whether and to what extent Interest Proceeds may be used to pay interest on Classes of Notes Subordinate to such Class and certain other expenses and, to the extent such Interest Proceeds are insufficient, to determine whether and to what extent Principal Proceeds may be used to make payments of principal in respect of the Notes instead of reinvesting in Collateral Debt Securities.

In the event that any Class A/B Coverage Test is not satisfied on any Distribution Date, Interest Proceeds that would otherwise be used to pay interest on the Class C Notes and the Class D Notes, to pay the Subordinate Collateral Manager Fee and certain other expenses and to make distributions in respect of the Preference Shares and, if such Interest Proceeds are insufficient, Principal Proceeds must instead be used to pay principal of, first, the Class A-1A Notes and the Class A-1B Notes, pro rata (provided that with respect to the Class A-1B Notes, first to the Class A-1B-1 Notes and second to the Class A-1B-2 Notes), second, the Class A-2 Notes and third, the Class B Notes, to the extent necessary to cause each Class A/B Coverage Test to be satisfied. See “—Priority of Payments.”

In the event that the Class C Overcollateralization Test is not satisfied on any Distribution Date, Interest Proceeds that would otherwise be used to pay interest on the Class C Notes, to pay the Subordinate Collateral Manager Fee and certain other expenses and to make distributions in respect of the Preference Shares must instead be used to pay principal of, first, the Class C Notes, second, the Class B Notes, third, the Class A-2 Notes, fourth, the Class A-1B Notes (provided that with respect to the Class A-1B Notes, first to the Class A-1B-1 Notes and second to the Class A-1B-2 Notes), and fifth, the Class A-1A Notes, to the extent necessary to cause the Class C Overcollateralization Test to be satisfied and, to the extent that such Interest Proceeds are insufficient, Principal Proceeds must be used to pay principal of, first, the Class A-1A Notes and the Class A-1B Notes, pro rata (provided that with respect to the Class A-1B Notes, first to the Class A-1B-1 Notes and second to the Class A-1B-2 Notes), second, the Class A-2 Notes, third, the Class B Notes and fourth, the Class C Notes, to the extent necessary to cause the Class C Overcollateralization Test to be satisfied. See “—Priority of Payments.”

In the event that the Class C Interest Coverage Test is not satisfied on any Distribution Date, Interest Proceeds that would otherwise be used to pay interest on the Class D Notes, to pay the Subordinate Collateral Manager Fee and certain other expenses and to make distributions in respect of the Preference Shares and, to the extent that such Interest Proceeds are insufficient, Principal Proceeds must instead be used to pay principal of, first,
the Class A-1A Notes and the Class A-1B Notes, pro rata (provided that with respect to the Class A-1B Notes, first to the Class A-1B-1 Notes and second to the Class A-1B-2 Notes), second, the Class A-2 Notes, third, the Class B Notes and fourth, the Class C Notes, to the extent necessary to cause the Class C Interest Coverage Test to be satisfied. See “—Priority of Payments.”

In the event that the Class D Interest Diversion Test is not satisfied on any Distribution Date, Interest Proceeds that would otherwise be used to pay the Subordinate Collateral Manager Fee and certain other expenses and to make distributions in respect of the Preference Shares must instead be used to pay principal of the Class D Notes, to the extent necessary to cause the Class D Interest Diversion Test to be satisfied. See “—Priority of Payments.”

For purposes of the Coverage Tests, unless otherwise specified, a Synthetic Security will be included as a Collateral Debt Security having the characteristics of the Synthetic Security and not of the related Reference Obligation. None of the Coverage Tests will apply prior to the Ramp-Up Completion Date.

The “Class A/B Coverage Tests” means the Class A/B Overcollateralization Test and the Class A/B Interest Coverage Test.

The “Class C Coverage Tests” means the Class C Overcollateralization Test and the Class C Interest Coverage Test.

The Overcollateralization Tests:

The “Class A/B Overcollateralization Ratio” means, as of any Measurement Date, the number (expressed as a percentage) calculated by dividing the Net Outstanding Portfolio Collateral Balance on such Measurement Date by the Aggregate Outstanding Amount of the Class A Notes and the Class B Notes.

The “Class A/B Overcollateralization Test” means, for so long as any Class A Notes or Class B Notes remain Outstanding, a test satisfied on any Measurement Date occurring on or after the Ramp-Up Completion Date if the Class A/B Overcollateralization Ratio on such Measurement Date is equal to or greater than 106.70%.

The “Class C Overcollateralization Ratio” means, as of any Measurement Date, the number (expressed as a percentage) calculated by dividing (a) the Net Outstanding Portfolio Collateral Balance on such Measurement Date by (b) the Aggregate Outstanding Amount of the Class A Notes plus the Aggregate Outstanding Amount of the Class B Notes plus the Aggregate Outstanding Amount of the Class C Notes (including any Class C Deferred Interest).

The “Class C Overcollateralization Test” means, for so long as any Class A Notes, Class B Notes or Class C Notes remain Outstanding, a test satisfied on any Measurement Date occurring on or after the Ramp-Up Completion Date if the Class C Overcollateralization Ratio on such Measurement Date is equal to or greater than 102.34%.

The “Class D Overcollateralization Ratio” means, as of any Measurement Date, the number (expressed as a percentage) calculated by dividing (a) the Net Outstanding Portfolio Collateral Balance on such Measurement Date minus the Class D Overcollateralization Haircut Amount by (b) the Aggregate Outstanding Amount of the Class A Notes plus the Aggregate Outstanding Amount of the Class B Notes plus the Aggregate Outstanding Amount of the Class C Notes (including any Class C Deferred Interest) plus the Aggregate Outstanding Amount of the Class D Notes (including any Class D Deferred Interest).

The “Class D Interest Diversion Test” means, for so long as any Class D Notes remain Outstanding, a test satisfied on any Measurement Date occurring on or after the Ramp-Up Completion Date if the Class D Overcollateralization Ratio on such Measurement Date is equal to or greater than 101.39%.

The Class A/B Overcollateralization Test, the Class C Overcollateralization Test and the Class D Interest Diversion Test are collectively referred to herein as the “Overcollateralization Tests.”
The Interest Coverage Tests:

The interest coverage ratio with respect to the Class A Notes and the Class B Notes (the "Class A/B Interest Coverage Ratio") or the Class C Notes (the "Class C Interest Coverage Ratio"), as of any Measurement Date will be calculated by dividing:

(a) the sum of (i) the Scheduled Distributions of interest due (in each case regardless of whether the applicable date on which a Distribution is due on a Pledged Security, (the "Due Date") for any such interest payment has yet occurred) in the Due Period in which such Measurement Date occurs on (x) the Pledged Collateral Debt Securities and (y) all Eligible Investments held the Collection Accounts whether such Eligible Investments were purchased with Interest Proceeds or Principal Proceeds plus (ii) any fees actually received by the Issuer during such Due Period that constitute Interest Proceeds plus (iii) the amount, if any, scheduled to be paid to the Issuer by the Hedge Counterparty under the Hedge Agreement on the Distribution Date relating to such Due Period minus (iv) the amount, if any, scheduled to be paid to the Hedge Counterparty by the Issuer under the Hedge Agreement on the Distribution Date relating to such Due Period minus (v) the amount, if any, scheduled to be paid to the payment of taxes and filing and registration fees owed by the Co-Issuers minus (vi) the amount, if any, scheduled to be paid (A) to the payment to the Trustee, the Collateral Administrator, the Preference Share Paying Agent, the Note Registrar and the Administrator of accrued and unpaid fees and expenses owing to them under the Indenture, the Collateral Administration Agreement, the Preference Share Paying Agency Agreement and the Administration Agreement and (B) to the payment of other accrued and unpaid administrative expenses of the Co-Issuers (excluding Collateral Manager Fee and principal and interest on the Notes), to the extent all such payments pursuant to this paragraph do not exceed for any Due Period an amount equal to U.S.$ 75,000 minus (vii) the amount, if any, scheduled to be paid to the payment to the Collateral Manager of accrued and unpaid Senior Collateral Manager Fee plus (viii) the amount released from the Interest Equalization Account for deposit into the Interest Collection Account on the Distribution Date relating to such Due Period plus (ix) the amount, if any, in the Interest Reserve Account on the Business Day prior to the Distribution Date relating to such Due Period minus (x) Scheduled Distributions of interest on Semi-Annual Pay Securities due in such Due Period required to be deposited into the Interest Equalization Account; by

(b) an amount equal to:

(i) in the case of the Class A/B Interest Coverage Ratio, the sum of (x) the Interest Distribution Amount on the Class A Notes (including any Defaulted Interest thereon and any accrued interest on such Defaulted Interest) and the Commitment Fee Amount in respect of the Class A-1B-1 Notes plus (y) the Interest Distribution Amount on the Class B Notes (including any Defaulted Interest thereon and any accrued interest on such Defaulted Interest) payable on the Distribution Date immediately following such Measurement Date relating to such Due Period; or

(ii) in the case of the Class C Interest Coverage Ratio, the sum of (x) the Interest Distribution Amount on the Class A Notes (including any Defaulted Interest thereon and any accrued interest on such Defaulted Interest) and the Commitment Fee Amount in respect of the Class A-1B-1 Notes, plus (y) the Interest Distribution Amount on the Class B Notes (including any Defaulted Interest thereon and any accrued interest on such Defaulted Interest) plus (z) the Interest Distribution Amount on the Class C Notes (including any Defaulted Interest thereon, any accrued interest on such Defaulted Interest and accrued interest on Class C Deferred Interest, but excluding any Class C Deferred Interest), payable in each case on the Distribution Date immediately following such Measurement Date relating to such Due Period.

In the event that the calculation of an Interest Coverage Ratio produces a negative number, such Interest Coverage Ratio shall be deemed to be equal to zero.

For the purpose of determining compliance with any Interest Coverage Test, there will be excluded all scheduled payments of interest or principal on Defaulted Securities and Deferred Interest PIK Bonds and any payment, including any amount payable to the Issuer by the Hedge Counterparty, that will not be made in Cash or received when due, as determined by the Collateral Manager in its reasonable judgment. For purposes of calculating
any Interest Coverage Ratio, (i) the expected interest income on floating rate Collateral Debt Securities and Eligible Investments and under the Hedge Agreement and the expected interest payable on the Notes will be calculated using the interest rates applicable thereto on the applicable Measurement Date, (ii) accrued original issue discount on Eligible Investments will be deemed to be a scheduled interest payment thereon due on the date such original issue discount is scheduled to be paid and (iii) it will be assumed that no principal payments are made on the Notes during the applicable periods, that no Borrowings are made under the Class A-1B-1 Notes during the applicable period and that the Designated Maturity of any outstanding Borrowing will remain constant.

The “Class A/B Interest Coverage Test” means, for so long as any Class A Notes or Class B Notes remain Outstanding, a test satisfied on any Measurement Date occurring on or after the Ramp-Up Completion Date if the Class A/B Interest Coverage Ratio as of such Measurement Date is equal to or greater than 113.32%.

The “Class C Interest Coverage Test” means, for so long as any Class A Notes, Class B Notes or Class C Notes remain Outstanding, a test satisfied on any Measurement Date occurring on or after the Ramp-Up Completion Date if the Class C Interest Coverage Ratio as of such Measurement Date is equal to or greater than 103.0%.

The Class A/B Interest Coverage Test and the Class C Interest Coverage Test are collectively referred to herein as the “Interest Coverage Tests”.

“Coverage Tests” means the Overcollateralization Tests and Interest Coverage Tests applicable at the time of determination.

“Distribution” means any payment of principal, interest or fee or any dividend or premium payment made on, or any other distribution in respect of, an obligation or security.

“Scheduled Distribution” means, with respect to any Pledged Security, for each Due Date, the scheduled payment in Cash of principal and/or interest and/or fee due on such Due Date with respect to such Pledged Security, determined in accordance with the assumptions specified in the Indenture.

**Form, Denomination, Registration and Transfer**

**General**

(i) Regulation S Notes, which will be sold to persons that are neither U.S. Persons nor U.S. Residents in “offshore transactions” within the meaning of Rule 903 or Rule 904 of Regulation S, will be represented by one or more permanent Regulation S Global Notes in definitive, fully Registered Form, without interest coupons, and deposited with the Trustee as custodian for, and registered in the name of, The Depository Trust Company (“DTC”) or its nominee, for the accounts of Euroclear and Clearstream, Luxembourg. Beneficial interests in a Regulation S Global Note may only be held through Euroclear or Clearstream, Luxembourg and may not be held by a U.S. Person or U.S. Resident at any time. By acquisition of a beneficial interest in a Regulation S Global Note, any purchaser thereof will be deemed to represent that it is neither a U.S. Person nor a U.S. Resident and that, if in the future it decides to transfer such beneficial interest, it will transfer such interest only in an “offshore transaction” in accordance with Regulation S or to a person who takes delivery in the form of a Restricted Note. Beneficial interests in each Regulation S Note will be shown on, and transfers thereof will be effected only through, records maintained by DTC and its direct and indirect participants, including Euroclear and Clearstream, Luxembourg.

(ii) Restricted Notes, which will be offered in reliance upon an exemption from the registration requirements of the Securities Act (a) under Section 4(2) of the Securities Act or (b) pursuant to Rule 144A will be represented by one or more Restricted Global Notes in definitive, fully Registered Form, without interest coupons, and deposited with the Trustee as custodian for, and registered in the name of, DTC or its nominee. Interests in Restricted Global Notes will be shown on, and transfers thereof will be effected only through, records maintained by DTC and its direct and indirect participants.

(iii) The Notes are subject to the restrictions on transfer set forth herein under “Transfer Restrictions.”

(iv) Owners of beneficial interests in Regulation S Global Notes and Restricted Global Notes will be entitled or required, as the case may be, under certain limited circumstances described below, to receive physical...
delivery of certificated Notes ("Definitive Notes") in fully registered, definitive form. No owner of an interest in a Regulation S Global Note will be entitled to receive a Definitive Note unless such person provides certification that the Definitive Note is beneficially owned by a person that is neither a U.S. Person nor a U.S. Resident. The Notes are not issuable in bearer form.

(v) Pursuant to the Indenture, Wells Fargo Bank, National Association will be appointed and will serve as the registrar with respect to the Notes (in such capacity, the "Note Registrar") and will provide for the registration of Notes and the registration of transfers of Notes in the register maintained by it (the "Note Register"). Wells Fargo Bank, National Association will be appointed as a transfer agent with respect to the Notes (in such capacity, the "Transfer Agent").

(vi) The Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes will be issuable in a minimum denomination of U.S.$ 250,000 and will be offered only in such minimum denomination or an integral multiple of U.S.$ 1,000 in excess thereof.

(vii) After issuance, (a) a Note may fail to be in compliance with the minimum denomination requirement stated above as a result of the repayment of principal thereof in accordance with the Priority of Payments, (b) Class C Notes may fail to be in an amount which is an integral multiple of U.S.$ 1,000 due to the addition to the principal amount thereof of Class C Deferred Interest and (c) Class D Notes may fail to be in an amount which is an integral multiple of U.S.$ 1,000 due to the addition to the principal amount thereof of Class D Deferred Interest.

Global Notes

(i) So long as the depositary for a Global Note, or its nominee, is the registered holder of such Global Note, such depositary or such nominee, as the case may be, will be considered the absolute owner or holder of such Regulation S Note or Restricted Note, as the case may be, represented by such Global Note for all purposes under the Indenture and the Notes and members of, or participants in, the depositary (the “Participants”) as well as any other persons on whose behalf Participants may act (including Euroclear and Clearstream, Luxembourg and account holders and participants therein) will have no rights under the Indenture or under a Note. Owners of beneficial interests in a Global Note will not be considered to be the owners or holders of any Note under the Indenture or the Notes. In addition, no Beneficial Owner of an interest in a Global Note will be able to exchange or transfer that interest, except in accordance with the applicable procedures of the depositary and (in the case of a Regulation S Global Note) Euroclear or Clearstream, Luxembourg (in addition to those under the Indenture), in each case to the extent applicable (the “Applicable Procedures”).

(ii) Investors may hold their interests in a Regulation S Global Note directly through Euroclear or Clearstream, Luxembourg, if they are participants in such systems, or indirectly through organizations which are participants in such systems. Euroclear and Clearstream, Luxembourg will hold interests in Regulation S Global Notes on behalf of their participants through customers’ securities accounts in their respective names on the books of their respective depositaries, which in turn will hold such interests in such Regulation S Note in customers’ securities accounts in the depositaries’ names on the books of DTC. Investors may hold their interests in a Restricted Global Note directly through DTC, if they are participants in such system, or indirectly through organizations which are participants in such system.

(iii) Payments of the principal of, and interest on, an individual Global Note registered in the name of a depositary or its nominee will be made to the depositary or its nominee, as the case may be, as the registered owner of the Global Note. None of the Issuer, the Trustee, the Note Registrar and any Paying Agent will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

(iv) With respect to the Global Notes, the Issuer expects that the depositary for any Global Note or its nominee, upon receipt of any payment of principal of or interest on such Global Note, will immediately credit the accounts of Participants with payments in amounts proportionate to their respective beneficial interests in the principal amount of such Global Note as shown on the records of the depositary or its nominee. The Issuer also expects that payments by Participants to owners of beneficial interests in such Global Note held through such Participants will be governed by standing instructions and customary practices, as is the case with securities
held for the accounts of customers registered in the name of nominees for such customers. Such payments will be the responsibility of such Participants.

Definitive Notes

Interests in a Regulation S Note or a Restricted Note represented by a Global Note will be exchangeable or transferable, as the case may be, for a Regulation S Note or a Restricted Note, respectively, that is a Definitive Note if (a) DTC notifies the Issuer that it is unwilling or unable to continue as depositary for such Note or (b) DTC ceases to be a “Clearing Agency” registered under the Exchange Act, and a successor depositary is not appointed by the Issuer within 90 days. Upon the occurrence of any of the events described in the preceding sentence, the Issuer will cause Definitive Notes bearing an appropriate legend (a “Legend”) regarding restrictions on transfer to be delivered. Upon the transfer, exchange or replacement of Definitive Notes bearing a Legend, or upon specific request for removal of a Legend on a Note, the Co-Issuers will deliver through the Trustee or any Paying Agent (other than the Preference Share Paying Agent) to the Holder and the transferee, as applicable, one or more Definitive Notes in certificated form corresponding to the principal amount of Definitive Notes surrendered for transfer, exchange or replacement that bear such Legend, or will refuse to remove such Legend, as the case may be, unless there is delivered to the Issuer such satisfactory evidence, which may include an opinion of U.S. counsel, as may reasonably be required by the Issuer that neither the Legend nor the restrictions on transfer set forth therein is required to ensure compliance with the provisions of the Securities Act or the Investment Company Act. Definitive Notes will be exchangeable or transferable for interests in other Definitive Notes as described below.

Transfer and Exchange of Notes

(i) Transfers by a holder of a beneficial interest in a Regulation S Global Note to a transferee who takes delivery of such interest through a Restricted Global Note will be made only in accordance with the Applicable Procedures and upon receipt by the Note Registrar of written certifications (1) from the transferor of the beneficial interest in the form provided in the Indenture to the effect that, among other things, such transfer is being made (a) to a person who the transferor reasonably believes is a Qualified Institutional Buyer and that is a Qualified Purchaser, to whom notice is given that the transfer is being made in reliance on the exemption of the registration requirements of the Securities Act provided by Rule 144A and (b) in accordance with any applicable securities laws of any state of the United States or any other jurisdiction and (2) from the transferee of such beneficial interest in the form provided for in the Indenture. Exchanges or transfers by a Holder of a Note represented by a Definitive Note to a transferee who takes delivery of such Note through a Restricted Global Note will be made within 5 to 10 calendar days after the receipt by the Note Registrar or Transfer Agent, as the case may be, of the Definitive Notes to be so exchanged or transferred only in accordance with the Applicable Procedures, and, if applicable, upon receipt by the Note Registrar of a written certification from the transferor in the form provided in the Indenture.

An owner of a beneficial interest in a Regulation S Global Note may transfer such interest in the form of a beneficial interest in such Regulation S Global Note without the provision of written certification, provided that (1) such transfer is not made to a U.S. Person or U.S. Resident or for the account or benefit of a U.S. Person or U.S. Resident and is effected through Euroclear or Clearstream, Luxembourg in an offshore transaction as required by Regulation S and only in accordance with the Applicable Procedures and (2) each of the transferor and transferee of such beneficial interest will be deemed to have made the applicable certifications set forth herein under “Transfer Restrictions.”

The Indenture provides that if, notwithstanding the restrictions on transfer contained therein, either of the Co-Issuers determines that any Beneficial Owner of a Restricted Note (or any interest therein) (A) is a U.S. Person or U.S. Resident and (B) is not both a Qualified Institutional Buyer and also a Qualified Purchaser, then either of the Co-Issuers may require, by notice to such Holder, that such Holder sell all of its right, title and interest to such Restricted Note (or interest therein) to a Person that is both a Qualified Institutional Buyer and a Qualified Purchaser, with such sale to be effected within 30 calendar days after notice of such sale requirement is given. If such Beneficial Owner fails to effect the transfer required within such 30-day period, (i) upon direction from the Collateral Manager or the Issuer, the Trustee, on behalf of and at the expense of the Issuer, will cause such Beneficial Owner’s interest in such Note to be transferred in a commercially reasonable disposition (conducted by the Trustee in accordance with Sections 9-610(b) of the Uniform Commercial Code as in effect in the State of New York as applied to securities that are sold on a recognized market or that may decline speedily in value) to a person
that certifies to the Trustee, the Co-Issuers and the Collateral Manager, in connection with such transfer, that such person is both a Qualified Institutional Buyer and a Qualified Purchaser and (ii) pending such transfer, no further payments will be made in respect of such Note held by such owner.

(ii) Transfers by a holder of a beneficial interest in a Restricted Global Note to a transferee who takes delivery of such interest through a Regulation S Global Note will be made only in accordance with the Applicable Procedures and upon receipt by the Note Registrar of written certification from the transferor in the form provided in the Indenture to the effect that such transfer is being made in an “offshore transaction” (within the meaning of Regulation S) in accordance with Rule 904 of Regulation S. Exchanges or transfers by a Holder of a Note represented by a Definitive Note to a transferee who takes delivery of such Note through a Regulation S Global Note will be made within 5 to 10 days after the receipt by the Note Registrar or Transfer Agent, as the case may be, of the Definitive Notes to be so exchanged or transferred only in accordance with the Applicable Procedures, and, if applicable, upon receipt by the Note Registrar of a written certification from the transferor in the form provided in the Indenture.

An owner of a beneficial interest in a Restricted Global Note may transfer such interest in the form of a beneficial interest in such Restricted Global Note without the provision of written certification if the transferee is a Qualified Institutional Buyer and a Qualified Purchaser.

(iii) Transfers between Participants in DTC will be effected in the ordinary way in accordance with the Applicable Procedures and will be settled in immediately available funds. Transfers between participants in Euroclear and Clearstream, Luxembourg will be effected in the ordinary way in accordance with their respective rules and operating procedures.

(iv) Notes in the form of Definitive Notes may be exchanged or transferred in whole or in part in the principal amount of authorized denominations by surrendering such Definitive Notes at the office of the Note Registrar or any Transfer Agent with a written instrument of transfer as provided in the Indenture. In addition, if the Definitive Notes being exchanged or transferred contain a Legend, additional certifications to the effect that such exchange or transfer is in compliance with the restrictions contained in such Legend, may be required. With respect to any transfer of a portion of a Definitive Note, the transferor will be entitled to receive, at any aforesaid office, a new Definitive Note representing the principal amount retained by the transferor after giving effect to such transfer. Definitive Notes issued upon any such exchange or transfer (whether in whole or in part) will be made available at the office of the applicable Transfer Agent.

(v) No service charge will be made for exchange or registration of transfer of any Note but the Trustee may require payment of a sum sufficient to cover any tax or governmental charge payable in connection therewith and expenses of delivery (if any) not made by regular mail.

(vi) Definitive Notes issued upon any exchange or registration of transfer of securities will be valid obligations of the Co-Issuers, evidencing the same debt, and entitled to the same benefits, as the Definitive Notes surrendered upon exchange or registration of transfer.

(vii) The Note Registrar will effect transfers of Global Notes and, along with the Transfer Agents, will effect exchanges and transfers of Definitive Notes. In addition, the Note Registrar will keep in the Note Register records of the ownership, exchange and transfer of any Note in definitive form.

(viii) The laws of some states require that certain persons take physical delivery of securities in definitive form. Consequently, any transfer of beneficial interests in a Note represented by a Global Note to such persons may require that such interests in a Global Note be exchanged for Definitive Notes. Because DTC can only act on behalf of Participants, which in turn act on behalf of indirect participants and certain banks, the ability of a person having a beneficial interest in a Global Note to pledge such interest to persons or entities that do not participate in the DTC system, or otherwise take actions in respect of such interest, may require that such interest in a Global Note be exchanged for Definitive Notes. Interests in a Global Note will be exchangeable for Definitive Notes only as described above.

(ix) Subject to compliance with the transfer restrictions applicable to the Notes described above and under “Transfer Restrictions,” cross-market transfers between DTC, on the one hand, and directly or indirectly through
Euroclear or Clearstream. Luxembourg participants, on the other, will be effected in DTC in accordance with DTC rules on behalf of Euroclear or Clearstream, Luxembourg, as the case may be, by its respective depository; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, Luxembourg, as the case may be, by the counterparty in such system in accordance with its rules and procedures and within its established deadlines (Brussels time). Euroclear or Clearstream, Luxembourg, as the case may be, will if the transaction meets its settlement requirements, deliver instructions to its respective depository to take action to effect final settlement on its behalf by delivering or receiving interests in a Regulation S Global Note in DTC and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Clearstream, Luxembourg participants and Euroclear participants may not deliver instructions directly to the depositaries of Euroclear or Clearstream, Luxembourg.

(x) Because of time zone differences, Cash received in Euroclear or Clearstream, Luxembourg as a result of sales of interests in a Regulation S Global Note by or through a Euroclear or Clearstream, Luxembourg participant to a DTC participant will be received with value on the DTC settlement date but will be available in the relevant Euroclear or Clearstream, Luxembourg cash account only as of the Business Day following settlement in DTC.

(xi) DTC has advised the Co-Issuers that it will take any action permitted to be taken by a Holder of Notes (including, without limitation, the presentation of Notes for exchange as described above) only at the direction of one or more Participants to whose account with DTC interests in the Global Notes are credited and only in respect of such portion of the aggregate principal amount of the Notes as to which such Participant or Participants has or have given such direction. However, if there is an Event of Default under the Notes, DTC will exchange the Global Notes for Definitive Notes, legended as appropriate, which it will distribute to its Participants.

(xii) DTC has advised the Co-Issuers as follows: DTC is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code and a “clearing agency” registered pursuant to the provisions of Section 17A of the Exchange Act. DTC was created to hold securities for its Participants and facilitate settlement of securities transactions between Participants through electronic book-entry changes in accounts of its Participants, thereby eliminating the need for physical movement of certificates. Participants include securities brokers and dealers, banks, trust companies and clearing corporations and may include certain other organizations. Indirect access to the DTC system is available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly (“indirect participants”).

(xiii) Although DTC, Euroclear and Clearstream, Luxembourg have agreed to the foregoing procedures in order to facilitate transfers of interests in Global Notes among participants of DTC, Euroclear and Clearstream, Luxembourg, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. None of the Issuer, the Co-Issuer and the Trustee will have any responsibility for the performance by DTC, Euroclear or Clearstream, Luxembourg or their respective Participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

(xiv) The transfer of Class D Notes will be subject to additional ERISA related transfer restrictions. See “Certain ERISA Considerations” and “Transfer Restrictions.”

No Gross-Up

All payments made by the Issuer under the Offered Securities will be made without any deduction or withholding for or on the account of any tax unless such deduction or withholding is required by applicable law, as modified by the practice of any relevant governmental revenue authority, then in effect. If the Issuer is so required to deduct or withhold, then the Issuer will not be obligated to pay any additional amounts in respect of such withholding or deduction.

The Indenture

The following summary describes certain provisions of the Indenture. The summary does not purport to be complete and is subject to, and qualified in its entirety by reference to, the provisions of the Indenture.
Events of Default

An “Event of Default” is defined in the Indenture as:

(i) a default in the payment of any interest or Commitment Fee (A) on any Class A Note or Class B Note or (B) if there are no Class A Notes or Class B Notes outstanding, on any Class C Note or (C) if there are no Class A Notes, Class B Notes or Class C Notes outstanding, on any Class D Note, when the same becomes due and payable, in each case which default continues for a period of three Business Days (or, in the case of a failure to make such payment resulting solely from an administrative error or omission by the Trustee, the Administrator, a Paying Agent (other than the Preference Share Paying Agent) or the Note Registrar, seven days);

(ii) a default in the payment of principal of any Note at its Stated Maturity or Redemption Date (or, in the case of a failure to make such payment solely due to an administrative error or omission by the Trustee, the Administrator, a Paying Agent (other than the Preference Share Paying Agent) or the Note Registrar, such default continues for a period of seven days);

(iii) the failure on any Distribution Date to disburse amounts available in the Interest Collection Account or Principal Collection Account in accordance with the order of priority set forth above under “— Priority of Payments” (other than a default in payment described in clause (i) or (ii) above), which failure continues for a period of two Business Days (or, in the case of a failure to make such payment resulting solely from an administrative error or omission by the Trustee, the Administrator, a Paying Agent (other than the Preference Share Paying Agent) or the Note Registrar, seven days);

(iv) any of the Issuer, the Co-Issuer or the pool of Collateral becomes an investment company required to be registered under the Investment Company Act;

(v) a default in the performance, or breach, of any other covenant or other agreement (other than the covenant to meet the Collateral Quality Tests or the Coverage Tests) of the Issuer or the Co-Issuer under the Indenture or any representation or warranty of the Issuer or the Co-Issuer made in the Indenture or in any certificate or other writing delivered pursuant thereto or in connection therewith proves to be incorrect in any material respect when made, and the continuation of such default or breach for a period of 30 days (or, if such default, breach or failure has an adverse effect on the validity, perfection or priority of the security interest Granted under the Indenture, 15 days) after any of the Issuer, the Co-Issuer or the Collateral Manager has actual knowledge thereof or after notice thereof to the Issuer and the Collateral Manager by the Trustee or to the Issuer, the Collateral Manager and the Trustee by the Holders of at least 25% in Aggregate Outstanding Amount of Notes of the Controlling Class or a Hedge Counterparty;

(vi) certain events of bankruptcy, insolvency, receivership or reorganization of either of the Co-Issuers (as set forth in the Indenture);

(vii) one or more final judgments being rendered against either of the Co-Issuers that exceed, in the aggregate, U.S.$ 1,000,000 (or such lesser amount as any Rating Agency may specify) and which remain unstayed, undischarged and unsatisfied for 30 days after such judgment(s) becomes nonappealable, unless adequate funds have been reserved or set aside for the payment thereof, and unless (except as otherwise specified in writing by each Rating Agency) the Rating Condition will have been satisfied; or

(viii) the failure, on any Measurement Date, to cause the Net Outstanding Portfolio Collateral Balance to be at least equal to the Aggregate Outstanding Amount of the Class A Notes on such Measurement Date.

If either of the Co-Issuers obtains knowledge, or has reason to believe, that an Event of Default has occurred and is continuing, such Co-Issuer is obligated to promptly notify the Trustee, the Collateral Manager, the Noteholders, the Hedge Counterparty, the other of the Co-Issuers and each Rating Agency of such Event of Default in writing.

If an Event of Default occurs and is continuing (other than an Event of Default described in clause (vi) under “Events of Default” above), (i) the Trustee (at the direction of a Majority of the Controlling Class) by notice
to the Co-Issuers or (ii) a Majority of the Controlling Class, by written notice to the Co-Issuers and the Trustee (and, in each case, with notice to each Rating Agency) may (A) declare the principal of all of the Notes to be immediately due and payable, and upon any such declaration such principal, together with all accrued and unpaid interest and Commitment Fee thereon, and other amounts payable, shall become immediately due and payable, (B) reduce the Aggregate Undrawn Amount of the A-1B-1 Notes to zero and (C) terminate the Substitution Period. Notwithstanding the foregoing, if the sole Event of Default is an Event of Default described in clause (i) or clause (ii) above under “Events of Default” with respect to a default in the payment of any principal of or interest or Commitment Fee on the Notes of a Class other than the Controlling Class, neither the Trustee nor the Holders of such non-Controlling Class will have the right to declare such principal and other amounts to be immediately due and payable. Any declaration of acceleration may under certain circumstances be rescinded by a Majority of the Controlling Class. The “Controlling Class” will be the Class A-1 Notes or, if there are no Class A-1 Notes outstanding (and the Commitment Period Termination Date has occurred), the Class A-2 Notes or, if there are no Class A-1 Notes and Class A-2 Notes outstanding (and the Commitment Period Termination Date has occurred), the Class B Notes or, if there are no Class A Notes or Class B Notes outstanding (and the Commitment Period Termination Date has occurred), the Class C Notes or, if there are no Class A Notes, Class B Notes or Class C Notes outstanding (and the Commitment Period Termination Date has occurred), the Class D Notes. If an Event of Default specified in clause (vi) under “Events of Default” above occurs (A) all unpaid principal, together with all accrued and unpaid interest and Commitment Fee thereon, of all the Notes, and other amounts payable hereunder, shall automatically become due and payable without any declaration or other act on the part of the Trustee or any Noteholder, (B) the Aggregate Undrawn Amount of the Class A-1B-1 Notes shall automatically be reduced to zero and (C) the Substitution Period shall terminate.

If an Event of Default occurs and is continuing when any Note is outstanding, the Trustee will retain the Collateral intact and collect and cause the collection of the proceeds thereof and continue making payments in the manner described under “—Priority of Payments” unless either:

(A) the Trustee determines, subject to the provisions of the Indenture, that the anticipated net proceeds of a sale or liquidation of such Collateral would be sufficient to discharge in full the amounts then due and unpaid on the Notes and certain administrative expenses (including any amounts due to any Hedge Counterparty) in accordance with the Priority of Payments and a Majority of the Controlling Class agree with such determination; or

(B) the Holders of at least 66-2/3% in Aggregate Outstanding Amount of each Class of Notes voting as a separate Class (and, unless they will be paid in full all amounts owing to it by the Issuer, the Hedge Counterparty) direct, subject to the provisions of the Indenture, the sale of the Collateral (excluding any Notes held by the Collateral Manager or any of its Affiliates).

If an Event of Default occurs and is continuing and the conditions to liquidating the Collateral set forth in the Indenture are satisfied, the Trustee shall liquidate the Collateral and terminate the Hedge Agreement and, on the second Business Day (the “Accelerated Maturity Date”), following the Business Day on which the Trustee notifies the Issuer, the Collateral Manager, the Hedge Counterparty and each Rating Agency that such liquidation and such termination is completed, apply the proceeds thereof in accordance with the Priority of Payments described under “Description of the Notes—Priority of Payments—Interest Proceeds” and “—Principal Proceeds.” See Description of the Notes—The Indenture.”

A Majority of the Controlling Class will have the right to direct the Trustee in the conduct of any proceedings for any remedy available to the Trustee; provided that (i) such direction will not conflict with any rule of law or the Indenture; (ii) the Trustee may take any other action not inconsistent with such direction; (iii) the Trustee has been provided with indemnity satisfactory to it; and (iv) any direction to undertake a sale of the Collateral may be made only as described in the preceding paragraph.

Pursuant to the Indenture, as security for the payment by the Issuer of the compensation and expenses of the Trustee and any sums the Trustee may be entitled to receive as indemnification by the Issuer, the Issuer will Grant the Trustee a lien on the Collateral, which lien is senior to the lien of the Secured Parties. The Trustee’s lien will be exercisable by the Trustee only if the Notes have been declared due and payable following an Event of Default and such acceleration has not been rescinded or annulled.
Subject to the provisions of the Indenture relating to the duties of the Trustee, in case an Event of Default occurs and is continuing, the Trustee will be under no obligation to exercise any of the rights or powers under the Indenture at the request of any Holders of any of the Notes, unless such Holders have offered to the Trustee reasonable security or indemnity.

A Majority of the Controlling Class, acting together with the Hedge Counterparty, may, prior to the time a judgment or decree for the payment of money due has been obtained by the Trustee, subject to the prior written consent of the Hedge Counterparty, waive any past default and its consequences, on behalf of the Holders of all the Notes, except a default in the payment of the principal of any Note or in the payment of interest (including any Defaulted Interest or interest thereon) on or Commitment Fee on the Class A-1B-1 Notes or, after the Class A-1 Notes have been paid in full, the Class A-2 Notes or, after the Class A-2 Notes have been paid in full, the Class B Notes, or after the Class B Notes have been paid in full, the Class C Notes or, after the Class C Notes have been paid in full, the Class D Notes, or in respect of a provision of the Indenture that cannot be modified or amended without the waiver or consent of the Holder of each outstanding Note affected thereby, or arising as a result of an Event of Default described in clause (vi) above under “Events of Default.”

No Holder of a Note will have the right to institute any proceeding with respect to the Indenture unless (i) such Holder previously has given to the Trustee written notice of an Event of Default, (ii) except in certain cases of a default in the payment of principal or interest, the Holders of at least 25% in Aggregate Outstanding Amount of the Notes of the Controlling Class or a Hedge Counterparty have made a written request upon the Trustee to institute such proceedings in its own name as Trustee and such Holders have offered the Trustee reasonable indemnity, (iii) the Trustee has for 30 days failed to institute any such proceeding and (iv) no direction inconsistent with such written request has been given to the Trustee during such 30-day period by a Majority of the Controlling Class.

In determining whether the Holders of the requisite percentage of Notes have given any direction, notice or consent, (i) Notes owned by the Issuer, the Co-Issuer or any affiliate thereof will be disregarded and deemed not to be outstanding and (ii) in relation to any assignment or termination of any of the express rights or obligations of the Collateral Manager under the Collateral Management Agreement or the Indenture (including the exercise of any right to remove the Collateral Manager or terminate the Collateral Management Agreement), any amendment or other modification of the Collateral Management Agreement or the Indenture increasing the rights or decreasing the obligations of the Collateral Manager, Notes owned by the Collateral Manager or any of its Affiliates, or by any accounts managed by them, will be disregarded and deemed not to be outstanding. The Collateral Manager and its Affiliates will be entitled to vote Notes held by them, and by accounts managed by them, with respect to all matters other than those described in the foregoing clause (ii). The term “Collateral Manager” for purposes of this paragraph includes any successor or successors to ETGAM.

Notices

Notices to the Noteholders will be given by first-class mail, postage prepaid, to the registered Holders of the Notes at their address appearing in the Note Register. For so long as any Class or Sub-class of Notes is listed on the Irish Stock Exchange, and so long as the rules of such exchange so require, notices to the Holders of the Notes will also be given by delivery to the Company Announcements Office of the Irish Stock Exchange.

Modification of the Indenture

With the consent of (x) not less than a Majority of each Class or Sub-class of Notes adversely affected thereby and a Majority-in-Interest of Preference Shareholders (if the Preference Shares are materially and adversely affected thereby) and (y) the consent of the Hedge Counterparty (if required pursuant to the terms of the Hedge Agreement), the Trustee and Co-Issuers may enter into one or more supplemental indentures to add provisions to, or change in any manner or eliminate any provisions of, the Indenture or modify in any manner the rights of the Holders of the Notes of such Class or Sub-class or the Preference Shares or the Hedge Counterparty, as the case may be, under the Indenture; provided, that in connection with any vote of the Preference Shareholders that would modify the permitted activities of the Issuer under the Indenture, any Preference Shares held by the Collateral Manager or its Affiliates and accounts for which the Collateral Manager or its Affiliates acts as investment adviser (and for which the Collateral Manager or any such Affiliate has discretionary authority) will be excluded. Unless notified by a Majority in any Class or Sub-class of Notes, a Majority-in-Interest of Preference Shareholders or the
Hedge Counterparty that such Class or Sub-class of Notes or the Preference Shares will be materially and adversely affected, or the Hedge Counterparty will be adversely affected, the Trustee may, consistent with the written advice of counsel, determine whether or not such Class or Sub-class of Notes or the Preference Shares would be materially and adversely affected or the Hedge Counterparty would be adversely affected by such change (after giving notice of such change to the Holders of such Class or Sub-class of Notes, the Preference Shareholders and the Hedge Counterparty). Such determination will be conclusive and binding on all present and future holders of the Notes, the Preference Shareholders and the Hedge Counterparty.

Notwithstanding the foregoing, the Trustee may not enter into any supplemental indenture without the consent of each Holder of each outstanding Note of each Class or Sub-class affected thereby and each Preference Shareholder if the Preference Shares are affected thereby and the Hedge Counterparty if its consent is required pursuant to the terms of the Hedge Agreement, if such supplemental indenture (i) changes the Stated Maturity of any Notes or the Scheduled Preference Share Redemption Date, as the case may be, or the due date of any installment of interest on or Commitment Fee on any Note or distribution of Excess Interest in respect of a Preference Share, reduce the principal amount of any Note or the Note Interest Rate or the Commitment Fee Rate thereon or the Redemption Price with respect to any Note or Preference Share, or changes the earliest date on which any Note or Preference Share may be redeemed or the amount of Excess Interest or Excess Principal Proceeds payable in respect of a Preference Share, changes the provisions of the Indenture relating to the application of proceeds of any Collateral to the payment of principal of, interest on or Commitment Fee on the Notes or the payment of the Excess Principal Proceeds and the Excess Interest, (together, the “Excess Amounts”) in respect of the Preference Shares or changes any place where, or the coin or currency in which, any Note or any Preference Share, or the principal thereof or interest or Commitment Fee thereon or any Excess Amount in respect thereof, respectively, is payable, or impairs the right to institute suit for the enforcement of any such payment on or after the Stated Maturity thereof or the Scheduled Preference Share Redemption Date, as the case may be (or, in the case of redemption, on or after the applicable Redemption Date), (ii) reduces the percentage in Aggregate Outstanding Amount of Holders of Notes of each Class or Sub-class or the percentage of Preference Shares whose consent is required for the authorization of any supplemental indenture or for any waiver of compliance with certain provisions of the Indenture or certain defaults thereunder or their consequences, (iii) impairs or adversely affects the Collateral except as otherwise permitted under the Indenture, (iv) permits the creation of any lien ranking prior to or on a parity with the lien created by the Indenture with respect to any part of the Collateral or terminates such lien on any property at any time subject thereto or deprives the Holder of any Note of the security afforded by the lien created by the Indenture, (v) reduces the percentage of the Aggregate Outstanding Amount of Holders of Notes of each Class whose consent is required to request that the Trustee preserve the Collateral pledged under the Indenture or rescind the Trustee’s election to preserve the Collateral or to sell or liquidate the Collateral pursuant to the Indenture, (vi) modifies any of the provisions of the Indenture with respect to supplemental indcitures requiring the consent of Noteholders except to increase the percentage of Outstanding Notes whose Holders’ consent is required for any such action or to provide that other provisions of the Indenture cannot be modified or waived without the consent of the Holder of each outstanding Note affected thereby, (vii) modifies the definition of the term “Outstanding” or the subordination provisions of the Indenture, (viii) changes the permitted minimum denominations of any Class or Sub-class of Notes or (ix) modifies any of the provisions of the Indenture in such a manner as to affect the calculation of interest or Commitment Fee on or principal of any Note or the calculation of the amount of any Excess Amount with respect to any Preference Shares to the benefit of any provisions for the redemption of such Notes contained therein. The Trustee may not enter into any supplemental indenture unless the Rating Condition will have been satisfied with respect to such supplemental indenture, unless consent from each affected Holder of Notes and the Hedge Counterparty is obtained.

The Co-Issuers and the Trustee may also enter into supplemental indentures without obtaining the consent of Holders of any Notes, the Preference Shareholders or the Hedge Counterparty (except to the extent otherwise required under the Hedge Agreement) in order to (i) evidence the succession of any person to the Issuer or the Co-Issuer and the assumption by such successor of the covenants in the Indenture and the Notes, (ii) add to the covenants of the Co-Issuers or the Trustee for the benefit of the Holders of all of the Notes or to surrender any right or power conferred upon the Co-Issuers, (iii) convey, transfer, assign, mortgage or pledge any property to or with the Trustee, (iv) evidence and provide for the acceptance of appointment by a successor trustee and to add to or change any of the provisions of the Indenture as will be necessary to facilitate the administration of the trusts under the Indenture by more than one Trustee, (v) correct or amplify the description of any property at any time subject to the lien created by the Indenture, or to better assure, convey and confirm unto the Trustee any property subject or
required to be subject to the lien created by the Indenture (including, without limitation, any and all actions necessary or desirable as a result of changes in law or regulations) or to subject to the lien created by the Indenture any additional property, (vi) modify the restrictions on and procedures for resales and other transfers of the Notes, with the written consent of the Collateral Manager, in accordance with any change in applicable law or regulation (or the interpretation thereof) or to enable the Co-Issuers to rely upon any less restrictive exemption from registration under the Securities Act or the Investment Company Act or to remove restrictions on resale and transfer to the extent not required thereunder, (vii) correct, with the written consent of the Collateral Manager, any inconsistency, defect or ambiguity in the Indenture, (viii) prevent the Issuer, the Noteholders, the Preference Shareholders or the Trustee from being subject to withholding or other taxes, fees or assessments or to prevent the Issuer from being treated as engaged in the United States trade or business for U.S. federal income tax purposes or otherwise subject to U.S. federal, state, local or foreign income or franchise tax on a net income tax basis (provided that such action will not cause the Noteholders to experience any material change to the timing, character or source of the income from the Notes), (ix) avoid the Issuer or the Collateral being required to register as an investment company under the Investment Company Act or to avoid the consolidation of the Issuer with the Collateral Manager on the financial statements of the Collateral Manager, (x) accommodate the issuance of any Class or Sub-class of Notes as definitive notes or (xi) if 100% of the Preference Shareholders request in writing to the Issuer and the Trustee, accommodate the issuance of additional Preference Shares at the request of the Holders of 100% of the Preference Shares; provided that in each such case, such supplemental indenture would not materially and adversely affect any Holder of Notes, any Preference Shareholder or the Hedge Counterparty; provided, further, that the Trustee will not enter into any such supplemental indenture unless the Trustee has received written advice from Cadwalader, Wickersham & Taft LLP or an opinion of other nationally recognized U.S. tax counsel experienced in such matters that (i) the modification will not cause the Noteholders to experience any material change to the timing, character or source of the income from the Notes, and (ii) the proposed supplemental indenture will not cause the Issuer to be treated as engaged in a U.S. trade or business or otherwise subject to U.S. federal income tax on a net income tax basis. Unless notified by a Majority in any Class or Sub-class, a Majority-in-Interest of Preference Shareholders or the Hedge Counterparty that such Class or Sub-class, the Preference Shareholders or the Hedge Counterparty will be adversely affected, the Trustee may rely upon an opinion of counsel as to whether the interests of any Holder of Notes would be materially and adversely affected or the Hedge Counterparty would be adversely affected by any such supplemental indenture (after giving notice of such change to each holder of Securities and the Hedge Counterparty). The Trustee may not enter into any supplemental indenture without the written consent of the Collateral Manager if such supplemental indenture alters the rights or obligations of the Collateral Manager in any respect, and the Collateral Manager will not be bound by any such supplemental indenture unless the Collateral Manager has consented thereto. The Trustee will not enter into any such supplemental indenture if, with respect to such supplemental indenture, the Rating Condition as determined by Standard & Poor’s would not be satisfied; provided that the Trustee may, with the consent of the Holders of 100% of the Aggregate Outstanding Amount of Notes of each Class and the Hedge Counterparty (to the extent required pursuant to the terms of the Hedge Agreement), enter into any such supplemental indenture notwithstanding any such reduction or withdrawal of the ratings of any outstanding Class or Sub-class of Notes.

**Modification of Certain Other Documents**

Prior to entering into any amendment to the Collateral Management Agreement, the Collateral Administration Agreement, the Class A-1B-1 Note Funding Agreement, the Administration Agreement or the Hedge Agreement, the Issuer is required by the Indenture to obtain the written confirmation of each Rating Agency that the entry by the Issuer into such amendment satisfies the Rating Condition. Prior to entering into any waiver in respect of any of the foregoing agreements, the Issuer is required to provide each Rating Agency, the Hedge Counterparty and the Trustee with written notice of such waiver. The amendment to and waiver of provisions of the Collateral Management Agreement are also subject to additional restrictions as described herein under “The Collateral Management Agreement.”

The Hedge Counterparty will be an express third party beneficiary of the Indenture.

**Consolidation, Merger or Transfer of Assets**

The Issuer will not consolidate or merge with or into any other Person or transfer or convey all or substantially all of its assets to any entity, unless permitted by Cayman Islands law and unless, (i) the Issuer will be
the surviving entity, or the Person (if other than the Issuer) formed by such consolidation or into which the Issuer is merged or to which all or substantially all of the assets of the Issuer are transferred or conveyed will be an exempted company incorporated with limited liability and existing under the laws of the Cayman Islands or such other jurisdiction outside the United States as may be approved by a Majority of each Class; provided that no such approval will be required in connection with any such transaction undertaken solely to effect a change in the jurisdiction of organization pursuant to the terms of the Indenture, and will expressly assume, by a supplemental indenture, executed and delivered to the Trustee, the Hedge Counterparty, each Noteholder and Preference Shareholder, the due and punctual payment of the principal of and interest on and Commitment Fee on all Notes, the due and punctual payment of any amounts under the Hedge Agreement(s) and the due and punctual payment to the Preference Share Paying Agent of Excess Amounts in respect of the Preference Shares and the performance of every covenant of the Indenture on the part of the Issuer to be performed or observed, all as provided therein, (ii) irrespective of whether the Issuer is the surviving entity, each Rating Agency and the Hedge Counterparty will have received written notification of such consolidation, merger, transfer or conveyance, the Hedge Counterparty shall have given its prior consent thereto and the Rating Condition will have been satisfied with respect to the consummation of such transaction, (iii) if the Issuer is not the surviving entity, the Person formed by such consolidation or into which the Issuer is merged or to which all or substantially all of the assets of the Issuer are transferred or conveyed will have agreed with the Trustee (a) to observe the same legal requirements for the recognition of such formed or surviving entity as a legal entity separate and apart from any of its Affiliates as are applicable to the Issuer with respect to its Affiliates and (b) not to consolidate or merge with or into any other Person or transfer or convey the Collateral or all or substantially all of its assets to any other entity except in accordance with the provisions set forth in the Indenture, (iv) if the Issuer is not the surviving entity, the Person formed by such consolidation or into which the Issuer is merged or to which all or substantially all of the assets of the Issuer are transferred or conveyed will have delivered to the Trustee and each Rating Agency an officer’s certificate and an opinion of counsel each stating (A) that such Person will be duly organized, validly existing and (if applicable) in good standing in the jurisdiction in which such Person is organized; (B) that such Person has sufficient power and authority to assume the obligations set forth in clause (i) above and to execute and deliver a supplemental indenture for the purpose of assuming such obligations; (C) that such Person has duly authorized the execution, delivery and performance of a supplemental indenture for the purpose of assuming such obligations and that such supplemental indenture is a valid, legal and binding obligation of such Person, enforceable in accordance with its terms, subject only to bankruptcy, reorganization, insolvency, moratorium and other laws affecting the enforcement of creditors’ rights generally and to general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law); and (D) that, immediately following the event which causes such Person to become the successor to the Issuer, (a) such Person has good and marketable title, free and clear of any lien, security interest or charge, other than the lien and security interest of the Indenture, to the Collateral and (b) the Trustee continues to have a valid perfected first priority security interest in the Collateral securing all of the Notes; (v) immediately after giving effect to such transaction, no Default will have occurred and be continuing, (vi) the Issuer will have delivered to the Trustee, the Hedge Counterparty, and each Noteholder an officer’s certificate and an opinion of counsel each stating that such consolidation, merger, transfer or conveyance and such supplemental indenture comply with the provisions set forth in the Indenture, that all conditions precedent set forth in the Indenture relating to such transaction have been complied with, (vii) the Issuer has received advice from Cadwalader, Wickersham & Taft LLP or an opinion of counsel that the Issuer or the entity referred to in clause (i) will not be treated as engaged in a U.S. trade or business or otherwise subject to U.S. federal income or foreign tax on a net income tax basis, (viii) the Issuer has received advice from Cadwalader, Wickersham & Taft LLP or an opinion of counsel that such action will not cause the Noteholders to experience any material change to the timing, character or source of the income from the Notes, (ix) the Issuer will have delivered to the Trustee and the Hedge Counterparty an opinion of counsel stating that after giving effect to such transaction, neither of the Co-Issuers will be required to register as an investment company under the Investment Company Act and (x) after giving effect to such transaction, the outstanding Ordinary Share capital of the Issuer shall not be beneficially owned within the meaning of the Investment Company by any U.S. Person.

The Co-Issuer will not consolidate or merge with or into any other Person or transfer or convey all or substantially all of its assets to any Person, unless (i) the Co-Issuer will be the surviving corporation, or the Person (if other than the Co-Issuer) formed by such consolidation or into which the Co-Issuer is merged or to which all or substantially all of the assets of the Co-Issuer are transferred or conveyed will be an entity organized and existing under the laws of the State of Delaware or such other jurisdiction within the United States and will expressly assume, by a supplemental indenture, executed and delivered to the Trustee, the due and punctual payment of the
principal of and interest on and Commitment Fee on all Notes and the performance of every covenant of the Indenture on the part of the Co-Issuer to be performed or observed, all as provided therein, (ii) irrespective of whether the Co-Issuer is the surviving entity, each Rating Agency and the Hedge Counterparty will have received written notification of such consolidation, merger, transfer or conveyance and the Rating Condition will have been satisfied with respect to the consummation of such transaction, (iii) if the Co-Issuer is not the surviving Person, the Person formed by such consolidation or into which the Co-Issuer is merged or to which all or substantially all of the assets of the Co-Issuer are transferred or conveyed will have agreed with the Trustee (a) to observe the same legal requirements for the recognition of such formed or surviving entity as a legal entity separate and apart from any of its Affiliates as are applicable to the Co-Issuer with respect to its Affiliates and (b) not to consolidate or merge with or into any other Person or transfer or convey all or substantially all of its assets to any other entity except in accordance with the provisions set forth in the Indenture, (iv) if the Co-Issuer is not the surviving entity, the entity formed by such consolidation or into which the Co-Issuer is merged or to which all or substantially all of the assets of the Co-Issuer are transferred or conveyed will have delivered to the Trustee and each Rating Agency an officer’s certificate and an opinion of counsel each stating (A) that such Person will be duly organized, validly existing and (if applicable) in good standing in the jurisdiction in which such Person is organized; (B) that such Person has sufficient power and authority to assume the obligations set forth in clause (i) above and to execute and deliver a supplemental indenture for the purpose of assuming such obligations; (C) that such Person has duly authorized the execution, delivery and performance of a supplemental indenture for the purpose of assuming such obligations and that such supplemental indenture is a valid, legal and binding obligation of such Person, enforceable in accordance with its terms, subject only to bankruptcy, reorganization, insolvency, moratorium and other laws affecting the enforcement of creditors’ rights generally and to general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law); and (D) such other matters as the Trustee or any Noteholder may reasonably require, (v) immediately after giving effect to such transaction, no Default will have occurred and be continuing, (vi) the Co-Issuer will have delivered to the Trustee, the Hedge Counterparty and each Noteholder an officer’s certificate and an opinion of counsel each stating that such consolidation, merger, conveyance or transfer and such supplemental indenture comply with the provisions set forth in the Indenture and that all conditions precedent in the Indenture relating to such transaction have been complied with and that no adverse tax consequences will result therefrom to any Noteholder, (vii) after giving effect to such transaction, neither of the Issuer or the Co-Issuer will be required to register as an investment company under the Investment Company Act, and (viii) after giving effect to such transaction, the outstanding stock of the Co-Issuer will not be beneficially owned by any Person other than the Issuer.

Petitions for Bankruptcy

The Indenture provides that the Holders of the Notes (other than the then Controlling Class of Notes) agree not to cause the filing of a petition for winding up or a petition in bankruptcy against the Issuer or the Co-Issuer before one year and one day have elapsed since payment in full of all the Notes or, if longer, the applicable preference period then in effect.

Satisfaction and Discharge of Indenture

The Indenture will be discharged with respect to the Collateral upon delivery to the Trustee for cancellation of all of the Notes, or, within certain limitations (including the obligation to pay principal and interest, including Class C Deferred Interest and Class D Deferred Interest, Defaulted Interest and interest on Defaulted Interest), upon deposit with the Trustee of funds sufficient for the payment or redemption thereof and the payment by the Co-Issuers of all other amounts due under the Notes, the Indenture, the Hedge Agreement, the Collateral Administration Agreement, the Administration Agreement, the Class A-1B-1 Note Funding Agreement and the Collateral Management Agreement.

Trustee

Wells Fargo Bank, National Association will be the Trustee under the Indenture. The Co-Issuers, the Collateral Manager and their respective affiliates may maintain other banking relationships in the ordinary course of business with the Trustee. The payment of the fees and expenses of the Trustee is solely the obligation of the Co-Issuers. The Trustee and its affiliates may receive compensation in connection with the investment of trust assets in certain Eligible Investments as provided in the Indenture. Eligible Investments may include investments
for which the Trustee and/or its affiliates provide services. The Indenture will contain provisions for the
indemnification of the Trustee for any loss, liability or expense incurred without negligence, willful misconduct or
bad faith on its part, arising out of or in connection with the acceptance or administration of the Indenture. Pursuant
to the Indenture, the Issuer has Granted to the Trustee a lien senior to that of the Noteholders to secure payment by
the Issuer of the compensation and expenses of the Trustee and any sums the Trustee may be entitled to receive as
indemnification by the Issuer under the Indenture (subject to the Dollar limitations set forth in the Priority of
Payments with respect to any Distribution Date), which lien the Trustee is entitled to exercise only under certain
circumstances. In the Indenture, the Trustee will agree not to cause the filing of a petition for winding up or a
petition in bankruptcy against the Co-Issuers for nonpayment to the Trustee of amounts payable thereunder until at
least one year and one day, or if longer, the applicable preference period then in effect, after the payment in full of
all of the Notes and the final distribution in respect of all of the Preference Shares.

The Trustee may resign at any time by giving written notice thereof to the Preference Share Paying Agent, the
Co-Issuers, the Noteholders, the Collateral Manager, the Hedge Counterparty and each Rating Agency. Upon
receiving such notice of resignation, the Co-Issuers will promptly appoint a successor trustee, provided that such
successor trustee will be appointed only upon written consent of a Majority of each Class of Notes or, at any time an
Event of Default has occurred and is continuing, by a Majority of the Controlling Class of Notes. If no successor
trustee has been appointed and an instrument of acceptance by a successor Trustee has not been delivered to the
Trustee within 30 days after the giving of such notice of resignation, the resigning Trustee or any Holder of a Note,
on behalf of itself and all others similarly situated, may petition any court of competent jurisdiction for the
appointment of a successor Trustee. The Trustee may be removed at any time at the direction of the Holders of at
least 66-2/3% in Aggregate Outstanding Amount of the Notes (voting together as a single Class) or, at any time when
an Event of Default has occurred and is continuing by a Majority in the Controlling Class of Notes. The
Co-Issuers may remove the Trustee, or any Holder of a Note may, on behalf of itself and all others similarly
situated, petition any court of competent jurisdiction for the removal of the Trustee if (a) the Trustee ceases to be
eligible to act in such capacity under the Indenture and fails to resign after written request therefor by the Co-Issuers
or by any Holder; (b) the Trustee becomes incapable of acting, is adjudged as bankrupt or insolvent or a receiver or
liquidator of the Trustee or of its property is appointed or any public officer takes charge or control of the Trustee or
of its property or affairs for the purpose of rehabilitation, conservation or liquidation; or (c) the Trustee commences
a voluntary case under any federal or state banking or bankruptcy laws, as now or hereafter constituted, or any other
applicable federal or state bankruptcy, insolvency or other similar law, or consents to the appointment of or taking
possession by a receiver, liquidator, assignee, custodian, trustee, conservator, sequestrator or other similar official
for the Trustee or for any substantial part of the Trustee’s property, or makes any assignment for the benefit of its
creditors or fails generally to pay, or admits in writing its inability to pay, its debts as such debts become due or
takes any corporate action in furtherance of any of the foregoing. If the Co-Issuers fail to appoint a successor trustee
within 60 days after resignation, removal, incapability or vacancy in the office of the Trustee, a Majority in the
Controlling Class of Notes may appoint a successor trustee or, if such Class fails to so appoint, any Noteholder, on
behalf of itself and all other similarly situated, may petition any court of competent jurisdiction for the appointment
of a successor trustee. No resignation or removal of the Trustee will become effective until the acceptance of the
appointment of a successor Trustee.

Governing Law

The Indenture, the Subscription Agreements, the Notes, the Preference Share Paying Agency Agreement,
the Purchase Agreement, the Collateral Administration Agreement, the Hedge Agreements, the Class A-1B-1 Note
Funding Agreement, the Master Forward Sale Agreement, the Asset Sale Agreement and the Collateral Management
Agreement will be governed by, and construed in accordance with, the law of the State of New York.
DESCRIPTION OF THE PREFERENCE SHARES

The Preference Shares will be issued pursuant to the Issuer Charter and in accordance with a Preference Share Paying Agency Agreement (the “Preference Share Paying Agency Agreement”) between Wells Fargo Bank, National Association, as Preference Share Paying Agent (in such capacity, together with its successors or any Person authorized by the Issuer from time to time to make payments on the Preference Shares and to deliver notices to the Preference Shareholders on behalf of the Issuer, the “Preference Share Paying Agent”) and the Issuer. The following summary describes certain provisions of the Preference Shares and the Preference Share Documents. This summary does not purport to be complete and is subject to, and qualified in its entirety by reference to, the provisions of the Preference Share Documents. Copies of the Preference Share Documents may be obtained by prospective investors upon request in writing to the Trustee at 9062 Old Annapolis Road, Columbia, Maryland 21045.

Status

The Issuer is authorized to issue 6,900 Preference Shares, par value U.S.$ 0.01 per share, at an issue price of U.S.$ 1,000 per share. The Preference Shares are participating shares in the capital of the Issuer and will rank pari passu with respect to distributions.

Distributions

On each Distribution Date, to the extent funds are available therefor, Interest Proceeds will be released from the lien of the Indenture for payment to the Preference Share Paying Agent only after the payment of interest on the Notes and, in certain circumstances, principal due in respect of the Notes and the payment of certain other amounts in accordance with the Priority of Payments. Any Interest Proceeds permitted to be released from the lien of the Indenture and paid to the Preference Share Paying Agent will be distributed to the Preference Shareholders on each Distribution Date. Until the Notes and certain other amounts have been paid in full, Principal Proceeds are not permitted to be released from the lien of the Indenture and will not be available to make distributions in respect of the Preference Shares. See “Description of the Notes—Priority of Payments—Interest Proceeds” and “—Principal Proceeds” and “Security for the Notes.”

Subject to provisions of The Companies Law (2004 Revision) of the Cayman Islands governing the declaration and payment of dividends and as set forth in the Issuer Charter, after the Notes and certain other amounts have been paid in full, Interest Proceeds and Principal Proceeds remaining after all other applications under the Priority of Payments will be released from the lien of the Indenture and paid to the Preference Share Paying Agent on each Distribution Date for distribution to the Preference Shareholders on such Distribution Date. Cayman Islands law provides that dividends may only be paid by the Issuer if the Issuer has funds lawfully available for such purpose. Dividends may be paid out of profit and out of the Issuer’s share premium account (which includes subscription monies in excess of the par value of each share), provided that the Issuer is solvent.

Distributions on any Preference Share will be made to the Holders of Preference Shares entitled to receive such payments. The date on which such entitlement shall be determined shall be the 15th day (whether or not a Business Day) prior to the applicable Distribution Date (the “Record Date”). Payments will be made by wire transfer in immediately available funds to a Dollar account maintained by the holder thereof appearing in the Preference Share Register in accordance with wire transfer instructions received from such holder by the Preference Share Paying Agent on or before the Record Date or, if no wire transfer instructions are received by the Preference Share Paying Agent, by a Dollar check drawn on a bank in the United States. Final distributions or payments made in the course of a winding up will be made only against surrender of the certificate representing such Preference Shares at the office of the Preference Share Registrar.

Upon liquidation of the Issuer, distributions of property other than Cash may be made under certain circumstances specified in the Issuer Charter. The amount of such non-Cash distributions will be accounted for at the fair market value, as determined in good faith by the liquidator of the Issuer, of the property distributed. See “—The Issuer Charter—Dissolution; Liquidating Distributions.”
If any of the Coverage Tests is not satisfied on the Determination Date related to any Distribution Date, funds that would otherwise be distributed to Preference Shareholders (subject to the payment of certain other amounts prior thereto) will be used instead to repay principal of the Notes sequentially in direct order of Seniority, to the extent and as described herein. In addition, if the Issuer is unable to obtain a Rating Confirmation from each Rating Agency by the first Determination Date, funds that would otherwise be distributed to Preference Shareholders (subject to the payment of certain other amounts prior thereto) will be used instead to repay principal of the Notes sequentially in direct order of Seniority, to the extent necessary (after the prior application of Uninvested Proceeds for such purpose) to obtain a Rating Confirmation from each Rating Agency. See “Description of the Notes—Priority of Payments.”

Redemption

On any Distribution Date on or after the Distribution Date on which the Notes have been paid in full, the Preference Shares will be redeemed (in whole but not in part) at a redemption price per share equal to (x) the proceeds from the liquidation of the assets of the Issuer minus the costs and expenses of such liquidation minus the amount required to establish adequate reserves to meet all contingent, unliquidated liabilities or obligations of the Issuer minus a payment to the holders of the Ordinary Shares of the Issuer an amount equal to U.S.$ 1.00 per share divided by (y) the number of Preference Shares. See “Description of the Notes—Optional Redemption.”

The Issuer Charter

The following summary describes certain provisions of the Issuer Charter. The summary does not purport to be complete and is subject to, and qualified in its entirety by reference to, the provisions of the Issuer Charter.

Notices

Notices to the Preference Shareholders will be given either personally or by facsimile or through the post as a prepaid letter, to the registered Holders of the Preference Shares at their address appearing in the Preference Share Register.

Voting Rights

Set forth below is a summary of certain matters with respect to which Preference Shareholders are entitled to vote. This summary is not meant to be an exhaustive list, and, subject to covenants made by or deemed to be made by each purchaser or transferee of a Preference Share pursuant to the Preference Share Paying agency Agreement, the Issuer Charter and The Companies Law (2004 Revision) of the Cayman Islands afford Preference Shareholders of the Issuer the right to vote on matters in addition to those mentioned below.

Redemption of the Notes: On any Distribution Date occurring on or after the end of the Non-Call Period, the Notes may, subject to satisfaction of certain conditions described herein, be redeemed (in whole or in part) at the direction of a Majority-in-Interest of Preference Shareholders, as described under “Description of the Notes—Optional Redemption and Tax Redemption.”

Redemption of the Preference Shares: On any Distribution Date on or after the Distribution Date on which the Notes have been paid in full, subject in some circumstances to obtaining the approval of the Directors of the Issuer, the Preference Shares may be redeemed (in whole but not in part) pursuant to a resolution or the written consent of a Majority-in-Interest of Preference Shareholders, as described above under “— Optional Redemption.”

The Substitution Period: Unless previously terminated as described herein, the Substitution Period may be terminated on the Distribution Date immediately following the date that the Collateral Manager notifies the Trustee and each Hedge Counterparty that, in light of the composition of Collateral Debt Securities, general market conditions and other factors, the Collateral Manager has determined that investments in additional Collateral Debt Securities within the foreseeable future would either be impractical or not beneficial, so long as a Majority-in-Interest of Preference Shareholders gives its written consent to such termination.
The Collateral Management Agreement: For a description of certain of the provisions of the Issuer Charter relating to the termination of the Collateral Management Agreement, and the objection to the appointment of a replacement Collateral Manager, see "The Collateral Management Agreement."

The Indenture: The Issuer is not permitted to enter into a supplemental indenture (other than a supplemental indenture that does not require the consent of Noteholders) without the consent of a Majority-in-Interest of Preference Shareholders (if the Preference Shares are materially and adversely affected thereby). The Issuer is not permitted to enter into a supplemental indenture without the consent of Preference Shareholders whose Voting Percentages equal 100% of the Voting Percentages of all Preference Shareholders if such supplemental indenture would have the effect of (i) amending the manner in which the proceeds of the Collateral are applied on any Distribution Date (including by amending any provision of the Priority of Payments or the manner in which principal of and interest or Commitment Fee on any Class of Sub-class of Notes is calculated); (ii) extending the Stated Maturity of any Class or Sub-class of Notes or changing the date on which any distribution in respect of the Preference Shares is payable; (iii) changing the earliest date on which each Class of the Notes may be redeemed; (iv) impairing or adversely affecting the Collateral (except as otherwise expressly permitted by the Indenture); (v) permitting the creation of any lien ranking prior to or on a parity with the lien of the Indenture with respect to any part of the Collateral; or (vi) changing the voting percentages required for any action to be taken, or any consent or waiver to be given, by the Preference Shareholders.

Preference Share Paying Agency Agreement: The Issuer is not permitted to consent to any amendment of the Preference Share Paying Agency Agreement without the consent of Preference Shareholders whose Voting Percentages equal 100% of the Voting Percentages of all Preference Shareholders if such amendment would (i) reduce in any manner the amount of, or delay the timing of, or change the allocation of, the payment of any dividends or final distributions on the Preference Shares or (ii) reduce the voting percentage of Preference Shareholders required to consent to any amendment to the Preference Share Paying Agency Agreement that requires the consent of the Preference Shareholders.

Modification of the Issuer Charter

As a general matter of Cayman Islands law, the Issuer Charter may be amended at any time by at least a Special-Majority-in-Interest of Preference Shareholders subject to S. 60 of the Companies Law (2004 Revision). However, each purchaser and transferee of Preference Shares will be required, or deemed, to covenant that any modification of the Issuer Charter will require the affirmative vote of 100% of the Voting Percentages of all Preference Shareholders. Any amendment of the Issuer Charter not in accordance with the provisions of the Indenture will constitute an event of default under the Indenture.

Dissolution, Liquidating Distributions

The Issuer currently intends, in the event that the Preference Shares are not redeemed at the option of a Majority-in-Interest of Preference Shareholders following the repayment in full of the Notes, to liquidate all of its remaining investments in an orderly manner and distribute the proceeds of such liquidation to the Preference Shareholders. There can be no assurance that the Notes will be repaid before their Stated Maturity. See “Maturity, Prepayment and Yield Considerations” and “Risk Factors—Average Life of the Notes and Prepayment Considerations.”

The Issuer Charter provides that the Issuer will be wound up on the earlier to occur of (i) the passing of a Special Resolution resolving to dissolve the Issuer (a) at any time on or after December 5, 2042, (b) at any time after the sale or other disposition of all of the Issuer’s assets, or (c) at any time after the Notes are paid in full; (ii) on the date of a winding up pursuant to the provisions of or as contemplated by The Companies Law of the Cayman Islands as then in effect.

As soon as practicable following the dissolution of the Issuer, its affairs will be wound up and its assets sold or distributed. Subject to the terms of the Indenture and Cayman Islands law, the assets of the Issuer will be applied in the following order of priority:

1. first, to pay the costs and expenses of the winding up, liquidation and termination of the Issuer;

80
(2) **second**, to creditors of the Issuer, in the order of priority provided by law, including fees payable to the Collateral Manager or its affiliates;

(3) **third**, to establish reserves adequate to meet any and all contingent, unliquidated liabilities or obligations of the Issuer, **provided** that at the expiration of a period not exceeding three years after the final liquidation distribution, the balance of such reserves remaining after the payment of such contingencies or liabilities will be distributed in the manner described herein;

(4) **fourth**, to pay the Preference Shareholders a sum equal to the Aggregate Liquidation Preference of the Preference Shares;

(5) **fifth**, to pay the holders of the Ordinary Shares the nominal amount paid up thereon and the sum of U.S.$ 1.00 per ordinary share; and

(6) **sixth**, to pay to the Preference Shareholders the balance remaining.

**Consolidation, Merger or Transfer of Assets**

Except under the limited circumstances set forth in the Issuer Charter and the Indenture, the Issuer may not consolidate with, merge into, or transfer or convey all or substantially all of its assets to, any other corporation, partnership, trust or other person or entity.

**Petitions for Bankruptcy**

Each purchaser and transferee of Preference Shares will be required, or deemed, to covenant that it will not cause the filing of a petition in bankruptcy against the Issuer before one year and one day have elapsed since the payment in full of the Notes or, if longer, the applicable preference period then in effect plus one day.

**Governing Law**

The Preference Share Paying Agency Agreement will be governed by, and construed in accordance with, the law of the State of New York. The Issuer Charter, the Administration Agreement and the Preference Shares will be governed by, and construed in accordance with, the law of the Cayman Islands.

**Certain Definitions**

As used herein, the following definitions have the following respective meanings:

**"Aggregate Liquidation Preference"** means, with respect to the Preference Shares as of any date of determination, the total number of Preference Shares registered in the Preference Share Register multiplied by U.S.$ 1,000.

**"Majority-in-Interest of Preference Shareholders"** means, at any time, Preference Shareholders whose aggregate Voting Percentages at such time exceed 50% of all Preference Shareholders’ Voting Percentages at such time.

**"Rating Condition"** means, with respect to any action taken or to be taken under the Indenture, a condition that is satisfied when Moody’s and Standard & Poor’s have confirmed in writing to the Issuer, the Trustee, the Hedge Counterparty and the Collateral Manager that such action will not result in the withdrawal, reduction or other adverse action with respect to any then-current rating (including any private or confidential rating) of any Class or Sub-class of Notes outstanding, **provided** that if a Rating Condition is required by either Moody’s or Standard & Poor’s or both, notice must be given to Fitch within thirty (30) days following the date that the request for such Rating Condition is sent to Moody’s and/or Standard & Poor’s.

**"Special-Majority-in-Interest of Preference Shareholders"** means, at any time, Preference Shareholders whose aggregate Voting Percentages at such time exceed 66-2/3% of all Preference Shareholders’ Voting Percentages at such time.
“Voting Percentage” of a Preference Shareholder at any time means the ratio (expressed as a percentage) of such Preference Shareholder’s Voting Preference Shares to the aggregate Voting Preference Shares of all Preference Shareholders at such time.

“Voting Preference Shares” of a Preference Shareholder at any time means for each Preference Shareholder, the number of Preference Shares held by such Preference Shareholder at such time.

Listing

The Preference Shares will not be listed on any stock exchange.

Form, Registration and Transfer

General

(i) The Preference Shares offered in the U.S. to (a) Qualified Institutional Buyers in reliance on Rule 144A or (b) Accredited Investors in reliance on another available exemption from the registration requirements of the Securities Act (“Restricted Preference Shares”) will be issued in definitive, fully registered, certificated form, without interest coupons, registered in the name of the beneficial owner thereof. Each purchaser and transferee of a Restricted Preference Share offered by the Issuer in the United States will be required to represent in writing that it is an Accredited Investor or a Qualified Institutional Buyer acquiring Restricted Preference Shares for its own account for investment purposes and not with a view to the distribution thereof (except in accordance with Rule 144A or another available exemption from the registration requirements of the Securities Act). Each initial purchaser and transferee of a Restricted Preference Share that is a U.S. Person or a U.S. Resident will be required to represent that it or the account for which it is purchasing such Preference Share is a Qualified Purchaser.

(ii) (a) Preference Shares offered by the Issuer to persons that are not U.S. Persons outside the United States in reliance upon Regulation S (“Global Preference Shares”) will be represented by one or more permanent global certificates (“Global Share Certificates”) in definitive, fully Registered Form, and deposited with the Preference Share Registrar in the name of The Depository Trust Company (“DTC”) or its nominee, initially for the accounts of Euroclear and Clearstream, Luxembourg. Beneficial interests in a Global Share Certificate may only be held through Euroclear or Clearstream, Luxembourg. By acquisition of a beneficial interest in Global Preference Shares, any purchaser thereof will be deemed to represent that it is neither a U.S. Person nor a U.S. Resident and that, if in the future it decides to transfer such beneficial interest, it will transfer such interest only in an “offshore transaction” in accordance with Regulation S or to a person who takes delivery in the form of a Restricted Preference Share. Beneficial interests in each Global Share Certificate will be shown on, and transfers thereof will be effected only through, records maintained by DTC and its direct and indirect participants, including Euroclear and Clearstream, Luxembourg.

(b) Owners of beneficial interests in Global Preference Shares will be entitled or required, as the case may be, under certain limited circumstances described below, to exchange such interest for certificates in fully registered, definitive form registered in the name of the legal and beneficial owner thereof (“Definitive Preference Shares”). No owner of an interest in a Global Share Certificate will be entitled to receive Definitive Preference Shares therefor unless such person provides certification that the Definitive Preference Share is beneficially owned by a person that is neither a U.S. Person nor a U.S. Resident.

(c) So long as the Depositary for Global Preference Shares, or its nominee, is the registered holder of such Global Preference Shares, such Depositary or such nominee, as the case may be, will be considered the absolute owner or holder of such Global Preference Shares represented by such Global Share Certificate for all purposes under the Issuer Charter and the Global Preference Shares and members of, or participants in, the Depositary (the “Participants”) as well as any other persons on whose behalf Participants may act (including Euroclear and Clearstream, Luxembourg and account holders and participants therein) will have no rights under the Issuer Charter or under a Global Preference Share. Owners of beneficial interests in a Global Share Certificate will not be considered to be the owners or holders of any Preference Share under the Issuer Charter or a Global Preference Share. In addition, no beneficial owner of an interest in a Global Preference Share will be able to exchange or transfer that interest, except in accordance with the applicable procedures of the depositary and Euroclear or Clearstream, Luxembourg (in addition to those under the
Preference Share Paying Agency Agreement), in each case to the extent applicable (the “Applicable Procedures”).

(d) Investors may hold their interests in a Global Preference Share directly through Euroclear or Clearstream, Luxembourg, if they are participants in such systems, or indirectly through organizations which are participants in such systems. Euroclear and Clearstream, Luxembourg will hold interests in Global Preference Shares on behalf of their Participants through customers’ securities accounts in their respective names on the books of their respective depositaries, which in turn will hold such interests in such Global Preference Shares in customers’ securities accounts in the depositaries’ names on the books of DTC.

(e) Distributions on a Global Preference Share registered in the name of the Depositary or its nominee will be made to the Depositary or its nominee as the registered owner of the Global Preference Share. None of the Issuer, the Trustee, the Note Registrar and any Preference Share Paying Agent will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in Global Preference Shares or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

(f) With respect to the Global Preference Shares, the Issuer expects that the depositary for any Global Preference Share or its nominee, upon receipt of any distribution on such Global Preference Share, will immediately credit the accounts of Participants with payments in amounts proportionate to their respective beneficial interests in the number of such Global Preference Share as shown on the records of the depositary or its nominee. The Issuer also expects that payments by Participants to owners of beneficial interests in such Global Preference Share held through such Participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers registered in the name of nominees for such customers. Such payments will be the responsibility of such Participants.

(iii) The Preference Shares will be subject to the restrictions on transfer set forth in this Offering Circular under “—Transfer and Exchange of Preference Shares” and “Transfer Restrictions.” Preference Shares may not be transferred if, after giving effect to such transfer, the transferee (or, if the transferor retains any Preference Shares, the transferor) would own less than U.S.$ 250,000 of Preference Shares.

(iv) Wells Fargo Bank, National Association has been appointed as transfer agent with respect to the Preference Shares (the “Preference Share Transfer Agent”).

(v) The Preference Shares are not issuable in bearer form.

(vi) Pursuant to the Administration Agreement, Wells Fargo Bank, National Association (on behalf of the Issuer) has been appointed and will serve as the registrar with respect to the Preference Shares (in such capacity, the “Preference Share Registrar”) and will provide for the registration of Preference Shares and the registration of transfers of Preference Shares in accordance with the Issuer Charter in the register maintained by it (the “Preference Share Register”). Written instruments of transfer are available at the office of the Preference Share Registrar.

(vii) The Issuer is authorized to issue 6,900 Preference Shares.

Transfer and Exchange of Preference Shares

(i) Transfers by holder of a beneficial interest in a Global Preference Share to a transferee who takes delivery of such interest in the form of a Restricted Preference Share will be made only in accordance with the Applicable Procedures and upon receipt by the Issuer, the Collateral Manager and the Preference Share Paying Agent of written certifications (1) from the transferor of the beneficial interest in the form provided in the Preference Share Paying Agency Agreement to the effect that, among other things, such transfer is being made (x)(i) to a person who the transferor reasonably believes is a Qualified Institutional Buyer and who is a Qualified Purchaser, purchasing for its own account or for the account of another Qualified Institutional Buyer or (ii) to a person entitled to take delivery of
such Restricted Preference Shares pursuant to another exemption from the registration requirements of the Securities Act (subject to the delivery of such certifications, legal opinions or other information as the Issuer may reasonably require to confirm that such transfer is being made pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act) who is a Qualified Purchaser and (y) in accordance with any applicable securities laws of any state of the United States or any other jurisdiction and (2) from the transferee in the form provided for in the Preference Share Paying Agency Agreement to the effect that, among other things, the transferee (w) is a Qualified Purchaser, (x) is not a Flow-Through Investment Vehicle (other than a Qualifying Investment Vehicle) and (y) is either a Qualified Institutional Buyer or otherwise entitled to take delivery of Restricted Preference Shares pursuant to another exemption from the registration requirements of the Securities Act (subject to the delivery of such certifications, legal opinions or other information as the Issuer may reasonably require to confirm that such transfer is being made pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act).

An owner of a beneficial interest in a Global Preference Share may transfer such interest in the form of a beneficial interest in such Global Preference Share if (1) such transfer is not made to a U.S. Person or a U.S. Resident or for the account or benefit of a U.S. Person or a U.S. Resident and is effected through Euroclear or Clearstream, Luxembourg in an offshore transaction as required by Regulation S and only in accordance with the Applicable Procedures and (2) each of the transferor and the transferee of such beneficial interest makes the applicable certifications set forth herein under “Transfer Restrictions.”

Interests in a Global Preference Share represented by a Global Share Certificate will be exchangeable or transferable, as the case may be, for Definitive Preference Shares if (a) DTC, Euroclear or Clearstream Luxembourg, as applicable, notifies the Issuer that it is unwilling or unable to continue as depositary for such Preference Share, (b) DTC, Euroclear or Clearstream Luxembourg, as applicable, ceases to be a “Clearing Agency” registered under the Exchange Act, and a successor depositary is not appointed by the Issuer within 90 calendar days, (c) the transferee of an interest in such Global Preference Shares is required by law to take physical delivery of securities in definitive form or (d) the transferee is otherwise unable to pledge its interest in a Global Preference Share. Upon the occurrence of any of the events described in the preceding sentence, the Issuer will cause Definitive Preference Shares bearing an appropriate legend regarding restrictions on transfer to be delivered.

(a) Transfers by a holder of a Restricted Preference Share to a transferee who takes delivery of such interest through an interest in a Global Preference Share will be made only upon receipt by the Issuer, the Collateral Manager and the Preference Share Paying Agent of written certification from the transferor in the form provided in the Preference Share Paying Agency Agreement to the effect that such transfer is being made in an “offshore transaction” (within the meaning of Regulation S) in accordance with Rule 903 or Rule 904 of Regulation S. No transfer of a Preference Share to a transferee who takes delivery thereof in the form of an interest in a Global Preference Share may be made and none of the Issuer, Trustee, Preference Share Paying Agent and Preference Share Registrar will recognize any such transfer if the transferee is a Benefit Plan Investor or Controlling Person.

Transfers by a holder of a Restricted Preference Share or a Definitive Preference Share to a transferee who takes delivery of a Restricted Preference Share or a Definitive Preference Share will be made only upon receipt by the Issuer, the Collateral Manager and the Preference Share Paying Agent of written certifications (1) from the transferor in the form provided in the Preference Share Paying Agency Agreement to the effect that, among other things, such transfer is being made (i) to a person who the transferor reasonably believes is a Qualified Institutional Buyer and who is a Qualified Purchaser (in the case of a transferee acquiring Restricted Preference Shares), purchasing for its own account, to whom notice is given that the resale, pledge or other transfer is being made in reliance on the exemption from Securities Act registration provided by Rule 144A or (ii) solely in the case of a transferee acquiring Restricted Preference Shares, in accordance with another applicable exemption from the registration requirements of the Securities Act (subject to the delivery of such certifications, legal opinions or other information as the Issuer may reasonably require to confirm that such transfer is being made pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act) to a transferee who is a Qualified Purchaser or (iii) to a person who is neither a U.S. Person nor a U.S. Resident acquiring Definitive Preference Shares in an “offshore transaction” within the meaning of Rule 903 or Rule 904 of Regulation S, in each case, in accordance with any applicable securities laws of any state of the
United States or any other jurisdiction and (2) from the transferee in the form provided for in the Preference Share Paying Agency Agreement to the effect that, among other things, the transferee (w) is either, in the case of Restricted Preference Shares, a Qualified Purchaser or, in the case of Definitive Preference Shares, neither a U.S. Person nor a U.S. Resident, (x) is not a Flow-Through Investment Vehicle (other than a Qualifying Investment Vehicle), (y) is not a Benefit Plan Investor (as defined in the Plan Asset Regulation) or a Controlling Person and (z) in the case of Restricted Preference Shares, is either a Qualified Institutional Buyer or otherwise entitled to take delivery of Restricted Preference Shares pursuant to another exemption from the registration requirements of the Securities Act (subject to the delivery of such certifications, legal opinions or other information as the Issuer may reasonably require to confirm that such transfer is being made pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act).

(b) Transfers between Participants in DTC will be effected in the ordinary way in accordance with the Applicable Procedures and will be settled in immediately available funds. Transfers between participants in Euroclear and Clearstream, Luxembourg will be effected in the ordinary way in accordance with their respective rules and operating procedures.

(c) Definitive Preference Shares and Restricted Preference Shares may be exchanged or transferred in whole or in part in the authorized denomination of the number of shares by surrendering such Definitive Preference Shares or Restricted Preference Shares, as the case may be, at the office of the Preference Share Paying Agent with a written instrument of transfer (in the case of a transfer) or a written request for exchange (in the case of an exchange) as provided in the Preference Share Paying Agency Agreement. With respect to any transfer of a portion of Definitive Preference Shares or Restricted Preference Shares, the transferor will be entitled to receive, at any aforesaid office, new Definitive Preference Shares or Restricted Preference Shares, as the case may be, representing the number of Preference Shares retained by the transferor after giving effect to such transfer. Definitive Preference Shares and Restricted Preference Shares issued upon any such exchange or transfer (whether in whole or in part) will be made available at the office of the Preference Share Paying Agent.

(d) The laws of some states require that certain persons take physical delivery of securities in definitive form. Consequently, any transfer of beneficial interests in Global Preference Shares to such persons may require that such interests in Global Preference Shares be exchanged for Definitive Preference Shares. Because DTC can only act on behalf of Participants, which in turn act on behalf of indirect participants and certain banks, the ability of a person having a beneficial interest in Global Preference Shares to pledge such interest to persons or entities that do not participate in the DTC system, or otherwise take actions in respect of such interest, may require that such interest in a Global Preference Shares be exchanged for Definitive Preference Shares. Interests in a Global Preference Share will be exchangeable, at the request of the Beneficial Owner thereof, for Definitive Preference Shares as described above.

(e) Subject to compliance with the transfer restrictions applicable to the Preference Shares described above and under “Transfer Restrictions,” cross-market transfers between DTC, on the one hand, and directly or indirectly through Euroclear or Clearstream, Luxembourg participants, on the other, will be effected in DTC in accordance with DTC rules on behalf of Euroclear or Clearstream, Luxembourg, as the case may be, by its respective depository; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, Luxembourg, as the case may be, by the counterparty in such system in accordance with its rules and procedures and within its established deadlines (Brussels time). Euroclear or Clearstream, Luxembourg, as the case may be, will if the transaction meets its settlement requirements, deliver instructions to its respective depository to take action to effect final settlement on its behalf by delivering or receiving interests in Global Preference Shares in DTC and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Clearstream, Luxembourg participants and Euroclear participants may not deliver instructions directly to the depositaries of Clearstream, Luxembourg or Euroclear.

(f) Because of time zone differences, Cash received in Euroclear or Clearstream, Luxembourg as a result of sales of interests in Global Preference Shares by or through a Euroclear or Clearstream, Luxembourg participant to a DTC participant will be received with value on the DTC settlement date but will be
available in the relevant Euroclear or Clearstream, Luxembourg cash account only as of the business day following settlement in DTC.

(g) DTC has advised the Issuer that it will take any action permitted to be taken by a Holder of Preference Shares (including, without limitation, the presentation of Preference Shares for exchange as described above) only at the direction of one or more Participants to whose account with DTC interests in the Global Preference Shares are credited and only in respect of the number of Preference Shares as to which such Participant or Participants has or have given such direction. However, if there is an Event of Default under the Preference Shares, DTC will exchange the Global Preference Shares for Definitive Preference Shares, legended as appropriate, which it will distribute to its Participants.

(h) DTC has advised the Issuer as follows: DTC is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code and a “clearing agency” registered pursuant to the provisions of Section 17A of the Exchange Act. DTC was created to hold securities for its Participants and facilitate the clearance and settlement of securities transactions between Participants through electronic book-entry changes in accounts of its Participants, thereby eliminating the need for physical movement of certificates. Participants include securities brokers and dealers, banks, trust companies and clearing corporations and may include certain other organizations. Indirect access to the DTC system is available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly (“indirect participants”).

(i) Although DTC, Clearstream, Luxembourg and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of interests in Global Preference Shares among participants of DTC, Clearstream, Luxembourg and Euroclear, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. None of the Issuer, the Trustee and the Preference Share Paying Agents will have any responsibility for the performance by DTC, Clearstream, Luxembourg or Euroclear or their respective Participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

(ii) If, notwithstanding the foregoing restrictions, the Issuer determines that (A) any beneficial owner of Restricted Preference Shares was not both (i) a Qualified Institutional Buyer or otherwise entitled to purchase such Restricted Preference Shares pursuant to another exemption from the registration requirements of the Securities Act (subject to the delivery of such certifications, legal opinions or other information as the Issuer may reasonably require to confirm that such transfer is being made pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act) and (ii) a Qualified Purchaser at any time or (B) any beneficial owner of a Regulation S Preference Share (or any interest therein) is at any time either a U.S. Person or a U.S. Resident, then the Issuer may require, by notice to such Holder, that such Holder sell all of its right, title and interest to such Restricted Preference Shares or Regulation S Preference Share (or interest therein), as applicable, to a person (x) if such person is taking delivery in the form of a Restricted Preference Share, that is both (i) a Qualified Institutional Buyer or otherwise entitled to take delivery of such Restricted Preference Share pursuant to another exemption from the registration requirements of the Securities Act (subject to the delivery of such certifications, legal opinions or other information as the Issuer may reasonably require to confirm that such transfer is being made pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act) and (ii) a Qualified Purchaser or (y) if such person is taking delivery in the form of an interest in a Regulation S Preference Share, that is neither a U.S. Person nor a U.S. Resident, with such sale to be effected within 30 days after notice of such sale requirement is given. If such beneficial owner fails to effect the transfer required within such 30-day period, (a) upon direction of the Collateral Manager or the Issuer, the Preference Share Paying Agent, on behalf of and at the expense of the Issuer, will cause such beneficial owner’s interest in such Preference Share to be transferred in a commercially reasonable sale (conducted by the Administrator in accordance with Section 9-610(b) of the Uniform Commercial Code as in effect in the State of New York as applied to securities that are sold on a recognized market or that may decline speedily in value) to a person that certifies to the Preference Share Paying Agent, the Preference Share Registrar, the Issuer and the Collateral Manager, in connection with such transfer, that (x) if such person is taking delivery in the form of a Restricted Preference Share, such person is both (i) a Qualified Institutional Buyer or otherwise entitled to take delivery of such Restricted Preference Share pursuant to another
exemption from the registration requirements of the Securities Act (subject to the delivery of such certifications, legal opinions or other information as the Issuer may reasonably require to confirm that such transfer is being made pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act) and (ii) a Qualified Purchaser or (y) if such person is taking delivery in the form of an interest in a Regulation S Preference Share, such person is neither a U.S. Person nor a U.S. Resident, and (b) pending such transfer, no further payments will be made in respect of such Preference Share held by such beneficial owner.

(iii) The Preference Share Registrar will effect exchanges and transfers of Preference Shares. In addition, the Preference Share Registrar will keep in the Preference Share Register records of the ownership, exchange and transfer of the Preference Shares.

(iv) The Preference Shares will bear the applicable legends regarding the restrictions set forth herein under “Transfer Restrictions.”

(v) No service charge will be made for exchange or registration of transfer of any Preference Share, but the Preference Share Transfer Agent on behalf of the Issuer may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith and expenses of delivery (if any) not made by regular mail. See “Transfer Restrictions.”

(vi) The Preference Shares will be subject to additional ERISA-related transfer restrictions. See “Certain ERISA Considerations” and “Transfer Restrictions.”
USE OF PROCEEDS

The gross proceeds received from the issuance and sale of the Offered Securities, together with an upfront payment from the Hedge Counterparty, will be approximately U.S.$ 301,340,000 (after giving effect to and assuming the making of all Borrowings under the Class A-1B-I Notes after the Issue Date) and the gross proceeds as of the Issue Date are expected to be approximately U.S.$ 196,540,000. The net proceeds from the issuance and sale of the Offered Securities (after giving effect to and assuming the making of all Borrowings under the Class A-1B-I Notes after the Issue Date) are expected to be approximately U.S.$ 296,400,000, which reflects the payment from such gross proceeds of organizational and structuring fees and expenses of the Co-Issuers (including, without limitation, the legal fees and expenses of counsel to the Co-Issuers, the Initial Purchaser and the Collateral Manager), the expenses of offering the Offered Securities (including fees payable in connection with the purchase or placement of the Offered Securities), the initial deposit into the Expense Account of U.S.$ 75,000 and the initial deposit into the Interest Reserve Account of U.S.$ 175,000, as well as any upfront payments made or received in respect of the Hedge Agreement. Such net proceeds will be used by the Issuer to purchase a diversified portfolio, selected by the Collateral Manager, of interests in (a) certain Asset-Backed Securities and (b) Synthetic Securities the Reference Obligations of which will be Asset-Backed Securities that, in each case, satisfy the investment criteria described herein under “Security for the Notes—Collateral Debt Securities” and “—Eligibility Criteria.” On the Issue Date, the Issuer will have purchased, or entered into agreements to purchase for settlement following the Issue Date, Collateral Debt Securities having an Aggregate Principal Balance, together with the Aggregate Principal Balance of all Cash and Eligible Investments held as Principal Proceeds in the Principal Collection Account, of at least U.S.$ 240,000,000. The Issuer expects that, no later than the Ramp-Up Completion Date, it will have purchased Collateral Debt Securities having an Aggregate Principal Balance of at least U.S.$ 300,000,000. Any such proceeds not invested in Collateral Debt Securities or deposited into the Collection Accounts or the Expense Account or the Interest Reserve Account will be deposited by the Trustee in the Uninvested Proceeds Account and invested in Eligible Investments pending the use of such proceeds for the purchase of Collateral Debt Securities, as described herein. See “Security for the Notes.”
CERTAIN LEGAL INVESTMENT CONSIDERATIONS

Institutions whose investment activities are subject to legal investment laws and regulations or to review by certain regulatory authorities may be subject to restrictions on investments in the Offered Securities. Any such institution should consult its legal advisers in determining whether and to what extent there may be restrictions on its ability to invest in the Offered Securities. Without limiting the foregoing, any financial institution that is subject to the jurisdiction of the Comptroller of Currency, the Board of Governors of the Federal Reserve System, the Federal Deposit Insurance Corporation, the Office of Thrift Supervision, the National Credit Union Administration, any state insurance commission, or any other federal or state agencies with similar authority should review any applicable rules, guidelines and regulations prior to purchasing the Offered Securities. Depository institutions should review and consider the applicability of the Federal Financial Institutions Examination Council ("FFIEC") Supervisory Policy Statement on Securities Activities, which has been adopted by the federal regulators which are members of the FFIEC.

None of the Co-Issuers, the Initial Purchaser or the Collateral Manager make any representation as to the proper characterization of the Offered Securities for legal investment or other purposes, or as to the ability of particular investors to purchase the Offered Securities for legal investment or other purposes, or as to the ability of particular investors to purchase the Offered Securities under applicable investment restrictions. The uncertainties described above (and any unfavorable future determinations concerning legal investment or financial institution regulatory characteristics of the Offered Securities) may affect the liquidity of the Offered Securities. Accordingly, all institutions whose activities are subject to legal investment laws and regulations, regulatory capital requirements or review by regulatory authorities should consult their own legal advisors in determining whether and to what extent the Offered Securities are subject to investment, capital or other restrictions.
RATINGS OF THE OFFERED SECURITIES

It is a condition to the issuance of the Offered Securities that the Class A-1A Notes be rated “Aaa” by Moody’s Investors Service, Inc. (“Moody’s”), “AAA” by Standard & Poor’s Ratings Services, a division of The McGraw-Hill Companies, Inc. (“Standard & Poor’s”), and “AAA” by Fitch Ratings (“Fitch”), that the Class A-1B-1 Notes be rated “Aaa” by Moody’s, “AAA” by Standard & Poor’s and “AAA” by Fitch, that the Class A-1B-2 Notes be rated “Aaa” by Moody’s, “AAA” by Standard & Poor’s and “AAA” by Fitch, that the Class A-2 Notes be rated “Aaa” by Moody’s, “AAA” by Standard & Poor’s and “AAA” by Fitch, that the Class B Notes be rated at least “Aa2” by Moody’s, “AA” by Standard & Poor’s and “AA” by Fitch, that the Class C Notes be rated at least “Baa2” by Moody’s, “BB” by Standard & Poor’s and “BBB” by Fitch, that the Class D Notes be rated at least “Ba1” by Moody’s, “BB+” by Standard & Poor’s and “BB+” by Fitch and that the Preference Shares be rated at least “B” by Standard & Poor’s.

The Co-Issuers will request that each Rating Agency confirm, no later than 30 days after receiving a Ramp-Up Notice, that such Rating Agency has not reduced or withdrawn the ratings (including any shadow, private or confidential ratings) assigned by it on the Issue Date to the Notes (a “Rating Confirmation”). In the event of a Rating Confirmation Failure, the Issuer will prepay principal of the Notes as and to the extent necessary for each of Moody’s, Standard & Poor’s and Fitch to confirm the rating assigned by it on the Issue Date to each Class or Sub-class of Notes. See “Description of the Notes—Mandatory Redemption” and “—Priority of Payments.”

The ratings assigned by Moody’s to the Notes address the ultimate cash receipt of all required interest and principal payments on each such Class or Sub-class of Notes, in each case as provided in the governing documents, and are based on the expected loss posed to the Noteholders relative to the promise of receiving the present value of such payments. The ratings assigned by Standard & Poor’s and Fitch to the Notes (other than the Class C Notes and the Class D Notes) address the timely payment of interest and ultimate payment of principal on each such Class or Sub-class of Notes. The ratings assigned by Standard & Poor’s and Fitch to the Class C Notes and the Class D Notes address the ultimate payment of interest and principal on the Class C Notes and the Class D Notes, respectively.

The rating assigned to the Preference Shares by Standard & Poor’s (a) addresses only the ultimate receipt of the initial Preference Share Rated Balance, (b) will not at any time address the timely receipt of any payments, including payments on redemption or repurchase of the Preference Shares or any other distributions thereon and (c) will be monitored by Standard & Poor’s on an ongoing basis.

The “Preference Share Rated Balance” means an amount equal to (i) on the Issue Date, the Aggregate Liquidation Preference of the Preference Shares and (ii) on any Distribution Date, the Preference Share Rated Balance on the immediately preceding Distribution Date (or, with respect to the first Distribution Date, on the Issue Date), decreased by the aggregate amount of all cash distributions in respect of the Preference Shares payable to the Preference Share Paying Agent for distribution to the Preference Shareholders on such current Distribution Date. The rating assigned to the Preference Shares by Standard & Poor’s will be withdrawn after the Preference Share Rated Balance is reduced to zero.

To the extent required by applicable stock exchange rules, the Co-Issuers will inform any such exchange on which any of the Notes are listed if any rating assigned by Moody’s, Standard & Poor’s or Fitch to such Notes is reduced or withdrawn.
MATURITY, PREPAYMENT AND YIELD CONSIDERATIONS

The Stated Maturity of the Class A-1A Notes is December 5, 2042; the Stated Maturity of the Class A-1B-1 Notes is December 5, 2042; the Stated Maturity of the Class A-1B-2 Notes is December 5, 2042; the Stated Maturity of the Class A-2 Notes is December 5, 2042; the Stated Maturity of the Class B Notes is December 5, 2042; the Stated Maturity of the Class C Notes is December 5, 2042 and the Stated Maturity of the Class D Notes is December 5, 2042. The Notes will mature at their Stated Maturity unless redeemed or repaid prior thereto. The Preference Shares will be redeemed on December 5, 2042 or, if such a day is not a Business Day, the immediately following Business Day (the “Scheduled Preference Share Redemption Date”) unless redeemed prior thereto. However, the average lives of the Notes and the Modified duration of the Preference Shares may be less than the number of years until the Stated Maturity or the Scheduled Preference Share Redemption Date, respectively. Based on the portfolio of Collateral Debt Securities that the Collateral Manager expects the Issuer to purchase by the Ramp-Up Completion Date, assuming (a) no Collateral Debt Securities default or are sold, (b) during the Substitution Period, all Principal Proceeds are Specified Principal Proceeds, (c) any optional redemption of the Collateral Debt Securities occurs in accordance with their respective terms, (d) all outstanding Notes are redeemed on the Distribution Date occurring in December, 2013, (e) LIBOR for each future Interest Period equals the rate for such Interest Period based on the zero coupon swap curve with such rate initially to be equal to approximately 4.41% and (f) all of the Commitments in respect of the Class A-1B-1 Notes are fully funded on the Issue Date, (i) the average life of the Class A-1A Notes would be approximately 5.5 years from the Issue Date; (ii) the average life of the Class A-1B-1 Notes would be approximately 5.5 years from the Issue Date; (iii) the average life of the Class A-1B-2 Notes would be approximately 5.8 years from the Issue Date; (iv) the average life of the Class A-2 Notes would be approximately 5.8 years from the Issue Date; (v) the average life of the Class B Notes would be approximately 5.8 years from the Issue Date; (vi) the average life of the Class C Notes would be approximately 5.8 years from the Issue Date; (vii) the average life of the Class D Notes would be approximately 5.8 years from the Issue Date; and (viii) the Modified duration of the Preference Shares would be approximately 4.08 years. Such average lives of the Notes and the Modified duration of the Preference Shares are presented for illustrative purposes only. The assumed identity of the portfolio to be purchased by the Issuer and other assumptions used to calculate the average lives of the Notes and the Modified duration of the Preference Shares are necessarily arbitrary, do not necessarily reflect historical experience with respect to securities similar to the Collateral Debt Securities and do not constitute a prediction with respect to the rates or timing of receipts of Interest Proceeds or Principal Proceeds, the acquisition of Collateral Debt Securities prior to the Ramp-Up Completion Date, defaults, recoveries, sales, reinvestments, prepayments or optional redeemptions to which the Collateral Debt Securities may be subject. Actual experience as to these matters will differ, and may differ materially, from that assumed in calculating the illustrative average lives and the Modified duration set forth above, and consequently the actual average lives of the Notes and the Modified duration of the Preference Shares will differ, and may differ materially, from those set forth above. Accordingly, prospective investors should make their own determinations of the expected weighted average lives and maturity of the Notes and the Modified duration of the Preference Shares and, accordingly, their own evaluation of the merits and risks of an investment in the Notes or the Preference Shares. See “Risk Factors—Projections, Forecasts and Estimates.”

Average life refers to the average number of years that will elapse from the date of delivery of a security until each Dollar of the principal of such security will be paid to the investor. The “Modified duration” is the value obtained by dividing (a) the weighted average term-to-maturity (expressed in years) of the cash flows in respect of the Preference Shares, where the weights are the present values of each cash flow as a percentage of the present value of all cash flows to the Preference Shareholders by (b) one plus the internal rate of return to the Preference Shareholders for that scenario divided by two.

The average lives of the Notes, and the Modified duration of the Preference Shares, will be determined by the amount and frequency of principal payments, which are dependent upon any prepayments received at or in advance of the scheduled maturity of Collateral Debt Securities (whether through prepayment, sale, maturity, redemption, default or other liquidation or disposition). The actual average lives of the Notes and the Modified duration of the Preference Shares, will also be affected by the financial condition of the obligors of the underlying Collateral Debt Securities and the characteristics of such obligations, including the existence and frequency of exercise of any optional or mandatory redemption or prepayment features, the prevailing level of interest rates, the redemption price, the actual default rate and the actual level of recoveries on any Defaulted Securities, and the frequency of
tender or exchange offers for such Collateral Debt Securities. Any disposition of a Collateral Debt Security may change the composition and characteristics of the Collateral Debt Securities and the rate of payment thereon, and, accordingly, may affect the actual average lives of the Notes and the Modified duration of the Preference Shares. The rate of future defaults and the amount and timing of any Cash realization from Defaulted Securities also will affect the average lives of the Notes and the Modified duration of the Preference Shares.
SECURITY FOR THE NOTES

General

The Collateral securing the Notes will consist of all property of the Issuer, including, but not limited to, (i) the Collateral Debt Securities, all payments thereon and the Equity Securities, if any, owned by the Issuer and pledged to secure the Notes; (ii) the Accounts and Eligible Investments purchased with funds on deposit in the Accounts and all income from the investment of funds therein (other than income from investment of funds on deposit in the Synthetic Security Counterparty Accounts); (iii) the rights of the Issuer under the Hedge Agreement; (iv) the rights of the Issuer under the Collateral Management Agreement, the Collateral Administration Agreement, the Administration Agreement, the Purchase Agreement and the Class A-1B-1 Note Funding Agreement; (v) all Cash and Money delivered to the Trustee (directly or through a Securities Intermediary or its bailee), (vi) all securities, investments and agreements in which the Issuer has an interest (other than the Excepted Property) and (vii) all proceeds, accessions, profits, income, benefits, substitutions and replacements, whether voluntary or involuntary, of and to any of the property of the Issuer described in the preceding clauses (collectively, excluding the U.S.$ 1,000 issued ordinary share capital and U.S.$ 1,000 transaction fee paid to the Issuer and any further transaction fee that may be paid to it in respect of any further issuance of securities and the bank accounts in which monies relating to such share capital and transaction fees are held, the “Collateral”). The security interest Granted under the Indenture in each Synthetic Security Counterparty Account is subject to and subordinate to the security interest and rights of the relevant Synthetic Security Counterparty in and to such Synthetic Security Counterparty Account. The Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes will be limited-recourse obligations of the Co-Issuers and the Preference Shares will constitute equity interests in the Issuer. The Preference Shares will not be secured by the Collateral. Payments of principal of, and interest and Commitment Fee on, the Notes and payments of dividends and other distributions on the Preference Shares will be payable solely from the Collateral. All payments from the Collateral are subject to the Priority of Payments. See “Description of the Notes—Priority of Payments.”

Collateral Debt Securities

The Collateral Manager expects that, by the Issue Date, the Issuer will have purchased (or entered into agreements to purchase for settlement following the Issue Date) Collateral Debt Securities having an Aggregate Principal Balance of at least U.S.$ 240,000,000 and satisfying the Eligibility Criteria. Subject to the restrictions described below, during the period after the Issue Date until the Ramp-Up Completion Date, the Issuer will be permitted to use amounts on deposit in the Uninvested Proceeds Account to purchase additional Collateral Debt Securities, which together with the Collateral Debt Securities purchased on the Issue Date, will, on the Ramp-Up Completion Date, have an Aggregate Principal Balance, together with the Aggregate Principal Balance of all Cash and Eligible Investments held as Principal Proceeds in the Principal Collection Account, of at least U.S.$ 300,000,000. It is estimated that the net proceeds from the sale of the Notes and Preference Shares on the Issue Date will be approximately U.S.$ 296,400,000 (after giving effect to and assuming the making of all Borrowings under the Class A-1B-1 Notes after the Issue Date). Any net proceeds from the sale of the Notes and Preference Shares which are, at any time, not invested in Collateral Debt Securities will be invested in Eligible Investments.

All debt securities (other than Eligible Investments) to be purchased by the Issuer and meeting the criteria described below are referred to herein as Collateral Debt Securities. “Collateral Debt Security” means (i) any Asset-Backed Security issued by an entity formed for the purpose of holding or investing and reinvesting in a pool of commercial and industrial bank loans, obligations and debt securities subject to specified investment and management criteria (“CDO Obligation”), (ii) (a) any Asset-Backed Security (other than a CDO Obligation) issued by an entity formed for the purpose of holding or investing and reinvesting in a pool of receivables, debt obligations, debt securities, finance leases subject to specified acquisition or investment and management criteria or (b) any beneficial interest in a trust all of the assets of which would satisfy the Eligibility Criteria, in either case which is of a Specified Type (“Other ABS”), (iii) any Synthetic Security as to which the Reference Obligation and any Deliverable Obligation (A) is a CDO Obligation or Other ABS that would qualify to be included as a Collateral Debt Security hereunder if purchased directly by the Issuer or (B) is a specified pool or index of financial assets, either static or revolving (the identity of which, with the exception of any Synthetic Security purchased pursuant to
paragraph 27(E) of the Eligibility Criteria cannot vary as a result of a decision by the Collateral Manager, the Synthetic Security Counterparty or their respective Affiliates) that by their terms convert into cash within a finite time period and each of which would qualify as a Specified Type, and each of which is a debt security that satisfies paragraph (8) of the Eligibility Criteria or (iv) any Deliverable Obligation which would qualify as a Specified Type.

In order to ensure that the Issuer is not treated as engaged in a U.S. trade or business for U.S. federal income tax purposes, the Issuer and the Collateral Manager will observe certain additional restrictions and limitations on their activities and on the Collateral Debt Securities that may be purchased. Accordingly, although a particular prospective investment may satisfy the definition of “Collateral Debt Securities,” it may be ineligible for purchase by the Issuer and the Collateral Manager as a result of these limitations and restrictions.

Asset-Backed Securities

Most of the Collateral Debt Securities will consist of Asset-Backed Securities, including, without limitation, Automobile Securities, CMBS Conduit Securities, CMBS Large Loan Securities, Credit Card Securities, Equipment Trust Certificates, Home Equity Loan Securities, Residential A Mortgage Securities, Residential B/C Mortgage Securities, Residential Mortgage Related Asset-Backed Securities, Small Business Loan Securities and Timeshare Securities. Asset-Backed Securities are securities that entitle the holders thereof to receive payments that depend primarily on the cash flow from a specified pool of financial assets, either fixed or revolving, that by their terms convert into cash within a finite time period, together with rights or other assets designed to assure the servicing or timely distribution of proceeds to holders of such securities.

The term Asset-Backed Securities is generally used to refer to securities for which the underlying collateral consists of assets such as credit card receivables, home equity loans, leases, commercial mortgage loans and debt obligations. Issuers of Asset-Backed Securities are primarily banks and finance companies, captive finance subsidiaries of non-financial corporations or specialized originators such as credit card lenders. Credit risk is an important issue in Asset-Backed Securities because of the significant credit risks inherent in the underlying collateral and because issuers are primarily private entities. Accordingly, Asset-Backed Securities generally include one or more credit enhancements that are designed to raise the overall credit quality of the security above that of the underlying collateral. Another important type of Asset-Backed Security is commercial paper issued by special-purpose entities. Asset-backed commercial paper is usually backed by trade receivables, though such conduits may also fund commercial and industrial loans. Banks are typically more active as issuers of these instruments than as investors in them.

An Asset-Backed Security is created by the sale of assets or collateral to a conduit, which becomes the legal issuer of the Asset-Backed Securities. The securitization conduit or issuer is generally a bankruptcy-remote vehicle such as a grantor trust or, in the case of an asset-backed commercial paper program, a special-purpose entity. The sponsor or originator of the collateral usually establishes the issuer. Interests in the trust, which embody the right to certain cash flows arising from the underlying assets, are then sold in the form of securities to investors through an investment bank or other securities underwriter. Each Asset-Backed Security has a servicer (often the originator of the collateral) that is responsible for collecting the cash flows generated by the securitized assets—principal, interest and fees net of losses and any servicing costs as well as other expenses—and for passing them along to the investors in accordance with the terms of the securities. The servicer processes the payments and administers the borrower accounts in the pool.

The structure of an Asset-Backed Security and the terms of the investors’ interest in the collateral can vary widely depending on the type of collateral, the desires of investors and the use of credit enhancements. Often Asset-Backed Securities are structured to reallocate the risks entailed in the underlying collateral (particularly credit risk) into security tranches that match the desires of investors. For example, senior subordinated security structures give holders of senior tranches greater credit risk protection (albeit at lower yields) than holders of subordinated tranches. Under this structure, at least two classes of Asset-Backed Securities are issued, with the senior class having a priority claim on the cash flows from the underlying pool of assets. The subordinated class must absorb credit losses on the collateral before losses can be charged to the senior portion. Because the senior class has this priority claim, cash flows from the underlying pool of assets must first satisfy the requirements of the senior class. Only after these requirements have been met will the cash flows be directed to service the subordinated class.
Asset-Backed Securities also use various forms of credit enhancements to transform the risk-return profile of underlying collateral, including third-party credit enhancements, recourse provisions, overcollateralization and various covenants. Third-party credit enhancements include standby letters of credit, collateral or pool insurance, or surety bonds from third parties. Recourse provisions are guarantees that require the originator to cover any losses up to a contractually agreed-upon amount. One type of recourse provision, usually seen in securities backed by credit card receivables, is the “spread account.” This account is actually an escrow account whose funds are derived from a portion of the spread between the interest earned on the assets in the underlying pool of collateral and the lower interest paid on securities issued by the trust. The amounts that accumulate in this escrow account are used to cover credit losses in the underlying asset pool, up to several multiples of historical losses on the particular assets collateralizing the securities. Overcollateralization is another form of credit enhancement that covers a predetermined amount of potential credit losses. It occurs when the value of the underlying assets exceeds the face value of the securities. A similar form of credit enhancement is the cash-collateral account, which is established when a third party deposits cash into a pledged account. The use of cash-collateral accounts, which are considered by enhancers to be loans, grew as the number of highly rated banks and other credit enhancers declined in the early 1990s. Cash-collateral accounts provide credit protection to investors of a securitization by eliminating “event risk,” or the risk that the credit enhancer will have its credit rating downgraded or that it will not be able to fulfill its financial obligation to absorb losses. An investment banking firm or other organization generally serves as an underwriter for Asset-Backed Securities. In addition, a credit-rating agency often will analyze the policies and operations of the originator and servicer, as well as the structure, underlying pool of assets, expected cash flows and other attributes of the securities. Before assigning a rating to the issue, the rating agency will also assess the extent of loss protection provided to investors by the credit enhancements associated with the issue.

Although the basic elements of all Asset-Backed Securities are similar, individual transactions can differ markedly in both structure and execution. Important determinants of the risk associated with issuing or holding the securities include the process by which principal and interest payments are allocated and down-streamed to investors, whether credit losses affect the trust and the return to investors, whether collateral represents a fixed set of specific assets or accounts, whether the underlying collateral assets are revolving or closed-end, under what terms (including maturity of the asset-backed instrument) any remaining balance in the accounts may revert to the issuing company and the extent to which the company that is the actual source of the collateral assets is obligated to provide support to the trust or conduit or to the investors. Further issues may arise based on discretionary behavior of the issuer within the terms of the securitization agreement, such as voluntary buybacks from, or contributions to, the underlying pool of loans when credit losses rise. A bank or other issuer may play more than one role in the securitization process. An issuer can simultaneously serve as originator of loans, servicer, administrator of the trust, underwriter, provider of liquidity and credit enhancer. Issuers typically receive a fee for each element of the transaction they undertake. Institutions acquiring Asset-Backed Securities should recognize that the multiplicity of roles that may be played by a single firm—within a single securitization or across a number of them—means that credit and operational risk can accumulate into significant concentrations with respect to one or a small number of firms.

There are many different varieties of Asset-Backed Securities, often customized to the terms and characteristics of the underlying collateral. The most common types are securities collateralized by revolving credit-card receivables, but instruments backed by home equity loans, other second mortgages and automobile-finance receivables are also common.

Securities backed by closed-end installment loans are typically the least complex form of asset-backed instruments. Collateral for these Asset-Backed Securities typically includes leases and automobile loans. The loans that form the pool of collateral for the Asset-Backed Securities may have varying contractual maturities and may or may not represent a heterogeneous pool of borrowers. Unlike a mortgage pass-through instrument, the trustee does not need to take physical possession of any account documents to perfect a security interest in the receivables under the Uniform Commercial Code. The repayment stream on installment loans is fairly predictable, since it is primarily determined by a contractual amortization schedule. Early repayment on these instruments can occur for a number of reasons, with most tied to the disposition of the underlying collateral (for example, in the case of Asset-Backed Securities backed by automobile loans, the sale of the vehicles). Interest is typically passed through to security holders at a fixed rate that is slightly below the weighted average coupon of the loan pool, allowing for servicing and other expenses as well as credit losses.
Unlike closed-end installment loans, revolving credit receivables involve greater uncertainty about future cash flows. Therefore, Asset-Backed Securities structures using this type of collateral must be more complex to afford investors more comfort in predicting their repayment. Accounts included in the securitization pool may have balances that grow or decline over the life of the Asset-Backed Securities. Accordingly, at maturity of the Asset-Backed Securities, any remaining balances revert to the originator. During the term of the Asset-Backed Securities, the originator may be required to sell additional accounts to the pool to maintain a minimum Dollar amount of collateral if account holders pay down their balances in advance of predetermined rates. Credit card securitizations are the most prevalent form of revolving credit Asset-Backed Securities, although home equity lines of credit are a growing source of Asset-Backed Securities collateral. Credit card securitizations are typically structured to incorporate two phases in the life cycle of the collateral: an initial phase during which the principal amount of the securities remains constant and an amortization phase during which investors are paid off. A specific period of time is assigned to each phase. Typically, a specific pool of accounts is identified in the securitization documents, and these specifications may include not only the initial pool of loans but a portfolio from which new accounts may be contributed. The dominant vehicle for issuing securities backed by credit cards is a master trust structure with a “spread account,” which is funded up to a predetermined amount through “excess yield”—that is, interest and fee income less credit losses, servicing and other fees. With credit card receivables, the income from the pool of loans—even after credit losses—is generally much higher than the return paid to investors. After the spread account accumulates to its predetermined level, the excess yield reverts to the issuer. Under GAAP, issuers are required to recognize on their balance sheet an excess yield asset that is based on the fair value of the expected future excess yield; in principle, this value would be based on the net present value of the expected earnings stream from the transaction. Issuers are further required to revalue the asset periodically to take account of changes in fair value that may occur due to interest rates, actual credit losses and other factors relevant to the future stream of excess yield. The accounting and capital implications of these transactions are discussed further below.

A number of banks have used a structure—a “special-purpose entity”—that is designed to acquire trade receivables and commercial loans from high-quality (often investment-grade) obligors and to fund those loans by issuing (asset-backed) commercial paper that is to be repaid from the cash flow of the receivables. Capital is contributed to the special-purpose entity by the originating bank that, together with the high quality of the underlying borrowers, is sufficient to allow the special-purpose entity to receive a high credit rating. The net result is that the special-purpose entity’s cost of funding can be at or below that of the originating bank itself. The special-purpose entity is “owned” by individuals who are not formally affiliated with the bank, although the degree of separation is typically minimal. These securitization programs enable banks to arrange short-term financing support for their customers without having to extend credit directly. This structure provides borrowers with an alternative source of funding and allows banks to earn fee income for managing the programs. As the asset-backed commercial paper structure has developed, it has been used to finance a variety of underlying loans—in some cases, loans purchased from other firms rather than originated by the bank itself—and as a “remote origination” vehicle from which loans can be made directly. Like other securitization techniques, this structure allows banks to meet their customers’ credit needs while incurring lower capital requirements and a smaller balance sheet than if such banks made the loans directly.

Issuers obtain a number of advantages from securitizing assets, including improving their capital ratios and return on assets, monetizing gains in loan value, generating fee income by providing services to the securitization conduit, closing a potential source of interest-rate risk and increasing institutional liquidity by providing access to a new source of funds. Investors are attracted by the high credit quality of Asset-Backed Securities, as well as their attractive returns.

Asset-Backed Securities carry coupons that can be fixed or floating. Pricing is typically designed to mirror the coupon characteristics of the loans being securitized. The spread will vary depending on the credit quality of the underlying collateral, the degree and nature of credit enhancement and the degree of variability in the cash flows emanating from the securitized loans.

Credit risk arises from (1) losses due to defaults by the borrowers in the underlying collateral and (2) the issuer’s or servicer’s failure to perform. These two elements can blur together as, for example, in the case of a servicer who does not provide adequate credit-review scrutiny to the serviced portfolio, leading to higher incidence of defaults. Asset-Backed Securities are rated by major rating agencies. Market risk arises from the cash-flow characteristics of the security, which for many Asset-Backed Securities tend to be predictable. The greatest
variability in cash flows comes from credit performance, including the presence of wind-down or acceleration features designed to protect the investor in the event that credit losses in the portfolio rise well above expected levels. Interest-rate risk arises for the issuer from the relationship between the pricing terms on the underlying collateral and the terms of the rate paid to security holders and from the need to mark to market the excess servicing or spread account proceeds carried on the balance sheet. Liquidity risk can arise from increased perceived credit risk, like that which occurred in 1996 and 1997 with the rise in reported delinquencies and losses on securitized pools of credit cards. Liquidity can also become a major concern for asset-backed commercial paper programs if concerns about credit quality, for example, lead investors to avoid the commercial paper issued by the relevant special-purpose entity. For these cases, the securitization transaction may include a “liquidity facility,” which requires the facility provider to advance funds to the relevant special-purpose entity should liquidity problems arise. To the extent that the bank originating the loans is also the provider of the liquidity facility, and that the bank is likely to experience similar market concerns if the loans it originates deteriorate, the ultimate practical value of the liquidity facility to the transaction may be questionable. Operations risk arises through the potential for misrepresentation of loan quality or terms by the originating institution, misrepresentation of the nature and current value of the assets by the servicer and inadequate controls over disbursements and receipts by the servicer.

For purposes of determining compliance with the Eligibility Criteria set forth below, the types of Asset-Backed Securities are divided into the following different categories:

“ABS Chassis Security” means Asset-Backed Securities (other than Aircraft Securities, Oil and Gas Securities, Project Finance Securities and Restaurant and Food Services Securities) that entitle the holders thereof to receive payments that depend (except for rights or other assets designed to assure the servicing or timely distribution of proceeds to holders of the Asset-Backed Securities) on the cash flow from leases and subleases of chassis (other than automobiles) to commercial and industrial customers, generally having the following characteristics: (1) the leases and subleases have varying contractual maturities; (2) the leases or subleases are obligations of a relatively limited number of obligors and accordingly represent an undiversified pool of obligor credit risk; (3) the repayment stream on such leases and subleases is primarily determined by a contractual payment schedule, with early termination of such leases and subleases predominantly dependent upon the disposition to a lessee, sublessee or third party of the underlying chassis and (4) such leases or subleases typically provide for the right of the lessee or sublessee to purchase the chassis for their stated residual value, subject to payments at the end of lease term for excess usage.

“ABS Container Security” means Asset-Backed Securities (other than Aircraft Securities, Oil and Gas Securities, Project Finance Securities and Restaurant and Food Services Securities) that entitle the holders thereof to receive payments that depend (except for rights or other assets designed to assure the servicing or timely distribution of proceeds to holders of the Asset-Backed Securities) on the cash flow from leases and subleases of containers to commercial and industrial customers, generally having the following characteristics: (1) the leases and subleases have varying contractual maturities; (2) the leases or subleases are obligations of a relatively limited number of obligors and accordingly represent an undiversified pool of obligor credit risk; (3) the repayment stream on such leases and subleases is primarily determined by a contractual payment schedule, with early termination of such leases and subleases predominantly dependent upon the disposition to a lessee, sublessee or third party of the underlying containers and (4) such leases or subleases typically provide for the right of the lessee or sublessee to purchase the containers for their stated residual value, subject to payments at the end of lease term for excess usage.

“ABS REIT Debt Securities” means Asset-Backed Securities issued by a real estate investment trust (as defined in Section 856 of the Code or any successor provision).

“Aircraft Securities” means Asset-Backed Securities that entitle the holders thereof to receive payments that depend (except for rights or other assets designed to assure the servicing or timely distribution of proceeds to holders of the Asset-Backed Securities) on the cash flow from leases and subleases of aircraft, vessels and telecommunications equipment to businesses for use in the provision of goods or services to consumers, the military or the government, generally having the following characteristics: (1) the leases and subleases have varying contractual maturities; (2) the leases or subleases are obligations of a relatively limited number of obligors and accordingly represent an undiversified pool of obligor credit risk; (3) the repayment stream on such leases and subleases is primarily determined by a contractual payment schedule, with early termination of such leases and subleases predominantly dependent upon the disposition to a lessee, sublessee or third party of the underlying equipment; (4) such leases or subleases typically provide for the right of the lessee or sublessee to purchase the
equipment for its stated residual value, subject to payments at the end of lease term for excess usage or wear and tear and (5) the obligations of the lessors or sublessors may be secured not only by the leased equipment but also by other assets of the lessee, sublessee or guarantors granted by third parties.

“Automobile Securities” means Asset-Backed Securities that entitle the holders thereof to receive payments that depend on the cash flow from installment sale loans made to finance the acquisition of, or from leases of automobiles, provided that such dependence may in addition be conditioned upon rights or additional assets designed to assure the servicing or timely distribution of proceeds to holders of the Asset-Backed Securities such as a financial guaranty insurance policy.

“Bank Guaranteed Securities” means any Asset-Backed Security as to which, if interest thereon is not timely paid when due, or the principal thereof is not timely paid at stated legal maturity, a national banking association organized under United States law or a banking corporation organized under the laws of a state of the United States has undertaken in an irrevocable letter of credit or other similar instrument to make such payment against the presentation of documents, but only if such letter of credit or similar instrument (1) expires no earlier than such stated maturity (or contains “evergreen” provisions entitling the beneficiary thereof to draw the entire undrawn amount thereof upon the failure of the expiration date of such letter of credit or other similar instrument to be extended beyond its then current expiry date), (2) provides that payment thereunder is independent of the performance by the obligor on the relevant Asset-Backed Security and (3) was issued by a bank having a credit rating assigned by each nationally recognized statistical rating organization that currently rates such Asset-Backed Security higher than the credit rating assigned by such rating organization to such Asset-Backed Security, determined without giving effect to such letter of credit or similar instrument; provided that any Asset-Backed Security falling within this definition shall be excluded from the definition of each other Specified Type of Asset-Backed Security.

“Car Rental Receivable Securities” means Asset-Backed Securities that entitle the holders thereof to receive payments that depend (except for rights or other assets designed to assure the servicing or timely distribution of proceeds to holders of the Asset-Backed Securities) on the cash flow from leases and subleases of vehicles to car rental systems (such as Hertz, Avis, National, Dollar, Budget, etc.) and their franchisees, generally having the following characteristics: (1) the leases and subleases have varying contractual maturities; (2) the subleases are obligations of numerous franchisees and accordingly represent a very diversified pool of obligor credit risk; (3) the repayment stream on such leases and subleases is primarily determined by a contractual payment schedule, with early termination of such leases and subleases predominantly dependent upon the disposition to a lessee or third party of the underlying vehicle; and (4) such leases or subleases typically provide for the right of the lessee or sublessee to purchase the vehicle for its stated residual value, subject to payments at the end of lease term for excess mileage or use.

“CDO Securities” means Asset-Backed Securities that entitle the holders thereof to receive payments that depend on cash flow from a portfolio consisting of (i) commercial and industrial bank loans or corporate debt securities, (ii) Asset-Backed Securities, (iii) ABS REIT Debt Securities, (iv) CMBS Conduit Securities, (v) CMBS Large Loan Securities, (vi) Trust Preferred Securities or (vii) a combination of the foregoing, provided that such dependence may in addition be conditioned upon rights or additional assets designed to assure the servicing or timely distribution of proceeds to holders of the CDO Securities.

“CMBS Conduit Securities” means Asset-Backed Securities (other than CMBS Large Loan Securities) (i) issued by a single-seller or multi-seller conduit under which the holders of such Asset-Backed Securities have recourse to a specified pool of assets (but not other assets held by the conduit that support payments on other series of securities) and (ii) that entitle the holders thereof to receive payments that depend on the cash flow from a pool of commercial mortgage loans, provided that such dependence may in addition be conditioned upon rights or additional assets designed to assure the servicing or timely distribution of proceeds to holders of the Asset-Backed Securities such as a financial guaranty insurance policy; provided, further, that upon original issuance of such Asset-Backed Securities no five commercial mortgage loans account for more than 20% of the Aggregate Principal Balance of the entire pool of commercial mortgage loans supporting payments on such securities.

“CMBS Large Loan Securities” means Asset-Backed Securities (other than CMBS Conduit Securities) that entitle the holders thereof to receive payments that depend on the cash flow from a pool of commercial mortgage loans made to finance the acquisition, construction and improvement of properties; provided that such
dependence may in addition be conditioned upon rights or additional assets designed to assure the servicing or timely distribution of proceeds to holders of the Asset-Backed Securities such as a financial guaranty insurance policy; provided, further, that upon original issuance of such Asset-Backed Securities five or fewer commercial mortgage loans account for more than 20% of the aggregate principal balance of the entire pool of commercial mortgage loans supporting payments on such securities.

“Commercial Mortgage Related Asset-Backed Securities” means CMBS Conduit Securities and CMBS Large Loan Securities.

“Credit Card Securities” means Asset-Backed Securities that entitle the holders thereof to receive payments that depend (except for rights or other assets designed to assure the servicing or timely distribution of proceeds to holders of the Asset-Backed Securities) on the cash flow from balances outstanding under revolving consumer credit card accounts, generally having the following characteristics: (1) the accounts have standardized payment terms and require minimum monthly payments; (2) the balances are obligations of numerous borrowers and accordingly represent a very diversified pool of obligor credit risk; and (3) the repayment stream on such balances does not depend upon a contractual payment schedule, with early repayment depending primarily on interest rates, availability of credit against a maximum credit limit and general economic matters.

“Eligible Below Investment Grade Securities” means Collateral Debt Securities which, (i) if such security has a publicly available rating from Moody’s, such rating is lower than “Ba3” (or is “Ba3” on watch for possible downgrade) and at least “Ba2” (and will not be “Ba2” on watch for possible downgrade), or (ii) if such security has a public rating from Standard & Poor’s, such rating is lower than “BBB-” (or is “BBB-” on watch for possible downgrade) and at least “BB” (and will not be “BB” on watch for possible downgrade), or (iii) if such security has a publicly available rating from Fitch, such rating is below “BBB-” (or is “BBB-” on watch for possible downgrade) and at least “BB” (and will not be “BB” on watch for possible downgrade); provided that if such security is rated “BBB/BBB-” by Standard & Poor’s or Fitch, but not rated by Moody’s, the Moody’s rating for such security shall be the Rating for such security as determined in accordance with paragraph (ii) of the definition of “Moody’s Rating”.

“Equipment Leasing Securities” means Asset-Backed Securities that entitle the holders thereof to receive payments that depend (except for rights or other assets designed to assure the servicing or timely distribution of proceeds to holders of the Asset-Backed Securities) on the cash flow from leases and subleases of equipment to commercial and industrial customers, generally having the following characteristics: (1) the leases and subleases have varying contractual maturities; (2) the leases or subleases are obligations of a relatively limited number of obligors and accordingly represent an undiversified pool of obligor credit risk; (3) the repayment stream on such leases and subleases is primarily determined by a contractual payment schedule, with early termination of such leases and subleases predominantly dependent upon the disposition to a lessee, sublessee or third party of the underlying equipment; and (4) such leases or subleases typically provide for the right of the lessee or sublessee to purchase the equipment for its stated residual value, subject to payments at the end of lease term for excess usage.

“Equipment Trust Certificates” means Asset-Backed Securities in the form of equipment trust certificates, including enhanced equipment trust certificates and pass-through equipment trust certificates, issued by, or supported by obligations of, issuers that are subject, or are wholly-owned subsidiaries of parent companies that are subject (in which case such parent companies have fully and unconditionally guaranteed such obligations on a subordinate or non-subordinate basis), to the informational requirements of the Exchange Act and, in accordance therewith, file reports and other information with the Securities and Exchange Commission.

“Floorplan Receivable Securities” means Asset-Backed Securities that entitle the holders thereof to receive payments that depend (except for rights or other assets designed to assure the servicing or timely distribution of proceeds to holders of the Asset-Backed Securities) upon assets that will consist of a revolving pool of receivables arising from the purchase and financing by domestic retail motor vehicle dealers for their new and used automobile and light-duty truck inventory. The receivables are comprised of principal receivables and interest receivables. In addition to receivables arising in connection with designated accounts, the trust assets may include interests in other floorplan assets, such as: (1) participation interests in pools of assets existing outside the trust and consisting primarily of receivables arising in connection with dealer floorplan financing arrangements originated by a manufacturer or one of its affiliates; (2) participation interests in receivables arising under dealer floorplan financing arrangements originated by a third party and participated to a manufacturer; (3) receivables originated by a
manufacturer under syndicated floorplan financing arrangements between a motor vehicle dealer and a group of lenders or (4) receivables representing dealer payment obligations arising from purchases of vehicles.

“Franchise Securities” means Asset-Backed Securities that entitle the holders thereof to receive payments that depend (except for rights or other assets designed to assure the servicing or timely distribution of proceeds to holders of the Asset-Backed Securities) on the cash flow from (a) a pool of franchise loans made to operators of franchises that provide oil, gasoline, restaurant or food services and provide other services related thereto and (b) leases or subleases of equipment to such operators for use in the provision of such goods and services. They generally have the following characteristics: (1) the loans, leases or subleases have varying contractual maturities; (2) the loans are secured by real property purchased or improved with the proceeds thereof (or to refinance an outstanding loan the proceeds of which were so used); (3) the obligations of the lessors or sublessors of the equipment may be secured not only by the leased equipment but also the related real estate; (4) the loans, leases and subleases are obligations of a relatively limited number of obligors and accordingly represent a relatively undiversified pool of obligor credit risk; (5) payment of the loans can vary substantially from the contractual payment schedule (if any), with prepayment of individual loans depending on numerous factors specific to the particular obligors and upon whether, in the case of loans bearing interest at a fixed rate, such loans include an effective prepayment premium; (6) the repayment stream on the leases and subleases is primarily determined by a contractual payment schedule, with early termination of such leases and subleases predominantly dependent upon the disposition to a lessee, a sublessee or third party of the underlying equipment; (7) such leases and subleases typically provide for the right of the lessee or sublessee to purchase the equipment for its stated residual value, subject to payments at the end of a lease term for excess usage or wear and tear and (8) the ownership of a franchise right or other similar license and the creditworthiness of each franchise operator is the primary factor in any decision to invest in these securities.

“Healthcare Securities” means Asset-Backed Securities (other than Small Business Loan Securities) that entitle the holders thereof to receive payments that depend (except for rights or other assets designed to assure the servicing or timely distribution of proceeds to holders of the Asset-Backed Securities) on the cash flow from leases and subleases of equipment to hospitals, non-hospital medical facilities, physicians and physician groups for use in the provision of healthcare services, generally having the following characteristics: (1) the leases and subleases have varying contractual maturities; (2) the leases or subleases are obligations of a relatively limited number of obligors and accordingly represent an undiversified pool of obligor credit risk; (3) the repayment stream on such leases and subleases is primarily determined by a contractual payment schedule, with early termination of such leases and subleases predominantly dependent upon the disposition to a lessee, sublessee or third party of the underlying equipment and (4) such leases or subleases typically provide for the right of the lessee or sublessee to purchase the equipment for its stated residual value, subject to payments at the end of lease term for excess usage or wear and tear.

“Home Equity Loan Securities” means Asset-Backed Securities (other than Residential A Mortgage Securities and Residential B/C Mortgage Securities) that entitle the holders thereof to receive payments that depend on the cash flow from balances (including revolving balances) outstanding under loans or lines of credit secured by (but not, upon origination, by a first priority lien on) one to four family residential real estate the proceeds of which loans or lines of credit are not used to purchase such real estate or to purchase or construct dwellings thereon (or to refinance indebtedness previously so used); provided that such dependence may in addition be conditioned upon rights or additional assets designed to assure the servicing or timely distribution of proceeds to holders of the Asset-Backed Securities such as a financial guaranty insurance policy.

“Insurance Company Guaranteed Securities” means any Asset-Backed Security as to which the timely payment of interest when due, and the payment of principal no later than stated legal maturity, is unconditionally guaranteed pursuant to an insurance policy, guarantee or other similar instrument issued by an insurance company organized under the laws of a state of the United States, but only if such insurance policy, guarantee or other similar instrument (1) expires no earlier than such stated maturity, (2) provides that payment thereunder is independent of the performance by the obligor on the relevant Asset-Backed Security and (3) is issued by an insurance company having a credit rating assigned by each nationally recognized statistical rating organization that currently rates such Asset-Backed Security higher than the credit rating assigned by the relevant organization to such Asset-Backed Security determined without giving effect to such insurance policy, guarantee or other similar instrument, provided...
that any Asset-Backed Security falling within this definition shall be excluded from the definition of each other Specified Type of Asset-Backed Security.

“Insurance Receivables Securities” means Asset-Backed Securities that entitle the holders thereof to receive payments that depend on the future cash flows from commissions, servicing receivables, reinsurance receivables and all other revenue that arise from the sale of life insurance policies or other insurance products; provided that any Collateral Debt Security falling within this definition will be excluded from the definition of each other Specified Type of Collateral Debt Security.

“Lottery Receivable Security” means an Asset-Backed Security that (a) entitles the holders thereof to receive payments that depend (except for rights or other assets designed to assure the servicing or timely distribution of proceeds to holders of such Asset-Backed Security) upon an arrangement that compensates a winner of a state lottery with one lump sum payment in exchange for a pledge of the lottery payments that individual would have received over a future period of time and (b) is backed by a diversified pool of payments received from various state lottery commissions in exchange for a lump sum payment to a bona fide winner of a given state lottery.

“Manufactured Housing Securities” means Asset-Backed Securities that entitle the holders thereof to receive payments that depend (except for rights or other assets designed to assure the servicing or timely distribution of proceeds to holders of the Asset-Backed Securities) on the cash flow from manufactured housing (also known as mobile homes and prefabricated homes) installment sales contracts and installment loan agreements, generally having the following characteristics: (1) the contracts and loan agreements have varying, but typically lengthy, contractual maturities; (2) the contracts and loan agreements are secured by the manufactured homes and, in certain cases, by mortgages and/or deeds of trust on the real estate to which the manufactured homes are deemed permanently affixed; (3) the contracts and/or loans are obligations of a large number of obligors and accordingly represent a relatively diversified pool of obligor credit risk; (4) repayment thereof can vary substantially from the contractual payment schedule, with early prepayment of individual loans depending on numerous factors specific to the particular obligors and upon whether, in the case of loans bearing interest at a fixed rate, such loans or securities include an effective prepayment premium and (5) in some cases, obligations are fully or partially guaranteed by a governmental agency or instrumentality.

“Market Value CDO Securities” means CDO Securities with respect to which the coverage ratios are determined by reference to the market value of the underlying portfolio of investments or which contain a minimum net worth test, in either case, as prescribed by the applicable rating agencies.

“Mid-Prime Residential Mortgage Securities” means Asset-Backed Securities (other than Sub-prime Residential Mortgage Securities) with a FICO score of at least 625 but less than 700 that entitle the holders thereof to receive payments that depend (except for rights or other assets designed to assure the servicing or timely distribution of proceeds of the Asset-Backed Securities) on the cash flow from residential mortgage loans secured (on a first priority basis, subject to permitted liens, easements and other encumbrances) by residential real estate (single or multi-family properties) the proceeds of which are used to purchase real estate and purchase or construct dwellings thereon (or to refinance indebtedness previously so used), generally having the following characteristics: (1) the mortgage loans have generally been underwritten to the standards of the Federal National Mortgage Association and the Federal Home Loan Mortgage Corporation (without regard to the size of the loan); (2) the mortgage loans have standardized payment terms and require minimum monthly payments; (3) the mortgage loans are obligations of numerous borrowers and accordingly represent a very diversified pool of obligor credit risk and (4) the repayment of such mortgage loans is subject to a contractual payment schedule, with early repayment depending primarily on interest rates and the sale of the mortgaged real estate and related dwelling.

“Mutual Fund Securities” means Asset-Backed Securities that entitle the holders thereof to receive payments that depend (except for rights or other assets designed to assure the servicing or timely distribution of proceeds to holders of the Asset-Backed Securities) on the cash flow from a pool of brokerage fees and costs relating to various mutual funds, generally having the following characteristics: (1) the brokerage arrangements have standardized payment terms and require minimum payments; (2) the brokerage fees and costs arise out of numerous mutual funds and accordingly represent a very diversified pool of credit risk and (3) the collection of brokerage fees and costs can vary substantially from the contractual payment schedule (if any), with collection depending on numerous factors specific to the particular mutual funds, interest rates and general economic matters.
“NIM Security” means a net interest margin security.

“Oil and Gas Securities” means Asset-Backed Securities that entitle the holders thereof to receive payments that depend (except for rights or other assets designed to assure the servicing or timely distribution of proceeds to holders of the Asset-Backed Securities) on the cash flow from (a) a pool of franchise loans made to operators of franchises that provide oil and gasoline and provide other services related thereto and (b) leases or subleases of equipment to such operators for use in the provision of such goods and services. They generally have the following characteristics: (1) the loans, leases or subleases have varying contractual maturities; (2) the loans are secured by real property purchased or improved with the proceeds thereof (or to refinance an outstanding loan the proceeds of which were so used); (3) the obligations of the lessors or sublessors of the equipment may be secured not only by the leased equipment but also the related real estate; (4) the loans, leases and subleases are obligations of a relatively limited number of obligors and accordingly represent a relatively undiversified pool of obligor credit risk (5) payment of the loans can vary substantially from the contractual payment schedule (if any), with prepayment of individual loans depending on numerous factors specific to the particular obligors and upon whether, in the case of loans bearing interest at a fixed rate, such loans include an effective prepayment premium; (6) the repayment stream on the leases and subleases is primarily determined by a contractual payment schedule, with early termination of such leases and subleases predominantly dependent upon the disposition to a lessee, a sublessee or third party of the underlying equipment; (7) such leases and subleases typically provide for the right of the lessee or sublessee to purchase the equipment for its stated residual value, subject to payments at the end of a lease term for excess usage or wear and tear and (8) the ownership of a franchise right or other similar license and the creditworthiness of such franchise operators is the primary factor in any decision to invest in these securities.

“Prime Residential Mortgage Securities” means Asset-Backed Securities (other than Sub-Prime Residential Mortgage Securities) with a FICO score of greater than or equal to 700 that entitle the holders thereof to receive payments that depend (except for rights or other assets designed to assure the servicing or timely distribution of proceeds to holders of the Asset-Backed Securities) on the cash flow from residential mortgage loans secured (on a first priority basis, subject to permitted liens, easements and other encumbrances) by residential real estate (single or multi-family properties) the proceeds of which are used to purchase real estate and purchase or construct dwellings thereon (or to refinance indebtedness previously so used), generally having the following characteristics: (1) the mortgage loans have generally been underwritten to the standards of the Federal National Mortgage Association and the Federal Home Loan Mortgage Corporation (without regard to the size of the loan); (2) the mortgage loans have standardized payment terms and require minimum monthly payments; (3) the mortgage loans are obligations of numerous borrowers and accordingly represent a very diversified pool of obligor credit risk and (4) the repayment of such mortgage loans is subject to a contractual payment schedule, with early repayment depending primarily on interest rates and the sale of the mortgaged real estate and related dwelling.

“Project Finance Securities” means Asset-Backed Securities that entitle the holders thereof to receive payments that depend (except for rights or other assets designed to assure the servicing or timely distribution of proceeds to holders of the Asset-Backed Securities) on the cash flow from (1) the sale of products, such as electricity, nuclear energy, steam or water, in the utility industry by a special purpose entity formed to own the assets generating or otherwise producing such products and such assets were or are being constructed or otherwise acquired primarily with the proceeds of debt financing made available to such entity on a limited-recourse basis (including recourse to such assets and the land on which they are located) or (2) fees or other usage charges, such as tolls collected on a highway, bridge, tunnel or other infrastructure project, collected by a special purpose entity formed to own one or more such projects that were constructed or otherwise acquired primarily with the proceeds of debt financing made available to such entity on a limited-recourse basis (including recourse to the project and the land on which it is located).

“Recreational Vehicle Securities” means Asset-Backed Securities that entitle the holders thereof to receive payments that depend (except for rights or other assets designed to assure the servicing or timely distribution of proceeds to holders of the Asset-Backed Securities) on the cash flow from installment sale loans made to finance the acquisition of, or from leases of, recreational vehicles, generally having the following characteristics: (1) the loans or leases may have varying contractual maturities; (2) the loans or leases are obligations of numerous borrowers or lessees and accordingly represent a very diversified pool of obligor credit risk; (3) the borrowers or lessees under the loans or leases generally do not have a poor credit rating; (4) the repayment stream on such loans or leases is primarily determined by a contractual payment schedule, with early repayment on such loans or leases
predominantly dependent upon the disposition of the underlying vehicle and (5) such leases typically provide for the right of the lessee to purchase the recreational vehicle for its stated residual value, subject to payments at the end of lease term for excess mileage or use.

“Residential A Mortgage Securities” means Asset-Backed Securities (other than Residential B/C Mortgage Securities and Home Equity Loan Securities) that entitle the holders thereof to receive payments that depend on the cash flow from residential mortgage loans to prime borrowers secured (on a first priority basis, subject to permitted liens, easements and other encumbrances) by one to four family residential real estate the proceeds of which are used to purchase real estate and purchase or construct dwellings thereon (or to refinance indebtedness previously so used or to take out equity) and generally underwritten to the standards of the Federal National Mortgage Association and the Federal Home Loan Mortgage Corporation (without regard to the size of the loan); provided that such dependence may in addition be conditioned upon rights or additional assets designed to assure the servicing or timely distribution of proceeds to holders of the Asset-Backed Securities such as a financial guaranty insurance policy.

“Residential B/C Mortgage Securities” means Asset-Backed Securities (other than Residential A Mortgage Securities and Home Equity Loan Securities) that entitle the holders thereof to receive payments that depend on the cash flow from residential mortgage loans to subprime borrowers secured (on a first priority basis, subject to permitted liens, easements and other encumbrances) by one to four family residential real estate the proceeds of which are used to purchase real estate and purchase or construct dwellings thereon (or to refinance indebtedness previously so used or to take out equity); provided that such dependence may in addition be conditioned upon rights or additional assets designed to assure the servicing or timely distribution of proceeds to holders of the Asset-Backed Securities such as a financial guaranty insurance policy.

“Restaurant and Food Services Securities” means Asset-Backed Securities that entitle the holders thereof to receive payments that depend (except for rights or other assets designed to assure the servicing or timely distribution of proceeds to holders of the Asset-Backed Securities) on the cash flow from (a) a pool of franchise loans made to operators of franchises that provide goods and services relating to the restaurant and food services industries and (b) leases or subleases of equipment to such operators for use in the provision of such goods and services. They generally have the following characteristics: (1) the loans, leases or subleases have varying contractual maturities; (2) the loans are secured by real property purchased or improved with the proceeds thereof (or to refinance an outstanding loan the proceeds of which were so used); (3) the obligations of the lessors or sublessors of the equipment may be secured not only by the leased equipment but also the related real estate; (4) the loans, leases and subleases are obligations of a relatively limited number of obligors and accordingly represent a relatively undiversified pool of obligor credit risk; (5) payment of the loans can vary substantially from the contractual payment schedule (if any), with prepayment of individual loans depending on numerous factors specific to the particular obligors and upon whether, in the case of loans bearing interest at a fixed rate, such loans include an effective prepayment premium; (6) the repayment stream on the leases and subleases is primarily determined by a contractual payment schedule, with early termination of such leases and subleases predominantly dependent upon the disposition to a lessee, a sublessee or third party of the underlying equipment; (7) such leases and subleases typically provide for the right of the lessee or sublessee to purchase the equipment for its stated residual value, subject to payments at the end of a lease term for excess usage or wear and tear and (8) the ownership of a franchise right or other similar license and the creditworthiness of such franchise operators is the primary factor in any decision to invest in these securities.

“Shipping Securities” means Asset-Backed Securities that entitle holders thereof to receive payments that depend on the cash flows from ship financing and shipping industry related loans.

“Small Business Loan Securities” means Asset-Backed Securities that entitle the holders thereof to receive payments that depend on the cash flow from general purpose loans made to “small business concerns” (generally within the meaning given to such term by regulations of the United States Small Business Administration), including those (i) made pursuant to Section 7(a) of the United States Small Business Act, as amended, and (ii) partially guaranteed by the United States Business Administration; provided that such dependence
may in addition be conditioned upon rights or additional assets designed to assure the servicing or timely
distribution of proceeds to holders of the Asset-Backed Securities such as a financial guaranty insurance policy.

“Structured Settlement Securities” means Asset-Backed Securities that entitle the holders thereof to receive payments that depend (except for rights or other assets designed to assure the servicing or timely distribution of proceeds to holders of the Asset-Backed Securities) on the cash flow from receivables representing the right of litigation claimants to receive future scheduled payments under settlement agreements that are funded by annuity contracts, which receivables may have varying maturities.

“Student Loan Securities” means Asset-Backed Securities that entitle the holders thereof to receive payments that depend (except for rights or other assets designed to assure the servicing or timely distribution of proceeds to holders of the Asset-Backed Securities) on the cash flow from loans made to students (or their parents) to finance educational needs, generally having the following characteristics: (1) the loans have standardized terms; (2) the loans are obligations of numerous borrowers and accordingly represent a very diversified pool of obligor credit risk; (3) the repayment stream on such loans is primarily determined by a contractual payment schedule, with early repayment on such loans predominantly dependent upon interest rates and the income of borrowers following the commencement of amortization and (4) such loans may be fully or partially insured or reinsured by the United States Department of Education.

“Sub-Prime Residential Mortgage Securities” means Asset-Backed Securities with a FICO score of less than 625 that entitle the holders thereof to receive payments that depend (except for rights or other assets designed to assure the servicing or timely distribution of proceeds to holders of the Asset-Backed Securities) on the cash flow from residential mortgage loans secured (on a first priority basis, subject to permitted liens, easements and other encumbrances) by residential real estate (single or multi-family properties) the proceeds of which are used to purchase real estate and purchase or construct dwellings thereon (or to refinance indebtedness previously so used), generally having the following characteristics: (1) the mortgage loans have generally been underwritten to the standards of the Federal National Mortgage Association and the Federal Home Loan Mortgage Corporation (without regard to the size of the loan); (2) the mortgage loans have standardized payment terms and require minimum monthly payments; (3) the mortgage loans are obligations of numerous borrowers and accordingly represent a very diversified pool of obligor credit risk and (4) the repayment of such mortgage loans is subject to a contractual payment schedule, with early repayment depending primarily on interest rates and the sale of the mortgaged real estate and related dwelling.

“Synthetic ABS CDO Obligations” means any Asset-Backed Security that entitles the holders thereof to receive payments that depend (except for rights or other assets designed to assure the servicing or timely distribution of proceeds to holders of Asset-Backed Security) on the market value of and cash flow from underlying assets of which the terms of the underlying instrument of such Asset-Backed Security permit greater than 25% of their aggregate principal balance (or notional balance) to consist of one or more credit default swaps that reference in the aggregate a portfolio of Reference Obligations (based upon the aggregate notional amount or “Floating Rate Payer Calculation Amount” of such credit default swap(s) as such terms are used in the underlying credit default swap(s)).

“Tax Lien Securities” means Asset-Backed Securities that entitle the holders thereof to receive payments that depend (except for rights or other assets designed to assure the servicing or timely distribution of proceeds to holders of the Asset-Backed Securities) on the cash flow from a pool of tax obligations owed by businesses and individuals to state and municipal governmental taxing authorities, generally having the following characteristics: (1) the obligations have standardized payment terms and require minimum payments; (2) the tax obligations are obligations of numerous borrowers and accordingly represent a very diversified pool of obligor credit risk and (3) the repayment stream on the obligation is primarily determined by a payment schedule entered into between the relevant tax authority and obligor, with early repayment on such obligation predominantly dependent upon interest rates and the income of the obligor following the commencement of amortization.

“Timeshare Securities” means Asset-Backed Securities that entitle the holders thereof to receive payments that depend on the cash flow from borrowers under fixed rate, fully amortizing loans that are secured by first mortgage liens on timeshare estates; provided that such dependence may in addition be conditioned upon rights or additional assets designed to assure the servicing or timely distribution of proceeds to holders of the Asset-Backed Securities such as a financial guaranty insurance policy.
“Tobacco Litigation Securities” means Asset-Backed Securities that entitle the holders thereof to receive payments that depend (except for rights or other assets designed to assure the servicing or timely distribution of proceeds to holders of the Asset-Backed Securities) on the cash flow from receivables representing the right of litigation claimants in legal actions related to tobacco products to receive future scheduled payments under settlement agreements that are funded by annuity contracts, which receivables may have varying maturities.

“Trust Preferred Securities” means Asset-Backed Securities and ABS REIT Debt Securities that entitle the holders thereof to receive payments that depend (except for rights or other assets designed to assure the servicing or timely distribution of proceeds to holders of the Asset-Backed Securities) on the cash flow from a pool of trust preferred securities issued by a wholly owned trust subsidiary of a U.S. financial institution which uses the proceeds of such issuance to purchase a portfolio of debt securities issued by its parent. They generally have the following characteristics: (1) the trust securities are non-amortizing preferred stock securities; (2) the trust securities have a 30 year maturity with a 5 or 10 year non-call period; and (3) the trust securities are subordinated debt.

“Specified Type” means, with respect to any CDO Obligation or Other ABS, whether such CDO Obligation or Other ABS is: (1) an Automobile Security; (2) a CDO Security; (3) a CMBS Conduit Security; (4) a CMBS Large Loan Security; (5) a Credit Card Security; (6) an Equipment Leasing Security; (7) a Home Equity Loan Security; (8) a Mid-Prime Residential Mortgage Security; (9) a Prime Residential Mortgage Security; (10) a Residential A Mortgage Security; (11) a Residential B/C Mortgage Security; (12) a Residential Mortgage Related Asset-Backed Security; (13) a Small Business Loan Security; (14) a Student Loan Security; (15) a Sub-Prime Residential Mortgage Security; (16) a Timeshare Security; or (17) any other type of Asset-Backed Security designated as a “Specified Type” (together with any specification by Moody’s of a method for determining the “Rating” thereof) pursuant to clause (ii)(D) of the definition of Moody’s Rating herein and by Standard & Poor’s of a method for determining the “Rating” thereof pursuant to clause (i) of the definition of Standard & Poor’s Rating herein) in a notice from the Collateral Manager to the Trustee so long as Moody’s and Standard & Poor’s has confirmed in writing to the Issuer, the Trustee and the Collateral Manager that such designation satisfies the Rating Condition and a Majority of the Controlling Class has consented to such other type of Asset-Backed Security being designated as a “Specified Type”. If any type of Asset-Backed Security shall be designated as an additional Specified Type pursuant to the foregoing clause (17), the definition of each Specified Type of Asset-Backed Security in existence prior to such designation shall be construed to exclude such newly-designated Specified Type of Asset-Backed Security.

Synthetic Securities

A portion of the Collateral Debt Securities may consist of Synthetic Securities entered into between the Issuer and a Synthetic Security Counterparty.

For purposes of determining the principal balance of a Synthetic Security at any time, the principal balance of such Synthetic Security will be equal (i) in the case of any Synthetic Security that does not provide that the Issuer has any (contingent or otherwise) payment obligations to the Synthetic Security Counterparty after an initial payment thereunder, the aggregate amount of the repayment obligations of the Synthetic Security Counterparty payable to the Issuer through the maturity of such Synthetic Security and (ii) in the case of any other Synthetic Security, the balance in the related Synthetic Security Counterparty Account reduced by the amount of any payments due and payable to the Synthetic Security Counterparty by reason of the occurrence of one or more “credit events” or other similar circumstances to the extent such payments have not yet been made.

For purposes of the Coverage Tests, unless otherwise specified, a Synthetic Security will be included as a Collateral Debt Security having the characteristics of the Synthetic Security and not of the related Reference Obligation.

For purposes of the Moody’s Asset Correlation Test, a Synthetic Security will be included as a Collateral Debt Security having the characteristics of the related Reference Obligation (and the issuer thereof will be deemed to be the related Reference Obligor and not the Synthetic Security Counterparty). For purposes of the Collateral Quality Tests other than the Moody’s Asset Correlation Test, for purposes of the Standard & Poor’s CDO Monitor Test, and for determining the Moody’s Rating of a Synthetic Security, a Synthetic Security will be included as a Collateral Debt Security having the characteristics of the Synthetic Security and not of the relatedReference Obligation(s), except that, for purposes of determining the industry with respect to any Synthetic Security for the
Standard & Poor’s CDO Monitor Test, a Synthetic Security will be included as a Collateral Debt Security having the characteristics of the related Reference Obligation(s).

Investments in Synthetic Securities present risks in addition to those associated with other types of Collateral Debt Securities. See “Risk Factors—Nature of Collateral” and “—Synthetic Securities.”

“Deliverable Obligation” means a debt obligation that is delivered to the Issuer upon the occurrence of a “credit event” under a Synthetic Security or otherwise in accordance with the terms of a Synthetic Security.

“Reference Obligation” means (a) any CDO Obligation, (b) any Other ABS or (c) a specified pool or index of financial assets, either static or revolving, that by their terms convert into cash within a finite time period, in each case in respect of which the Issuer has obtained a Synthetic Security and which, if purchased by the Issuer, would satisfy the definition of “Collateral Debt Securities.”

“Reference Obligor” means the obligor on a Reference Obligation.

“Synthetic Security” means any swap transaction, credit-linked note, credit derivative, structured bond investment or other investment purchased from, or entered into by the Issuer with, a Synthetic Security Counterparty which investment contains a probability of default, recovery upon default and expected loss characteristics closely correlated to a Reference Obligation (or expected loss characteristics corresponding to losses incurred above and/or below specified thresholds with respect to the Reference Obligation), but which may provide for a different maturity, interest rate or other non-credit characteristics than such Reference Obligation; provided that (a) such Synthetic Security shall not provide for any payment by the Issuer after the date on which it is pledged to the Trustee unless such security is a Defeased Synthetic Security for which a deposit has been made into the Synthetic Security Issuer Account, (b) such Synthetic Security terminates upon the redemption or repayment in full of such Reference Obligation, (c) such Synthetic Security has a Rating, the Rating Condition (not including a written confirmation by Moody’s or Fitch) has been satisfied, and the Trustee has been notified in writing of the Applicable Recovery Rate assigned by each Rating Agency and, in the case of Moody’s, the Moody’s Rating Factor assigned by Moody’s, (d) the acquisition, ownership or disposition of such Synthetic Security will not cause the Issuer to be treated as engaged in a trade or business in the United States for U.S. federal income tax purposes or otherwise subject the Issuer to net income tax, (e) amounts receivable by the Issuer will not be subject to withholding tax in respect of the Synthetic Security or the Synthetic Security Counterparty or the Reference Obligor is required to make “gross-up” payments that cover the full amount of any such withholding tax and (f) the agreements relating to such Synthetic Security contain “non-petition” and “limited recourse” provisions with respect to the Issuer.

“Synthetic Security Counterparty” means any entity that (i) is required to make payments on a Synthetic Security referenced to payments by one or more Reference Obligor(s) on a related Reference Obligation and (ii) on the date such Synthetic Security is acquired by the Issuer, is rated at least “AA” by Standard & Poor’s or has a short-term issuer credit rating from Standard & Poor’s of at least “A-1”, has a long-term unsecured debt rating from Moody’s of at least “Aa2” or has a short-term unsecured debt rating from Moody’s, if rated by Moody’s, of at least “P-1” and has a short-term issuer credit rating from Fitch of at least “F1” or, if there is no such short-term credit rating from Fitch, has a senior unsecured debt rating from Fitch of at least “AA”, or the selection of such entity satisfies the Rating Condition.

Eligibility Criteria

The Issuer shall not purchase any Collateral Debt Security after the last day of the Substitution Period other than Collateral Debt Securities not yet purchased but as to which the Issuer has entered into binding purchase agreements for regular settlement. Prior to the last day of the Ramp-Up Period, the Issuer is required to use commercially reasonable efforts to invest Uninvested Proceeds, and prior to the last day of the Substitution Period the Issuer may reinvest Principal Proceeds (other than Specified Principal Proceeds), in additional Collateral Debt Securities in accordance with the terms of the Indenture; provided that, in each case, as evidenced by an officer’s certificate from the Issuer to the Trustee, the following criteria (the “Eligibility Criteria”) are satisfied immediately after the Issuer Grants such security to the Trustee (which Grant shall be deemed to occur when the Issuer acquires or commits to acquire such security (whichever is earlier)).
Assignable

(1) the Underlying Instrument pursuant to which such security was issued permits the Issuer to purchase it and Grant it to the Trustee and such security is a type subject to Article 8 or Article 9 of the UCC;

Jurisdiction of Issuer

(2) the obligor on or issuer of such security (x) is organized or incorporated under the laws of the United States or a State thereof or in a Special Purpose Vehicle Jurisdiction or (y) is a Qualifying Foreign Obligor or (z) is an Emerging Market Issuer;

Dollar Denominated

(3) such security is Dollar denominated and is not convertible into, or payable in, any other currency;

Fixed Principal Amount

(4) such security requires the payment of a fixed amount of principal in Cash no later than its Stated Maturity or termination date;

Rating

(5) such security (A) shall have a Moody’s Rating, a Standard & Poor’s Rating and a Fitch Rating. (B) the rating of such security by Standard & Poor’s does not include the subscript “r”, “t”, “p”, “pi” or “q”; and (C) if such security has a public rating from Moody’s, Standard & Poor’s or Fitch, the public rating of such security by Moody’s shall be at least “Baa3” (and shall not on watch for possible downgrade), by Standard & Poor’s at least “BBB–” (and not on watch for possible downgrade) and by Fitch at least “BBB–” (and not on watch for possible downgrade); provided that (i) the Aggregate Principal Balance of all Pledged Collateral Debt Securities that have a public rating of below “Aa3” by Moody’s (if publicly rated by Moody’s), “AA–” by Standard & Poor’s (if publicly rated by Standard & Poor’s) or “AA–” by Fitch (if publicly rated by Fitch) does not exceed 98.0% of the Net Outstanding Portfolio Collateral Balance; (2) the Aggregate Principal Balance of all Pledged Collateral Debt Securities that have a public rating of below “A3” by Moody’s (if publicly rated by Moody’s), “A–” by Standard & Poor’s (if publicly rated by Standard & Poor’s) or “A–” by Fitch (if publicly rated by Fitch) does not exceed 90.0% of the Net Outstanding Portfolio Collateral Balance; (iii) up to 0.75% of the Net Outstanding Portfolio Collateral Balance may be Eligible Below Investment Grade Securities (provided that such securities are Commercial Mortgage Related Asset-Backed Securities or Residential Mortgage Related Asset-Backed Securities);

Registered Form

(6) such security is Registered;

No Withholding

(7) such security does not provide for any interest, principal or other payments that are subject to deduction or withholding for or on account of any withholding or similar tax, unless the issuer of such security is required to make “gross up” payments that ensure that the net amount actually received by the Issuer (free and clear of taxes, whether assessed against such obligor or the Issuer) will equal the full amount that the Issuer would have received had no such deduction or withholding been required;

Does Not Subject Issuer to Tax on a Net Income Basis

(8) such security either (A) is issued by an entity that is treated as a corporation that is not a United States real property holding corporation as defined in Section 897(c)(2) of the Code for U.S. federal income tax purposes, (B) is treated as indebtedness for U.S. federal income tax purposes or (C) the Issuer has received advice from Cadwalader, Wickersham & Taft LLP or an opinion of other nationally recognized U.S. tax counsel experienced in such matters to the effect that the acquisition, ownership or disposition of such security will not cause the Issuer to be
treated as engaged in a trade or business in the United States for U.S. federal income tax purposes or otherwise subject the Issuer to U.S. federal income tax on a net income tax basis;

(9) the acquisition (including the manner of acquisition), ownership, enforcement and disposition of such security (in each case as determined on the basis of applicable laws and regulations, as of the date of acquisition of such security) will not cause the Issuer or the pool of Collateral to become an investment company required to be registered under the Investment Company Act;

(10) such security is not a security that, pursuant to 29 C.F.R. Section 2510.3-101, (x) would be treated as an equity interest in an equity and (y) if held by an employee benefit plan subject to ERISA, would cause such employee benefit plan to be treated as owning an undivided interest in each of the underlying assets of such entity for purposes of ERISA;

(11) such security is not a Defaulted Security, a Credit Risk Security and Equity Security or a Written Down Security;

(12) such security is not currently deferring interest or has capitalized interest that has not been paid in full;

(13) such security does not have a stated maturity that occurs later than the Stated Maturity of the Notes except that the Issuer may acquire a Collateral Debt Security having a stated maturity later than the Stated Maturity of the Notes so long as (A) the Aggregate Principal Balance of all such Pledged Collateral Debt Securities shall not exceed 10% of the Net Outstanding Portfolio Collateral Balance, (B) the Aggregate Principal Balance of all Pledged Collateral Debt Securities having a stated maturity occurring more than ten years after the Stated Maturity of the Notes shall not exceed 0% of the Net Outstanding Portfolio Collateral Balance, (C) as of any date, the Average Life of any such security is not greater than 12 years; provided that if such security is a CMBS Conduit Security or a CMBS Large Loan Security, the stated maturity of such CMBS Conduit Security or CMBS Large Loan Security shall be deemed to be the earlier of (i) the stated maturity of such CMBS Conduit Security or CMBS Large Loan Security as specified in the related Underlying Instruments and (ii) the date which is five years after the later of (x) the latest occurring balloon date with respect to any balloon loan securing such CMBS Conduit Security or CMBS Large Loan Security and (y) the last scheduled amortization date with respect to any other loans securing such CMBS Conduit Security or CMBS Large Loan Security and (D) the expected maturity of such Collateral Debt Security is on or before the Stated Maturity of the Notes;

(14) the purchase price of each security is not less than 75% of the outstanding principal balance thereof;

(15) such security is not (and, with respect to subclause (C) below, any Equity Security acquired in connection with such security is not) (A) a security issued by an issuer located in a country that imposes foreign exchange controls that effectively limit the availability or use of Dollars to make when due the scheduled payments of principal of and interest on such security; (B) “margin stock” as defined under Regulation U issued by the Board of Governors of the Federal Reserve System; (C) a financing by a debtor in possession in any insolvency proceeding; (D) a security that by the
terms of its Underlying Instruments provides for mandatory conversion or exchange into equity capital at any time prior to its maturity; or (E) a security that is the subject of an Offer (nor has it been called for redemption);

No Future Advances

(16) such security is not a security pursuant to which the Issuer is required by the Underlying Instruments related thereto to make any payment or advance to the issuer thereof or to the related Synthetic Security Counterparty (other than a Defeased Synthetic Security);

Fixed Rate Securities

(17) the Aggregate Principal Balance of all fixed rate Collateral Debt Securities (including any Synthetic Security as to which the Reference Obligation is a fixed rate Collateral Debt Security) shall be no more than 25% of the Net Outstanding Portfolio Collateral Balance;

Floating Rate Securities

(18) the Aggregate Principal Balance of all floating rate Collateral Debt Securities (including any Synthetic Security as to which the Reference Obligation is a floating rate Collateral Debt Security) shall be no more than 90% of the Net Outstanding Portfolio Collateral Balance;

Pure Private Collateral Debt Securities

(19) the Aggregate Principal Balance of all Collateral Debt Securities (including any Synthetic Security) that were not (A) issued pursuant to an effective registration statement under the Securities Act or (B) privately placed securities that are eligible for resale under Rule 144A or Regulation S under the Securities Act, shall not exceed 5% of the Net Outstanding Portfolio Collateral Balance;

No Guaranteed Corporate Debt Securities or Guaranteed Security

(20) such security is not a Guaranteed Corporate Debt Security, a Guaranteed Security or guaranteed as to ultimate or timely payment of principal or interest (including any Synthetic Security as to which the Reference Obligation is a Guaranteed Corporate Debt Security, a Guaranteed Security or is guaranteed as to ultimate or timely payment of principal or interest);

Issue Concentrations

(21) with respect to the particular Issue of the Collateral Debt Security being acquired and all Pledged Collateral Debt Securities: (A) the Aggregate Principal Balance of all Collateral Debt Securities of such Issue is not greater than 1.75% of the Net Outstanding Portfolio Collateral Balance; (B) there are no more than 10 Issues for which the Aggregate Principal Balance of all Collateral Debt Securities of such Issue is greater than 1.5% and less than or equal to 1.75% of the Net Outstanding Portfolio Collateral Balance; (C) there are no more than 18 Issues for which the Aggregate Principal Balance of all Collateral Debt Securities of such Issue is greater than 1.25% and less than or equal to 1.75% of the Net Outstanding Portfolio Collateral Balance; (D) there are no more than 45 Issues for which the Aggregate Principal Balance of all Collateral Debt Securities of such Issue is greater than 1.0% and less than or equal to 1.75% of the Net Outstanding Portfolio Collateral Balance and (E) on and after the Ramp-Up Completion Date, there are a minimum of 100 Issues of all Collateral Debt Securities;

Weighted Average Life

(22) (A) no Collateral Debt Security shall have an Average Life greater than 12 years; (B) if such security (including, in the case of a Synthetic Security, the related Reference Obligation) has an Average Life greater than 10 years, the Aggregate Principal Balance of all such securities shall not exceed 4% of the Net Outstanding Portfolio Collateral Balance; (C) if such security (including, in the case of a Synthetic Security, the related Reference Obligation) has an Average Life greater than 5 years, the Aggregate Principal Balance of all such securities shall not exceed 1% of the Net Outstanding Portfolio Collateral Balance.
Obligation) has an Average Life greater than 8 years, the Aggregate Principal Balance of all such securities shall not exceed 10% of the Net Outstanding Portfolio Collateral Balance; (D) if such security (including, in the case of a Synthetic Security, the related Reference Obligation) has an Average Life greater than 6 years, the Aggregate Principal Balance of all such securities shall not exceed 20% of the Net Outstanding Portfolio Collateral Balance; (E) the Average Life of each Pledged Collateral Debt Security publicly rated below “Baa3” by Moody’s, below “BBB-” by Standard & Poor’s or below “BBB-” by Fitch shall not exceed 4 years except that the $1,000,000 of OOMLT 2005-4 M10 (CUSIP: 68389FJS4) acquired by the Issuer on the Issue Date may have an Average Life of no greater than 4.35 years;

Single Servicer

(23) with respect to each security being acquired, the Aggregate Principal Balance of Pledged Collateral Debt Securities serviced by such Servicer (together with the Aggregate Principal Balance of any Synthetic Securities related thereto) shall not exceed the greater of 7.5% of the Net Outstanding Portfolio Collateral Balance and U.S.$ 22,500,000; provided, however, that so long as the Servicer of the security being acquired is not the Collateral Manager: (A) if such Servicer has (1) a credit rating of “Aa3” or higher by Moody’s or a servicer ranking of “SQ2” or higher by Moody’s, (2) a servicer ranking of “Strong” by Standard & Poor’s (or, if no servicer ranking has been assigned by Standard & Poor’s, a credit rating of “AA” or higher by Standard & Poor’s) and (3) a servicer rating of “S1” by Fitch (or, if no servicer rating has been assigned by Fitch, a credit rating of “AA-” or higher by Fitch), the Aggregate Principal Balance of Pledged Collateral Debt Securities serviced by such Servicer may equal up to the greater of 20% of the Net Outstanding Portfolio Collateral Balance and U.S.$ 60,000,000; (B) if such Servicer does not meet the requirements of clause (A) of this paragraph (23) and has (1) a credit rating of “A3” or higher by Moody’s or a servicer ranking of “SQ2” or higher by Moody’s, (2) a servicer ranking of “Above Average” or higher by Standard & Poor’s (or, if no servicer ranking has been assigned by Standard & Poor’s, a credit rating of “A-” or higher by Standard & Poor’s) and (3) a servicer rating of “S2” or higher by Fitch (or, if no servicer rating has been assigned by Fitch, a credit rating of “A-” or higher by Fitch), the Aggregate Principal Balance of Pledged Collateral Debt Securities serviced by such Servicer may equal up to the greater of 12.5% of the Net Outstanding Portfolio Collateral Balance and U.S.$ 37,500,000;

Securities Other Than CMBS /RMBS

(24) the Aggregate Principal Balance of all Collateral Debt Securities that do not constitute Commercial Mortgage Related Asset-Backed Securities or Residential Mortgage Related Asset-Backed Securities shall not exceed 15% of the Net Outstanding Portfolio Collateral Balance; provided, that, no such securities shall be rated below “Baa3” by Moody’s or “BBB-” by Standard & Poor’s or Fitch;

PIK Bonds

(25) the Aggregate Principal Balance of all Collateral Debt Securities that constitute PIK Bonds shall not exceed 10% of the Net Outstanding Portfolio Collateral Balance less the principal balance of all Eligible Below Investment Grade Securities;

Time Share Securities and Equipment Lease Securities

(26) the Aggregate Principal Balance of all Collateral Debt Securities that constitute Time Share Securities and Equipment Lease Securities collectively shall not exceed 4.0% of the Net Outstanding Portfolio Collateral Balance;
CDO Obligations

(27)(A) if such security is any type of CDO Obligation (including any Synthetic Security as to which the Reference Obligation is a CDO Obligation), (i) the Aggregate Principal Balance of all Pledged Collateral Debt Securities that are CDO Obligations does not exceed 10% of the Net Outstanding Portfolio Collateral Balance; (B) if such security is a CDO Obligation, the Aggregate Principal Balance of all such securities does not exceed 2.0% of the Net Outstanding Portfolio Collateral Balance; (C) no such security is a CDO Obligation which permits 35% or more of the underlying obligations of such CDO Obligation to be CDO Obligations (including any Synthetic Security as to which the Reference Obligation is a CDO Obligation); (D) such security is not a Corporate CDO Obligation, a Trust Preferred CDO Obligation or a Synthetic ABS CDO Obligation, except that up to U.S.$ 4,500,000 may be the TBRNA 2005-2AB security, CUSIP: 87330UAE1, purchased on the Issue Date and (E) no such security is a CDO Obligation for which the Collateral Manager or an Affiliate thereof is the collateral manager, except that up to U.S.$ 3,000,000 aggregate principal amount may be the E*TRADE II security, CUSIP: 26925FAD5 purchased on the Issue Date;

Interest Paid Less Frequently Than Quarterly

(28) the Aggregate Principal Balance of all Collateral Debt Securities that provide for periodic payments of interest in Cash less frequently than quarterly (together with the Aggregate Principal Balance of any Synthetic Security the Reference Obligation of which are such securities) shall not exceed 10% of the Net Outstanding Portfolio Collateral Balance;

Non U.S. Obligors

(29) the Aggregate Principal Balance of all Collateral Debt Securities that are obligations of obligors located outside the United States or any state thereof shall not exceed 10.0% of the Net Outstanding Portfolio Collateral Balance;

Step-Down Bonds

(30) the Aggregate Principal Balance of all Collateral Debt Securities that constitute Step-Down Bonds (including any Synthetic Security the Reference Obligation of which are Step-Down Bonds) shall not exceed 5.0% of the Net Outstanding Portfolio Collateral Balance;

Backed by Obligations of Non U.S. Obligors

(31) the Aggregate Attributable Amount of all Collateral Debt Securities related to (a) obligors located outside the United States of America shall not exceed 10.0% of the Net Outstanding Portfolio Collateral Balance, (b) obligors located in the United Kingdom shall not exceed 10.0% of the Net Outstanding Portfolio Collateral Balance, (c) obligors located in Canada shall not exceed 10.0% of the Net Outstanding Portfolio Collateral Balance, (d) Qualifying Foreign Obligors located in any other jurisdiction shall not exceed 2.5% of the Net Outstanding Portfolio Collateral Balance, (e) obligors other than Qualifying Foreign Obligors and obligors located in the United States located in any other jurisdiction shall not exceed 2.5% of the Net Outstanding Portfolio Collateral Balance and (f) Emerging Market Issuers shall not exceed 2.5% of the Net Outstanding Portfolio Collateral Balance;

Collateral Quality Tests

(32)(A) each of the applicable Collateral Quality Tests is satisfied or, if immediately prior to such acquisition one or more of such Collateral Quality Tests may not be made worse (except to the extent that a reduction in the extent of compliance does not result in non-compliance) and (B) on and after the Ramp-Up Completion Date, the Standard & Poor’s CDO Monitor Test is satisfied or, if immediately prior to such investment the Standard & Poor’s CDO Monitor Test was not satisfied, the result is closer to
compliance and the Issuer shall have promptly delivered to the Trustee, the Noteholders and Standard & Poor’s an officer’s certificate specifying the extent to which the Standard & Poor’s CDO Monitor Test was not satisfied;

(33) on and after the Ramp-Up Completion Date, each of the Coverage Tests shall be satisfied;

(34) if such Security is a Synthetic Security, then (A) each Synthetic Security is acquired from a Synthetic Security Counterparty; (B) the Aggregate Principal Balance of all Pledged Collateral Debt Securities constituting Defeased Synthetic Securities acquired from any single Synthetic Security Counterparty and its Affiliates does not exceed 20% of the Net Outstanding Portfolio Collateral Balance; (C) the Aggregate Principal Balance of all Pledged Collateral Debt Securities constituting Synthetic Securities which are not Defeased Synthetic Securities acquired from any single Synthetic Security Counterparty and its Affiliates does not exceed 10% of the Net Outstanding Portfolio Collateral Balance; (D) if any Synthetic Security is a Defeased Synthetic Security, such security meets the definition of Defeased Synthetic Security; (E) the Rating Condition with respect to Standard & Poor’s and Fitch has been satisfied with respect to the acquisition of such Synthetic Security (and each of Moody’s, Standard & Poor’s and Fitch has assigned an Applicable Recovery Rate to such Synthetic Security, Standard & Poor’s has assigned a rating or credit estimate and Moody’s has assigned Moody’s Rating Factor); (F) the Aggregate Principal Balance of all Pledged Collateral Debt Securities constituting Synthetic Securities does not exceed 20% of the Net Outstanding Portfolio Collateral Balance, and (G) the Reference Obligation and any Deliverable Obligations would (treated the acquisition of the Synthetic Security as the acquisition of the Reference Obligation) satisfy paragraphs (6), (7), (8) and (10) of the Eligibility Criteria;

Disallowed Types; Specified Types

(35) (A) such security is not an Aircraft Security, a Car Rental Receivable Security, an ABS Chassis Security, an ABS Container Security, a Floorplan Receivable Security, a Franchise Security, a Healthcare Security, an Insurance Receivable Security, a Lottery Receivable Security, a Manufactured Housing Security, a Market Value CDO Security, a Mutual Fund Security, a NIM Security, an Oil and Gas Security, a Project Finance Security, a Recreational Vehicle Security, a Restaurant and Food Services Security, a Shipping Security, a Structured Settlement Security, a Tax Lien Security or a Tobacco Litigation Security and (B) such security is a Specified Type or a Synthetic Security as to which the Reference Obligation is a Specified Type; and

Discount Margin

(36) such security (or if such security is a Synthetic Security, the Reference Obligation thereof) (x) is purchased at a discount margin less than or equal to 2.00% or (y) is trading at a discount margin that is not more than the average discount margin (as of the date of commitment to purchase such security) for comparable securities issued over the eight week period immediately preceding the date of such commitment (or if fewer, the prior 12 issues of comparable securities) plus 0.25%, as determined by the Collateral Manager; provided, that, if no comparable securities have been issued over the eight week period immediately preceding the date of such commitment as determined by the Collateral Manager, the Collateral Manager shall obtain such average discount margin by obtaining quotes for comparable securities from at least 3 independent dealers of such securities and averaging such quotations; provided, further, that, all such
determinations under this clause (36) by the Collateral Manager shall be in accordance with commercially reasonable practice and methodology.

If at any time prior to the last day of the Substitution Period, the Issuer has made a commitment to acquire a security, then the Eligibility Criteria need not be satisfied when the Issuer Grants such security to the Trustee if (A) the Issuer acquires such security within 60 days of making the commitment to acquire such security and (B) the Eligibility Criteria were satisfied immediately after the Issuer made such commitment. If the Issuer enters into a transaction during the Ramp-Up Period to acquire a security on a forward sale basis pursuant to the Master Forward Sale Agreement, then, notwithstanding anything in the Indenture to the contrary (including the Eligibility Criteria), such security may be acquired by the Issuer on any date during the Ramp-Up Period at the price specified in the Master Forward Sale Agreement so long as the Eligibility Criteria was satisfied on the date such transaction was entered into by the Issuer. With respect to paragraphs (5), (13), (17) through (36) of the Eligibility Criteria, if any requirement set forth therein is not satisfied immediately prior to the acquisition of the related security, such requirement is deemed satisfied if the extent of non-compliance with such requirement is not made worse after giving effect to such acquisition (except to the extent that a reduction in the extent of compliance does not result in non-compliance).

Notwithstanding the foregoing provisions, (A) Cash on deposit in the Collection Accounts and the Uninvested Proceeds Account may be invested in Eligible Investments pending investment in Collateral Debt Securities and (B) if an Event of Default shall have occurred and be continuing during the Substitution Period, no Collateral Debt Security may be acquired unless it was the subject of a commitment entered into by the Issuer prior to the occurrence of such Event of Default.

“Aggregate Attributable Amount” means, with respect to any specified Collateral Debt Security and issuers incorporated or organized under the laws of any specified jurisdiction or jurisdictions, (a) the Aggregate Principal Balance of such Collateral Debt Security multiplied by (b) the aggregate par amount of collateral securing such Collateral Debt Security issued by issuers so organized divided by (c) the aggregate par amount of all collateral securing such Collateral Debt Security. The Collateral Manager will determine the Aggregate Attributable Amount with respect to any specified Collateral Debt Security and issuer or issuers based upon information in the most recent servicing, trustee or other similar report delivered in accordance with the related Underlying Instruments and, if no such information is available after inquiry of the relevant issuer, Servicer, collateral manager or any other person or entity serving in a similar capacity, by estimating such Aggregate Attributable Amount in good faith based upon all relevant information otherwise available to the Collateral Manager.

“CLO Obligation” means an Asset-Backed Security issued by an entity formed for the purpose of holding or investing and reinvesting in a pool of assets all or substantially all of which are commercial and industrial bank loans subject to specified investment and management criteria.

“Corporate CDO Obligation” means an Asset-Backed Security (other than a CLO Obligation) the terms of which permit 10% or more of the outstanding principal amount of the underlying collateral assets or reference assets of such Asset-Backed Security to comprise a specified pool of corporate loans, securities or other debt obligations, commercial or industrial loans, other Corporate CDO Obligations or any combination of the foregoing.

“Emerging Market Issuer” means a Sovereign or non-Sovereign issuer located in a country that is in Latin America, Asia, Africa, Eastern Europe or the Caribbean or in a country the Dollar-denominated obligations of which are rated lower than “Aa2” by Moody’s and having a foreign currency issuer credit rating by Standard & Poor’s lower than “AA”, provided that an issuer of Asset-Backed Securities principally located in a Special Purpose Vehicle Jurisdiction will not be an Emerging Market Issuer for purposes hereof if the underlying collateral of such Asset-Backed Securities consists solely of (x) obligations of obligors principally located in the United States and (y) obligations of Qualifying Foreign Obligors.

“Fixed Rate Security” means any Collateral Debt Security other than a Floating Rate Security.

“Floating Rate Security” means any Collateral Debt Security that is expressly stated to bear interest based upon a floating rate index.
“Guaranteed Corporate Debt Security” means a CDO Obligation or Other ABS guaranteed as to ultimate or timely payment of principal or interest, including a CDO Obligation or Other ABS guaranteed by a monoline financial insurance company.

“Issue” of Collateral Debt Securities means Collateral Debt Securities issued by the same issuer, secured by the same collateral pool.

“Offer” means, with respect to any security, (i) any offer by the issuer of such security or by any other person made to all of the holders of such security to purchase or otherwise acquire such security (other than pursuant to any redemption in accordance with the terms of its Underlying Instruments) or to convert or exchange such security into or for Cash, securities or any other type of consideration or (ii) any solicitation by the issuer of such security or any other person to amend, modify or waive any provision of such security or any related Underlying Instrument.

“Pure Private Collateral Debt Security” means any Collateral Debt Security other than (a) a Collateral Debt Security that was issued pursuant to an effective registration statement under the Securities Act or (b) a privately placed Collateral Debt Security that is eligible for resale under Rule 144A or Regulation S under the Securities Act.

“Registered” means, with respect to any debt obligation, a debt obligation (a) issued after July 18, 1984 and (b) in Registered Form for purposes of the Code.

“Regulation U” means Regulation U of the Board of Governors of the Federal Reserve System, 12 C.F.R. §221, or any successor regulation.

“Servicer” means, with respect to any Collateral Debt Security, the entity that, absent any default, event of default or similar condition (however described), is primarily responsible for managing, servicing, monitoring and otherwise administering the cash flows from which payments to investors in such Asset-Backed Securities are made.

“Sovereign” means, when used with respect to any country or obligations, refers to the central or federal executive or legislative governmental authority of such country or, insofar as any obligations are concerned, any agency or instrumentality of such governmental authority (including any central bank or central monetary authority) to the extent such obligations are fully backed by the general taxing power of such governmental authority.

“Special Purpose Vehicle Jurisdiction” means (a) the Cayman Islands, the Bahamas, Bermuda, the Netherlands Antilles, the Channel Islands and (b) any other jurisdiction that is commonly used as the place of organization of special or limited purpose vehicles that issue Asset-Backed Securities and with respect to the designation of which the Rating Condition is satisfied; provided that no jurisdiction will be a Special Purpose Vehicle Jurisdiction unless such jurisdiction generally imposes no nominal tax on the income of special purpose vehicles.

“Step-Down Bond” means a security which by the terms of the related Underlying Instrument provides for a decrease, in the case of a Fixed Rate Security, in the per annum interest rate on such security or, in the case of a Floating Rate Security, in the spread over the applicable index or benchmark rate, solely as a function of the passage of time; provided that a Step-Down Bond will not include any such security providing for payment of a constant rate of interest at all times after the date of acquisition by the Issuer. In calculating any Collateral Quality Test by reference to the spread (in the case of a floating rate Step-Down Bond) or coupon (in the case of a fixed rate Step-Down Bond) of a Step-Down Bond, the spread or coupon on any date shall be deemed to be the lowest spread or coupon, respectively, scheduled to apply to such Step-Down Bond on or after such date.

“Trust Preferred CDO Obligation” means an Asset Backed Security issued by an entity formed for the purpose of holding or investing and reinvesting in a pool of Trust Preferred Securities.

“Written Down Security” means, as of any date of determination, any Collateral Debt Security as to which the aggregate par amount of such Collateral Debt Security and all other securities secured by the same pool of
collateral that rank pari passu with or senior in priority of payment to such Collateral Debt Security exceeds the aggregate par amount (including reserved interest or other amounts available for overcollateralization) of all collateral securing such securities (excluding defaulted collateral).

The Collateral Quality Tests

The Collateral Quality Tests will be used primarily as criteria for purchasing Collateral Debt Securities. See “—Eligibility Criteria.” The “Collateral Quality Tests” will consist of the following tests:

- Moody’s Asset Correlation Test
- Moody’s Maximum Weighted Average Rating Factor Test
- Fitch Weighted Average Rating Factor Test
- Moody’s Minimum Weighted Average Recovery Rate Test
- Weighted Average Coupon Test
- Weighted Average Spread Test
- Weighted Average Life Test
- Standard & Poor’s Minimum Recovery Rate Test

Measurement of the degree of compliance with the Collateral Quality Tests will be required, after the Ramp-Up Completion Date, on each day on which the Issuer purchases a Collateral Debt Security.

Ratings Matrix

After the Ramp-Up Completion Date, any of the rows of the table below (each a “Ratings Matrix”) shall be applicable for purposes of the Moody’s Asset Correlation Test and the Moody’s Maximum Weighted Average Rating Factor Test. Ratings Matrix 2 shall apply on and after the Ramp-Up Completion Date unless otherwise notified by the Collateral Manager. The minimum Moody’s Asset Correlation Factor required to satisfy the Moody’s Asset Correlation Test (the “Designated Minimum Asset Correlation Factor”) and the Moody’s Maximum Rating Factor required to satisfy the Moody’s Maximum Weighted Average Rating Factor Test (the “Designated Moody’s Maximum Rating Distribution”) for each Ratings Matrix are set forth opposite such Ratings Matrix in the table below:

Moody’s Asset Correlation Test

The “Moody’s Asset Correlation Factor” means a single number determined in accordance with the asset correlation methodology provided from time to time to the Collateral Manager by Moody’s (a copy of which the Collateral Manager shall promptly provide to the Trustee).

The “Moody’s Asset Correlation Test” shall be satisfied on any Measurement Date if the Moody’s Asset Correlation Factor on such Measurement Date is no greater than the applicable number specified in the Ratings Matrix; provided that the calculation of the Moody’s Asset Correlation Factor is based on a number of assets equal to 125.
The "Moody's Maximum Weighted Average Rating Factor Test" shall be satisfied on any Measurement Date on or after the Ramp-Up Completion Date if the Moody's Weighted Average Rating Factor of the Collateral Debt Securities as of such Measurement Date is equal to or less than the Designated Moody's Weighted Average Rating Distribution for any of Ratings Matrix 1, 2, 3, 4, or 5; provided that the applicable Moody's Asset Correlation Test on such Measurement Date is the Designated Minimum Asset Correlation Factor for the same Ratings Matrix.

The "Moody's Weighted Average Rating Factor" on any Measurement Date is the number determined by dividing (i) the summation of the series of products obtained for any Pledged Collateral Debt Security that is not a Defaulted Security, by multiplying (1) the Principal Balance on such Measurement Date of each such Pledged Collateral Debt Security by (2) its respective Moody's Rating Factor on such Measurement Date by (ii) the Aggregate Principal Balance on such Measurement Date of all Collateral Debt Securities that are not Defaulted Securities.

The "Moody's Rating Factor" means, for the purposes of computing the Moody's Maximum Weighted Average Rating Factor Test, the number assigned below to the Moody's Rating applicable to each Collateral Debt Security:

If a Collateral Debt Security does not have a Moody's Rating assigned to it at the date of acquisition thereof, the Moody's Rating Factor with respect to such Collateral Debt Security shall be 10,000. If such Collateral Debt Security is not rated by Moody's and no other security or obligation of the issuer thereof or obligor thereof is rated by Moody's and the Issuer seeks to obtain an estimate of a Moody's Rating Factor, then the Moody's Rating Factor of such Collateral Debt Security will be deemed to be such estimate thereof as may be assigned by Moody's upon the request of the Issuer. With respect to any Synthetic Security, the Moody's Rating Factor will be determined as specified by Moody's at the time such Synthetic Security is acquired by the Issuer.

The "Moody's Rating" of any Collateral Debt Security will be determined as follows:

(i) if such Collateral Debt Security is publicly rated by Moody's, the Moody's Rating shall be such rating, or, if such Collateral Debt Security is not publicly rated by Moody's, but the Issuer has requested that Moody's assign a rating to such Collateral Debt Security, the Moody's Rating shall be the rating so assigned by Moody's; and

(ii) with respect to any Asset-Backed Security, if such Asset-Backed Security is not rated by Moody's, then the Moody's Rating of such Asset-Backed Security may be determined using any one of the methods below:

(A) with respect to notched ratings on any type of Collateral Debt Security, the Moody's Rating shall be determined in accordance with the notching conventions set forth in Schedule C hereto;
(B) with respect to any ABS REIT Debt Security not publicly rated by Moody’s, if such Collateral Debt Security is publicly rated by Standard & Poor’s, then the Moody’s Rating thereof shall be (1) one subcategory below the Moody’s equivalent rating assigned by Standard & Poor’s if the rating assigned by Standard & Poor’s is “BBB-” or above and (2) two rating subcategories below the Moody’s equivalent rating assigned by Standard & Poor’s if the rating assigned by Standard & Poor’s is below “BBB-”;

(C) with respect to any Residential A Mortgage Security not publicly rated by Moody’s, if such Collateral Debt Security is publicly rated by Fitch but not Standard & Poor’s, then the Moody’s Rating thereof shall be (1) two subcategories below the Moody’s equivalent rating assigned by Fitch if the rating assigned by Fitch is “AAA” to “AA-”; (2) three rating subcategories below the Moody’s equivalent rating assigned by Fitch if the rating assigned by Fitch is “A+” to “BBB-”; and (3) four rating subcategories below the Moody’s equivalent rating assigned by Fitch if the rating assigned by Fitch is below “BBB-”;

(D) with respect to any other type of Collateral Debt Security designated as a Specified Type after the date hereof upon notification from the Collateral Manager to the Trustee and written confirmation by Moody’s to the Issuer, the Trustee and the Collateral Manager that such designation satisfies the Rating Condition, pursuant to any method specified by Moody’s;

provided that:

(w) the rating of any Rating Agency used to determine the Moody’s Rating pursuant to any of clauses (A), (B), (C) or (D) above shall be a public rating (and not an estimated rating) that addresses the obligation of the obligor (or guarantor, where applicable) to pay principal of and interest on the relevant Collateral Debt Security in full and is monitored on an ongoing basis by the relevant Rating Agency;

(x) in respect of Collateral Debt Securities and collateral provided to the Issuer in respect of any Synthetic Security (“Synthetic Security Collateral”), in each case, the Moody’s Rating of which is based on a rating of another Rating Agency (1) if such Collateral Debt Securities and/or Synthetic Security Collateral are rated by both Standard & Poor’s and Fitch, the Aggregate Principal Balance of all such Collateral Debt Securities and Synthetic Security Collateral may not exceed 20% of the Aggregate Principal Balance of all Collateral Debt Securities; (2) if such Collateral Debt Securities and/or Synthetic Security Collateral are rated by either of the other Rating Agencies (but not both), the Aggregate Principal Balance of all such Collateral Debt Securities and Synthetic Security Collateral may not exceed 10% of the Aggregate Principal Balance of all Collateral Debt Securities; and (3) if such Collateral Debt Securities and/or Synthetic Security Collateral are rated by the same Rating Agency (and no other Rating Agency), the Aggregate Principal Balance of all such Collateral Debt Securities and Synthetic Security Collateral may not exceed 7.5% of the Aggregate Principal Balance of all Collateral Debt Securities;

(y) with respect to any Synthetic Security, the Moody’s Rating thereof shall be determined as specified by Moody’s at the time such Synthetic Security is acquired; and

(z) other than for the purposes of paragraph (5) of the Eligibility Criteria (A) if a Collateral Debt Security rated “Aa1” is placed on a watch list for possible upgrade by Moody’s, the Moody’s Rating applicable to such Collateral Debt Security shall be “Aa1”, (B) if a Collateral Debt Security is placed on a watch list for possible downgrade by Moody’s, the Moody’s Rating applicable to such Collateral Debt Security shall be (i) if such Collateral Debt Security is rated “Aaa” immediately prior to such Collateral Debt Security being placed on such watch list, one rating subcategory below the Moody’s Rating applicable to such Collateral Debt Security immediately prior to such Collateral Debt Security being placed on such watch list and (ii) otherwise two rating subcategories below the Moody’s Rating applicable to such Collateral Debt Security immediately prior to such Collateral Debt Security being placed on such watch list and (C) if a Collateral Debt Security rated below “Aa1” is placed on a watch list for possible upgrade by Moody’s, the Moody’s Rating applicable to such Collateral Debt Security.
Security shall be two rating subcategories above the Moody’s Rating applicable to such Collateral Debt Security immediately prior to such Collateral Debt Security being placed on such watch list.

A "Qualifying Foreign Obligor" is a corporation, partnership or other entity located in any of Australia, Canada, France, Germany, Ireland, New Zealand, Sweden, Switzerland or the United Kingdom, so long as the unguaranteed, unsecured and otherwise unsupported long-term dollar sovereign debt obligations of such country are rated “Aa2” or better by Moody’s (provided that no Qualifying Obligor shall have a Moody’s Rating of “Aa2” on watch for possible downgrade) and “AA” or better by Fitch and the Standard & Poor’s foreign currency issuer credit rating of such country is “AA” or better.

Fitch Weighted Average Rating Factor Test

The “Fitch Weighted Average Rating Factor Test” will be satisfied on any Measurement Date occurring on or after the Ramp-Up Completion Date if the Fitch Weighted Average Rating Factor of the Collateral Debt Securities does not exceed 6.16. The “Fitch Weighted Average Rating Factor” is the number determined on any Measurement Date by dividing:

(i) the summation of the series of products obtained (a) for any Pledged Collateral Debt Security that is not a Defaulted Security or Deferred Interest PIK Bond, by multiplying (1) the Principal Balance on such Measurement Date of each such Pledged Collateral Debt Security by (2) its respective Fitch Rating Factor on such Measurement Date and (b) for any Defaulted Security or Deferred Interest PIK Bond, by multiplying (1) the Applicable Recovery Rate (determined for purposes of this definition pursuant to clause (c) of the definition of “Applicable Recovery Rate”) for such Defaulted Security or Deferred Interest PIK Bond by (2) the Principal Balance on such Measurement Date of each such Defaulted Security or Deferred Interest PIK Bond by (3) its respective Fitch Rating Factor on such Measurement Date.

(ii) the sum of (a) the Aggregate Principal Balance on such Measurement Date of all Collateral Debt Securities that are not Defaulted Securities or Deferred Interest PIK Bonds plus (b) the summation of the series of products obtained by multiplying (1) the Applicable Recovery Rate (determined for purposes of this definition pursuant to clause (c) of the definition of “Applicable Recovery Rate”) for each Defaulted Security or Deferred Interest PIK Bond by (2) the Principal Balance on such Measurement Date of such Defaulted Security or Deferred Interest PIK Bond,

and rounding the result up to the second decimal place.

The “Fitch Rating Factor” means, for the purposes of computing the Fitch Weighted Average Rating Factor, with respect to any Collateral Debt Security on any Measurement Date, the number set forth in the table below opposite the Fitch Rating of such Collateral Debt Security:

The “Fitch Rating” means, with respect to any Collateral Debt Security or Reference Obligation (“Obligation”), as of any date of determination:
(a) if such Obligation is rated by Fitch, as published in any publicly available news source, such rating;

(b) if the rating cannot be assigned pursuant to clause (a) and there is a publicly available rating(s) by Moody’s or Standard & Poor’s, the rating that corresponds to the lower of Moody’s or Standard & Poor’s ratings, if rated by both agencies, otherwise the sole rating from either agency;

(c) if the rating cannot be assigned pursuant to clauses (a) or (b), the Issuer or the Collateral Manager, on behalf of the Issuer, shall apply to Fitch for a credit assessment which shall then be the Fitch Rating,

provided that (x) if such Obligation has been put on rating watch negative or negative credit watch for possible downgrade by any Rating Agency, then the rating used to determine the Fitch Rating above shall be one rating subcategory below such rating by that Rating Agency, and (y) if such Obligation has been put on rating watch positive or positive credit watch for possible upgrade by any Rating Agency, then the rating used to determine the Fitch Rating above shall be one rating subcategory above such rating by that Rating Agency, and (z) notwithstanding the rating definition described above, Fitch reserves the right to issue a rating estimate for any Obligation at any time.

Moody’s Minimum Weighted Average Recovery Rate Test

The “Moody’s Minimum Weighted Average Recovery Rate Test” will be satisfied as of any Measurement Date, if the Moody’s Weighted Average Recovery Rate is greater than or equal to 28%.

The “Moody’s Weighted Average Recovery Rate” is the number obtained by summing the products obtained by multiplying the Principal Balance of each Collateral Debt Security (excluding any Defaulted Security) by its “Applicable Recovery Rate” (determined for purposes of this definition pursuant to clause (a) of the definition of “Applicable Recovery Rate”), dividing such sum by the Aggregate Principal Balance of all such Collateral Debt Securities, and rounding up to the first decimal place.

Weighted Average Coupon Test

The “Weighted Average Coupon Test” will be satisfied as of any Measurement Date after the Ramp-Up Completion Date if the Weighted Average Coupon is equal to or greater than 5.45% on such Measurement Date.

The “Weighted Average Coupon” means, as of any Measurement Date, the sum (rounded up to the next 0.001%) of (a) the number obtained by (i) summing the products obtained by multiplying (x) the current interest rate on each Pledged Collateral Debt Security that is a Fixed Rate Security (other than a Defaulted Security, Written Down Security or Deferred Interest PIK Bond) by (y) the Principal Balance of each such Collateral Debt Security and (ii) dividing such sum by the Aggregate Principal Balance of all Pledged Collateral Debt Securities that are Fixed Rate Securities (excluding all Defaulted Securities, Written Down Securities and Deferred Interest PIK Bonds) plus (b) if such number obtained pursuant to clause (a) is less than 5.45%, the Spread Excess, if any, as of such Measurement Date. For purposes of this definition, (1) a PIK Bond shall be deemed to be a Deferred Interest PIK Bond so long as any interest thereon has been deferred and capitalized for at least one payment date (until payment of interest on such PIK Bond has resumed and all capitalized and deferred interest has been paid in accordance with the terms of the Underlying Instruments) and (2) no contingent payment of interest shall be included in such calculation.

The “Spread Excess” as of any Measurement Date will equal a fraction (expressed as a percentage), the numerator of which is equal to the product of (a) the greater of zero and the excess, if any, of the Weighted Average Spread for such Measurement Date over 1.74% and (b) the Aggregate Principal Balance of all Floating Rate Securities (excluding Defaulted Securities, Written Down Securities or Deferred Interest PIK Bonds) and the denominator of which is the Aggregate Principal Balance of all Fixed Rate Securities (excluding Defaulted Securities, Written Down Securities and Deferred Interest PIK Bonds).

Weighted Average Spread Test
The “Weighted Average Spread Test” will be satisfied as of any Measurement Date after the Ramp-Up Completion Date if the Weighted Average Spread is equal to or greater than 1.74% as of such Measurement Date.

The “Weighted Average Spread” is the sum (rounded up to the next 0.001%) of (a) a number obtained, as of any Measurement Date, by (i) summing the products obtained by multiplying (x) the stated spread above LIBOR at which interest accrues on each Collateral Debt Security that is a Floating Rate Security (other than a Defaulted Security, a Written Down Security or a Deferred Interest PIK Bond) as of such date by (y) the Principal Balance of such Collateral Debt Security as of such date, and (ii) dividing such sum by the Aggregate Principal Balance of all Collateral Debt Securities that are Floating Rate Securities (excluding all Defaulted Securities, Written Down Securities and Deferred Interest PIK Bonds) plus (b) if such number obtained pursuant to clause (a) is less than 1.74%, the Fixed Rate Excess, if any, as of such Measurement Date.

The “Fixed Rate Excess” as of any Measurement Date shall equal a fraction (expressed as a percentage) the numerator of which is equal to the product of (a) the greater of zero and the excess, if any, of the Weighted Average Coupon for such Measurement Date over 5.45% and (b) the Aggregate Principal Balance of all Fixed Rate Securities (excluding Defaulted Securities, Written Down Securities and Deferred Interest PIK Bonds) and the denominator of which is the Aggregate Principal Balance of all Floating Rate Securities (excluding Defaulted Securities, Written Down Securities and Deferred Interest PIK Bonds).

Weighted Average Life Test

The “Weighted Average Life Test” will be satisfied as of any Measurement Date on or after the Ramp-Up Completion Date if the Weighted Average Life of all Collateral Debt Securities as of such Measurement Date is less than or equal to the number of years set forth in the column opposite such period.

<table>
<thead>
<tr>
<th>As of any Determination Date occurring during the period below</th>

</tr>
<tr>
<td>Thereafter</td>
<td>5.0</td>
</tr>
</tbody>
</table>

On any Measurement Date with respect to any Collateral Debt Security (other than Defaulted Securities), the “Weighted Average Life” is the number obtained by (i) summing the products obtained by multiplying (a) the Average Life at such time of each Collateral Debt Security by (b) the outstanding Principal Balance of such Collateral Debt Security and (ii) dividing such sum by the Aggregate Principal Balance at such time of all Collateral Debt Securities. On any Measurement Date with respect to any Collateral Debt Security, the “Average Life” is the quotient obtained by dividing (i) the sum of the products of (a) the number of years (rounded to the nearest one tenth thereof) from such Measurement Date to the respective dates of each successive Scheduled Distribution of principal of such Collateral Debt Security and (b) the respective amounts of principal of such Scheduled Distributions by (ii) the sum of all successive Scheduled Distributions of principal on such Collateral Debt Security.

Standard & Poor’s Minimum Recovery Rate Test

“Standard & Poor’s Recovery Rate” means, as of any Measurement Date, the number obtained by summing the products obtained by multiplying the Principal Balance of each Collateral Debt Security, other than a Defaulted Security, by its “Applicable Recovery Rate” (determined for purposes of this definition pursuant to clause (b) of the definition of “Applicable Recovery Rate”), dividing such sum by the Aggregate Principal Balance of all such Collateral Debt Securities, and rounding up to the first decimal place. For purposes of the Standard & Poor’s Recovery Rate, the Principal Balance of a Deferred Interest PIK Bond will be deemed to be equal to its Calculation Amount.

“Standard & Poor’s Minimum Recovery Rate Test” means a test satisfied on any Measurement Date on or after the Ramp-Up Completion Date if the Standard & Poor’s Recovery Rate is equal to or greater than (a) with
respect to the Class A Notes, on the Ramp–Up Completion Date and any Measurement Date thereafter, 28%;
(b) with respect to the Class B Notes, on the Ramp–Up Completion Date and any Measurement Date thereafter, 34.5%; (c) with respect to the Class C Notes, on the Ramp–Up Completion Date and any Measurement Date thereafter, 46.5%; and (d) with respect to the Class D Notes, on the Ramp–Up Completion Date and any Measurement Date thereafter, 51%.

The “Standard & Poor’s Rating” of any Collateral Debt Security will be determined as follows:

(i) if Standard & Poor’s has assigned a rating to such Collateral Debt Security either publicly or privately (in the case of a private rating, with the appropriate consents for the use of such private rating), the Standard & Poor’s Rating shall be the rating assigned thereto by Standard & Poor’s (or in the case of an ABS REIT Debt Security, the issuer credit rating assigned by Standard & Poor’s); provided that, solely for the purposes of determining compliance with the Standard & Poor’s CDO Monitor Test, in respect of any Collateral Debt Security that is on watch for a possible upgrade or downgrade by Standard & Poor’s, the Standard & Poor’s Rating of such Collateral Debt Security shall be one subcategory above or below, respectively, the Standard & Poor’s rating otherwise assigned to such Collateral Debt Security;

(ii) if such Collateral Debt Security is not rated by Standard & Poor’s but the Issuer has requested that Standard & Poor’s assign a rating to such Collateral Debt Security, the Standard & Poor’s Rating shall be the rating so assigned by Standard & Poor’s; provided that pending receipt from Standard & Poor’s of such rating, (x) if such Collateral Debt Security is of a type listed on Schedule E or is not eligible for notching in accordance with Schedule D, such Collateral Debt Security shall have a Standard & Poor’s Rating of “CCC–” and (y) if such Collateral Debt Security is not of a type listed on Schedule E and is eligible for notching in accordance with Schedule D, the Standard & Poor’s Rating of such Collateral Debt Security shall be the rating assigned in accordance with Schedule D until such time as Standard & Poor’s shall have assigned a rating thereto; and

(iii) if such Collateral Debt Security is a Collateral Debt Security that has not been assigned a rating by Standard & Poor’s pursuant to clause (i) or (ii) above, and is not of a type listed on Schedule E, the Standard & Poor’s Rating of such Collateral Debt Security will be the rating determined in accordance with Schedule D; provided that (x) if any Collateral Debt Security will, at the time of its purchase by the Issuer, be on watch for a possible upgrade or downgrade by either Moody’s or Fitch, the Standard & Poor’s Rating of such Collateral Debt Security shall be one subcategory above or below, respectively, the rating otherwise assigned to such Collateral Debt Security in accordance with Schedule D; and (y) that the Aggregate Principal Balance of all Collateral Debt Securities that are assigned a Standard & Poor’s Rating pursuant to this clause (iii) may not (1) exceed 20% of the Aggregate Principal Balance of all Collateral Debt Securities if such Collateral Debt Securities are rated by both Moody’s and Fitch and (2) exceed 10% of the Aggregate Principal Balance of all Collateral Debt Securities if such Collateral Debt Securities are rated by either of the other Rating Agencies (but not both).

Standard & Poor’s CDO Monitor Test

If on any date on or after the Ramp–Up Completion Date, upon the acquisition of any Collateral Debt Security (after giving effect to the acquisition of such Collateral Debt Security), the Standard & Poor’s CDO Monitor Test is not satisfied or, if immediately prior to such investment the Standard & Poor’s CDO Monitor Test was not satisfied, the result is not closer to compliance, the Issuer must promptly deliver to the Trustee, the Noteholders and Standard & Poor’s an officer’s certificate specifying the extent of non-compliance.

The “Standard & Poor’s CDO Monitor Test” is a test satisfied on any Measurement Date on or after the Ramp–Up Completion Date if after giving effect to the sale of a Collateral Debt Security or the purchase of a Collateral Debt Security (or both), as the case may be, on such Measurement Date if each of the Class A Note Default Differential, the Class B Note Default Differential, the Class C Note Default Differential and the Class D Note Default Differential of the Proposed Portfolio is positive or if any of the Class A Note Default Differential, the Class B Note Default Differential, the Class C Note Default Differential and the Class D Note Default Differential of the Proposed Portfolio is negative prior to giving effect to such sale or purchase, the extent of compliance is improved after giving effect to the sale or purchase of a Collateral Debt Security.
The “Class A Note Break-Even Default Rate” means, with respect to the Class A Notes, at any time, the maximum percentage of defaults (as determined by Standard & Poor’s through application of the Standard & Poor’s CDO Monitor) which the Current Portfolio or the Proposed Portfolio, as applicable, can sustain such that, after giving effect to Standard & Poor’s assumptions on recoveries and timing and to the Priority of Payments, will result in sufficient funds remaining for the ultimate payment of principal of and interest on the Class A Notes in full by their Stated Maturity and the timely payment of interest on the Class A Notes.

The “Class A Note Default Differential” means, with respect to the Class A Notes, at any time, the rate calculated by subtracting the Class A Note Scenario Default Rate at such time from the Class A Note Break-Even Default Rate at such time.

The “Class A Note Scenario Default Rate” means, with respect to the Class A Notes, at any time, an estimate of the cumulative default rate for the Current Portfolio or the Proposed Portfolio, as applicable, consistent with Standard & Poor’s Rating of the Class A Notes on the Issue Date, determined by application of the Standard & Poor’s CDO Monitor at such time.

The “Class B Note Break-Even Default Rate” means, with respect to the Class B Notes, at any time, the maximum percentage of defaults (as determined by Standard & Poor’s through application of the Standard & Poor’s CDO Monitor) which the Current Portfolio or the Proposed Portfolio, as applicable, can sustain such that, after giving effect to Standard & Poor’s assumptions on recoveries and timing and to the Priority of Payments, will result in sufficient funds remaining for the ultimate payment of principal of and interest on the Class B Notes in full by their Stated Maturity and the timely payment of interest on the Class B Notes.

The “Class B Note Default Differential” means, with respect to the Class B Notes, at any time, the rate calculated by subtracting the Class B Note Scenario Default Rate at such time from the Class B Note Break-Even Default Rate at such time.

The “Class B Note Scenario Default Rate” means, with respect to the Class B Notes, at any time, an estimate of the cumulative default rate for the Current Portfolio or the Proposed Portfolio, as applicable, consistent with Standard & Poor’s Rating of the Class B Notes on the Issue Date, determined by application of the Standard & Poor’s CDO Monitor at such time.

The “Class C Note Break-Even Default Rate” means, with respect to the Class C Notes, at any time, the maximum percentage of defaults (as determined by Standard & Poor’s through application of the Standard & Poor’s CDO Monitor) which the Current Portfolio or the Proposed Portfolio, as applicable, can sustain such that, after giving effect to Standard & Poor’s assumptions on recoveries and timing and to the Priority of Payments, will result in sufficient funds remaining for the ultimate payment of principal of and interest on the Class C Notes in full by their Stated Maturity and the timely payment of interest on the Class C Notes.

The “Class C Note Default Differential” means, with respect to the Class C Notes, at any time, the rate calculated by subtracting the Class C Note Scenario Default Rate at such time from the Class C Note Break-Even Default Rate at such time.

The “Class C Note Scenario Default Rate” means, with respect to the Class C Notes, at any time, an estimate of the cumulative default rate for the Current Portfolio or the Proposed Portfolio, as applicable, consistent with Standard & Poor’s rating of the Class C Notes on the Issue Date, determined by application of the Standard & Poor’s CDO Monitor at such time.

The “Class D Note Break-Even Default Rate” means, with respect to the Class D Notes, at any time, the maximum percentage of defaults (as determined by Standard & Poor’s through application of the Standard & Poor’s CDO Monitor) which the Current Portfolio or the Proposed Portfolio, as applicable, can sustain such that, after giving effect to Standard & Poor’s assumptions on recoveries and timing and to the Priority of Payments, will result in sufficient funds remaining for the ultimate payment of principal of and interest on the Class D Notes in full by their Stated Maturity and the timely payment of interest on the Class D Notes.
The “Class D Note Default Differential” means, with respect to the Class D Notes, at any time, the rate calculated by subtracting the Class D Note Scenario Default Rate at such time from the Class D Note Break-Even Default Rate at such time.

The “Class D Note Scenario Default Rate” means, with respect to the Class D Notes, at any time, an estimate of the cumulative default rate for the Current Portfolio or the Proposed Portfolio, as applicable, consistent with Standard & Poor’s rating of the Class D Notes on the Issue Date, determined by application of the Standard & Poor’s CDO Monitor at such time.

The “Current Portfolio” means the portfolio (measured by Principal Balance) of (a) all Pledged Collateral Debt Securities, (b) all Principal Proceeds or Uninvested Proceeds held as Cash, and (c) all Eligible Investments purchased with Principal Proceeds or Uninvested Proceeds existing immediately prior to such sale, maturity or other disposition of a Collateral Debt Security or immediately prior to such acquisition of a Collateral Debt Security, as the case may be.

The “Proposed Portfolio” means the portfolio (measured by Principal Balance) of (a) all Pledged Collateral Debt Securities, (b) all Principal Proceeds or Uninvested Proceeds held as Cash and (c) all Eligible Investments purchased with Principal Proceeds or Uninvested Proceeds resulting from the sale, maturity or other disposition of a pledged Collateral Debt Security or a proposed acquisition of a Collateral Debt Security, as the case may be.

The “Standard & Poor’s CDO Monitor” is the dynamic, analytical computer model (including all written instructions and assumptions necessary for running the model) provided by Standard & Poor’s to the Issuer, the Collateral Manager and the Collateral Administrator on or prior to the Ramp-Up Completion Date for the purpose of estimating the default risk of Collateral Debt Securities as may be amended by Standard & Poor’s (and provided to the Collateral Manager, Issuer and Collateral Administrator) from time to time.

The Standard & Poor’s CDO Monitor calculates the cumulative default rate of a pool of Collateral Debt Securities consistent with a specified benchmark rating level based upon Standard & Poor’s proprietary corporate debt default studies. In calculating the Class A Note Scenario Default Rate, the Class B Note Scenario Default Rate, the Class C Note Scenario Default Rate and the Class D Note Scenario Default Rate, the Standard & Poor’s CDO Monitor considers each obligor’s most senior unsecured debt rating, the number of obligors in the portfolio, the obligor and industry concentration in the portfolio and the remaining weighted average maturity of the Collateral Debt Securities and calculates a cumulative default rate based on the statistical probability of distributions of defaults on the Collateral Debt Securities.

There can be no assurance that actual defaults of the pledged Collateral Debt Securities or the timing of defaults will not exceed those assumed in the application of the Standard & Poor’s CDO Monitor or that recovery rates with respect thereto will not differ from those assumed in the Standard & Poor’s CDO Monitor Test. Standard & Poor’s makes no representation that actual defaults will not exceed those determined by the Standard & Poor’s CDO Monitor. The Issuer makes no representation as to the expected rate of defaults of the Pledged Collateral Debt Securities or the timing of defaults or as to the expected recovery rate or the timing of recoveries.

Dispositions of Collateral Debt Securities

The Collateral Debt Securities may be retired prior to their respective final maturities due to, among other things, the existence and frequency of exercise of any optional or mandatory redemption features of such Collateral Debt Securities. In addition, pursuant to the Indenture, the Issuer:

1. may sell any Defaulted Security at any time (other than a Defaulted Synthetic Security);

2. may sell any Written Down Security or Credit Risk Security at any time; provided that (A) if (i) the rating of the Class A Notes or the Class B Notes has been withdrawn or reduced below the rating assigned to such Class or Sub-class of Notes on the Issue Date by Moody’s and not reinstated or (ii) the rating of the Class C Notes or the Class D Notes has been withdrawn or reduced at least two subcategories below the rating assigned to such Class of Notes on the Issue Date by Moody’s and not reinstated, then a Credit Risk Security may be sold only if it has been downgraded or put on watch list for possible downgrade by one or more Rating

Agencies by one or more rating subcategories since it was acquired by the Issuer; (B) during the Substitution Period, following the sale of a Credit Risk Security, the Collateral Manager may purchase, no later than 30 Business Days after the sale of such Credit Risk Security, substitute Collateral Debt Securities with an Aggregate Principal Balance not less than the Sale Proceeds (other than accrued interest treated as Interest Proceeds included therein) from such sale in compliance with the Eligibility Criteria (other than paragraph 32 thereof relating to the Standard & Poor’s CDO Monitor Test); (C) the Collateral Manager may choose not to apply such Sale Proceeds to purchase any substitute Collateral Debt Securities; and (D) notwithstanding any provision to the contrary in this clause (2), after the end of the Substitution Period, the Collateral Manager may not apply Sale Proceeds from the sale of any Credit Risk Security to purchase Collateral Debt Securities other than Collateral Debt Securities not yet purchased but as to which the Issuer has entered into binding purchase agreements for regular settlement;

(3) may sell any Credit Improved Security at any time; provided that (A) during the Substitution Period, the resulting Sale Proceeds (other than accrued interest treated as Interest Proceeds included therein) may be reinvested within 30 Business Days after the sale of such Credit Improved Security in one or more substitute Collateral Debt Securities having an Aggregate Principal Balance at least equal to 100% of the Principal Balance of the Credit Improved Security (net of any accrued interest treated as Interest Proceeds included therein) in compliance with the Eligibility Criteria, and after the last day of the Substitution Period, such Credit Improved Security may be sold only if the Collateral Manager certifies to the Trustee in writing that (x) the Collateral Manager has determined that such security constitutes a Credit Improved Security and (y) on the date of such sale, in the Collateral Manager's judgment (exercised in accordance with the standard of care set forth in the Collateral Management Agreement), the Sale Proceeds (net of any accrued interest treated as Interest Proceeds included therein) from the sale of such Credit Improved Security will be equal to or greater than the Principal Balance of the Credit Improved Security being sold; (B) any determination of whether the extent of non-compliance with any of the Eligibility Criteria may not be made worse by such reinvestment shall be made by comparing the Collateral Debt Securities held by the Issuer immediately prior to the sale of such Credit Improved Security to the Collateral Debt Securities held by the Issuer immediately after such reinvestment; and (C) notwithstanding any provision to the contrary in this clause (3), after the end of the Substitution Period, the Collateral Manager may not apply Sale Proceeds from the sale of any Credit Improved Security to purchase Collateral Debt Securities other than Collateral Debt Securities not yet purchased but as to which the Issuer has entered into binding purchase agreements for regular settlement;

(4) may sell any Deferred Interest PIK Bond at any time;

(5) may sell any Collateral Debt Security that is not a Defaulted Security, Deferred Interest PIK Bond, Written Down Security, Credit Risk Security or Credit Improved Security during the Substitution Period, provided that (A) no Event of Default has occurred and is continuing and Sale Proceeds (other than accrued interest treated as Interest Proceeds included therein) therefrom will be reinvested in one or more substitute Collateral Debt Securities with an Aggregate Principal Balance at least equal to the Principal Balance of the sold Collateral Debt Security in compliance with the Eligibility Criteria within 30 Business Days after the date of such sale, but only if: (1) the Aggregate Principal Balance of all such Collateral Debt Securities sold pursuant to this paragraph (5) during (x) the period from and including the Issue Date to and including December 5, 2006 does not exceed the Discretionary Sale Percentage and (y) the period from and including December 6, 2006 to and including December 5, 2007 does not exceed the Discretionary Sale Percentage, in each case, of the Net Outstanding Portfolio Collateral Balance as of the first day of such period; provided that prior to December 5, 2007, the Net Outstanding Portfolio Collateral Balance for the purposes of this clause (5) and the definition of Discretionary Sale Percentage shall be deemed to be U.S.$ 300,000,000; (2) neither Moody’s nor Standard & Poor’s has withdrawn (and not reinstated) its rating (including any private or confidential rating), if any, of any Class or Sub-class of Notes or reduced any such rating below the rating in effect on the Issue Date by one or more rating subcategories (in the case of the Class A Notes and the Class B Notes) or two or more rating subcategories (in the case of any of the Class C Notes and the Class D Notes); (3) such sale occurs during the Substitution Period and (4) the Collateral Manager determines, taking into account any factors it deems relevant, that such sale and any related purchases or substitutions will, in the Collateral Manager’s judgment (exercised in accordance with the standard of care set forth in the Collateral Management Agreement), result in one or more of the following: an improvement in one or more of the Collateral Quality Tests or the Standard & Poor’s CDO Monitor Test (if applicable), an improvement in the credit quality of the portfolio, a narrowing of
interest rate mismatches or any other improvement which, in the Collateral Manager’s judgment (exercised in accordance with the standard of care set forth in the Collateral Management Agreement), would result in a benefit to the Issuer (and, in each case, without adversely affecting one or more of the Collateral Quality Tests or the Standard & Poor’s CDO Monitor Test; provided that, even if the level of compliance is reduced, continued compliance shall not be deemed to be an adverse effect); and (B) any determination of whether the extent of noncompliance with any of the Eligibility Criteria may not be made worse by such reinvestment shall be made by comparing the Collateral Debt Securities held by the Issuer immediately prior to the sale of such Collateral Debt Security to the Collateral Debt Securities held by the Issuer immediately after such reinvestment.

(6) may sell (or exercise its right to terminate) any Defaulted Synthetic Security described in clause (8) of the definition of “Defaulted Security”;

(7) shall sell any Equity Security or consideration received by the Issuer in exchange for a Defaulted Security or any equity security received in an Offer that is not Margin Stock and satisfies paragraphs (7), (8) and (10) of the Eligibility Criteria within one year after the Issuer’s receipt thereof (or within one year after such later date as such Equity Security or consideration or equity security received in an offer may first be sold in accordance with its terms and applicable law);

(8) shall sell any Equity Security or consideration received in an Offer (other than an Equity Security or consideration received by the Issuer in exchange for a Defaulted Security or equity security received in an Offer described in clause (7) above) not later than five Business Days after the Issuer’s receipt thereof (or within five Business Days after such later date as such Equity Security or consideration or equity security received in an offer may first be sold in accordance with its terms and applicable law); and

(9) shall sell any Deliverable Obligation that is a Defaulted Security and that does not satisfy paragraphs (6), (7) and (8) of the Eligibility Criteria not later than five Business Days after the Issuer’s receipt thereof (or within five Business Days after such later date as such Defaulted Security may first be sold in accordance with its terms and applicable law).

In the event of an Auction Call Redemption, Optional Redemption or Tax Redemption of the Notes or redemption of the Preference Shares, the Collateral Manager may direct the Trustee to sell Collateral Debt Securities without regard to the foregoing limitations; provided that (i) the proceeds therefrom will be at least sufficient to pay certain expenses and other amounts and redeem in whole but not in part all Notes to be redeemed simultaneously and (ii) such proceeds are used to make such a redemption. See “Description of the Notes—Auction Call Redemption and Optional Redemption and Tax Redemption.”

All Sale Proceeds of an Equity Security, Credit Risk Security (to the extent that the Collateral Manager chooses not to or is not permitted to apply such Sale Proceeds to purchase any substitute Collateral Debt Securities pursuant to clause (2) above), Deferred Interest PIK Bond Written Down Security, Defaulted Security or Credit Improved Security (to the extent such Sale Proceeds are not applied to or are not permitted to be applied to purchase substitute Collateral Debt Securities during the Substitution Period) sold by the Issuer as described above will be deposited in the Interest Collection Account or the Principal Collection Account, as the case may be, and applied on the Distribution Date immediately succeeding the end of the Due Period in which they were received in accordance with the Priority of Payments or as otherwise required by the Indenture; provided that Sale Proceeds (net of any accrued interest treated as Interest Proceeds included therein) from the sale during the Substitution Period of (x) a Credit Risk Security or a Credit Improved Security in each case where (i) such Sale Proceeds were not reinvested in substitute Collateral Debt Securities within the time period specified in clauses (2) or (3) above or (ii) the Collateral Manager affirmatively chooses not to apply, or is not permitted to apply, such Sale Proceeds to the purchase of Collateral Debt Securities or (y) a Collateral Debt Security referred to in clause (4) above in a case where such Sale Proceeds were not reinvested in substitute Collateral Debt Securities within 30 Business Days as required, shall in each case be deemed to be Specified Principal Proceeds on the first Distribution Date immediately succeeding the end of the Due Period which is the later of (A) the Due Period in which such Sale Proceeds were received and (B) in the case of (x)(i) and (y) above, the Due Period in which the applicable time period for reinvestment has been exhausted.
Any purchase or disposition of a Collateral Debt Security will be conducted on an “arm’s-length basis” for fair market value and in accordance with the requirements of the Collateral Management Agreement, and, if effected with the Collateral Manager, the Issuer, the Trustee or any affiliate of any of the foregoing, will be effected in a secondary market transaction on terms as favorable to the Noteholders as would be the case if such person were not so affiliated; provided that the Issuer may consummate the transactions contemplated by the Master Forward Sale Agreement and, provided further, that no disposition by the Issuer of a Collateral Debt Security shall be effected with the Collateral Manager or any Affiliate of the Collateral Manager. The Trustee will have no responsibility to oversee compliance with the above conditions by the other parties.

During the Substitution Period, Specified Principal Proceeds and, after the Substitution Period, Principal Proceeds, will be applied to repayment of principal of the Notes in accordance with the Priority of Payments. See “Description of the Notes—Priority of Payments.”

During the Substitution Period, Principal Proceeds (other than Specified Principal Proceeds) may be reinvested in Collateral Debt Securities if the reinvestment criteria set forth above under “—Eligibility Criteria” are satisfied. If, however, at the time of sale of any Collateral Debt Security, the Collateral Manager has not identified Collateral Debt Securities for purchase, Principal Proceeds (other than Specified Principal Proceeds) may be reinvested in Eligible Investments in the Principal Collection Account, pending reinvestment in Collateral Debt Securities.

Notwithstanding the foregoing, if an Event of Default has occurred and is continuing, the Issuer may not acquire any Collateral Debt Security unless it was the subject of a commitment entered into by the Issuer prior to the occurrence of such Event of Default.

Notwithstanding anything to the contrary set forth in this section “Dispositions of Collateral Debt Securities” or above under “Eligibility Criteria,” the Issuer will have the right to effect any transaction that has been consented to by the Hedge Counterparty, Holders of Notes evidencing 100% of the Aggregate Outstanding Amount of each Class of Notes and each Preference Shareholder, and of which each Rating Agency has been notified.

“Credit Improved Security” means any Collateral Debt Security or any other security included in the Collateral (other than a Defaulted Security) that satisfies one of the following criteria: (1) so long as (a) no rating of any of the Class A Notes or Class B Notes has been reduced below the rating assigned to such Notes on the Issue Date or withdrawn (and has not been reinstated) by Standard & Poor’s or Moody’s, and (b) no rating of any of the Class C Notes or the Class D Notes has been reduced by two or more subcategories below the rating assigned to such Notes on the Issue Date or withdrawn by Standard & Poor’s or Moody’s (and has not been reinstated), the Collateral Manager believes (based on its judgment exercised in accordance with the standard of care set forth in the Collateral Management Agreement) that such Collateral Debt Security or security has improved in credit quality; or (2) such Collateral Debt Security or security has been upgraded or put on a watch list for possible upgrade by one or more rating subcategories by Standard & Poor’s and Moody’s since it was acquired by the Issuer and the Collateral Manager believes (based on its judgment exercised in accordance with the standard of care set forth in the Collateral Management Agreement) that such Collateral Debt Security has improved in credit quality since such date.

“Credit Risk Security” means any Collateral Debt Security that the Collateral Manager believes (as of the date of the Collateral Manager’s determination in accordance with the standard of care set forth in the Collateral Management Agreement based upon currently available information) has a risk of declining in credit quality and, with the lapse of time, becoming a Defaulted Security or a Written Down Security.

“Defaulted Security” means any Collateral Debt Security or any other security included in the Collateral:

(1) as to which the Trustee or the Collateral Manager has actual knowledge that the issuer thereof has defaulted in the payment of principal or interest without regard to any applicable grace period or waiver, provided that a Collateral Debt Security shall not be classified as a “Defaulted Security” under this paragraph if (i) the Collateral Manager certifies to the Trustee, in its judgment, that such payment default is due to non-credit and non-fraud related reasons and such default does not continue for more than five Business Days (or, if earlier, until the next succeeding Determination Date) or (ii) such payment default has been cured by the payment of all amounts that were originally scheduled to have been paid;
(2) as to which the Trustee or the Collateral Manager has actual knowledge that all amounts due under such Collateral Debt Security have been accelerated prior to its stated maturity or such Collateral Debt Security can be immediately so accelerated, unless such rights of acceleration have been waived;

(3) that ranks pari passu with or subordinate to any other material indebtedness for borrowed money owing by the issuer of such security (for purposes hereof, “Other Indebtedness”) if the Trustee or the Collateral Manager has actual knowledge that such issuer had defaulted in the payment (beyond any applicable notice or grace period) of principal or interest with respect to such Other Indebtedness, unless, in the case of a default or event of default consisting of a failure of the obligor on such security to make required interest payments, such Other Indebtedness has resumed current payments of interest (including all accrued interest) in Cash (whether or not any waiver or restructuring has been effected);

(4) as to which the Trustee or the Collateral Manager has actual knowledge that any bankruptcy, insolvency or receivership proceeding has been initiated in connection with the issuer thereof, or there has been proposed or effected any distressed exchange or other debt restructuring pursuant to which the issuer thereof has offered the holders thereof a new security or package of securities that is intended solely to enable the relevant obligor to avoid defaulting in the performance of its obligations under such Collateral Debt Security; provided that a Collateral Debt Security shall not constitute a “Defaulted Security” under this clause (4) if such Collateral Debt Security was acquired in a distressed exchange or other debt restructuring and complies with the requirements of the definition of “Collateral Debt Security”;

(5) that is rated “Cu” or “C” by Moody’s;

(6) that is rated “CC”, “D” or “SD” by Standard & Poor’s or the rating of which by Standard & Poor’s is withdrawn after it has been rated “CC”, “D” or “SD” by Standard & Poor’s;

(7) that is rated “CC” or lower by Fitch;

(8) that is a Defaulted Synthetic Security;

(9) that is a Synthetic Security (other than a Defaulted Synthetic Security) with respect to which there is a Synthetic Security Counterparty Defaulted Obligation; or

(10) that is a Deliverable Obligation that would not satisfy the definition of “Collateral Debt Security” and paragraphs (1), (2), (3), (4), (5)(A), (5)(B), (6), (7), (8) and (16) of the Eligibility Criteria at the time such Deliverable Obligation is delivered to the Issuer;

provided that for the purposes of this definition, the words “actual knowledge” shall mean receipt by a Trust Officer of the Trustee or an officer of the Collateral Manager of any relevant report, documentation or notice from the issuer of or trustee or other service provider with respect to a Collateral Debt Security that states or provides notification that any of the above events has occurred. In addition, the Trustee shall be deemed to have “actual knowledge” that a Collateral Debt Security or any other security included in the Collateral is a Defaulted Security if the Trustee receives (whether received in writing, by electronic means or otherwise) a written notice addressed to the Trustee from the Collateral Manager, any Noteholder, any Preference Shareholder, any Hedge Counterparty or any Rating Agency that such party has obtained knowledge of any such default.

“Defaulted Synthetic Security” means (a) any Synthetic Security as to which, if the applicable Reference Obligation were a Collateral Debt Security, such Reference Obligation would constitute a “Defaulted Security” under the definition thereof (other than any of paragraphs (8), (9) or (10) of such definition) and (b) any Synthetic Security as to which a Deliverable Obligation has become deliverable to the Issuer by reason of the occurrence of one or more “credit events” or other similar circumstances.

“Defeased Synthetic Security” means any Synthetic Security that requires payment by the Issuer from the Synthetic Security Counterparty Account after the date upon which it is pledged to the Trustee and that satisfies the following: (a) the Issuer has caused to be deposited in a Synthetic Security Counterparty Account an amount at least equal to the aggregate of all further payments (contingent or otherwise) that the Issuer is or may be required to make to the Synthetic Security Counterparty under the Synthetic Security; (b) the agreement relating to such Synthetic
Security contains “non-petition” provisions with respect to the Issuer and “limited recourse” provisions limiting the Synthetic Security Counterparty’s rights in respect of the Synthetic Security to the funds and other property credited to the Synthetic Security Counterparty Account related to such Synthetic Security; (c) the agreement relating to such Synthetic Security contains provisions to the effect that upon the occurrence of an “event of default” or “termination event” (other than an “illegality” or “tax event”) where the Synthetic Security Counterparty is the sole “defaulting party,” or the sole “affected party” (“event of default,” “termination event,” “illegality,” “tax event,” “defaulting party” or “affected party,” as applicable, as such terms are defined in the ISDA Master Agreement relating to such Synthetic Security) the Issuer may terminate its obligations under such Synthetic Security and, upon such termination, (x) any lien in favor of the Synthetic Security Counterparty over its related Synthetic Security Counterparty Account shall be terminated and (y) the Issuer shall no longer be obligated to make any payments to the Synthetic Security Counterparty with respect to such Synthetic Security; and (d) the agreement relating to such Synthetic Security provides for, on the first day of each payment period under such Synthetic Security, the full payment of all amounts owing for such period by the Synthetic Security Counterparty to the Issuer into the Synthetic Security Issuer Account.

“Discretionary Sale Percentage” means (a) if the Par Value Differential is or has been at any time less than U.S.$ 1,750,000, 0%, (b) if the Par Value Differential is greater than or equal to U.S.$ 1,750,000 but less than U.S.$ 3,500,000, 7.5% and (c) otherwise, 15%.

“Equity Security” means any security, obligation or other property (other than Cash) acquired by the Issuer as a result of the exercise or conversion of a Collateral Debt Security, in conjunction with the purchase of a Collateral Debt Security or in exchange for a Defaulted Security.

“Margin Stock” means “margin stock” as defined under Regulation U issued by the Board of Governors of the Federal Reserve System.

“Par Value Differential” means, as of any Measurement Date, the excess, if any, of the Net Outstanding Portfolio Collateral Balance on such date over the Aggregate Outstanding Amount of the Notes on such date.

“Trust Officer” means, when used with respect to the Trustee, any officer within the Corporate Trust Office (or any successor group of the Trustee) authorized to act for and on behalf of the Trustee, including any vice president, assistant vice president or other officer of the Trustee customarily performing functions similar to those performed by the persons who at the time shall be such Officers, respectively, or to whom any corporate trust matter is referred within the Corporate Trust Office because of such person’s knowledge of and familiarity with the particular subject.

The Hedge Agreement

The Issuer will on the Issue Date enter into an interest rate protection agreement (such agreement, and any replacement therefor entered into in accordance with the Indenture, the “Hedge Agreement”) with a counterparty with respect to which the Rating Condition has been satisfied (together with any permitted assignee or successor that satisfies the Rating Condition, the “Hedge Counterparty”). The initial Hedge Counterparty will be AIG Financial Products Corp. (the “Initial Hedge Counterparty”), located at 50 Danbury Road, Wilton, CT 06897-4444.

The Hedge Agreement that will be in effect on the Issue Date will provide that the Hedge Counterparty pay an amount on the Issue Date to the Issuer (the “Up Front Payment”). As a result of this Up Front Payment, the amounts payable by the Issuer under the Hedge Agreement on each Distribution Date will be more than such payments would have been if the Up Front Payment had not been made. Moreover, in the event of an early termination of the Hedge Agreement, the Issuer is more likely to be required to make a termination payment to the Hedge Counterparty (and the amount of such termination payment is likely to be greater) as a result of the Up Front Payment. However, the initial Cash Balance in the Uninvested Proceeds Account will be greater on the Issue Date than it would have been if the Up Front Payment was not paid.

Pursuant to the Priority of Payments, scheduled payments required to be made by the Issuer under the Hedge Agreement, together with any termination payments payable by the Issuer other than by reason of an “event of default” or “termination event” (other than “illegality” or “tax event”) (each as defined in the Hedge Agreement) with respect to which the Hedge Counterparty is the sole defaulting or sole affected party, will be payable pursuant
to paragraph (4) under “Priority of Payments—Interest Proceeds” and paragraph (1) under “Priority of Payments—Principal Proceeds.” Termination payments owed by the Issuer by reason of an event of default or termination event (other than “illegality” or “tax event”) with respect to which the Hedge Counterparty is the sole defaulting or sole affected party shall be payable pursuant to paragraph (17) under “Priority of Payments—Interest Proceeds” but only to the extent that the Issuer is unable to, or determines not to, replace the relevant terminated Hedge Agreement. In all other cases, such termination payments shall be payable solely by the replacement hedge counterparty and not by the Issuer or pursuant to the priority of payments under the Indenture. Each Hedge Agreement will be governed by New York law.

Each Hedge Agreement will provide that, in respect of any Hedge Counterparty (other than the Initial Hedge Counterparty), if:

(i) (x)(i) the unsecured, unguaranteed and otherwise unsupported long-term senior debt obligations of its Hedge Rating Determining Party are rated below “A1” by Moody’s (or rated “A1” by Moody’s and on watch for possible downgrade) and (ii) the unsecured, unguaranteed and otherwise unsupported short-term debt obligations of its Hedge Rating Determining Party are rated below “P1” by Moody’s and such rating is on watch for possible downgrade or (y) it its Hedge Determining Party does not have a short-term rating from Moody’s, the unsecured, unguaranteed and otherwise unsupported long-term senior debt obligations of such Hedge Rating Determining Party are rated below “A3” by Moody’s or are rated “Aa3” by Moody’s and such rating is on watch for possible downgrade, then the relevant Hedge Counterparty will, within 30 Business Days of such ratings downgrade, enter into an agreement with the Issuer providing for the posting of collateral, which agreement satisfies the Rating Condition;

(ii) its Hedge Rating Determining Party (A) fails to satisfy the Ratings Threshold, then the Hedge Counterparty will either (x) assign its rights and obligations in and under the related Hedge Agreement (at its own expense) to another Hedge Counterparty that has ratings at least equal to the Hedge Counterparty Ratings Requirement and such assignment satisfies the Rating Condition or (y) if such Hedge Counterparty is unable to assign its rights and obligations within 30 days, enter into any other agreement with or arrangement for the benefit of the Issuer and the Trustee that is reasonably satisfactory to the Trustee on behalf of the Issuer and that satisfies the Rating Condition or (B) fails to maintain, at least a short-term rating by Standard & Poor’s of at least “A-3” and long-term senior unsecured debt rating by Standard & Poor’s of at least “BBB–”, then as soon as practicable but in no event later than 10 days following such failure, the Hedge Counterparty shall assign its obligations in and under the Hedge Agreement (at its own expense) to another Hedge Counterparty that has ratings at least equal to the Hedge Counterparty Ratings Requirement.

In respect of the Initial Hedge Counterparty, the related Hedge Agreement will provide that:

(i) if a Collateralization Event occurs, the Initial Hedge Counterparty and the Issuer will enter into an agreement, solely at the expense of the Initial Hedge Counterparty, in the form of the ISDA Credit Support Annex attached as Annex B to the Hedge Agreement; provided that, a Ratings Event will be deemed to have occurred if the Initial Hedge Counterparty has not, within 30 days following a Collateralization Event, (A) provided sufficient collateral as required under the Initial Hedge Agreement, (B) found another Hedge Counterparty in accordance with paragraph (ii) below, (C) obtained a guarantor for the obligations of the Initial Hedge Counterparty under the Hedge Agreement which satisfies the Hedge Counterparty Ratings Requirement or (D) taken such other steps as each Rating Agency that has downgraded the Hedge Rating Determining Party in respect of the Initial Hedge Counterparty may require to cause the obligations of the Initial Hedge Counterparty under the Hedge Agreement to be treated by such Rating Agency as if such obligations were owed by a counterparty which satisfies the Hedge Counterparty Ratings Requirement;

(ii) at any time following a Collateralization Event, the Initial Hedge Counterparty may elect, upon 10 days’ prior written notice to the Issuer, to transfer the Hedge Agreement and assign its rights and obligations thereunder to another Hedge Counterparty that satisfies the Hedge Counterparty Ratings Requirement subject to and in accordance with the terms of the related Hedge Agreement; provided that such transfer satisfies the Rating Condition;
(iii) at any time following a Collateralization Event, the Initial Hedge Counterparty may terminate the Hedge Agreement on any Distribution Date, provided that (i) the Initial Hedge Counterparty has identified another Hedge Counterparty that satisfies the Hedge Counterparty Ratings Requirement and (ii) the entry into any replacement Hedge Agreement in connection with such termination satisfies the Rating Condition; and

(iv) following the occurrence of a Ratings Event, the Issuer may terminate the Hedge Agreement unless the Initial Hedge Counterparty will assign its rights and obligations in and under the Hedge Agreement (at its own expense) to another Hedge Counterparty that has ratings at least equal to the Hedge Counterparty Ratings Requirement in accordance with the terms of the Hedge Agreement (x) in the case of a Ratings Event as a result of a downgrade, withdrawal or suspension by Moody’s or Fitch, within 10 days following such Ratings Event or, if the Issuer does not select another Hedge Counterparty within 10 days following such Ratings Event, to a party selected by the Initial Hedge Counterparty within 20 days following the end of such 10 day period or (y) in the case of a Ratings Event as a result of a downgrade, withdrawal or suspension by Standard & Poor’s, as soon as practicable but in no event later than 10 Business Days following such Ratings Event.

"Collateralization Event" means in respect of the Initial Hedge Counterparty, the occurrence of any of the following: (i)(a) the short-term senior unsecured debt rating of the Initial Hedge Counterparty’s Credit Support Provider from Standard & Poor’s falls below “A-1” or no such long-term rating from Standard & Poor’s exists and (b) the short-term rating of the Initial Hedge Counterparty’s Credit Support Provider from Standard & Poor’s falls below “A-1” or no such short-term rating from Standard & Poor’s exists; (ii) the long-term senior unsecured debt rating of the Initial Hedge Counterparty’s Credit Support Provider from Moody’s falls to “A3” (and is on credit watch for possible downgrade) or below “Aa3,” if the Initial Hedge Counterparty’s Credit Support Provider has no short-term senior unsecured debt rating; (iii) the long-term senior unsecured debt rating of the Initial Hedge Counterparty’s Credit Support Provider from Moody’s falls to “A1” (and is on credit watch for possible downgrade) or below “A1” or the short-term senior unsecured debt rating of the Initial Hedge Counterparty or, if no such rating is available, the Initial Hedge Counterparty’s Credit Support Provider or, if no such rating is available, a guaranteed affiliate thereof (whose rating is based solely upon the support of the Initial Hedge Counterparty’s Credit Support Provider) from Moody’s, if so rated by Moody’s, falls to “P-1” and is on credit watch for possible downgrade) or below “P-1” or (iv) the short-term issuer credit rating of the Initial Hedge Counterparty’s Credit Support Provider from Fitch falls to “F2” or the long-term senior unsecured debt rating of the Initial Hedge Counterparty’s Credit Support Provider from Fitch falls below “A-1.”

"Hedge Counterparty Ratings Requirement" means, with respect to a Hedge Counterparty (other than the Initial Hedge Counterparty) or any permitted transferee thereof, (a) either (i) the unsecured, unguaranteed and otherwise unsupported short-term debt obligations of the related Hedge Rating Determining Party are rated at least “A-1” by Standard & Poor’s, or (ii) if no short-term debt obligations of such Hedge Rating Determining Party are rated by Standard & Poor’s, the unsecured, unguaranteed and otherwise unsupported long-term senior debt obligations of such Hedge Rating Determining Party are rated at least “A+” by Standard & Poor’s, (b)(i)(x) the unsecured, unguaranteed and otherwise unsupported short-term debt obligations of such Hedge Rating Determining Party are rated “P-1” by Moody’s and such rating is not on watch for possible downgrade and (y) the unsecured, unguaranteed and otherwise unsupported long-term senior debt obligations of such Hedge Rating Determining Party are rated higher than “A1” by Moody’s or are rated “A1” by Moody’s and such rating is not on watch for possible downgrade or (ii) if there is no such Moody’s short-term debt obligations rating, the unsecured, unguaranteed and otherwise unsupported long-term senior debt obligations of such Hedge Rating Determining Party are rated higher than “Aa3” by Moody’s or are rated “Aa3” by Moody’s and such rating is not on watch for possible downgrade and (c) either (i) the unsecured, unguaranteed and otherwise unsupported short-term debt obligations of such Hedge Rating Determining Party are rated at least “F1” by Fitch or (ii) if there is no such short-term debt rating by Fitch, the unsecured, unguaranteed and otherwise unsupported long-term senior debt obligations of such Hedge Rating Determining Party are rated at least “A” by Fitch.

"Hedge Rating Determining Party" means, with respect to any Hedge Counterparty, (a) unless clause (b) applies with respect to the related Hedge Agreement, the Hedge Counterparty or any transferee thereof or (b) any affiliate of the Hedge Counterparty or any transferee thereof that unconditionally and absolutely guarantees (with such form of guarantee satisfying Standard & Poor’s then-published criteria with respect to guarantees) the
obligations of such Hedge Counterparty or such transferee, as the case may be, under such Hedge Agreement. For the purpose of this definition, no direct or indirect recourse against one or more shareholders of the Hedge Counterparty or any such transferee (or against any Person in control of, or controlled by, or under common control with, any such shareholder) shall be deemed to constitute a guarantee, security or support of the obligations of such Hedge Counterparty or any such transferee.

“Ratings Event” means, with respect to the Hedge Agreement entered into on the Issue Date between the Issuer and the Initial Hedge Counterparty, the occurrence of any of the following: (i) the long term senior unsecured debt rating of the Initial Hedge Counterparty’s Credit Support Provider from Moody’s is withdrawn, suspended or falls to or below “A2”, if the Initial Hedge Counterparty’s Credit Support Provider has no short term senior unsecured debt rating; (ii) the long term senior unsecured debt rating of the Initial Hedge Counterparty’s Credit Support Provider is withdrawn, suspended or falls to or below “A3” or the short term senior unsecured debt rating of the Initial Hedge Counterparty or, if no such rating is available, the Initial Hedge Counterparty’s Credit Support Provider or, if no such rating is available, a guaranteed affiliate thereof (whose rating is based solely upon the support of the Initial Hedge Counterparty’s Credit Support Provider) from Moody’s, if so rated by Moody’s, falls to or below “P2”; (iii) the long term senior unsecured debt rating of the Initial Hedge Counterparty’s Credit Support Provider from Standard & Poor’s is withdrawn, suspended or falls below “BBB-“ or the short-term senior unsecured debt rating of the Initial Hedge Counterparty’s Credit Support Provider from Standard & Poor’s is withdrawn, suspended or falls below “A-3”; (iv) the short term issuer credit rating of the Initial Hedge Counterparty’s Credit Support Provider from Fitch is withdrawn, suspended or falls below “F2” or the long term senior unsecured debt rating of the Initial Hedge Counterparty’s Credit Support Provider from Fitch is withdrawn, suspended or falls below “BBB+”; or (v) the failure of the Initial Hedge Counterparty to satisfy the requirements under Part 5(b)(1)(ii) of the Schedule to the initial Hedge Agreement.

“Ratings Threshold” means, with respect to a Hedge Counterparty (other than the Initial Hedge Counterparty), (a) either (i) the unsecured, unguaranteed and otherwise unsupported long term debt obligations of such Hedge Counterparty (or any affiliate of such Hedge Counterparty that unconditionally and absolutely guarantees, with such form of guarantee satisfying Standard & Poor’s then published criteria with respect to guarantees, the obligations of such Hedge Counterparty under the Hedge Agreement to which it is a party) are rated at least “A-1” by Standard & Poor’s or (ii) if the Hedge Counterparty (or any affiliate of a Hedge Counterparty that unconditionally and absolutely guarantees, with such form of guarantee satisfying Standard & Poor’s then published criteria with respect to guarantees, the obligations of such Hedge Counterparty) does not have a short term rating from Standard & Poor’s, the unsecured, unguaranteed and otherwise unsupported long term senior debt obligations of such Hedge Counterparty (or any affiliate of a Hedge Counterparty that unconditionally and absolutely guarantees the obligations of such Hedge Counterparty) are rated at least “A+” by Standard & Poor’s, (b) either (i) the unsecured, unguaranteed and otherwise unsupported short term debt obligations of such Hedge Counterparty (or any affiliate of a Hedge Counterparty that unconditionally and absolutely guarantees the obligations of such Hedge Counterparty) are rated at least “P-1” by Moody’s (whether or not such rating is on watch for possible downgrade) and (y) the unsecured, unguaranteed and otherwise unsupported long term senior debt obligations of such Hedge Counterparty (or any affiliate of a Hedge Counterparty that unconditionally and absolutely guarantees the obligations of such Hedge Counterparty) are rated at least “A2” by Moody’s (whether or not such rating is on watch for possible downgrade) or (ii) if the Hedge Counterparty (or any affiliate of a Hedge Counterparty that unconditionally and absolutely guarantees the obligations of such Hedge Counterparty) does not have a short term rating from Moody’s, the unsecured, unguaranteed and otherwise unsupported long term senior debt obligations of such Hedge Counterparty (or any affiliate of a Hedge Counterparty that unconditionally and absolutely guarantees the obligations of such Hedge Counterparty) are rated at least “A1” by Moody’s (whether or not such rating is on watch for possible downgrade) and (c) either (x) the short term debt rating, issuer rating or counterparty rating of such Hedge Counterparty (or any affiliate of a Hedge Counterparty that unconditionally and absolutely guarantees the obligations of such Hedge Counterparty) is at least “F1” by Fitch or (y) if the Hedge Counterparty (or any affiliate of a Hedge Counterparty that unconditionally and absolutely guarantees the obligations of such Hedge Counterparty) does not have a short term rating by Fitch, the short term debt rating, issuer rating or counterparty rating of such Hedge Counterparty (or any affiliate of a Hedge Counterparty that unconditionally and absolutely guarantees the obligations of such Hedge Counterparty) is at least “A” by Fitch. For the purpose of this definition, no direct or indirect recourse against one or more shareholders of such Hedge Counterparty (or against any Person in control of, or controlled by, or under common control with, any
such shareholder) shall be deemed to constitute a guarantee, security or support of the obligations of such Hedge Counterparty.

The Trustee will deposit all collateral received from the Hedge Counterparty under the Hedge Agreement in a Securities Account in the name of the Trustee designated a “Hedge Counterparty Collateral Account,” which accounts will be held in trust by the Trustee for the benefit of the Secured Parties.

Each Hedge Agreement will be subject to termination upon the earlier to occur of the following: (a) notice of liquidation of the Collateral following an Event of Default under the Indenture and (b) notice of any Auction Call Redemption, Optional Redemption or Tax Redemption, but only to the extent any such redemption has become irrevocable. The Issuer and the Hedge Counterparty may from time to time (1) prior to the Ramp-Up Completion Date, enter into additional interest rate swap and interest rate cap transactions under the Hedge Agreement and (2) following the Ramp-Up Completion Date enter into additional interest rate swap and interest rate cap transactions or reduce the notional amount under the interest rate swap and interest rate cap transactions so long as, in each case, such action by the Issuer satisfies the Rating Condition. If amounts are applied to a redemption of the Notes on any Distribution Date in accordance with the Priority of Payments by reason of a Rating Confirmation Failure or a failure to satisfy any of the Coverage Tests, then, subject to the satisfaction of the Rating Condition, the Hedge Agreement will be subject to partial termination on such Distribution Date with respect to a portion of the notional amount thereof equal to the Aggregate Outstanding Amount of Notes so redeemed on such Distribution Date. Upon any such termination or reduction of a notional amount, a termination payment with respect to the notional amount terminated or reduced may become payable by the Hedge Counterparty or the Issuer to the other party under the Hedge Agreement, with such termination payment being calculated as described below.

If at any time the Hedge Agreement becomes subject to early termination due to the occurrence of an “event of default” or a “termination event” (each as defined in the Hedge Agreement) attributable to the Hedge Counterparty thereto, the Issuer and the Trustee, in consultation with the Collateral Manager, will take such actions (following the expiration of any applicable grace period) to enforce the rights of the Issuer and the Trustee thereunder as may be permitted by the terms of the Hedge Agreement and consistent with the terms hereof, and will apply the proceeds of any such actions (including the proceeds of the liquidation of any collateral pledged by the Hedge Counterparty) to enter into a replacement Hedge Agreement which shall (x) be on substantially identical terms as the Hedge Agreement (except to the extent that the Issuer (with the advice of the Collateral Manager) determines that any such term or condition either is not reasonably available in the market or could result in a reduction or withdrawal in the rating of any Class of the Notes, (y) be with a Hedge Counterparty with respect to which the Rating Condition will have been satisfied and (z) satisfy the Rating Condition. In determining the amount payable under the terminated Hedge Agreement, the Issuer will seek quotations from reference market-makers that satisfy the Hedge Counterparty Ratings Requirement. In addition, the Issuer will use its best efforts to cause the termination of the Hedge Agreement to become effective simultaneously with the entry into a replacement Hedge Agreement described as aforesaid.

In respect of the Initial Hedge Counterparty, the related Hedge Agreement will provide that following the occurrence of a Subordinated Termination Event, the Issuer agrees not to exercise its right to terminate the Hedge Agreement unless (i) no amounts would be owed by the Issuer to the Initial Hedge Counterparty as a result of such termination (or the Issuer certifies to the Initial Hedge Counterparty that the funds available on the next Distribution Date will be sufficient to pay such termination payment) or (ii) at the option of the Issuer, the Initial Hedge Counterparty shall be required to assign its rights and obligations under the Hedge Agreement at no cost to the Issuer (it being understood that the Initial Hedge Counterparty shall pay the Issuer’s expenses in connection therewith, including legal fees) to a party selected by the Issuer (with the assistance of the Initial Hedge Counterparty, which assistance will not be unreasonably withheld) (the “Subordinated Termination Substitute Party”) (x) in the case of a Subordinated Termination Event other than an S&P Ratings Event within 30 days following the selection of a Subordinated Termination Substitute Party by the Issuer or (y) in the case of a Subordinated Termination Event that is also an S&P Ratings Event, as soon as practicable but in no event later than 10 Business Days following such S&P Ratings Event, provided, that the Subordinated Termination Substitute Party satisfies the Hedge Counterparty Ratings Requirement and such assignment satisfies the Rating Condition.

“Subordinated Termination Event” means any Event of Default where the Initial Hedge Counterparty is the defaulting party or a termination event where the Initial Hedge Counterparty is the sole Affected Party (other than Illegality or Tax Event).
"S&P Ratings Event" means a Ratings Event occurring as a result of a downgrade, withdrawal or suspension from Standard & Poor's.

The obligations of the Issuer under the Hedge Agreements are limited recourse obligations payable solely from the Collateral subject to and in accordance with the Priority of Payments.

The Accounts

Collection Accounts

All distributions on the Collateral Debt Securities and any proceeds received from the disposition of any such Collateral Debt Securities, to the extent such distributions or proceeds constitute Interest Proceeds, and any amounts payable to the Issuer by the Hedge Counterparty under the Hedge Agreement will be remitted to a single, segregated account established and maintained under the Indenture by the Trustee (the "Interest Collection Account") except that certain Interest Proceeds received during any Due Period with respect to any Semi-Annual Pay Security will be deposited in the Interest Equalization Account. All distributions on the Collateral Debt Securities and any proceeds received from the disposition of any such Collateral Debt Securities to the extent such distributions or proceeds constitute Principal Proceeds (unless, during the Substitution Period, such Principal Proceeds (other than Specified Principal Proceeds) are simultaneously reinvested in Collateral Debt Securities or Eligible Investments in accordance with the Indenture) will be remitted to a single, segregated account established and maintained under the Indenture by the Trustee (the "Principal Collection Account" and, together with the Interest Collection Account, the "Collection Accounts"). The Collection Accounts will be maintained for the benefit of the Secured Parties and amounts on deposit therein will be available, together with reinvestment earnings thereon, for application in the order of priority set forth above under "Description of the Notes—Priority of Payments" and for the acquisition of Collateral Debt Securities under the circumstances and pursuant to the requirements described herein and in the Indenture.

Amounts received in the Collection Accounts during a Due Period and amounts received in prior Due Periods and retained in the Collection Accounts under the circumstances set forth above in "Description of the Notes—Priority of Payments" will be invested in Eligible Investments (as described below) with stated maturities no later than the Business Day immediately preceding the next Distribution Date. All such proceeds will be retained in the Collection Accounts unless used to purchase Collateral Debt Securities during the Substitution Period in accordance with the Eligibility Criteria, to honor commitments with respect thereto entered into during the Substitution Period, or used as otherwise permitted under the Indenture. See "—Eligibility Criteria."

"Eligible Investments" include any U.S. Dollar-denominated investment that is one or more of the following (and may include investments for which the Trustee and/or its affiliates provides services or receives compensation):

(a) Cash;
(b) direct Registered obligations of, and Registered obligations the timely payment of principal and interest on which is fully and expressly guaranteed by, the United States or any agency or instrumentality of the United States the obligations of which are expressly backed by the full faith and credit of the United States;
(c) demand and time deposits in, certificates of deposit of, bankers’ acceptances payable within 183 days of issuance issued by, or Federal funds sold by any depository institution or trust company incorporated under the laws of the United States or any state thereof and subject to supervision and examination by Federal and/or state banking authorities so long as the commercial paper and/or the debt obligations of such depository institution or trust company (or, in the case of the principal depository institution in a holding company system, the commercial paper or debt obligations of such holding company) at the time of such investment or contractual commitment providing for such investment have a credit rating of not less than "Aa2" by Moody’s, "AA+" by Standard & Poor’s and “AA+” by Fitch in the case of long-term debt obligations, or “P-1” by Moody’s, “A-1+” by Standard & Poor’s and “F1+” by Fitch in the case of commercial paper and short-term debt obligations; provided that (i) in each case, the issuer thereof must have at the time of such investment a long-term credit rating of not less than "Aa2" by Moody’s and "AA+" by Fitch, and (ii) in the case of commercial paper and short-term debt obligations with a maturity of
longer than 91 days, the issuer thereof must also have at the time of such investment a long-term credit rating of not less than “AA+” by Standard & Poor’s and “AA+” by Fitch;

(d) unleveraged repurchase obligations (if treated as debt for tax purposes by the issuer) with respect to (i) any security described in clause (b) above or (ii) any other Registered security issued or guaranteed by an agency or instrumentality of the United States (in each case without regard to the Stated Maturity of such security), in either case entered into with a U.S. Federal or state depository institution or trust company (acting as principal) described in clause (c) above or entered into with a corporation (acting as principal) whose long-term rating is not less than “Aa2” by Moody’s, “AA+” by Standard & Poor’s and “AA+” by Fitch or whose short-term credit rating is “P-1” by Moody’s, “A-1+” by Standard & Poor’s and “F1+” by Fitch at the time of such investment; provided that (i) in each case, the issuer thereof must have at the time of such investment a long-term credit rating of not less than “Aa2” by Moody’s and (ii) if such security has a maturity of longer than 91 days, the issuer thereof must also have at the time of such investment a long-term credit rating of not less than “AA+” by Standard & Poor’s and “AA+” by Fitch;

(c) Registered debt securities bearing interest or sold at a discount issued by any corporation incorporated under the laws of the United States or any state thereof that have a credit rating of not less than “Aa2” by Moody’s, “A+” by Standard & Poor’s and “AA+” by Fitch;

(f) commercial paper or other short-term obligations with a maturity of not more than 183 days from the date of issuance and having at the time of such investment a credit rating of “P-1” by Moody’s, “A-1+” by Standard & Poor’s and “F1+” by Fitch; provided that (i) in each case, the issuer thereof must have at the time of such investment a long-term credit rating of not less than “Aa2” by Moody’s and “AA+” by Fitch, and (ii) if such security has a maturity of longer than 91 days, the issuer thereof must also have at the time of such investment a long-term credit rating of not less than “AA+” by Standard & Poor’s and “AA+” by Fitch;

(g) Reinvestment Agreements issued by any bank (if treated as a deposit by such bank), or a registered Reinvestment Agreement issued by any insurance company or other corporation or entity organized under the laws of the United States or any state thereof (if treated as debt for tax purposes by the issuer), in each case, that has a credit rating of not less than “P-1” by Moody’s, “A-1+” by Standard & Poor’s and “F1+” by Fitch; provided that (i) in any case, the issuer thereof must have at the time of such investment a long-term credit rating of not less than “Aa2” by Moody’s and “AA+” by Fitch, and (ii) if such security has a maturity of longer than 91 days, the issuer thereof must also have at the time of such investment a long-term credit rating of not less than “AA+” by Standard & Poor’s and “AA+” by Fitch; and

(h) any money market fund or similar investment vehicle (including those for which the Bank or its Affiliates may act as manager or adviser, whether or not for a fee) having at the time of investment therein the highest credit rating assigned by each of the Rating Agencies; provided that the ownership of an interest in such fund or vehicle will not subject the Issuer to net income tax in any jurisdiction;

and, in each case (other than clause (a)), with a Stated Maturity (giving effect to any applicable grace period) no later than the Business Day immediately preceding the Distribution Date next following the Due Period in which the date of investment occurs; provided that Eligible Investments may not include (i) any security purchased at a price in excess of 100% of the par value thereof or any security whose repayment is subject to substantial non-credit related risk as determined in the reasonable business judgment of the Collateral Manager, (ii) any floating rate security whose interest rate is inversely or otherwise not proportionately related to an interest rate index or is calculated as other than the sum of an interest rate index plus a spread, (iii) any mortgage-backe security, (iv) any security whose rating by Standard & Poor’s includes the subscript “r,” “t,” “p,” “pi” or “q,” (v) any interest-only security or (vi) any security that is subject to an offer of exchange; provided, further, such Eligible Investments either shall be treated as indebtedness for U.S. federal income tax purposes, or the Issuer has received written advice from Cadwalader, Wickersham & Taft LLP or an opinion of other nationally recognized U.S. tax counsel experienced in such matters to the effect that the ownership of such security shall not cause the Issuer to be treated as engaged in a trade or business within the United States for U.S. federal income tax purposes or otherwise subject the Issuer to U.S. federal income tax on a net income tax basis, and such Eligible Investments shall not be subject to deduction or withholding for or account of any withholding or similar tax, unless the payor is required to make “gross-up” payments that ensure that the net amount actually received by the Issuer (free and clear of taxes, whether
assessed against such obligor or the Issuer) will equal the full amount that the Issuer would have received had no such deduction or withholding been required.

“Bank” means Wells Fargo Bank, National Association, a national banking association organized under the laws of the United States, in its individual capacity and not as Trustee.

“Balance” means at any time, with respect to Cash or Eligible Investments in any Account at such time, the aggregate of the (i) current balance of Cash, demand deposits, time deposits, certificates of deposit and federal funds; (ii) principal amount of interest-bearing corporate and government securities, money market accounts, repurchase obligations and Reinvestment Agreements; and (iii) purchase price (but not greater than the face amount) of non-interest-bearing government and corporate securities and commercial paper.

“Reinvestment Agreement” means a guaranteed reinvestment agreement from a bank, insurance company or other corporation or entity organized under the laws of the United States or any state thereof under which no payments are subject to any withholding tax; provided that such agreement provides that it is terminable by the purchaser, without premium or penalty, in the event that the rating assigned to such agreement by any Rating Agency is at any time lower than the rating required pursuant to the terms of the Indenture to be assigned to such agreement in order to permit the purchase thereof.

Interest Equalization Account

During any Due Period, the Trustee will deposit such amount of distributions received on any Semi-Annual Pay Security during any Due Period that the Collateral Manager reasonably determines necessary to equalize quarterly interest cash flows and to the extent such distributions or proceeds constitute Interest Proceeds. Such amounts will be remitted to a single, segregated account established and maintained under the Indenture by the Trustee (the “Interest Equalization Account”). The Interest Equalization Account will be maintained for the benefit of the Noteholders, and amounts deposited therein in respect of any Due Period will be available, together with investment earnings thereon, for payment to the Interest Collection Account on the last day of the next succeeding Due Period (to be applied as Interest Proceeds). In addition, in connection with any redemption of the Notes, the full amount on deposit in the Interest Equalization Account will be paid to the Interest Collection Account and available to pay the redemption price of the Notes as if such amount had originally been on deposit in the Interest Collection Account. Amounts on deposit in the Interest Equalization Account will be invested in Eligible Investments with stated maturities no later than the last day of the next succeeding Due Period.

As used herein, “Semi-Annual Pay Security” means any Collateral Debt Security that, pursuant to the terms of the related Underlying Instruments, pays interest no more frequently than semi-annually.

Payment Account

On or prior to the Business Day prior to each Distribution Date, the Trustee will deposit into a single, segregated account established and maintained by the Trustee under the Indenture (the “Payment Account”) for the benefit of the Secured Parties all funds in the Collection Accounts (other than amounts received after the end of the Due Period with respect to such Distribution Date) required for payments to Noteholders and payments of fees and expenses in accordance with the priority described under “Description of the Notes—Priority of Payments.”

Uninvested Proceeds Account

On the Issue Date (and, following such date, on the date of any Borrowing under the Class A-1B-1 Notes), the Trustee will deposit into a single, segregated account established and maintained by the Trustee under the Indenture (the “Uninvested Proceeds Account”) all Uninvested Proceeds (other than the organizational and structuring fees and expenses of the Co-Issuers (including, without limitation, the legal fees and expenses of counsel to the Co-Issuers, the Initial Purchaser and the Collateral Manager), the expenses of offering the Offered Securities and amounts deposited in the Expense Account on such date. On and prior to the Ramp-Up Completion Date, the Collateral Manager on behalf of the Issuer may direct the Trustee to, and upon such direction the Trustee will, invest funds in the Uninvested Proceeds Account in Collateral Debt Securities or Eligible Investments as designated by the Collateral Manager. Interest and other income from such investments will be deposited in the Uninvested Proceeds Account, any gain realized from such investments will be credited to the Uninvested Proceeds Account, and any loss
resulting from such investments will be charged to the Uninvested Proceeds Account. Interest and other income in respect of any Eligible Investments that is received in any Due Period will be transferred to the Interest Collection Account and treated as Interest Proceeds on the related Distribution Date. If the Issuer has obtained a Rating Confirmation as provided in the Indenture, the Trustee will transfer any Uninvested Proceeds remaining on deposit in the Uninvested Proceeds Account on the Ramp–Up Completion Date (excluding (i) amounts transferred to the Interest Collection Account as specified above and (ii) any amounts necessary to settle all agreements entered into by the Issuer on or prior to the Ramp–Up Completion Date to acquire Collateral Debt Securities scheduled to settle after the Ramp–Up Completion Date) to the Payment Account to be treated, first, as Interest Proceeds in an amount equal to the lesser of (a) the Interest Excess and (b) U.S.$ 1,000,000 and, second, as Principal Proceeds, on the first Distribution Date thereafter in accordance with the Priority of Payments. Following the occurrence of a Rating Confirmation Failure, the Trustee will apply, on the first Distribution Date thereafter, Uninvested Proceeds to cure such Rating Confirmation Failure to the extent specified by a Rating Agency in order to obtain a Rating Confirmation.

Expense Account

On the Issue Date, after payment of the organizational and structuring fees and expenses of the Co-Issuers (including, without limitation, the legal fees and expenses of counsel to the Co-Issuers, the Initial Purchaser and the Collateral Manager) and the expenses of offering the Offered Securities, U.S.$ 75,000 from the proceeds of the offering of the Offered Securities will be deposited by the Trustee into a single, segregated account established and maintained by the Trustee under the Indenture (the “Expense Account”). All funds on deposit in the Expense Account will be invested in Eligible Investments. Amounts on deposit in the Expense Account may be withdrawn from time to time to pay accrued and unpaid expenses of the Co-Issuers (other than fees and expenses of the Trustee and the Collateral Administrator and the Collateral Manager Fee, but including other amounts payable by the Issuer to the Collateral Manager under the Collateral Management Agreement or the Indenture). All funds on deposit in the Expense Account at the time when substantially all of the Issuer’s assets have been sold or otherwise disposed of (as determined by the Collateral Manager) will be deposited by the Trustee into the Payment Account for application as Interest Proceeds on the immediately succeeding Distribution Date. After the Issue Date, additional amounts may be credited to the Expense Account on any Distribution Date as described under “Description of the Notes—Priority of Payments.”

Interest Reserve Account

On the Issue Date U.S.$ 175,000 from the proceeds of the offering of the Offered Securities will be deposited by the Trustee into a single account established and maintained by the Trustee under the Indenture (the “Interest Reserve Account”). All funds on deposit in the Interest Reserve Account will be invested in Eligible Investments at the direction of the Collateral Manager. The only permitted withdrawal from or application of funds on deposit in, or otherwise standing to the credit of, the Interest Reserve Account will be as follows: at least one Business Day prior to the first Distribution Date, the Trustee will transfer all funds on deposit in the Interest Reserve Account to the Payment Account for application as Interest Proceeds in accordance with the Priority of Payments.

Preference Share Payment Account

On each Distribution Date, the Trustee, in accordance with the Priority of Payments, will transfer to the Preference Share Paying Agent the amounts (if any) for deposit to a segregated account (the “Preference Share Payment Account”) established and maintained by the Preference Share Paying Agent pursuant to the Preference Share Paying Agent Agreement. The Preference Share Payment Account and any sums standing to the credit thereof will not form part of the Collateral.

Synthetic Security Counterparty Accounts

For each Defeased Synthetic Security, the Trustee will establish a trust account (each such account, a “Synthetic Security Counterparty Account”) that will be held in the name of the Trustee in trust for the benefit of the related Synthetic Security Counterparty and over which the Trustee will have exclusive control and the sole right of withdrawal in accordance with the applicable Synthetic Security and the Indenture. The Trustee and the Issuer will, in connection with the establishment of a Synthetic Security Counterparty Account, enter into a separate account control and security agreement with the Synthetic Security Counterparty setting forth the rights and
obligations of the Issuer, the Trustee and the Synthetic Security Counterparty with respect to such account and
pursuant to which the Issuer will Grant the Trustee a first priority security interest in such Synthetic Security
Counterparty Account for the benefit of the Synthetic Security Counterparty. As directed by Issuer Order executed
by the Collateral Manager, the Trustee will withdraw from the Uninvested Proceeds Account and deposit into each
Synthetic Security Counterparty Account the amount required to secure the obligations of the Issuer in accordance
with the terms of the related Deceased Synthetic Security to the extent that the relevant amount has not been
deposited in the Synthetic Security Counterparty Account from the net proceeds received by the Issuer from the
issuance of the Notes and the Preference Shares or Borrowings under the Class A-1B-1 Notes, which amount will be
at least equal to the amount referred to in paragraph (a) of the definition of Deceased Synthetic Security.

In accordance with the terms of the applicable Deceased Synthetic Security and related account control and
security agreement, amounts standing to the credit of a Synthetic Security Counterparty Account will be invested in
Eligible Investments. Amounts and property credited to a Synthetic Security Counterparty Account will be
withdrawn by the Trustee at the direction of the Collateral Manager and applied to the payment of any amounts
payable by the Issuer to the related Synthetic Security Counterparty in accordance with the terms of such Deceased
Synthetic Security. To the extent that the Issuer is entitled to receive interest on Eligible Investments credited to a
Synthetic Security Counterparty Account, the Collateral Manager will, by Issuer Order, direct the Trustee to deposit
such amounts in the Exchange Collection Account. After payment of all amounts owing by the Issuer to a Synthetic
Security Counterparty in accordance with the terms of the related Deceased Synthetic Security or a default by the
Synthetic Security Counterparty which entitles the Issuer to terminate its obligations with respect to such Synthetic
Security Counterparty, the Collateral Manager, by Issuer Order, will direct the Trustee to withdraw all funds and
other property credited to the Synthetic Security Counterparty Account related to such Deceased Synthetic Security
and credit such funds and other property to the Principal Collection Account (in the case of Cash and Eligible
Investments) and the Custodial Account (in the case of Collateral Debt Securities and other financial assets) for
application in accordance with the terms of the indenture.

Except for interest on Eligible Investments standing to the credit of a Synthetic Security Counterparty
Account payable to the Issuer as described pursuant to the preceding paragraph, funds and other property standing to
the credit of a Synthetic Security Counterparty Account will not be considered to be an asset of the Issuer for
purposes of the Collateral Quality Tests or Coverage Tests or the Class A/B Sequential Pay Test; however the
Deceased Synthetic Security that relates to such Synthetic Security Counterparty Account will be considered an asset
of the Issuer for such purposes.

Each Synthetic Security Counterparty Account will remain at all times with a financial institution
organized and doing business under the laws of the United States or any State thereof, authorized under such laws to
exercise corporate trust powers and having a long-term debt rating of at least “Baa1” by Moody’s (and, if rated
“Baa1,” not be on watch for possible downgrade by Moody’s) and at least “BBB+” by Standard & Poor’s and a
combined capital and surplus in excess of U.S.$ 250,000,000.

**Synthetic Security Issuer Accounts**

If the terms of any Synthetic Security require the Synthetic Security Counterparty to secure its obligations
with respect to such Synthetic Security, the Trustee will cause to be established a securities account in respect of
such Synthetic Security (each such account, a "**Synthetic Security Issuer Account**"), which will be held in the
name of the Trustee as Entitlement Holder in trust for the benefit of the Secured Parties. "Entitlement Holder" has
the meaning specified in Section 8 102(a)(7) of the UCC. Upon Issuer Order, the Trustee, the Issuer and the
Custodian will enter into an account control agreement with respect to such account in a form substantially similar
to the account control agreement dated December 1, 2005 between the Issuer, the Trustee and Wells Fargo Bank,
National Association (the “Account Control Agreement”). The Trustee will credit to any such Synthetic Security
Issuer Account all funds and other property received from the applicable Synthetic Security Counterparty to secure
the obligations of such Synthetic Security Counterparty in accordance with the terms of such Synthetic Security.

As directed by an Issuer Order executed by the Collateral Manager in writing and in accordance with the
terms of the applicable Synthetic Security, amounts credited to a Synthetic Security Issuer Account will be invested
in Eligible Investments. Income received on amounts credited to such Synthetic Security Issuer Account will be
withdrawn from such account by the Trustee and paid to the related Synthetic Security Counterparty in accordance
with the terms of the applicable Synthetic Security.
“Issuer Order” means a written order dated and signed in the name of the Issuer by an Authorized Officer of the Issuer and (if appropriate) the Co-Issuer, or by an Authorized Officer of the Collateral Manager where permitted pursuant to the Indenture or the Collateral Management Agreement, as the context may require or permit.

Funds and other property standing to the credit of any Synthetic Security Issuer Account will not be considered to be an asset of the Issuer for purposes of any of the Collateral Quality Tests, the Coverage Tests or the Class A/B Sequential Pay Test; however, the Synthetic Security that relates to such Synthetic Security Issuer Account will be considered an asset of the Issuer for such purposes.

In accordance with the terms of the applicable Synthetic Security, funds and other property standing to the credit of the related Synthetic Security Issuer Account will, as directed by the Collateral Manager by Issuer Order, be withdrawn by the Trustee and applied to the payment of any amount owing by the related Synthetic Security Counterparty to the Issuer. After payment of all amounts owing by the Synthetic Security Counterparty to the Issuer in accordance with the terms of the related Synthetic Security, all funds and other property standing to the credit of the related Synthetic Security Issuer Account will be withdrawn from such Synthetic Security Issuer Account and paid or transferred to the related Synthetic Security Counterparty in accordance with the applicable Synthetic Security.

Each Synthetic Security Issuer Account will remain at all times with a financial institution organized and doing business under the laws of the United States or any State thereof, authorized under such laws to exercise corporate trust powers and having a long-term debt rating of at least “Ba1” by Moody’s (and, if rated “Ba1,” not be on watch for possible downgrade by Moody’s) and at least “BBB+” by Standard & Poor’s and a combined capital and surplus in excess of U.S. $250,000,000.

Class A-1B-1 Noteholder Prepayment Accounts

If any Class A-1B-1 Noteholder does not at any time during the Commitment Period satisfy the Rating Criteria and such Holder elects the Prepayment Option, such Class A-1B-1 Noteholder (a “Collateralizing Holder”) will direct the Trustee to, and the Trustee will, cause to be established and maintained by the Custodian, as securities intermediary, a Securities Account (each such account, a “Class A-1B-1 Noteholder Prepayment Account”), which Securities Account will be in the name of the Trustee as Entitlement Holder in trust for the benefit of the Secured Parties. Upon Issuer Order, the Collateralizing Holder, the Trustee and the Issuer will enter into an account control agreement (each a “Noteholder Prepayment Account Control Agreement”) with the Custodian in respect of such Class A-1B-1 Noteholder Prepayment Account in a form satisfactory to each such party. Upon confirmation by the Trustee of the establishment of such Class A-1B-1 Noteholder Prepayment Account and the entry into by all parties of a Noteholder Prepayment Account Control Agreement related thereto, such Collateralizing Holder shall remit to the Trustee for credit to such Class A-1B-1 Noteholder Prepayment Account Cash or Eligible Prepayment Account Investments, the Aggregate Principal Balance of which is equal to the aggregate amount of such Collateralizing Holder’s Commitment minus the aggregate amount of all advances made by such Collateralizing Holder or one of more of its liquidity providers, as the case may be (as at any date of determination, the “Unfunded Commitment”). The Trustee will cause all such Cash or Eligible Investments received by it from a Collateralizing Holder to be credited to the related Class A-1B-1 Noteholder Prepayment Account. As directed by a written notice from the Collateralizing Holder to the Trustee, with a copy to the Issuer, amounts standing to the credit of a Class A-1B-1 Noteholder Prepayment Account may be invested in Eligible Prepayment Account Investments. Income received on funds or other property credited to such Class A-1B-1 Noteholder Prepayment Account will be withdrawn from such Class A-1B-1 Noteholder Prepayment Account on the last Business Day of each month and paid to the related Collateralizing Holder. None of the Co-Issuers or the Trustee will in any way be held liable for reason of any insufficiency of any Class A-1B-1 Noteholder Prepayment Account resulting from any loss relating to any investment of funds standing to the credit of such account. Funds and other property standing to the credit of any Class A-1B-1 Noteholder Prepayment Account will not be considered to be an asset of the Issuer for purposes of any of the Collateral Quality Tests or the Coverage Tests, the Class A/B Sequential Pay Test or the Class A/B Interest Coverage Ratio.

Each Collateralizing Holder’s obligation to make advances under the Class A-1B-1 Note Funding Agreement may be satisfied by the Trustee, acting at the direction of the Collateral Manager, withdrawing funds then standing to the credit of such Collateralizing Holder’s Class A-1B-1 Noteholder Prepayment Account.
On the Commitment Period Termination Date, the Trustee will withdraw all funds and other property standing to the credit of each Class A-1B-1 Noteholder Prepayment Account, if any, and pay or transfer the same to the related Collateralizing Holder. Upon any redemption of the Commitment, the Trustee will withdraw from the funds then standing to the credit of each Class A-1B-1 Noteholder Prepayment Account and pay to the related Collateralizing Holder an amount equal to the reduction in the Collateralizing Holder’s Commitment. Upon acceptance and recording of an assignment and acceptance pursuant to Section 5.3(c) of the Class A-1B-1 Note Funding Agreement relating to the assignment by a Collateralizing Holder of all or a portion of its rights and obligations thereunder and its Class A-1B-1 Notes, the Trustee will withdraw from the funds then standing to the credit of such Collateralizing Holder’s Class A-1B-1 Noteholder Prepayment Account and pay to such Collateralizing Holder an amount equal to the amount of such Collateralized Holder’s Unfunded Commitment that it has assigned. Upon a Collateralizing Holder providing notice to the Issuer and the Trustee that it subsequently satisfies the Rating Criteria, the Trustee will withdraw all funds and other property then standing to the credit of such Collateralizing Holder’s Class A-1B-1 Noteholder Prepayment Account and pay or transfer the same to the Collateralizing Holder.

“Eligible Prepayment Account Investments” means any Dollar-denominated investment that is one or more of the following: (a) direct Registered debt obligations of, and Registered debt obligations the timely payment of principal of and interest on which is fully and expressly guaranteed by, the United States of America or any full faith and credit agency or instrumentality thereof; (b) demand and time deposits in, trust accounts of, certificates of deposit of, bankers’ acceptances payable within 183 days of issuance issued by, or federal funds sold by any United States federal or state depository institution or trust company, the commercial paper and/or debt obligations of which (or, in the case of the principal depository institution in a holding company system, the commercial paper or debt obligations of such holding company) at the time of such investment or contractual commitment providing for such investment have been assigned a long-term credit rating of “Aaa” by Moody’s and “AAA” by Standard & Poor’s, in the case of long-term debt obligations, or “P 1” by Moody’s and “A 1+” by Standard & Poor’s, in the case of commercial paper and short-term obligations; provided that in the case of commercial paper and short-term debt obligations with a maturity of longer than 91 days, the issuer thereof must also have at the time of such investment or contractual commitment providing for such investment a long-term credit rating of “Aa” by Moody’s and “AAA” by Standard & Poor’s; and (c) interests in any money market fund or similar investment vehicle having at the time of investment therein the highest credit rating assigned by Moody’s, a rating of “AA” or “AA/G” by Standard & Poor’s and the highest credit rating assigned by Fitch if rated by Fitch; provided that the ownership of an interest in such fund or vehicle will not subject the Issuer to net income tax in any jurisdiction; and, in each case, with a Stated Maturity (giving effect to any applicable grace period) no later than the Business Day immediately preceding the Distribution Date next following the Due Period in which the date of investment occurs; provided that Eligible Prepayment Account Investment may not include (a) any security purchased at a price in excess of 100% of the par value thereof whose repayment is subject to substantial non credit related risk as determined in the reasonable business judgment of the Collateral Manager, (b) any floating rate security whose interest rate is inversely or otherwise not proportionately related to an interest rate index or is calculated as other than the sum of an interest rate index plus a spread; (c) any mortgage backed security, (d) any security whose rating by Standard & Poor’s includes the subscripts “r,” “t,” “p,” “pi,” or “q.” (e) any interest-only security or (f) any security that is subject to an offer of exchange; provided, further, that each Eligible Prepayment Account Investment either shall be treated as indebtedness for U.S. federal income tax purposes, or the Issuer has received written advice from Cadwalader, Wickersham & Taft LLP or an opinion of other nationally recognized U.S. tax counsel experienced in such matters to the effect that the ownership of such security will not cause the Issuer to be treated as engaged in a trade or business within the United States for U.S. federal income tax purposes or otherwise subject the Issuer to U.S. federal income tax on a net income tax basis, and such Eligible Prepayment Account Investment shall not be subject to deduction or withholding for or account of any withholding or similar tax, unless the payor is required to make “gross up” payments that ensure that the net amount actually received by the Issuer (free and clear of taxes, whether assessed against such obligor or the Issuer) will equal the full amount that the Issuer would have received had no such deduction or withholding been required.

“Account” means any of the Interest Collection Account, the Interest Equalization Account, the Uninvested Proceeds Account, the Principal Collection Account, the Interest Reserve Account, the Payment Account, the Expense Account, the Custodial Account, the Synthetic Security Counterparty Accounts, the Synthetic Security Issuer Accounts, the Class A-1B-1 Noteholder Prepayment Accounts the Preference Share Payment Account and the Hedge Counterparty Collateral Account. The Interest Collection Account, the Principal Collection
Account, the Interest Reserve Account, the Payment Account, the Expense Account and the Custodial Account may be sub-accounts of one account.

“Custodial Account” means a custodial account at the Custodian, established in the name of the Trustee pursuant to the Indenture.

“Custodian” means a custodian appointed by the Trustee and shall initially be Wells Fargo Bank, National Association.
THE COLLATERAL MANAGER

The information appearing in this section (other than the information contained under the heading “General”) has been prepared by the Collateral Manager and has not been independently verified by the Co-Issuers, the Initial Purchaser, the Trustee or any other person. Accordingly, the Collateral Manager assumes the responsibility for the accuracy, completeness or applicability of such information.

General

Certain investment advisory, administrative and monitoring functions with respect to the Collateral will be performed by the Collateral Manager under the Collateral Management Agreement to be entered into between the Issuer and the Collateral Manager (the “Collateral Management Agreement”). The Collateral Manager will, pursuant to the terms of the Collateral Management Agreement and the Indenture, select, monitor and provide the Issuer with certain information relating to, the portfolio of Collateral Debt Securities and Eligible Investments, and instruct the Trustee with respect to any disposition of a Collateral Debt Security or Equity Security, the reinvestment of the proceeds of any such disposition in Eligible Investments and the retention of the proceeds of any such disposition or the application thereof towards the purchase of a substitute Collateral Debt Security. The Collateral Manager will direct Borrowings made under the Class A-1B-1 Note Funding Agreement. In addition, pursuant to the terms of the Collateral Administration Agreement (the “Collateral Administration Agreement”) among the Issuer, the Collateral Manager and Wells Fargo Bank, National Association, as collateral administrator (in such capacity, the “Collateral Administrator”), the Issuer will retain the Collateral Administrator to prepare certain reports with respect to the Collateral Debt Securities. The compensation paid to the Collateral Administrator by the Issuer for such services will be in addition to the fees paid to the Collateral Manager and to the Trustee in its capacity as Trustee under the Indenture, and will be treated as an expense of the Issuer under the Indenture and will be subject to the priorities set forth under “Description of the Notes—Priority of Payments.”

The Indenture and the Collateral Management Agreement place significant restrictions on the Collateral Manager’s ability to advise the Issuer to buy and sell securities for inclusion in the Collateral, and the Collateral Manager is subject to compliance with such restrictions. Accordingly, during certain periods or in certain specified circumstances, the Issuer may be unable to buy or sell Collateral Debt Securities or to take other actions which the Collateral Manager might consider in the best interests of the Issuer and the Noteholders. See “Security for the Notes—Dispositions of Collateral Debt Securities.”

An Affiliate of the Collateral Manager will acquire 20% of the Preference Shares on the Issue Date. In addition, the Collateral Manager and its Affiliates may engage in other business and furnish investment management, advisory and other types of services to other clients whose investment policies differ from those followed by the Collateral Manager on behalf of the Issuer, as required by the Indenture. The Collateral Manager may make recommendations to or effect transactions for such other clients which may differ from those effected with respect to the Collateral Debt Securities. See “Risk Factors—Certain Conflicts of Interest.”

The Collateral Manager, its Affiliates and accounts for which the Collateral Manager or any Affiliate thereof acts as investment adviser may at times own Notes of one or more Classes or Preference Shares. At any given time, the Collateral Manager and its Affiliates will not be entitled to vote the Offered Securities held by any of such Collateral Manager, its Affiliates and accounts for which such Collateral Manager or any Affiliate thereof acts as investment adviser (and for which such Collateral Manager or such Affiliate has discretionary authority) with respect to any assignment or termination of, any of the express rights or obligations of the Collateral Manager under the Collateral Management Agreement or the Indenture (including the exercise of any rights to remove such Collateral Manager or terminate the Collateral Management Agreement), or any amendment or other modification of the Collateral Management Agreement or the Indenture increasing the rights or decreasing the obligations of the Collateral Manager. See “Risk Factors—Certain Conflicts of Interest.”

E*TRADE Global Asset Management, Inc.

E*TRADE Global Asset Management, Inc. (“ETGAM”), 671 North Glebe Road, Arlington, VA 22203, is an indirect, wholly-owned subsidiary of E*TRADE Financial Corp., Inc., a publicly traded, diversified, financial
services company listed on the New York Stock Exchange. ETGAM is a registered broker-dealer and manages approximately U.S.$ 28.1 billion in mortgages, consumer loans, asset-backed and mortgage-backed securities, and corporate debt obligations and other assets on behalf of E*TRADE Bank. ETGAM’s principal offices are located at 671 North Glebe Road, Arlington, Virginia 22203.

**Investment Strategy**

ETGAM strives to achieve superior risk-adjusted returns utilizing a value-oriented investment approach with an emphasis on sector selection and on credits that possess stable cash flows and sound credit fundamentals. Portfolio purchases are subjected to rigorous analysis and due diligence and must comply with current ETGAM guidelines for investing in asset-backed securities in addition to satisfying the Eligibility Criteria. Each investment is reviewed by ETGAM’s portfolio management and credit groups to determine the suitability of such security for the investment portfolio. ETGAM seeks to minimize risk through portfolio diversification across both issuer and sector, asset selection, regular monitoring of the performance of the collateral, and periodic assessment of the overall credit environment across different sectors and issues.

The Collateral Manager’s collateral analysis and review process rely on the same credit discipline as the one applied by its loan underwriters. The analysis will focus on the composition of the underlying pool, a comparison of the subject pool to other transactions within the relevant sector, and historical performance. ETGAM evaluates the originator and the servicer of the underlying assets, with particular emphasis on the level of experience, the quality of the origination and servicing platform, and the financial condition and liquidity of the servicer. A structural analysis is also performed, including an assessment of default risk and recovery expectations under both a base case scenario and under various stressed economic scenarios. The transaction structure is tested under varying default, recovery, interest rate and prepayment scenarios to evaluate the integrity of the structure and the adequacy of credit enhancement.

Ongoing surveillance is performed on each security on a monthly basis in order to monitor performance and detect trends. Surveillance includes, among other things, a review of monthly remittance reports for each transaction, monitoring the performance of the underlying pool, available credit enhancement and performance tests, and servicer stability. In addition, credit review is undertaken on an ongoing basis through periodic contact with servicers, rating agencies, trustees and industry analysts, and by utilizing external research.

THE COLLATERAL MANAGEMENT AGREEMENT

As compensation for the performance of its obligations as Collateral Manager under the Collateral Management Agreement, the Collateral Manager will receive a senior collateral manager fee (the “Senior Collateral Manager Fee”) and a subordinate collateral manager fee (the “Subordinate Collateral Manager Fee”) and, together with the Senior Collateral Manager Fee, the “Collateral Manager Fee”), to the extent of the funds available for such purpose in accordance with the Priority of Payments. The Senior Collateral Manager Fee will accrue from the Issue Date at a rate per annum of 0.25% on the Quarterly Asset Amount (calculated with respect to each Interest Period on the basis of a year of 360 days and twelve 30-day months), payable in arrears on each Distribution Date. The Subordinate Collateral Manager Fee will accrue from the Issue Date at a rate per annum of 0.20% on the Quarterly Asset Amount (calculated with respect to each Interest Period on the basis of a year of 360 days and twelve 30-day months), payable in arrears on each Distribution Date. Any Collateral Manager Fee accrued prior to the resignation or removal of the Collateral Manager will continue to be payable to the Collateral Manager on the Distribution Date immediately following the effectiveness of such resignation or removal, subject to the availability of funds in accordance with the Priority of Payments.

To the extent not paid on any Distribution Date when due, any accrued Collateral Manager Fee will be deferred and will be payable on the next subsequent Distribution Date on which funds are available for the payment thereof in accordance with the Priority of Payments. Any unpaid Collateral Manager Fee that is deferred due to the operation of the Priority of Payments will not accrue interest.

The Collateral Manager will be responsible for its own expenses incurred in the course of performing its obligations under the Collateral Management Agreement; provided that the Collateral Manager will not be liable for expenses and costs incurred in effecting or directing purchases or sales of Collateral Debt Securities and Eligible Investments, negotiating with issuers of Collateral Debt Securities as to proposed modifications or waivers, taking action or advising the Trustee with respect to the Issuer’s exercise of any rights or remedies in connection with the Collateral Debt Securities and Eligible Investments, including in connection with an Offer or default, participating in committees or other groups formed by creditors of an issuer of Collateral Debt Securities, and consulting with and providing each Rating Agency with any information in connection with its maintenance of the ratings of the Notes. Such expenses will be paid by the Issuer.

The Collateral Manager will not be liable to the Co-Issuers, the Trustee, the Noteholders, any Hedge Counterparty or any of their respective affiliates, partners, shareholders, officers, directors, employees, agents, accountants and attorneys for any loss incurred as a result of the actions taken or recommended by the Collateral Manager under the Collateral Management Agreement or the Indenture, except by reason of acts constituting bad faith, willful misconduct, gross negligence or reckless disregard of its duties and obligations thereunder. The Collateral Manager and its Affiliates and each of their respective partners, shareholders, members, officers, directors, managers, employees, agents, accountants and attorneys will be entitled to indemnification by the Issuer under certain circumstances (as specified in the Collateral Management Agreement), which will be paid in accordance with the Priority of Payments.

The Collateral Management Agreement provides that the Collateral Manager will not cause the Issuer to enter into a transaction with the Collateral Manager or any of its affiliates as principal unless (i) the Issuer has received from the Collateral Manager such information relating to such transaction as the Issuer will reasonably request, (ii) such transaction will be conducted on an arm’s-length basis with the Issuer and (iii) the Issuer has approved in writing such transaction.

The Collateral Manager may not assign its rights or responsibilities under the Collateral Management Agreement without the consent of the Issuer and a Majority of the Controlling Class and upon satisfaction of the Rating Condition, except that pursuant to the Collateral Management Agreement the Collateral Manager may assign all of its rights and responsibilities thereunder (without thereby being relieved of any of its duties or obligations) to an Affiliate without the consent of the Issuer, the Trustee or any Noteholder. In addition, the Collateral Manager may, pursuant to the Collateral Management Agreement, enter into arrangements pursuant to which its Affiliates or third parties may perform certain services on behalf of the Collateral Manager, but such arrangements will not relieve the Collateral Manager from any of its duties or obligations thereunder.
The Collateral Manager may resign upon 90 days’ prior written notice to the Issuer, the Trustee and the Hedge Counterparty, provided that (i) no such resignation will be effective unless a Replacement Collateral Manager is appointed as described below and (ii) the Collateral Manager will have the right to resign immediately if, due to a change in applicable law or regulation, the performance by the Collateral Manager of its duties under the Indenture and the Collateral Management Agreement would be a violation of such law or regulation.

The Collateral Management Agreement provides that the Collateral Manager may be removed by the Issuer at the direction of (i) the Holders of at least 66-2/3% in Aggregate Outstanding Amount of the Notes (excluding any Notes held by the Collateral Manager or any of its Affiliates) and (ii) a Special-Majority-in-Interest of Preference Shareholders (excluding any Preference Shares held by the Collateral Manager or any of its Affiliates) upon not less than 45 days’ prior written notice to the Collateral Manager. The Collateral Management Agreement also provides that the Collateral Manager may at any time be removed for “cause” (as defined in the Collateral Management Agreement) upon 15 Business Days’ prior written notice by the Issuer, which will effect such removal at the direction of Holders of at least 66-2/3% in Aggregate Outstanding Amount of the Controlling Class of Notes (excluding any Preference Shares held by the Collateral Manager or any of its Affiliates) and a Special-Majority-in-Interest of Preference Shareholders (excluding any Preference Shares held by the Collateral Manager or any of its Affiliates). In determining whether a specified percentage of Holders of Notes or Preference Shares has directed any such removal as described above or given any objection to a successor Collateral Manager as described below, Notes and Preference Shares held by one or more of the Collateral Manager, any of its affiliates and any account as to which the Collateral Manager or any of its affiliates has discretionary investment authority will be excluded.

For purposes of the Collateral Management Agreement, “cause” means any of the following events:

(i) the Collateral Manager willfully breaches, or willfully violates, any provision of the Collateral Management Agreement or any term of the Indenture applicable to it;

(ii) except as provided in clause (i), the Collateral Manager breaches or violates in any respect any material provision of the Collateral Management Agreement or any material term of the Indenture applicable to it and, if such violation or breach can be cured, fails to cure such breach within 30 days of the earlier of becoming aware of, or receiving notice from the Trustee of, such breach;

(iii) the Collateral Manager (A) ceases to be able to, or admits in writing its inability to, pay its debts when and as they become due, (B) files, or consents by answer or otherwise to the filing against it of, a petition for relief or reorganization or arrangement or any other petition in bankruptcy, for liquidation or takes advantage of any bankruptcy, insolvency, reorganization, moratorium or other similar law of any jurisdiction, (C) makes an assignment for the benefit of its creditors, (D) consents to the appointment of a custodian, receiver, trustee or other officer with similar powers with respect to it or with respect to any substantial part of its property, or (E) is adjudicated as insolvent or to be liquidated;

(iv) the occurrence of an act by the Collateral Manager or any of its Affiliates that constitutes fraud or criminal activity in the performance of its obligations under the Collateral Management Agreement or in the performance of its investment advisory services comparable to those under the Collateral Management Agreement, or the Collateral Manager or any of its Affiliates, or any senior officer of the Collateral Manager or any of its Affiliates having supervisory authority over the servicing of the Collateral being indicted for a criminal offense materially related to its business providing investment advisory services;

(v) an Event of Default under the Indenture (other than an Event of Default referred to in clause (iv) of the definition thereof);

(vi) either of the Co-Issuers or the pool of Collateral becomes an investment company required to be registered under the Investment Company Act resulting from actions taken or recommended by the Collateral Manager and such requirement has not been eliminated after a period of 45 days, or
(vii) the failure of any representation, warranty, certification or statement made or delivered by the Collateral Manager in or pursuant to the Collateral Management Agreement or the Indenture to be correct in any material respect when made and such failure (x) has (or could reasonably be expected to have) a material adverse effect on the Noteholders or the Preference Shareholders and (y) if such failure can be cured, no correction is made for a period of 45 days after the Collateral Manager becomes aware of or receives notice from the Trustee of such violation.

No removal, termination or resignation of the Collateral Manager or termination of the Collateral Management Agreement will be effective unless (a) a successor Collateral Manager (the “Replacement Collateral Manager”) has agreed in writing to assume all of the Collateral Manager’s duties and obligations pursuant to the Collateral Management Agreement (b) the Replacement Collateral Manager is not objected to by Holders of at least 66-2/3% in Aggregate Outstanding Amount of the Controlling Class of Notes or a Majority-in-Interest of Preference Shareholders (excluding any Notes or Preference Shares held by one or more of the Collateral Manager, any of its Affiliates and any account as to which the Collateral Manager or any of its Affiliates has discretionary investment authority) within 30 days after notice and (c) the Rating Condition has been satisfied with respect to such assumption by a Replacement Collateral Manager. In addition, no removal or resignation of the Collateral Manager while any Note or Preference Share is outstanding will be effective until the appointment by the Issuer of a Replacement Collateral Manager (x) that is an established institution which (1) is legally qualified and has the capacity to act as Collateral Manager under the Collateral Management Agreement as successor to the Collateral Manager thereunder in the assumption of all of the responsibilities, duties and obligations of the Collateral Manager thereunder and under the applicable terms of the Indenture and (2) will not cause the Issuer or the Co-Issuer or the pool of Collateral to become required to register under the provisions of the Investment Company Act and (y) with respect to the appointment of which the Rating Condition has been satisfied.

Pursuant to the Indenture, the Trustee is entitled to exercise the rights and remedies of the Issuer under the Collateral Management Agreement (a) upon the occurrence of an Event of Default until such time, if any, as such Event of Default is cured or waived, (b) upon the termination of the appointment of the Collateral Manager in accordance with the Collateral Management Agreement or (c) upon a material default in the performance, or breach, of any covenant, representation, warranty or other agreement of the Issuer under the Indenture or in any certificate or writing delivered pursuant thereto or made in connection therewith which proves to be incorrect in any material respect when made if (i) holders of at least 25% in Aggregate Outstanding Amount of the Notes of any Class, Preference Shareholders whose aggregate Voting Percentages are at least 25% of all Preference Shareholders’ Voting Percentages or any Hedge Counterparty gave notice of such default or breach to the Trustee and the Collateral Manager or (ii) the Collateral Manager, Issuer or Co-Issuer has actual knowledge of such default or breach, and in either case, such default or breach (if remediable) continues for a period of 30 days.

In certain circumstances, the interests of the Issuer and/or the Holders of the Offered Securities with respect to matters as to which the Collateral Manager is advising the Issuer may conflict with the interests of the Collateral Manager and its Affiliates. See “Risk Factors—Certain Conflicts of Interest.”
THE CO-ISSUERS

General

The Issuer was incorporated as an exempted company and registered on August 18, 2005 in the Cayman Islands pursuant to the Issuer Charter, has a registered number of WK-153622 and is in good standing under the laws of the Cayman Islands. The registered office of the Issuer is at the offices of Walkers SPV Limited, P.O. Box 908GT, Walker House, Mary Street, George Town, Grand Cayman, Cayman Islands, British West Indies. The telephone number of the Issuer is +345 945 3727. The Issuer has been established as a special purpose vehicle. The Issuer has no prior operating experience other than in connection with the acquisition of certain Collateral Debt Securities prior to the issuance of the Offered Securities and the engagement of the Collateral Manager and the entering into of arrangements with respect thereto, and the Issuer will not have any substantial assets other than the Collateral pledged to secure the Notes and the Issuer’s obligations to the Trustee. The entire authorized share capital of the Issuer will consist of (a) 1,000 Ordinary Shares, par value U.S.$ 1.00 per share (which will be held in trust for charitable purposes by Walkers SPV Limited, a licensed trust company incorporated in the Cayman Islands (in such capacity, the “Share Trustee”) under the terms of a declaration of trust) and (b) 6,900 Preference Shares, par value U.S.$ 0.01 per share and having a liquidation preference of U.S.$ 1,000 per share.

The Issuer Charter provides that the Issuer will be liquidated at any time on or after December 5, 2042 upon the passing of a Special Resolution to dissolve the Issuer, unless earlier dissolved and terminated in accordance with the terms of the Issuer Charter. See “Description of the Preference Shares—Issuer Charter—Dissolution; Liquidating Distributions.”

The Co-Issuer was formed on August 18, 2005 in the State of Delaware pursuant to a Certificate of Formation and a limited liability company agreement. The registered number of the Co-Issuer is 4017956 and the registered office of the Co-Issuer is c/o Donald J. Puglisi, 850 Library Avenue, Suite 204, Newark, Delaware 19711. The telephone number of the Co-Issuer is +1 302 738 6680. The special member and director of the Co-Issuer is Donald J. Puglisi. Mr. Puglisi is the MBNA America Professor of Business Emeritus at the University of Delaware. The Co-Issuer has been established as a special purpose vehicle. The Co-Issuer has no prior operating experience. It will be capitalized to the extent of the contribution of U.S.$ 100 by its member, will have no other assets other than such contribution, will have no debt other than as the Co-Issuer of the Notes and will not pledge any assets to secure the Notes. The Co-Issuer will not have any interest in the Collateral Debt Securities or other assets held by the Issuer.

The Notes are obligations only of the Co-Issuers and none of the Notes are obligations of the Trustee, the Share Trustee, the Administrator, the Collateral Manager, the Initial Purchaser or any of their respective Affiliates or any directors or officers of the Co-Issuers.

Walkers SPV Limited will act as the administrator (in such capacity, the “Administrator”) of the Issuer. The offices of the Administrator will serve as the general business office of the Issuer. Through this office and pursuant to the terms of an agreement by and between the Administrator and the Issuer (the “Administration Agreement”), the Administrator will perform various management functions on behalf of the Issuer, including communications with the general public and the provision of certain clerical, administrative and other services until termination of the Administration Agreement. In consideration of the foregoing, the Administrator will receive various fees and other charges payable by the Issuer at rates provided for in the Administration Agreement and will be reimbursed for expenses.

The Administrator will be subject to the overview of the Board of Directors of the Issuer. The directors of the Issuer are David Egglishaw, John Cullinane and Derrie Boggess, each of whom is a director or officer of the Administrator and each of whose offices are at Walkers SPV Limited, P.O. Box 908GT, Walker House, Mary Street, George Town, Grand Cayman, Cayman Islands, British West Indies. The Administration Agreement may be terminated by either the Issuer (acting upon the recommendation of the Collateral Manager) or the Administrator upon 30 days’ written notice.
Capitalization

The initial capitalization of the Issuer as of the Issue Date, after giving effect to the issuance of the Offered Securities (assuming all of the Commitments in respect of the Class A-1B-1 Notes have been fully funded) and the Ordinary Shares of the Issuer but before deducting expenses of the offering of the Offered Securities and organizational expenses of the Co-Issuers, is expected to be as follows:

The Issuer will not have any material assets other than the Collateral. The Co-Issuer will be capitalized to the extent of the contribution of U.S.$ 100 by its member, will have no other assets other than such contribution, will have no debt other than as Co-Issuer of the Notes and will not pledge any assets to secure the Notes.

Business

Article 3 of the Issuer Charter sets out the objectives of the Issuer in connection with the issuance of the Offered Securities. The Indenture and the Issuer Charter provide that the activities of the Issuer are limited to (1) acquiring, holding, pledging and disposing of, and investing and reinvesting in, Collateral Debt Securities and Eligible Investments, (2) the entering into of, and the performance of its obligations under, the Indenture, the Hedge Agreement(s), the Collateral Management Agreement, the Collateral Administration Agreement, the Purchase Agreement, the Class A-1B-1 Note Funding Agreement, the Administration Agreement, the Master Forward Sale Agreement, the Preference Share Paying Agency Agreement, the Asset Sale Agreement and the Account Control Agreement, (3) the issuance and sale of the Offered Securities, (4) the pledge of the Collateral as security for its obligations in respect of the Notes and otherwise for the benefit of the Secured Parties and (5) other activities incidental to the foregoing and permitted by the Indenture, without limitation, entering into any and all documentation necessary to give effect to the foregoing. Article 1.05 of the Co-Issuer’s limited liability company agreement sets out the objectives of the Co-Issuer, which include the business to be carried out by the Co-Issuer in connection with the issuance of the Notes. The Co-Issuer will not undertake any business other than the co-issuance and sale of the Notes. The Co-Issuer will not pledge any assets to secure the Notes and will not have any interest in the Collateral held by the Issuer.

The Issuer is not required under the laws of the Cayman Islands, and the Co-Issuer is not required under the laws of the State of Delaware, to publish annual reports and accounts. The Indenture, however, requires the Issuer to provide the Trustee with written confirmation, on an annual basis, that to its best knowledge following a review of the activities of the prior year, no Event of Default or other matter required to be brought to the Trustee’s attention has occurred or, if one has occurred, specifying the nature and status thereof, including actions undertaken to remedy the same.
CERTAIN U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following summary was not intended or written to be used, and cannot be used, for the purpose of avoiding U.S. federal, state, or local tax penalties. The following summary was written in connection with the promotion or marketing by the Co-Issuers, Collateral Manager and Initial Purchasers of the Offered Securities. Each taxpayer should seek advice based on the taxpayer’s particular circumstances from an independent tax advisor.

General

The following discussion summarizes certain of the U.S. federal income tax consequences of the purchase, ownership and disposition of Offered Securities. Except as provided below under “—U.S. Federal Tax Treatment of Non-U.S. Holders of Notes” and “—U.S. Federal Tax Treatment of Non-U.S. Holders of Preference Shares”, this summary deals only with a beneficial owner of the Offered Securities that is (i) a citizen or resident of the United States, (ii) a corporation (or other entity that is treated as a corporation for U.S. federal tax purposes) that is created or organized in or under the laws of the United States or any State (including the District of Columbia), (iii) an estate the income of which is subject to U.S. federal income taxation regardless of its source, or (iv) a trust if a court within the United States is able to exercise primary supervision over its administration and one or more United States persons have the authority to control all of its substantial decisions (each, a “U.S. Holder”).

An individual may, subject to certain exceptions, be deemed to be a resident of the United States for U.S. federal income tax purposes by reason of being present in the United States for at least 31 days in the calendar year and for an aggregate of at least 183 days during a three year period ending in the current calendar year (counting for such purposes all of the days present in the current year, one-third of the days present in the immediately preceding year, and one-sixth of the days present in the second preceding year).

If a partnership (including any entity that is treated as a partnership for U.S. federal tax purposes) is a beneficial owner of Offered Securities, the treatment of a partner in the partnership will generally depend upon the status of the partner and upon the activities of the partnership. A beneficial owner of Offered Securities that is a partnership, and partners in such a partnership, should consult their tax advisors about the U.S. federal income tax consequences of holding and disposing of the Notes.

This discussion is based on interpretations of the Internal Revenue Code of 1986, as amended (the “Code”), regulations issued thereunder, and rulings and decisions currently in effect (or in some cases proposed), all of which are subject to change. Any such change may be applied retroactively and may adversely affect the federal income tax consequences described herein. This summary addresses only U.S. Holders that purchase Offered Securities at initial issuance and beneficially own such Offered Securities as capital assets and not as part of a “straddle,” “hedge,” “synthetic security” or a “conversion transaction” for federal income tax purposes, or as part of some other integrated investment. This summary does not discuss all of the tax consequences that may be relevant to particular investors or to investors subject to special treatment under the federal income tax laws (such as banks, thrifts, insurance companies, retirement plans, real estate investment trusts, regulated investment companies, securities dealers or investors whose functional currency is not the U.S. Dollar or tax-exempt investors that are social clubs, voluntary employee benefit associations, supplemental unemployment benefit trusts, qualified group legal services plans or parent title-holding corporations). Accordingly, prospective investors are urged to consult their tax advisors with respect to the federal, state and local tax consequences of investing in the Offered Securities, as well as any consequences arising under the laws of any other taxing jurisdiction to which they may be subject.

U.S. Federal Tax Treatment of the Issuer

The Code provides a specific exemption from U.S. federal income tax on a net income basis for foreign corporations which restrict their activities in the United States to trading in stocks and securities (and any other activity closely related thereto) for their own account, whether such trading (or such other activity) is conducted by the corporation or its employees or through a resident broker, commission agent, custodian or other agent. This particular exemption does not apply to foreign corporations that are engaged in activities in the United States other than trading in stocks and securities (and any other activity closely related thereto) for their own account or that are dealers in stocks and securities.
The Issuer intends to rely on the above exemption and does not intend to operate so as to be subject to U.S. federal income taxes on its net income. However, if it were determined that the Issuer were engaged in a trade or business in the United States for federal income tax purposes, and the Issuer had taxable income that was effectively connected with such U.S. trade or business, the Issuer would be subject under the Code to the regular U.S. corporate income tax on such effectively connected taxable income (and possibly to a 30% branch profits tax as well). The balance of this summary assumes that the Issuer is not subject to U.S. federal income tax on its net income. The imposition of such a tax liability would materially affect the Issuer’s financial ability to repay the Offered Securities.

U.S. Federal Tax Treatment of U.S. Holders of Notes

The Class A Notes and the Class B Notes will be treated as indebtedness for U.S. federal income tax purposes and the Issuer intends to take the position that the Class C Notes and the Class D Notes constitute indebtedness for U.S. federal, state, and local income and franchise tax purposes. The Indenture requires the Holders to agree to take the position that the Notes constitute indebtedness for U.S. federal, state and local income and franchise tax purposes. The Issuer’s characterizations will be binding on U.S. Holders. Nevertheless, the Internal Revenue Service (the “IRS”) could assert, and a court could ultimately hold, that one or more Classes of Notes are equity in the Issuer. If any Notes are treated as equity in, rather than debt of, the Issuer for U.S. federal income tax purposes, there may be adverse tax consequences to any U.S. Holder of such Notes. Except as otherwise indicated, the balance of this summary assumes that all of the Notes are treated as debt of the Issuer for U.S. federal, state and local income and franchise tax purposes. In the event such Notes are treated as equity in the Issuer, prospective investors in the Notes should consult their tax advisors regarding the U.S. federal, state and local income and franchise tax consequences to the Notes and the Issuer.

For U.S. federal income tax purposes, the Issuer, and not the Co-Issuer, will be treated as the issuer of the Notes.

U.S. Federal Tax Treatment of U.S. Holders of the Class A Notes and the Class B Notes

Stated Interest. U.S. Holders of the Class A Notes and the Class B Notes will include in gross income payments of stated interest accrued or received on the Class A Notes and the Class B Notes, in accordance with their usual method of tax accounting, as ordinary interest income from sources outside the United States. U.S. Holders of the Class A-1B-1 Notes will include in gross income payments of the Commitment Fee accrued or received on the Class A-1B-1 Notes, in accordance with their usual method of tax accounting.

Sale, Exchange and Retirement of the Class A Notes and the Class B Notes. Upon a sale, exchange, or retirement of a Class A Note or a Class B Note, a U.S. Holder will generally recognize gain or loss equal to the difference between the amount realized on the sale, exchange, or retirement (less any accrued and unpaid interest, which will be taxable as such) and the holder’s tax basis in such Note. In general, a U.S. Holder of a Class A-1A Note, a Class A-1B-2 Note, a Class A-2 Note or a Class B Note will have a basis in such Note equal to the cost of such Note reduced by payments of principal on such Note. A U.S. Holder of a Class A-1B-1 Note will have a basis in the Note equal to the drawdown portion of the Commitment reduced by payments of principal and Prepayments on the Note. Such gain or loss will be long-term capital gain or loss if the U.S. Holder held the Note for more than one year at the time of disposition. In certain circumstances, U.S. Holders that are individuals may be entitled to preferential treatment for net long-term capital gains; however, the ability of U.S. Holders to offset capital losses against ordinary income is limited.

Gain or loss recognized by a U.S. Holder on the sale, exchange or retirement of a Class A Note or a Class B Note generally will be treated as U.S.-source gain or loss.

U.S. Federal Tax Treatment of U.S. Holders of the Class C Notes and the Class D Notes

Original Issue Discount. The Issuer will treat the Class C Notes and the Class D Notes as issued with original issue discount (“OID”) for U.S. federal income tax purposes. The total amount of such discount with respect to a Class C Note or Class D Note will equal the sum of all payments to be received under such Note less its issue price (the first price at which a substantial amount of the Class C Notes and Class D Notes, respectively, were sold to investors). A U.S. Holder of a Class C Note or Class D Note will be required to include OID in income as it accrues. The amount of OID accruing in any accrual period will generally equal the stated interest accruing in that
period (whether or not currently due) plus any additional amount representing the accrual under a constant yield method of any additional OID represented by the excess of the principal amount of the Class C Notes and Class D Notes over their issue price. Accruals of any such additional OID will be based on the weighted average life of the Class C Notes and Class D Notes rather than their stated maturity. It is possible the IRS could assert and a court could ultimately hold that some other method of accruing OID on the Class C Notes and Class D Notes should apply. U.S. Holders of the Class C Notes and Class D Notes may be required to include OID in advance of the receipt of Cash attributable to such income. Accruals of OID will be calculated by assuming that interest will be paid over the life of the Class C Notes and Class D Notes based on the value of LIBOR used in setting interest for the first Payment Date, and then adjusting the accrual for each subsequent Payment Date based on the difference between the value of LIBOR used in setting interest for that subsequent Payment Date and the assumed rate.

Sale and Retirement of the Class C Notes and Class D Notes. In general, a U.S. Holder of a Class C Note or Class D Note will have a basis in such Note equal to the cost of such Note (i) increased by any amount includable in income by such U.S. Holder as OID, and (ii) reduced by any payments received on such Note. Upon a sale, exchange, or retirement of a Class C Note or Class D Note, a U.S. Holder will generally recognize gain or loss equal to the difference between the amount realized on the sale, exchange, or retirement and the U.S. Holder’s basis in such Note. Such gain or loss will be long-term capital gain or loss if the U.S. Holder held the Note for more than one year at the time of disposition. In certain circumstances, U.S. Holders that are individuals may be entitled to preferential treatment for net long-term capital gains; however, the ability of U.S. Holders to offset capital losses against ordinary income is limited.

Gain or loss recognized by a U.S. Holder on the sale, exchange or retirement of a Class C Note or Class D Note generally will be treated as U.S.-source gain or loss.

Alternate Characterizations. It is possible that the Class C Notes and Class D Notes could be treated as “contingent payment debt instruments” for federal income tax purposes. In this event, the timing of a U.S. Holder’s OID inclusions could differ from that described above and any gain recognized on the sale, exchange, or retirement of such Notes would be treated as ordinary income and not capital gain.

U.S. Federal Tax Treatment of Tax-Exempt U.S. Holders of Notes

U.S. Holders that are tax-exempt entities should not be subject to the tax on unrelated business taxable income in respect of the Notes unless (i) the Notes constitute “debt financed property” (as defined in the Code) of that entity or (ii) in the case of any Notes that are treated as indebtedness for federal income tax purposes, such entity also owns more than 50 percent of the Preference Shares and any Notes that are treated as equity in the Issuer for U.S. federal income tax purposes.

U.S. Federal Tax Treatment of Non-U.S. Holders of Notes

In general, payments on the Notes to a Non-U.S. Holder and gain realized on the sale, exchange or retirement of the Notes by a Non-U.S. Holder will not be subject to U.S. federal income or withholding tax, unless (i) such income is effectively connected with a trade or business conducted by such Non-U.S. Holder in the United States, (ii) in the case of gain, such Non-U.S. Holder is a nonresident alien individual who holds the Notes as a capital asset and is present in the United States for more than 182 days in the taxable year of the sale and certain other conditions are satisfied, or (iii) such Non-U.S. Holder fails to provide the relevant correct, complete and executed U.S. Internal Revenue Service Form W-8 which eliminates U.S. federal withholding tax. For this purpose, a “Non-U.S. Holder” is any beneficial owner of a Note that is (i) a nonresident alien individual, (ii) a foreign corporation, or (iii) a foreign estate or trust, if no court within the U.S. is able to exercise primary jurisdiction over its administration or if no U.S. persons have the authority to control all of its substantial decisions.

U.S. Federal Tax Treatment of U.S. Holders of Preference Shares

The Issuer intends to take the position that the Preference Shares constitute equity interests in the Issuer for U.S. federal, state and local income and franchise tax purposes, and the balance of this summary assumes that the Preference Shares are so treated.
Investment in a Passive Foreign Investment Company. The Issuer will constitute a “passive foreign investment company” (a “PFIC”) for federal income tax purposes, and U.S. Holders of the Preference Shares (other than certain U.S. Holders that are subject to the rules pertaining to a “controlled foreign corporation,” described below) will be considered shareholders in a PFIC. U.S. Holders may desire to make an election to treat the Issuer as a “qualified electing fund” (a “QEF”) with respect to such U.S. Holder. Generally, a U.S. Holder makes a QEF election on IRS Form 8621, attaching a copy of such form to its U.S. federal income tax return for the first taxable year for which it holds its Preference Shares. If a U.S. Holder makes a timely QEF election with respect to the Issuer, the electing U.S. Holder will be required in each taxable year to include in gross income (i) as ordinary income, such U.S. Holder’s pro rata share of the Issuer’s ordinary earnings and (ii) as long term capital gain, such U.S. Holder’s pro rata share of the Issuer’s net capital gain, whether or not distributed. A U.S. Holder will not be eligible for the dividends received deduction in respect of such income or gain or the preferential rate allowed to individuals for dividends from U.S. and certain foreign corporations. In addition, any losses of the Issuer in a taxable year will not be available to such U.S. Holder and may not be carried back or forward in computing the Issuer’s ordinary earnings and net capital gain in other taxable years. If applicable, the rules pertaining to a “controlled foreign corporation”, discussed below, generally override those pertaining to a PFIC with respect to which a QEF election is in effect.

In certain cases in which a QEF does not distribute all of its earnings in a taxable year, the electing U.S. Holder may also be permitted to elect to defer payment of some or all of the taxes on the QEF’s income, subject to a non-deductible interest charge on the deferred amount. In this respect, prospective purchasers of Preference Shares should be aware that it is expected that the Collateral Debt Securities will include high yield debt obligations and such instruments may have substantial OID, the Cash payment of which may be deferred, perhaps for a substantial period of time. In addition, the Issuer may use proceeds from the sale of Collateral Debt Securities to purchase substitute Collateral Debt Securities or to retire other Classes of Notes. As a result, in any given year, the Issuer may have substantial amounts of earnings for U.S. federal income tax purposes that are not distributed on the Preference Shares. Thus, absent an election to defer payment of taxes, U.S. Holders that make a QEF election with respect to the Issuer may owe tax on significant “phantom” income.

The Issuer will provide, upon request, all information and documentation that a U.S. Holder making a QEF election is required to obtain for U.S. federal income tax purposes.

A U.S. Holder of a Preference Share (other than certain U.S. Holders that are subject to the rules pertaining to a “controlled foreign corporation,” described below) that does not make a timely QEF election will be required to report any gain on the disposition of any Preference Shares as ordinary income, rather than capital gain, and to compute the tax liability on such gain and any “Excess Distribution” (as defined below) received in respect of the Preference Shares as if such items had been earned ratably over each day in the U.S. Holder’s holding period (or a certain portion thereof) for the Preference Shares. An “Excess Distribution” is the amount by which distributions during a taxable year in respect of a Preference Share exceed 125% of the average amount of distributions in respect thereof during the three preceding taxable years (or, if shorter, the U.S. Holder’s holding period for the Preference Share). The U.S. Holder will be subject to tax on such items at the highest ordinary income tax rate for each taxable year, other than the current year, in which the items were treated as having been earned, regardless of the rate otherwise applicable to the U.S. Holder. Further, such U.S. Holder will also be liable for a non-deductible interest charge as if such income tax liabilities had been due with respect to each such prior year. For purposes of these rules, gifts, exchanges pursuant to corporate reorganizations and use of the Preference Shares as security for a loan may be treated as a taxable disposition of such Preference Shares. In addition, a stepped-up basis in the Preference Shares will not be available upon the death of an individual U.S. Holder.

In many cases, the U.S. federal income tax on any gain on disposition or receipt of Excess Distributions is likely to be substantially greater than the tax if a timely QEF election is made. A U.S. HOLDER OF A PREFERENCE SHARE SHOULD CONSIDER CAREFULLY WHETHER TO MAKE A QEF ELECTION WITH RESPECT TO SUCH PREFERENCE SHARE.

Investment in a Controlled Foreign Corporation. The Issuer will constitute a “controlled foreign corporation” (“CFC”) if more than 50% of the equity interests in the Issuer, measured by reference to combined voting power or value, is owned directly, indirectly, or constructively by “United States shareholders.” For this purpose, a “United States shareholder” is any United States person that possesses directly, indirectly, or constructively 10% or more of the combined voting power of all classes of equity in the Issuer. It is likely that the Preference Share will be treated as voting securities. In this case, a U.S. Holder of Preference Shares possessing
directly, indirectly, or constructively. 10% or more of the sum of the aggregate outstanding principal amount of the voting Preference Shares of the Issuer would be treated as a United States shareholder. If more than 50% of the Preference Shares of the Issuer, determined with respect to aggregate value or aggregate outstanding principal amount, are owned directly, indirectly, or constructively by such United States shareholders, the Issuer would be treated as a CFC.

If, for any given taxable year, the Issuer is treated as a CFC, a United States shareholder of the Issuer would be required to include as ordinary income an amount equal to that person’s pro rata share of the Issuer’s “subpart F income” at the end of such taxable year. Among other items, and subject to certain exceptions, “subpart F income” includes dividends, interest, annuities, gains from the sale of shares and securities, certain gains from commodities transactions, certain types of insurance income and income from certain transactions with related parties. It is likely that, if the Issuer were to constitute a CFC, all or most of its income would be subpart F income.

If the Issuer is treated as a CFC and a U.S. Holder is treated as a United States shareholder of the Issuer, the Issuer would not be treated as a PFIC with respect to such U.S. Holder for the period during which the Issuer remains a CFC and such U.S. Holder remains a United States shareholder of the Issuer (the “qualified portion” of the U.S. Holder’s holding period for the Preference Shares). As a result, to the extent the Issuer’s subpart F income includes net capital gains, such gains would be treated as ordinary income to the United States shareholder under the CFC rules, notwithstanding the fact that the character of such gains generally would otherwise be preserved under the QEF rules. If the qualified portion of such U.S. Holder’s holding period for the Preference Shares subsequently ceases (either because the Issuer ceases to be a CFC or the U.S. Holder ceases to be a United States shareholder), then solely for purposes of the PFIC rules, such U.S. Holder’s holding period for the Preference Shares would be treated as beginning on the first day following the end of such qualified portion, unless the U.S. Holder had owned any Preference Shares for any period of time prior to such qualified portion and had not made a QEF election with respect to the Issuer. In that case, the Issuer would again be treated as a PFIC which is not a QEF with respect to such U.S. Holder and the beginning of such U.S. Holder’s holding period for the Preference Shares would continue to be the date upon which such U.S. Holder acquired the Preference Shares, unless the U.S. Holder makes an election to recognize gain with respect to the Preference Shares and a QEF election with respect to the Issuer.

**Distributions on Preference Shares.** The treatment of actual distributions of Cash on the Preference Shares, or in very general terms, will vary depending on whether a U.S. Holder has made a timely QEF election (as described above). See “—Investment in a Passive Foreign Investment Company.” If a timely QEF election has been made, distributions should be allocated first to amounts previously taxed pursuant to the QEF election (or pursuant to the CFC rules, if applicable) and to this extent will not be taxable to U.S. Holders. Distributions in excess of such previously taxed amounts will be taxable to U.S. Holders as ordinary income upon receipt, to the extent of any remaining amounts of untaxed current and accumulated earnings and profits of the Issuer. Distributions in excess of previously taxed amounts and any remaining current and accumulated earnings and profits of the Issuer will be treated first as a nontaxable return of capital and then as capital gain. A U.S. Holder will not be eligible for the preferential rate allowed to individuals for dividends from U.S. and certain foreign corporations.

In the event that a U.S. Holder does not make a timely QEF election then, except to the extent that distributions may be attributable to amounts previously taxed pursuant to the CFC rules, some or all of any distributions with respect to the Preference Shares may constitute Excess Distributions, taxable as previously described. See “—Investment in a Passive Foreign Investment Company.”

**Sale, Redemption, or other Disposition of Preference Shares.** In general, a U.S. Holder of a Preference Share will recognize gain or loss upon the sale, redemption, or other disposition of a Preference Share equal to the difference between the amount realized and such U.S. Holder’s adjusted tax basis in the Preference Share. Initially, a U.S. Holder’s tax basis for a Preference Share will equal the amount paid for the Preference Share. Such basis will be increased by amounts taxable to such U.S. Holder by reason of a QEF election, or by reason of the CFC rules, as applicable, and decreased by actual distributions from the Issuer that are deemed to consist of such previously taxed amounts or are treated as a nontaxable reduction to the U.S. Holder’s tax basis for the Preference Share (as described above). Except as discussed below, such gain or loss will be long-term capital gain or loss if the U.S. Holder held the Preference Share for more than one year at the time of the disposition. In certain circumstances, U.S. Holders who are individuals (or whose income is taxable to U.S. individuals) may be entitled to preferential treatment for net long-term capital gains; however, the ability of U.S. Holders to offset capital losses against ordinary income is limited.
If a U.S. Holder does not make a timely QEF election as described above, any gain realized on the sale, redemption, or other disposition of a Preference Share (or any gain deemed to accrue prior to the time a non-timely QEF election is made) will be taxed as ordinary income and subject to an additional tax reflecting a deemed interest charge under the special tax rules described above. See “—Investment in a Passive Foreign Investment Company.”

If the Issuer is treated as a CFC and a U.S. Holder is treated as a “United States shareholder” therein, then any gain realized by such U.S. Holder upon the disposition of a Preference Share, other than gain subject to the PFIC rules, if applicable, would be treated as ordinary income to the extent of the U.S. Holder’s pro-rata share of the Issuer’s current and accumulated earnings and profits. In this regard, earnings and profits would not include any amounts previously taxed pursuant to a timely QEF election or pursuant to the CFC rules.

Transfer Reporting Requirements. A U.S. Holder (including a tax-exempt entity) that purchases the Preference Shares for cash would be required to file an IRS Form 926 or similar form with the IRS. If (i) such person is treated as owning, directly or by attribution, immediately after the transfer at least 10% by vote or value of the Issuer or (ii) if the amount of cash transferred by such person (or any related person) to the Issuer during the 12-month period ending on the date of such transfer, exceeds $100,000, In the event a U.S. Holder fails to file any such required form, the U.S. Holder could be subject to a penalty equal to 10% of the gross amount paid for the Preference Shares (or the Class D Notes if treated as equity for U.S. federal income tax purposes) subject to a maximum penalty equal to U.S. $100,000 (except in cases of intentional disregard). U.S. Holders should consult their tax advisors with respect to this or any other reporting requirement which may apply with respect to their acquisition of the Preference Shares.

U.S. Federal Tax Treatment of Tax-Exempt U.S. Holders of Preference Shares

U.S. Holders that are tax-exempt entities should not be subject to the tax on unrelated business taxable income in respect of the Preference Shares unless the Preference Shares constitute “debt financed property” (as defined in the Code) of that entity.

U.S. Federal Tax Treatment of Non-U.S. Holders of Preference Shares

In general, payments on the Preference Shares to a Non-U.S. Holder and gain realized on the sale, exchange or retirement of the Preference Shares by a Non-U.S. Holder will not be subject to U.S. federal income or withholding tax, unless (i) such income is effectively connected with a trade or business conducted by such Non-U.S. Holder in the United States, or (ii) in the case of gain, such Non-U.S. Holder is a nonresident alien individual who holds the Preference Shares as a capital asset and is present in the United States for more than 182 days in the taxable year of the sale and certain other conditions are satisfied.

Information Reporting and Backup Withholding

Under certain circumstances, the Code requires “information reporting” annually to the IRS and to each Holder, and “backup withholding” with respect to certain payments made on or with respect to the Offered Securities. Backup withholding generally does not apply with respect to certain Holders, including corporations, tax-exempt organizations, qualified pension and profit sharing trusts, and individual retirement accounts. Backup withholding will apply to a U.S. Holder or a partnership (including an entity treated as a partnership for U.S. federal tax purposes) formed under the laws of the United States or any State (including the District of Columbia) (a “domestic partnership”) only if the U.S. Holder or partnership (i) fails to furnish its Taxpayer Identification Number (“TIN”) which, for an individual, would be his or her Social Security Number, (ii) furnishes an incorrect TIN, (iii) is notified by the IRS that it has failed to properly report payments of interest and dividends, or (iv) under certain circumstances, fails to certify, under penalty of perjury, that it has furnished a correct TIN and has not been notified by the IRS that it is subject to backup withholding for failure to report interest and dividend payments. The application for exemption is available by providing a properly completed IRS Form W-9.

A Non-U.S. Holder or any entity that is treated as a partnership for U.S. federal income tax purposes and is not a domestic partnership (a “foreign partnership”) that provides the applicable IRS Form W-8BEN or Form W-8IMY, together with all appropriate attachments (including the appropriate IRS Forms from the beneficial owners of interests in a foreign partnership), signed under penalties of perjury, identifying the Non-U.S. Holder and
stating that the Non-U.S. Holder is not a United States person will not be subject to IRS reporting requirements and U.S. backup withholding.

The payment of the proceeds on the disposition of a Note or Preference Share by a Holder to or through the U.S. office of a broker generally will be subject to information reporting and backup withholding unless the Holder either certifies its status as a Non-U.S. Holder or a foreign partnership under penalties of perjury on the applicable IRS Form W-8BEN or Form W-8IMY (as described above) or otherwise establishes an exemption. The payment of the proceeds on the disposition of a Note or Preference Share by a Non-U.S. Holder or a foreign partnership to or through a Non-U.S. office of a Non-U.S. broker will not be subject to backup withholding or information reporting unless the Non-U.S. broker is a “U.S. Related Person” (as defined below). The payment of proceeds on the disposition of a Note or Preference Share by a Non-U.S. Holder or a foreign partnership to or through a Non-U.S. office of a U.S. broker or a U.S. Related Person generally will not be subject to backup withholding but will be subject to information reporting unless the Holder certifies its status as a Non-U.S. Holder or a foreign partnership under penalties of perjury or the broker has certain documentary evidence in its files as to the Non-U.S. Holder’s or a foreign partnership’s foreign status and the broker has no actual knowledge to the contrary.

For this purpose, a “U.S. Related Person” is (i) a “controlled foreign corporation” for U.S. federal income tax purposes, (ii) a foreign person 50% or more of whose gross income from all sources for the three-year period ending with the close of its taxable year preceding the payment (or for such part of the period that the broker has been in existence) is derived from activities that are effectively connected with the conduct of a U.S. trade or business, or (iii) a foreign partnership if at any time during its tax year one or more of its partners are United States persons who, in the aggregate, hold more than 50% of the income or capital interest of the partnership or if, at any time during its taxable year, the partnership is engaged in the conduct of a U.S. trade or business.

Backup withholding is not an additional tax and may be refunded (or credited against the holder’s U.S. federal income tax liability, if any), provided that certain required information is furnished. The information reporting requirements may apply regardless of whether withholding is required. Copies of the information returns reporting such interest and withholding also may be made available to the tax authorities in the country in which a Non-U.S. Holder or foreign partnership is a resident under the provisions of an applicable income tax treaty or agreement.

**Disclosure Requirements for U.S. Holders Experiencing Significant Book-Tax Differences.**

Any U.S. Holder that reports any item or items of income, gain, expense, or loss in respect of the Offered Security for tax purposes in an amount that differs from the amount reported for book purposes by more than U.S.$ 10 million, on a gross basis, in any taxable year may be subject to certain disclosure requirements for "reportable transactions." Prospective investors should consult their tax advisers concerning any possible disclosure obligation with respect to the Offered Securities.

THE PRECEDING DISCUSSION IS ONLY A SUMMARY OF CERTAIN OF THE TAX IMPLICATIONS OF AN INVESTMENT IN THE OFFERED SECURITIES. PROSPECTIVE INVESTORS ARE URGED TO CONSULT WITH THEIR OWN TAX ADVISORS PRIOR TO INVESTING TO DETERMINE THE TAX IMPLICATIONS OF SUCH INVESTMENT IN LIGHT OF EACH SUCH INVESTOR'S PARTICULAR CIRCUMSTANCES.
CERTAIN CAYMAN ISLANDS TAX CONSIDERATIONS

Under existing Cayman Islands Laws:

(i) payments of principal and interest in respect of the Notes and any dividends or other distributions on the Preference Shares will not be subject to taxation in the Cayman Islands and no withholding will be required on such payments to any Holder of a Note and gains derived from the sale of Notes will not be subject to Cayman Islands income or corporation tax. The Cayman Islands currently have no income, corporation or capital gains tax and no estate duty, inheritance tax or gift tax;

(ii) no Holder of any Preference Share is liable for stamp duty in respect of the issue or the transfer of any Preference Shares; however, any agreement to transfer any Preference Shares if executed in the Cayman Islands or brought into the Cayman Islands after execution outside the Cayman Islands is subject to nominal Cayman Islands stamp duty; and

(iii) the Holder of any Note (or the legal personal representative of such holder) whose Note is brought into the Cayman Islands may, in certain circumstances, be liable to pay stamp duty imposed under the laws of the Cayman Islands in respect of such Note.

The Issuer has been incorporated under the laws of the Cayman Islands as an exempted company and, as such, received an undertaking from the Governor-in-Cabinet of the Cayman Islands substantially in the following form:

The Tax Concessions Law
(1999 Revision)
Undertaking as to Tax Concessions

In accordance with Section 6 of the Tax Concessions Law (1999 Revision) the Governor-in-Cabinet undertakes with:

E*TRADE ABS CDO IV, Ltd. (the “Issuer”)

(a) that no law which is hereafter enacted in the Islands imposing any tax to be levied on profits, income, gains or appreciations will apply to the Issuer or its operations; and

(b) in addition, that no tax to be levied on profits, income, gains or appreciations or which is in the nature of estate duty or inheritance tax will be payable

(i) on or in respect of the shares debentures or other obligations of the Issuer; or

(ii) by way of the withholding in whole or in part of any relevant payment as defined in Section 6(3) of the Tax Concessions Law (1999 Revision).

These concessions will be for a period of TWENTY years from the 7th day of September, 2005.

“Governor In Cabinet”

The Cayman Islands do not have an income tax treaty arrangement with the U.S. or any other country.
CERTAIN ERISA CONSIDERATIONS

The United States Employee Retirement Income Security Act of 1974, as amended (“ERISA”), imposes certain duties on persons who are fiduciaries of employee benefit plans (subject to Title I of ERISA) (“ERISA Plans”) and of entities whose underlying assets include assets of ERISA Plans by reason of an ERISA Plan’s investment in such entities. These duties include investment prudence and diversification and the requirement that an ERISA Plan’s investments be made in accordance with the documents governing the ERISA Plan. The prudence of a particular investment must be determined by the responsible fiduciary of an ERISA Plan by taking into account the ERISA Plan’s particular circumstances and liquidity needs and all of the facts and circumstances of the investment, including the availability of a public market for the investment. In addition, certain U.S. Federal, state and local laws impose similar duties on fiduciaries of governmental and/or church plans which are not subject to ERISA.

Any fiduciary of an ERISA Plan, of an entity whose underlying assets include assets of ERISA Plans by reason of an ERISA Plan’s investment in such entity, or of a foreign, governmental or church plan that is subject to fiduciary standards similar to those of ERISA (“plan fiduciary”), that proposes to cause such a plan or entity to purchase Notes and Preference Shares should determine whether, under the general fiduciary standards of ERISA or other applicable law, an investment in the Notes and Preference Shares is appropriate for such plan or entity. In determining whether a particular investment is appropriate for an ERISA Plan, U.S. Department of Labor regulations provide that the fiduciaries of an ERISA Plan must give appropriate consideration to, among other things, the role that the investment plays in the ERISA Plan’s portfolio, taking into consideration whether the investment is designed reasonably to further the ERISA Plan’s purposes, an examination of the risk and return factors, the portfolio’s composition with regard to diversification, the liquidity and current return of the total portfolio relative to the anticipated cash flow needs of the ERISA Plan and the projected return of the total portfolio relative to the ERISA Plan’s funding objectives. Before investing the assets of an ERISA Plan in Notes and Preference Shares, a fiduciary should determine whether such an investment is consistent with the foregoing regulations and its fiduciary responsibilities, including any specific restrictions to which such fiduciary may be subject.

Section 406(a) of ERISA and Section 4975 of the United States Internal Revenue Code of 1986, as amended (the “Code”) prohibit certain transactions (“prohibited transactions”) involving the assets of ERISA Plans or plans described in Section 4975(e)(1) of the Code (together with ERISA Plans, “Plans”) and certain persons (referred to as “Parties-In-Interest” in ERISA and as “Disqualified Persons” in Section 4975 of the Code) having certain relationships to such Plans and entities. A Party-In-Interest or Disqualified Person who engages in a non-exempt prohibited transaction may be subject to non-deductible excise taxes and other penalties and liabilities under ERISA and/or the Code.

Each of the Issuer, the Co-Issuer, the Initial Purchaser and the Collateral Manager as a result of their own activities or because of the activities of an affiliate, may be considered a Party-In-Interest or a Disqualified Person with respect to Plans. Accordingly, prohibited transactions within the meaning of Section 406 of ERISA and Section 4975 of the Code may arise if Notes or Preference Shares are acquired by a Plan with respect to which any of the Issuer, the Co-Issuer, the Initial Purchaser, the Collateral Manager, the obligors on the Collateral Debt Securities or any of their respective affiliates is a Party-In-Interest or Disqualified Person. In addition, if a Party-In-Interest or Disqualified Person with respect to a Plan owns or acquires a beneficial interest in the Issuer or the Co-Issuer, the acquisition or holding of Notes or Preference Shares by or on behalf of the Plan could be considered to constitute an indirect prohibited transaction. Moreover, the acquisition or holding of Notes or other indebtedness issued by the Issuer or the Co-Issuer by or on behalf of a Party-In-Interest or Disqualified Person with respect to a Plan that owns or acquires a beneficial interest in the Issuer or the Co-Issuer, as the case may be, also could give rise to an indirect prohibited transaction. Certain exemptions from the prohibited transaction rules could be applicable, however, depending in part upon the type of Plan fiduciary making the decision to acquire a Note or Preference Share and the circumstances under which such decision is made. Included among these exemptions are PTE 90-1, regarding investments by insurance company pooled separate accounts; PTE 91-38, regarding investments by bank collective investment funds; PTE 84-14, regarding transactions effected by a “qualified professional asset manager”; PTE 96-23, regarding investments by certain in-house asset managers; and PTE 95-60, regarding investments by insurance company general accounts. Even if the conditions specified in one or more of
these exemptions are met, the scope of the relief provided by these exemptions might or might not cover all acts which might be construed as prohibited transactions. If a purchase of Notes were to be a non-exempt prohibited transaction, the purchase might have to be rescinded.

Foreign plans, governmental plans and certain church plans, while not subject to the fiduciary responsibility provisions of ERISA or the provisions of Section 4975 of the Code, may nevertheless be subject to other foreign, federal, state or local laws that are similar to the foregoing provisions of ERISA and the Code (a “Similar Law”).

The United States Department of Labor, the government agency primarily responsible for administering the ERISA fiduciary rules and the prohibited transaction rules under ERISA and the Code, has issued a regulation (the “Plan Asset Regulation”) that, under specified circumstances, requires plan fiduciaries, and entities with certain specified relationships to a Plan, to “look through” investment vehicles (such as the Issuer) and treat as an “asset” of the Plan each underlying investment made by such investment vehicle. The Plan Asset Regulation provides, however, that if equity participation in any entity by “Benefit Plan Investors” is not significant then the “look-through” rule will not apply to such entity. “Benefit Plan Investors” are defined in the Plan Asset Regulation to include (1) any employee benefit plan (as defined in Section 3(3) of ERISA), whether or not subject to Title I of ERISA, (2) any plan described in Section 4975(e)(1) of the Code, and (3) any entity whose underlying assets include plan assets by reason of a plan’s investment in the entity. Equity participation by Benefit Plan Investors in an entity is significant if, immediately after the most recent acquisition of any equity interest in the entity, 25% or more of the value of any class of equity interests in the entity (excluding the value of any interests held by certain persons, other than Benefit Plan Investors, having discretionary authority and control over the assets of the entity or providing investment advice with respect to such assets to the entity for a fee, direct or indirect (such as the Collateral Manager), or any Affiliates of such Persons (such person, a “Controlling Person”)) is held by Benefit Plan Investors (the “25% Threshold”).

There is little pertinent authority in this area and securities may change character over time and with changing circumstances from debt, to equity. Persons considering the purchase of Notes for a Plan should consult their counsel. However, it is anticipated that the Class A Notes and the Class B Notes will not constitute “equity interests” in the Co-Issuers. Although it is less clear, based primarily on the investment-grade rating of the Class C Notes, the unconditional obligation of the Co-Issuers to pay interest and to repay principal by a fixed maturity date and the creditors’ remedies available to Holders of the Class C Notes, it is anticipated that the Class C Notes will not constitute “equity interests” in the Co-Issuers, despite their subordinated position in the capital structure of the Co-Issuers. No measures (such as those described below with respect to the Class D Notes and Preference Shares) will be taken to restrict investment in the Class A Notes, the Class B Notes or Class C Notes. Because the Class D Notes might constitute equity interests in the Co-Issuers, measures will be taken to restrict investment in the Class D Notes.

It is intended that the ownership interests in the Class D Notes and Preference Shares that are held by Benefit Plan Investors will be maintained at a level below the 25% Threshold (excluding Class D Notes and Preference Shares held by Controlling Persons) by limiting the aggregate amount of Class D Notes and Preference Shares that may be held by Benefit Plan Investors to below the 25% Threshold. In this regard, each original purchaser of Class D Notes and Restricted Preference Shares will be required to provide information as to what portion, if any, of the funds it is using to purchase and hold Class D Notes and Preference Shares is comprised of assets of a Benefit Plan Investor and whether or not it is a Controlling Person. Any subsequent transferee that acquires Class D Notes or Restricted Preference Shares will be required to represent that it is not (and for so long as it holds such Class D Note or Preference Share will not be) and is not acting on behalf of a Benefit Plan Investor or Controlling Person. The Preference Share Registrar will not effect any such transfer if it has reason to believe such transferee of Preference Shares is to a Benefit Plan Investor or Controlling Person. The Note Registrar will not effect any such transfer if it has reason to believe that such transfer of Class D Notes is to a Benefit Plan Investor or Controlling Person. In addition, each purchaser or transferee of Global Preference Shares will be deemed and each transferee of Definitive Preference Shares will be required, to represent and warrant that (i) it is not, and is not acting on behalf of, a Benefit Plan Investor or a Controlling Person and (ii) it, and any fiduciary of it causing it to acquire Global Preference Shares or Definitive Preference Shares, agrees to indemnify and hold harmless the Co-Issuers from any cost, damage or loss incurred by them as a result of it being or being deemed to be a Benefit Plan Investor. There can be no assurance, however, that ownership of the Class D Notes and Preference Shares by
Benefit Plan Investors will in each case always remain below the 25% Threshold. In particular, each owner of a Restricted Preference Share will be required to execute and deliver to the Issuer and the Preference Share Registrar a letter in the form attached as an exhibit to the Preference Share Paying Agency Agreement to the effect that such owner will not transfer such interest except in compliance with the transfer restrictions set forth in the Preference Share Paying Agency Agreement (including the requirement that any subsequent transferee execute and deliver such letter as a condition to any subsequent transfer). Owners of Class D Notes will be required to execute and deliver a similar letter. Owners of any interest in Global Preference Shares will be deemed to make similar representations. The Preference Share Registrar and the Note Registrar will not effect any such transfer to a Benefit Plan Investor or Controlling Person. Although each such owner will be required to indemnify the Issuer for the consequences of any breach of such obligations, there is no assurance that an owner will not breach such obligations or that, if such breach occurs, such owner will have the financial capacity, willingness or legal ability to indemnify the Issuer for any losses that the Issuer may suffer, including by reason of non-compliance with the 25% Threshold.

If for any reason the assets of the Issuer are deemed to be “plan assets” of a Plan subject to Title I of ERISA or Section 4975 of the Code, certain transactions that either of the Co-Issuers might enter into, or may have entered into, in the ordinary course of its business might constitute non-exempt “prohibited transactions” under Section 406 of ERISA or Section 4975 of the Code and might have to be rescinded. In addition, if the assets of the Issuer are deemed to be “plan assets” of a Plan subject to Title I of ERISA or Section 4975 of the Code, the payment of certain of the fees payable to the Collateral Manager might be considered to be a non-exempt “prohibited transaction” under Section 406 of ERISA or Section 4975 of the Code. Moreover, if the underlying assets of the Issuer were deemed to be assets constituting “plan assets,” there are several provisions of ERISA that could be implicated if an ERISA Plan were to acquire and hold Class D Notes or Preference Shares either directly or by investing in an entity whose underlying assets are deemed to be assets of the ERISA Plan. It is not clear that Section 403(a) of ERISA, which generally requires that all of the assets of an ERISA Plan be held in trust and limits delegation of investment management responsibilities by fiduciaries of ERISA Plans, would be satisfied. It is also not clear whether Section 404(b) of ERISA, which generally provides that no fiduciary may maintain the indicia of ownership of any assets of a plan outside the jurisdiction of the district courts of the United States, would be satisfied or any of the exceptions to this requirement set forth in 29 C.F.R. Section 2550.404b-1 would be available.

The sale of any Offered Security to a Plan is in no respect a representation by the Issuer, the Initial Purchaser, the Collateral Manager or any of their affiliates that such an investment meets all relevant legal requirements with respect to investments by Plans generally or any particular Plan, or that such an investment is appropriate for a Plan generally or any particular Plan.

**EACH INITIAL PURCHASER OF A CLASS A NOTE, CLASS B NOTE OR CLASS C NOTE WILL BE DEEMED TO REPRESENT AND WARRANT (OR IN CERTAIN CIRCUMSTANCES REQUIRED TO CERTIFY) AND EACH TRANSFEREE OF A CLASS A NOTE, CLASS B NOTE OR CLASS C NOTE WILL BE DEEMED TO REPRESENT AND WARRANT EITHER THAT (A) IT IS NOT, AND IS NOT INVESTING THE ASSETS OF, A PLAN THAT IS SUBJECT TO TITLE I OF ERISA OR SECTION 4975 OF THE CODE OR A FOREIGN, GOVERNMENTAL OR CHURCH PLAN THAT IS SUBJECT TO ANY SIMILAR LAW OR (B) ITS PURCHASE AND OWNERSHIP OF SUCH NOTE WILL NOT RESULT IN A NON-EXEMPT PROHIBITED TRANSACTION UNDER ERISA OR THE CODE (OR, IN THE CASE OF A FOREIGN, GOVERNMENTAL OR CHURCH PLAN, A VIOLATION OF ANY SIMILAR LAW).**

**EACH ORIGINAL PURCHASER OF A CLASS D NOTE OR RESTRICTED PREFERENCE SHARE WILL BE REQUIRED TO CERTIFY WHETHER OR NOT IT IS A BENEFIT PLAN INVESTOR OR A CONTROLLING PERSON, AND EACH SUCH PURCHASER THAT IS A BENEFIT PLAN INVESTOR SUBJECT TO SECTION 406 OF ERISA, SECTION 4975 OF THE CODE OR ANY MATERIALLY SIMILAR LAW WILL BE REQUIRED TO CERTIFY THAT ITS INVESTMENT IN CLASS D NOTES OR PREFERENCE SHARES WILL NOT RESULT IN A NONEXEMPT PROHIBITED TRANSACTION UNDER THE FOREGOING PROVISIONS OF ERISA AND THE CODE OR A VIOLATION OF ANY SIMILAR LAW. NO TRANSFER OF CLASS D NOTES OR PREFERENCE SHARES WILL BE EFFECTIVE AND THE ISSUER, THE PREFERENCE SHARE REGISTRAR, THE PREFERENCE SHARE PAYING AGENT, THE TRUSTEE AND THE NOTE REGISTRAR WILL NOT RECOGNIZE ANY SUCH TRANSFER IF THE TRANSFEREE OF A CLASS D NOTE OR PREFERENCE SHARE IS A BENEFIT PLAN INVESTOR OR A CONTROLLING PERSON.**
EACH PURCHASER AND TRANSFEREE OF GLOBAL PREFERENCE SHARES WILL BE
DEEMED, AND EACH TRANSFEREE OF DEFINITIVE PREFERENCE SHARES WILL BE REQUIRED, TO
CERTIFY THAT (I) IT IS NOT, AND IS NOT ACTING ON BEHALF OF, A BENEFIT PLAN INVESTOR OR A
CONTROLLING PERSON AND (II) IT, AND ANY FIDUCIARY OF IT CAUSING IT TO ACQUIRE GLOBAL
PREFERENCE SHARES, AGREES TO INDEMNIFY AND HOLD HARMLESS THE CO-ISSUERS FROM
ANY COST, DAMAGE OR LOSS INCURRED BY THEM AS A RESULT OF IT BEING OR BEING DEEMED
TO BE A BENEFIT PLAN INVESTOR.

ANY PLAN FIDUCIARY THAT PROPOSES TO CAUSE A PLAN TO PURCHASE NOTES OR
PREFERENCE SHARES SHOULD CONSULT WITH ITS OWN LEGAL AND TAX ADVISORS WITH
RESPECT TO THE POTENTIAL APPLICABILITY OF ERISA AND SECTION 4975 OF THE CODE TO SUCH
INVESTMENT, THE CONSEQUENCES OF SUCH AN INVESTMENT UNDER ERISA AND SECTION 4975
OF THE CODE AND THE ABILITY TO MAKE THE REPRESENTATIONS DESCRIBED ABOVE.
MOREOVER, EACH PLAN FIDUCIARY SHOULD DETERMINE WHETHER, UNDER THE GENERAL
FIDUCIARY STANDARDS OF ERISA, AN INVESTMENT IN THE NOTES IS APPROPRIATE FOR THE
PLAN, TAKING INTO ACCOUNT THE OVERALL INVESTMENT POLICY OF THE PLAN AND THE
COMPOSITION OF THE PLAN’S INVESTMENT PORTFOLIO.

It should be noted that an insurance company’s general account may be deemed to include assets of ERISA
Plans under certain circumstances, e.g., where an ERISA Plan purchases an annuity contract issued by such an
insurance company, based on the reasoning of the United States Supreme Court in John Hancock Mutual Life Ins.
Co. v. Harris Trust and Savings Bank, 510 U.S. 86 (1993). An insurance company considering the purchase of
Offered Securities with assets of its general account should consider such purchase and the insurance company’s
ability to make the representations described above in light of Harris Trust, Section 401(c) of ERISA and 29 C.F.R.
§2550.401c-1. As indicated above, an insurance company general account deemed under the reasoning of Harris
Trust to contain assets of a Benefit Plan may not invest in the Class D Notes or the Preference Shares after the Issue
Date.

“Benefit Plan” means any (i) “employee benefit plan” (as defined in Section 3(3) of ERISA) that is subject
to Section 406 of ERISA, (ii) “plan” (as defined in Section 4975(e)(1) of the Code) that is subject to Section 4975
of the Code or (iii) foreign, governmental or church plan that is subject to any materially Similar Law, including,
without limitation, any insurance company separate account or insurance company general account deemed to hold
assets of a Benefit Plan.

The discussion of ERISA and Section 4975 of the Code contained in this Offering Circular, is, of necessity,
general, and does not purport to be complete. Moreover, the provisions of ERISA and Section 4975 of the Code are
subject to extensive and continuing administrative and judicial interpretation and review. Therefore, the matters
discussed above may be affected by future regulations, rulings and court decisions, some of which may have
retroactive application and effect.
PLAN OF DISTRIBUTION

The Issuer and the Initial Purchaser will enter into a Purchase Agreement (the "Purchase Agreement") relating to the purchase and sale of the Offered Securities to be delivered on the Issue Date. In the Purchase Agreement, the Co-Issuers will agree to sell to the Initial Purchaser, and the Initial Purchaser will agree to purchase, the entire principal amount of the Notes and all of the Preference Shares as set forth in the Purchase Agreement. The obligations of the Initial Purchaser under the Purchase Agreement are subject to the satisfaction of certain conditions set forth in the Purchase Agreement. Pursuant to the Purchase Agreement, the Issuer has agreed to indemnify the Initial Purchaser against certain liabilities, including liabilities under the Securities Act, or to contribute to payments the Initial Purchaser may be required to make in respect thereof.

The Co-Issuers have been advised by the Initial Purchaser that it proposes to sell the Offered Securities in negotiated transactions at varying prices to be determined in each case at the time of sale and (i)(a) in the case of a sale in the United States in reliance upon Rule 144A or other exemption from the registration requirements of the Securities Act, to a Qualified Institutional Buyer or, solely in the case of the Preference Shares, an Accredited Investor and (b) a Qualified Purchaser that can make all of the representations applicable to a Holder that is a U.S. Person or (ii) to a non-U.S. Person in offshore transactions in reliance on Regulation S under the Securities Act.

Several subscription agreements relating to the Offered Securities (each, a "Subscription Agreement") will be entered into, each dated on or prior to the Issue Date. Pursuant to each such Subscription Agreement, a purchaser will agree with the Initial Purchaser to subscribe for the relevant Offered Securities.
CERTAIN SELLING RESTRICTIONS

United States

The Offered Securities have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. Persons except pursuant to an exemption from the registration requirements under the Securities Act.

(1) In the Purchase Agreement, the Initial Purchaser will represent and agree that it has not offered or sold Offered Securities and will not offer or sell Offered Securities except to persons who are not U.S. Persons in accordance with Rule 903 of Regulation S or as provided in paragraph (2) below. Accordingly, the Initial Purchaser will represent and agree that neither it, its Affiliates (if any) nor any persons acting on its or their behalf have engaged or will engage in any directed selling efforts with respect to Offered Securities, and it and they have complied and will comply with the offering restrictions requirements of Regulation S.

(2) In the Purchase Agreement, the Initial Purchaser will agree that it will not, acting either as principal or agent, offer or sell any Offered Securities in the United States other than Offered Securities in Registered Form bearing a restrictive legend thereon, and it will not, acting either as principal or agent, offer, sell, reoffer or resell any of such Offered Securities (or approve the resale of any of such Offered Securities):

(a) except (1) inside the United States through a U.S. broker dealer that is registered under the Exchange Act to investors each of which it reasonably believes is a Qualified Institutional Buyer (or, in the case of the Preference Shares only, an Accredited Investor) that has such knowledge and experience in financial and business matters that it is capable of evaluating and bearing the risks of investing in the Offered Securities (or is represented by a fiduciary or agent with sole investment discretion having such knowledge and experience) and that, in either case, is also a Qualified Purchaser or (2) otherwise in accordance with the restrictions on transfer set forth in such Offered Securities, the Purchase Agreement and this Offering Circular; or

(b) by means of any form of general solicitation or general advertisement, including but not limited to (1) any advertisement, article, notice or other communication published in any newspaper, magazine or similar media or broadcast over television or radio and (2) any seminar or meeting whose attendees have been advised by any general solicitation or general advertising.

Prior to the sale of any Offered Securities, the Initial Purchaser will have provided each offeree that is a U.S. Person with a copy of the Offering Circular in the form the Issuer and the Initial Purchaser will have agreed most recently will be used for offers and sales in the United States.

(3) In the Purchase Agreement, the Initial Purchaser will represent and agree that in connection with each sale to a purchaser, it has taken or will take reasonable steps to ensure that the purchaser is aware that the Offered Securities have not been and will not be registered under the Securities Act and that transfers of Offered Securities are restricted as set forth herein.

United Kingdom

The Initial Purchaser will also represent and agree as follows:

(1) it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000 ("FSMA"); received by it in connection with the issue or sale of any Offered Securities in circumstances in which Section 21(1) of the FSMA does not apply to the Co-Issuers; and

(2) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Offered Securities in, from or otherwise involving the United Kingdom.

163
Cayman Islands

The Initial Purchaser will represent and agree that it has not made and will not make any invitation to the public in the Cayman Islands to subscribe for the Offered Securities.

General

No action has been or will be taken in any jurisdiction that would permit a public offering of the Offered Securities or the possession, circulation or distribution of this Offering Circular or any other material relating to the Issuer or the Offered Securities in any country or jurisdiction where action for that purpose is required. Accordingly, the Offered Securities may not be offered or sold, directly or indirectly, and neither this Offering Circular nor any other offering material or advertisements in connection with the Offered Securities may be distributed or published, in or from any country or jurisdiction, except under circumstances that will result in compliance with any applicable rules and regulations of any such country or jurisdiction.

Purchasers of the Offered Securities may be required to pay stamp taxes and other charges in accordance with the laws and practices of the country of purchase in addition to the purchase price.

Purchasers of the Offered Securities will be required, as a condition to payment of amounts on the Offered Securities without the imposition of withholding tax, to provide certain certifications with respect to any applicable taxes or reporting requirements of the United States or the Cayman Islands.

The Initial Purchaser and its Affiliates may have had in the past and may in the future have business relationships and dealings with one or more issuers of the Collateral Debt Securities and their Affiliates and may own equity or debt securities issued by such issuers or their Affiliates. The Initial Purchaser or its Affiliates may have provided and may in the future provide investment banking services to an issuer of Collateral Debt Securities or its Affiliates and may have received or may receive compensation for such services.

The Offered Securities will constitute new classes of securities with no established trading market. Such a market may or may not develop, but the Initial Purchaser is not under any obligation to make such a market, and if it makes such a market it may discontinue any market-making activities with respect to the Offered Securities at any time without notice. In addition, market-making activity will be subject to the limits imposed by the Securities Act and the Exchange Act. Accordingly, no assurances can be made as to the liquidity of or the trading market for the Notes.
TRANSFER RESTRICTIONS

Because of the following restrictions, purchasers are advised to consult legal counsel prior to making any offer, resale, pledge or transfer of Notes or Preference Shares.

Investor Representations on Initial Purchase. Each purchaser or transferee of Offered Securities (or any beneficial interest therein) will be required (or, in certain circumstances, will be deemed) to acknowledge, represent to and agree with the Issuer and the Initial Purchaser as follows:

(1) No Governmental Approval. The purchaser understands that the Offered Securities have not been approved or disapproved by the SEC or any other governmental authority or agency of any jurisdiction, nor has the SEC or any other governmental authority or agency passed upon the accuracy or adequacy of this Offering Circular. The purchaser further understands that any representation to the contrary is a criminal offense.

(2) Certification Upon Transfer. Each purchaser of a Note (if required by the Indenture) and each purchaser of Preference Shares will, prior to any sale, pledge or other transfer by it of any such Offered Security (or any interest therein), obtain from the transferee and deliver to the Issuer and the Note Registrar (in the case of a Note), the Preference Share Registrar (in the case of a Preference Share) a duly executed transfer certificate in the form of the relevant exhibit attached to the Indenture (in the case of a Note) or the Preference Share Paying Agency Agreement (in the case of a Preference Share), as the case may be, and such other certificates and other information as the Issuer, the Trustee (in the case of the Notes) or the Preference Share Registrar (in the case of the Preference Shares) may reasonably require to confirm that the proposed transfer complies with the transfer restrictions contained in this Offering Circular and the Indenture, the Issuer Charter or the Preference Share Paying Agency Agreement.

(3) Minimum Denominations; Form of Preference Shares. The purchaser agrees that no Offered Security (or any interest therein) may be sold, pledged or otherwise transferred in a denomination of less than the applicable minimum denomination set forth in the Indenture (in the case of the Notes) or the minimum required number set forth in the Issuer Charter (in the case of the Preference Shares). In addition, each purchaser of Restricted Preference Shares understands that the Restricted Preference Shares will be issued in fully registered, definitive form, without interest coupons, and will be transferable only by delivery thereof.

(4) Securities Law Limitations on Resale. The purchaser understands that the Offered Securities have not been registered under the Securities Act and, therefore, cannot be offered or sold in the United States or to U.S. Persons unless they are registered under the Securities Act or unless an exemption from registration is available. Accordingly, the certificates representing the Offered Securities will bear a legend stating that the Offered Securities have not been registered under the Securities Act and setting forth certain of the restrictions on transfer of the Offered Securities described herein. The purchaser understands that neither the Issuer nor (in the case of the Notes) the Co-Issuer has any obligation to register any of the Offered Securities under the Securities Act or to comply with the requirements for any exemption from the registration requirements of the Securities Act (other than to supply information specified in Rule 144A(d)(4) of the Securities Act as required by the Indenture and the Issuer Charter).

(5) Qualified Institutional Buyer, Accredited Investor or Non-U.S. Person Status; Investment Intent. In the case of a purchaser who takes delivery of the Offered Securities in the form of a Restricted Global Note (or interest therein), a Restricted Preference Share, it is a Qualified Institutional Buyer or, solely in the case of a Restricted Preference Share, an Accredited Investor, and in each case is acquiring the Offered Securities, for its own account for investment purposes and not with a view to the distribution thereof (except in accordance with Rule 144A or, in the case of Preference Shares, pursuant to another available exemption from the registration requirements of the Securities Act). In the case of a purchaser who takes delivery of Regulation S Notes or Regulation S Preference Shares, (i) it is neither a U.S. Person nor a U.S. Resident and is purchasing such Note or Preference Share, as applicable, for its own account and not for the account or benefit of a U.S. Person a U.S. Resident and (ii) it understands that (A) in the case of a Regulation S Note or a Global Preference Share, interests in a Regulation S Global Note or a Global Preference Share, as applicable, may only be held through Euroclear or Clearstream, Luxembourg and (B) in the case of a Global Preference Share, delivery may be made
only in accordance with the certification requirements set forth in the Issuer Charter and the Preference Share Paying Agency Agreement.

(6) **Purchaser Sophistication; Non-Reliance; Suitability: Access to Information.** The purchaser (a) has such knowledge and experience in financial and business matters that the purchaser is capable of evaluating the merits and risks (including for tax, legal, regulatory, accounting and other financial purposes) of its prospective investment in Offered Securities, (b) is financially able to bear such risk, (c) in making such investment is not relying on the advice or recommendations of the Initial Purchaser, the Issuer, the Co-Issuer or any of their respective affiliates (or any representative of any of the foregoing) and (d) has determined that an investment in Offered Securities is suitable and appropriate for it. The purchaser has received, and has had an adequate opportunity to review the contents of, the final Offering Circular. The purchaser has had access to such financial and other information concerning the Issuer and the Offered Securities as it has deemed necessary to make its own independent decision to purchase Offered Securities, including the opportunity, at a reasonable time prior to its purchase of Offered Securities, to ask questions and receive answers concerning the Issuer and the terms and conditions of the offering of the Offered Securities.

(7) **Certain Resale Limitations: Rule 144A.** The purchaser is aware that no Offered Securities (or any interest therein) may be offered, sold, pledged or otherwise transferred to (a) a transferee acquiring a Restricted Global Note (or interest therein) or a Restricted Preference Share except (i) (A) to a transferee (x) whom the seller reasonably believes is a Qualified Institutional Buyer, purchasing for its own account, to whom notice is given that the resale, pledge or other transfer is being made in reliance on the exemption from the registration requirements of the Securities Act provided by Rule 144A and (y) that is a Qualified Purchaser or (B) solely in the case of a Restricted Preference Share, to a transferee (x) in accordance with another applicable exemption from the registration requirements of the Securities Act (subject to the delivery of such certifications, legal opinions or other information as the Issuer may reasonably require to confirm that such transfer is being made pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act) and (y) that is a Qualified Purchaser, (ii) to a transferee that is not a Flow-Through Investment Vehicle (other than a Qualifying Investment Vehicle), (iii) in compliance with the certification (if any) and other requirements set forth in the Indenture, the Issuer Charter or the Preference Share Paying Agency Agreement and (iv) in accordance with any applicable securities laws of any state of the United States and any other relevant jurisdiction or (b) a transferee acquiring an interest in a Regulation S Note or a Regulation S Preference Share except (i) to a transferee that is acquiring such interest in an “offshore transaction” within the meaning of Rule 903 or Rule 904 of Regulation S, (ii) to a transferee that is neither a U.S. Person nor a U.S. Resident, (iii) in the case of any transfer of a Preference Share to a transferee that is neither a Benefit Plan Investor nor a Controlling Person, (iv) to a transferee that is not a Flow-Through Investment Vehicle (other than a Qualifying Investment Vehicle), (v) in compliance with the certification (if any) and other requirements set forth in the Indenture, the Issuer Charter or the Preference Share Paying Agency Agreement, as applicable, and (vi) in accordance with any applicable securities laws of any state of the United States and any other relevant jurisdiction. Without limiting the foregoing, each holder of an interest in a Global Preference Share will be required to execute and deliver to the Issuer and the Preference Share Paying Agent a letter in the form attached as an exhibit to the Preference Share Paying Agency Agreement, to the effect that such holder will not transfer such interest except in compliance with the transfer restrictions set forth in the Preference Share Paying Agency Agreement (including the requirement that any subsequent transferee execute and deliver such letter).

(8) **Limited Liquidity.** The purchaser understands that there is no market for any Class of Offered Securities and that no assurance can be given as to the liquidity of any trading market for such Class of Offered Securities or that a trading market for such Class of Offered Securities will develop. It further understands that, although the Initial Purchaser may from time to time make a market in a Class of Offered Securities, the Initial Purchaser is under no obligation to do so and, following the commencement of any market-making, may discontinue the same at any time. Accordingly, the purchaser must be prepared to hold such Offered Securities for an indefinite period of time or until their maturity.

(9) **Investment Company Act.** The purchaser either (a) is not a U.S. Resident or (b) is a Qualified Purchaser. The purchaser agrees that no sale, pledge or other transfer of a Note or a Preference Share (or any interest therein) may be made (a) to a transferee acquiring Restricted Notes or Restricted Preference Shares except to a transferee that is a Qualified Purchaser, (b) to a transferee acquiring an interest in a Regulation S
Note or a Regulation S Preference Share that is a U.S. Resident or (c) if such transfer would have the effect of requiring either of the Co-Issuers or the Collateral to register as an investment company under the Investment Company Act. If the purchaser is a U.S. Person that is an entity that would be an investment company but for the exception provided for in Section 3(c)(1) or Section 3(c)(7) of the Investment Company Act (any such entity, an “excepted investment company”): (x) all of the beneficial owners of outstanding securities (other than short-term paper) of such entity (such beneficial owners determined in accordance with Section 3(c)(1)(A) of the Investment Company Act) that acquired such securities on or before April 30, 1996 (“pre-amendment beneficial owners”); and (y) all pre-amendment beneficial owners of the outstanding securities (other than short-term paper) of any excepted investment company that, directly or indirectly, owns any outstanding securities of such entity, have consented to such entity’s treatment as a Qualified Purchaser in accordance with the Investment Company Act.

(10) Withholding Certification. The purchaser understands that the Issuer, the Co-Issuer or any Paying Agent will require certification acceptable to it (i) as a condition to the payment of principal of and interest on any Note without, or at a reduced rate of, U.S. withholding or backup withholding tax, and (ii) to enable the Co-Issuers, the Trustee and any Paying Agent to determine their duties and liabilities with respect to any taxes or other charges that they may be required to pay, deduct or withhold from payments in respect of such Note or the Holder of such Note under any present or future law or regulation of the Cayman Islands or the United States or any present or future law or regulation of any political subdivision thereof or taxing authority therein or to comply with any reporting or other requirements under any such law or regulation. Such certification may include U.S. federal income tax forms (such as IRS Form W-8BEN (Certification of Foreign Status of Beneficial Owner), Form W-8IMY (Certification of Foreign Intermediary Status), IRS Form W-9 (Request for Taxpayer Identification Number and Certification), or IRS Form W-8ECI (Certification of Foreign Person’s Claim for Exemption from Withholding on Income Effectively Connected with Conduct of a U.S. Trade or Business) or any successors to such IRS forms). In addition, the Issuer, the Co-Issuer or any Paying Agent may require certification acceptable to it to enable the Issuer to qualify for a reduced rate of withholding in any jurisdiction from or through which the Issuer receives payments on its assets. Each purchaser agrees to provide any certification requested pursuant to this paragraph and to update or replace such form or certification in accordance with its terms or its subsequent amendments.

(11) Tax Treatment. Each purchaser hereby agrees that, for purposes of U.S. federal, state and local income and franchise tax and any other income taxes, (i) the Issuer will be treated as a corporation, (ii) the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes will be treated as indebtedness of the Issuer, and (iii) the Preference Shares will be treated as equity in the Issuer; the purchaser agrees to such treatment and agrees to take no action inconsistent with such treatment, unless required by law.

(12) ERISA. In the case of a purchaser of a Class A Note, Class B Note or Class C Note, either (a) it is not (and for so long as it holds any Class A Note, Class B Note or Class C Note or any interest therein will not be), and is not (and for so long as it holds any Class A Note, Class B Note or Class C Note or any interest therein will not be) acting on behalf of, an employee benefit plan (within the meaning of Section 3(3) of ERISA) that is subject to Section 406 of ERISA, a plan (within the meaning of Section 4975(e)(1) of the Code) that is subject to Section 4975 of the Code or a governmental or church plan that is subject to any federal, state or local law that is similar to the foregoing provisions of ERISA or the Code (a “Similar Law”) or (b) its purchase and ownership of such Note will be covered by a prohibited transaction class exemption issued by the United States Department of Labor (or, in the case of a governmental or church plan, will not result in a violation of any Similar Law).

In the case of a purchaser of a Class D Note or Preference Share, except as otherwise disclosed with respect to purchases on the Issue Date, the purchaser is not (i) a “benefit plan investor,” as defined in United States Department of Labor Regulations at 29 C.F.R. § 2510.3-101(f) (a “Benefit Plan Investor”) or (ii) a person other than a Benefit Plan Investor who has discretionary authority or control over the assets of the Issuer or provides investment advice to the Issuer for a fee, direct or indirect, or is an affiliate of any such person (a “Controlling Person”). If a purchaser of a Class D Note or Restricted Preference Share on the Issue Date is a Benefit Plan Investor that is subject to Title I of ERISA, Section 4975 of the Code or any Similar Law, it represents and warrants that its purchase and ownership of Class D Note or Preference Shares will not result in a non-exempt prohibited transaction under the foregoing provisions of ERISA and the Code or a violation of any Similar Law. Each
purchaser of a Class D Note or Preference Share understands and agrees that no sale, pledge or other transfer of a Class D Note or Preference Share (or any interest therein) may be made to Benefit Plan Investors or Controlling Persons.

In addition, if the purchaser is, or is acting on behalf of, a Plan subject to Section 406 of ERISA or an employee benefit plan that is not subject to Section 406 of ERISA but is subject to provisions of a Similar Law, the fiduciaries of such Plan or such employee benefit plan, as applicable, represent and warrant that they have been informed of and understand the Issuer’s investment objectives, policies and strategies and that the decision to invest such Plan’s assets or such employee benefit plan’s assets, as the case may be, in Offered Securities was made with appropriate consideration of relevant investment factors with regard to such Plan or such employee benefit plan, as the case may be, and is consistent with the duties and responsibilities imposed upon fiduciaries with regard to their investment decisions under Section 406 of ERISA or such Similar Law.

(13) Limitations on Flow-Through Status. It is either (a) not a Flow-Through Investment Vehicle or (b) a Qualifying Investment Vehicle. A purchaser is a “Flow-Through Investment Vehicle” if: (i) a purchaser that would be an investment company but for the exception in Section 3(c)(1) or Section 3(c)(7) of the Investment Company Act, the amount of the purchaser’s investment in the Offered Securities (including its investment in all Classes of Notes and Preference Shares) exceeds 40% of the total assets (determined on a consolidated basis with its subsidiaries) of the purchaser; (ii) any person owning any equity or similar interest in the purchaser has the ability to control any investment decision of such purchaser to determine, on an investment-by-investment basis, the amount of such person’s contribution to any investment made by the purchaser; (iii) the purchaser was organized or reorganized for the specific purpose of acquiring Offered Securities; or (iv) additional capital or similar contributions were specifically solicited from any person owning an equity or similar interest in the purchaser for the purpose of enabling the purchaser to purchase Offered Securities. A “Qualifying Investment Vehicle” is a Flow-Through Investment Vehicle as to which all of the beneficial owners of any securities issued by the Flow-Through Investment Vehicle have made, and as to which (in accordance with the document pursuant to which the Flow-Through Investment Vehicle was organized or the agreement or other document governing such securities) each such beneficial owner must require any transferee of any such security to make to the Co-Issuers, the Collateral Manager and the Note Registrar or, with respect to the Preference Shares, the Preference Share Registrar each of the representations set forth herein, and (a) in the Indenture and a Subscription Agreement or (b) the transfer certificate pursuant to which the Notes or the Preference Shares were transferred to such Flow-Through Investment Vehicle (in each case, with appropriate modifications to reflect the indirect nature of their interests in the Notes or the Preference Shares, including any modification permitting an initial beneficial owner of securities issued by such entity to represent that it is an Accredited Investor in lieu of being a Qualified Institutional Buyer).

If the purchaser is a U.S. Person that is a Qualifying Investment Vehicle, (a) either (i) none of the beneficial owners of its securities is a U.S. Person or (ii) some or all of the beneficial owners of its securities are U.S. Persons and each such beneficial owner has certified to the purchaser that it is a Qualified Purchaser and (b) the purchaser has only one class of securities outstanding (other than any nominal share capital the distributions in respect of which are not correlated to or dependent upon distributions on, or the performance of, the Offered Securities).

(14) Certain Transfers Void. The purchaser agrees that (a) any sale, pledge or other transfer of an Offered Security (or any interest therein) made in violation of the transfer restrictions contained in this Offering Circular and in the Indenture, the Issuer Charter or the Preference Share Paying Agency Agreement, or made based upon any false or inaccurate representation made by the purchaser or a transferee to the Issuer, will be void and of no force or effect and (b) none of the Issuer, the Trustee, the Note Registrar (in the case of the Notes) and the Preference Share Paying Agent and Preference Share Registrar (in the case of the Preference Shares) has any obligation to recognize any sale, pledge or other transfer of an Offered Security (or any interest therein) made in violation of any such transfer restriction or made based upon any such false or inaccurate representation.

The Indenture provides that if, notwithstanding the restrictions on transfer contained therein, either of the Co-Issuers determines that any Beneficial Owner of a Restricted Note (or any interest therein) (A) was not at the time of purchase both a Qualified Institutional Buyer and a Qualified Purchaser or (B) any Beneficial Owner of a Regulation S Note (or any interest therein) is at any time either a U.S. Person or a U.S. Resident, then either of the Co-Issuers may require, by notice to such Holder, that such Holder sell all of its right, title and interest to such Restricted Note (or interest therein) or Regulation S
Note (or interest therein), as applicable, to a person (x) if such person is taking delivery in the form of an interest in a Restricted Note, that is both a Qualified Institutional Buyer and a Qualified Purchaser or (y) if such person is taking delivery in the form of an interest in a Regulation S Note, that is neither a U.S. Person nor a U.S. Resident, with such sale to be effected within 30 days after notice of such sale requirement is given. If such Beneficial Owner fails to effect the transfer required within such 30-day period, (i) upon direction from the Collateral Manager or the Issuer, the Trustee, on behalf of and at the expense of the Issuer, will cause such Beneficial Owner’s interest in such Note to be transferred in a commercially reasonable sale (conducted by the Trustee in accordance with Section 9-610(b) of the Uniform Commercial Code as in effect in the State of New York as applied to securities that are sold on a recognized market or that may decline speedily in value) to a person that certifies to the Trustee, the Co-Issuers and the Collateral Manager, in connection with such transfer, that such person is both a Qualified Institutional Buyer and a Qualified Purchaser or (y) if such person is taking delivery in the form of an interest in a Regulation S Note, such person is neither a U.S. Person nor a U.S. Resident, and (ii) pending such transfer, no further payments will be made in respect of such Note held by such Beneficial Owner.

The Preference Share Paying Agency Agreement provides that if, notwithstanding the restrictions on transfer contained therein, the Issuer determines that (A) any beneficial owner of Restricted Preference Shares was not at the time of purchase both (i) a Qualified Institutional Buyer or otherwise entitled to purchase such Restricted Preference Shares pursuant to another exemption from the registration requirements of the Securities Act (subject to the delivery of such certifications, legal opinions or other information as the Issuer may reasonably require to confirm that such transfer is being made pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act) and (ii) a Qualified Purchaser or (B) any beneficial owner of a Regulation S Preference Share (or any interest therein) is at any time either a U.S. Person or a U.S. Resident, then the Issuer may require, by notice to such Holder, that such Holder sell all of its right, title and interest to such Restricted Preference Shares or Regulation S Preference Share (or interest therein), as applicable, to a person (x) if such person is taking delivery in the form of a Restricted Preference Share, that is both (i) a Qualified Institutional Buyer or otherwise entitled to take delivery of such Restricted Preference Share pursuant to another exemption from the registration requirements of the Securities Act (subject to the delivery of such certifications, legal opinions or other information as the Issuer may reasonably require to confirm that such transfer is being made pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act) and (ii) a Qualified Purchaser or (y) if such person is taking delivery in the form of an interest in a Regulation S Preference Share, that is neither a U.S. Person nor a U.S. Resident, with such sale to be effected within 30 days after notice of such sale requirement is given. If such beneficial owner fails to effect the transfer required within such 30-day period, (a) upon direction from the Collateral Manager or the Issuer, the Preference Share Paying Agent, on behalf of and at the expense of the Issuer, will cause such beneficial owner’s interest in such Preference Share to be transferred in a commercially reasonable sale (conducted by the Administrator in accordance with Section 9-610(b) of the Uniform Commercial Code as in effect in the State of New York as applied to securities that are sold on a recognized market or that may decline speedily in value) to a person that certifies to the Preference Share Paying Agent, the Preference Share Registrar, the Issuer and the Collateral Manager, in connection with such transfer, that (x) if such person is taking delivery in the form of a Restricted Preference Share, such person is both (i) a Qualified Institutional Buyer or otherwise entitled to take delivery of such Restricted Preference Share pursuant to another exemption from the registration requirements of the Securities Act (subject to the delivery of such certifications, legal opinions or other information as the Issuer may reasonably require to confirm that such transfer is being made pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act) and (ii) a Qualified Purchaser or (y) if such person is taking delivery in the form of an interest in a Regulation S Preference Share, such person is neither a U.S. Person nor a U.S. Resident, and (b) pending such transfer, no further payments will be made in respect of such Preference Share held by such beneficial owner.

(15) **Cayman Islands.** The purchaser is not a member of the public in the Cayman Islands.

(16) **Legend.** Each purchaser of a Note (or any beneficial interest therein) understands and agrees that a legend in substantially the following form will be placed on each Note:
THIS NOTE HAS NOT BEEN AND WILL NOT BE REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED (THE "SECURITIES ACT"), OR THE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES OR ANY OTHER JURISDICTION, AND MAY BE RESOLD, PLEDGED OR OTHERWISE TRANSFERRED ONLY (A) TO A PERSON WHOM THE SELLER REASONABLY BELIEVES IS A "QUALIFIED INSTITUTIONAL BUYER" WITHIN THE MEANING OF RULE 144A UNDER THE SECURITIES ACT ("RULE 144A"), PURCHASING FOR ITS OWN ACCOUNT, TO WHOM NOTICE IS GIVEN THAT THE RESALE, PLEDGE OR OTHER TRANSFER IS BEING MADE IN RELIANCE ON THE EXEMPTION FROM SECURITIES ACT REGISTRATION PROVIDED BY RULE 144A OR (2) TO A NON-U.S. PERSON IN AN OFFSHORE TRANSACTION IN ACCORDANCE WITH RULE 903 OR RULE 904 OF REGULATION S UNDER THE SECURITIES ACT ("REGULATION S"), (B) IN COMPLIANCE WITH THE CERTIFICATION AND OTHER REQUIREMENTS SPECIFIED IN THE INDENTURE REFERRED TO HEREIN AND (C) IN ACCORDANCE WITH ANY APPLICABLE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES AND ANY OTHER APPLICABLE JURISDICTION. NONE OF THE ISSUER, THE CO-ISSUER OR THE POOL OF COLLATERAL IS OR HAS BEEN REGISTERED UNDER THE INVESTMENT COMPANY ACT OF 1940, AS AMENDED (THE "INVESTMENT COMPANY ACT"). NO TRANSFER OF A NOTE (OR ANY INTEREST THEREIN) MAY BE MADE (AND NEITHER THE TRUSTEE NOR THE NOTE REGISTRAR WILL RECOGNIZE ANY SUCH TRANSFER) IF (A) SUCH TRANSFER WOULD BE MADE TO A TRANSFEREE WHO IS A U.S. RESIDENT (WITHIN THE MEANING OF THE INVESTMENT COMPANY ACT) THAT IS NOT (I) A "QUALIFIED PURCHASER" AS DEFINED IN THE INVESTMENT COMPANY ACT, (II) A "KNOWLEDGEABLE EMPLOYEE" WITH RESPECT TO THE ISSUER WITHIN THE MEANING OF RULE 3c-5 UNDER THE INVESTMENT COMPANY ACT OR (III) A COMPANY BENEFICIALLY OWNED EXCLUSIVELY BY ONE OR MORE "QUALIFIED PURCHASERS" AND/OR "KNOWLEDGEABLE EMPLOYEES" WITH RESPECT TO THE ISSUER, (B) SUCH TRANSFER WOULD HAVE THE EFFECT OF REQUIRING EITHER OF THE CO-ISSUERS OR THE POOL OF COLLATERAL TO REGISTER AS AN INVESTMENT COMPANY UNDER THE INVESTMENT COMPANY ACT (C) SUCH TRANSFER WOULD BE MADE TO A U.S. RESIDENT THAT IS A FLOW-THROUGH INVESTMENT VEHICLE OTHER THAN A QUALIFYING INVESTMENT VEHICLE (EACH AS DEFINED IN THE INDENTURE) OR (D) SUCH TRANSFER WOULD BE MADE TO A PERSON WHO IS OTHERWISE UNABLE TO MAKE THE CERTIFICATIONS AND REPRESENTATIONS REQUIRED BY THE APPLICABLE TRANSFER CERTIFICATE (IF ANY) ATTACHED AS AN EXHIBIT TO THE INDENTURE REFERRED TO BELOW.

Each Class A Note, Class B Note and Class C Note will also have the following:

EACH INITIAL PURCHASER OF A CLASS A NOTE, CLASS B NOTE OR CLASS C NOTE WILL BE REQUIRED TO CERTIFY (OR IN CERTAIN CIRCUMSTANCES DEEMED TO REPRESENT AND WARRANT) AND EACH TRANSFEREE OF A CLASS A NOTE, CLASS B NOTE OR CLASS C NOTE WILL BE DEEMED TO REPRESENT AND WARRANT EITHER (A) IT IS NOT, AND IS NOT ACTING ON BEHALF OF, A PLAN SUBJECT TO SECTION 406 OF ERISA, SECTION 4975 OF THE CODE OR A FOREIGN, GOVERNMENTAL OR CHURCH PLAN WHICH IS SUBJECT TO ANY FOREIGN, FEDERAL, STATE OR LOCAL LAW THAT IS MATERIALLY SIMILAR TO THE FOREGOING PROVISIONS OF ERISA OR THE CODE OR (B) ITS PURCHASE AND OWNERSHIP OF NOTES WILL NOT RESULT IN A NON-EXEMPT PROHIBITED TRANSACTION UNDER SECTION 406 OF ERISA OR SECTION 4975 OF THE CODE (OR, IN THE CASE OF A FOREIGN, GOVERNMENTAL OR CHURCH PLAN, A VIOLATION OF ANY MATERIALLY SIMILAR FOREIGN, FEDERAL, STATE OR LOCAL LAW).

In addition, the legend set forth on any Class D Note will also have the following:

EACH ORIGINAL PURCHASER OF CLASS D NOTES WILL BE REQUIRED TO REPRESENT AND WARRANT (i) WHETHER IT IS, OR IS ACTING ON BEHALF OF, A BENEFIT PLAN INVESTOR OR A CONTROLLING PERSON AND (ii) WHETHER IT IS, OR IS ACTING ON BEHALF OF, AN INSURANCE COMPANY GENERAL ACCOUNT OR IS INVESTING FUNDS ATTRIBUTABLE TO AN INSURANCE COMPANY GENERAL ACCOUNT. IF THE PURCHASER IS, OR IS ACTING ON
BEHALF OF, AN INSURANCE COMPANY GENERAL ACCOUNT OR IS INVESTING FUNDS ATTRIBUTABLE TO AN INSURANCE COMPANY GENERAL ACCOUNT, THE PURCHASER WILL ALSO BE REQUIRED TO REPRESENT AND WARRANT THE MAXIMUM PERCENTAGE OF SUCH PURCHASE THAT MAY BE DEEMED TO CONSTITUTE (AND MAY BE DEEMED TO CONSTITUTE SO LONG AS IT OWNS ANY CLASS D NOTES) AN INVESTMENT BY A BENEFIT PLAN INVESTOR OR AN INVESTMENT BY A CONTROLLING PERSON. EACH PURCHASER THAT IS, OR IS ACTING ON BEHALF OF, OR WITH THE ASSETS OF, A PLAN SUBJECT TO SECTION 406 OF ERISA OR SECTION 4975 OF THE CODE OR A FOREIGN, GOVERNMENTAL OR CHURCH PLAN WHICH IS SUBJECT TO ANY FOREIGN, FEDERAL, STATE OR LOCAL LAW THAT IS MATERIALLY SIMILAR TO THE FOREGOING PROVISIONS OF ERISA OR THE CODE WILL BE REQUIRED TO REPRESENT THAT ITS PURCHASE AND OWNERSHIP OF CLASS D NOTES WILL NOT RESULT IN A NON-EXEMPT PROHIBITED TRANSACTION UNDER SECTION 406 OF ERISA OR SECTION 4975 OF THE CODE (OR, IN THE CASE OF A FOREIGN, GOVERNMENTAL OR CHURCH PLAN, A VIOLATION OF ANY MATERIALLY SIMILAR FOREIGN, FEDERAL, STATE OR LOCAL LAW). EACH PURCHASER OF A CLASS D NOTE ACKNOWLEDGES THAT SUCH CLASS D NOTE MAY NOT BE TRANSFERRED TO A BENEFIT PLAN INVESTOR OR CONTROLLING PERSON.

In addition, the legend set forth on any Restricted Global Note will also have the following:

IN ADDITION, NO TRANSFER OF THIS NOTE (OR ANY INTEREST HEREIN) MAY BE MADE (AND NEITHER THE TRUSTEE NOR THE NOTE REGISTRAR WILL RECOGNIZE ANY SUCH TRANSFER) IF SUCH TRANSFER WOULD BE MADE TO A TRANSFEREE THAT IS (A) A DEALER DESCRIBED IN PARAGRAPH (a)(1)(ii) OF RULE 144A WHICH OWNS AND INVESTS ON A DISCRETIONARY BASIS LESS THAN U.S.$ 25,000,000 IN SECURITIES OF ISSUERS THAT ARE NOT AFFILIATED PERSONS OF THE DEALER OR (B) A PLAN REFERRED TO IN PARAGRAPH (a)(1)(i)(D) OR (a)(1)(i)(E) OF RULE 144A OR A TRUST FUND REFERRED TO IN PARAGRAPH (a)(1)(i)(F) OF RULE 144A THAT HOLDS THE ASSETS OF SUCH A PLAN. UNLESS INVESTMENT DECISIONS WITH RESPECT TO THE PLAN ARE MADE SOLELY BY THE FIDUCIARY, TRUSTEE OR SPONSOR OF SUCH PLAN. THE TRANSFEREE, AND EACH ACCOUNT FOR WHICH IT IS PURCHASING, IS REQUIRED TO HOLD AND TRANSFER AT LEAST THE MINIMUM DENOMINATIONS OF THE NOTES. THE NOTES OR ANY BENEFICIAL INTEREST HEREIN MAY BE TRANSFERRED ONLY IN PERMITTED DENOMINATIONS SPECIFIED IN THE INDENTURE. THIS NOTE OR ANY BENEFICIAL INTEREST HEREIN MAY BE TRANSFERRED TO A PERSON WHO ACQUIRES A BENEFICIAL INTEREST IN A REGULATION S NOTE UPON RECEIPT BY THE TRUSTEE OF A TRANSFER CERTIFICATE FROM THE TRANSFEROR SUBSTANTIALLY IN THE FORM SPECIFIED IN THE INDENTURE. ACCORDINGLY, AN INVESTOR IN THIS NOTE MUST BE PREPARED TO BEAR THE ECONOMIC RISK OF SUCH INVESTMENT FOR AN INDEFINITE PERIOD OF TIME.

IF, NOTWITHSTANDING THE RESTRICTIONS ON TRANSFER CONTAINED IN THE INDENTURE, THE ISSUER DETERMINES THAT ANY BENEFICIAL OWNER OF A NOTE (OR ANY INTEREST THEREIN) (A) IS A U.S. PERSON (WITHIN THE MEANING OF REGULATION S UNDER THE SECURITIES ACT) OR U.S. RESIDENT AND (B) IS NOT BOTH (I) A QUALIFIED INSTITUTIONAL BUYER AND (II) A QUALIFIED PURCHASER, THEN THE ISSUER MAY REQUIRE, BY NOTICE TO SUCH HOLDER, THAT SUCH HOLDER SELL ALL OF ITS RIGHT, TITLE AND INTEREST TO SUCH NOTE (OR INTEREST THEREIN) TO A PERSON THAT IS BOTH A QUALIFIED INSTITUTIONAL BUYER AND A QUALIFIED PURCHASER WITH SUCH SALE TO BE EFFECTED WITHIN 30 DAYS AFTER NOTICE OF SUCH SALE REQUIREMENT IS GIVEN. IF SUCH OWNER FAILS TO EFFECT THE TRANSFER REQUIRED WITHIN SUCH 30-DAYS PERIOD, (1) UPON DIRECTION FROM THE COLLATERAL MANAGER OR THE ISSUER, THE TRUSTEE, ON BEHALF OF AND AT THE EXPENSE OF THE ISSUER, WILL CAUSE SUCH OWNER’S INTEREST IN SUCH NOTE TO BE TRANSFERRED IN A COMMERCIALLY REASONABLE SALE (CONDUCTED BY THE TRUSTEE IN ACCORDANCE WITH SECTION 9-504(3) OF THE UNIFORM COMMERCIAL CODE AS IN EFFECT IN THE STATE OF NEW YORK AS APPLIED TO SECURITIES THAT ARE SOLD ON A RECOGNIZED MARKET OR THAT MAY DECLINE
SPEEDILY IN VALUE) TO A PERSON THAT CERTIFIES TO THE TRUSTEE, THE CO-ISSUERS AND THE COLLATERAL MANAGER, IN CONNECTION WITH SUCH TRANSFER, THAT SUCH PERSON IS BOTH (1) A QUALIFIED INSTITUTIONAL BUYER AND (2) A QUALIFIED PURCHASER AND (2) PENDING SUCH TRANSFER, NO FURTHER PAYMENTS WILL BE MADE IN RESPECT TO SUCH NOTE HELD BY SUCH OWNER. EACH TRANSFEREE IS REQUIRED TO PROVIDE WRITTEN NOTICE OF THE TRANSFER RESTRICTIONS TO ANY SUBSEQUENT TRANSFEREES.

In addition, the legend set forth on any Regulation S Note will also have the following:

THIS NOTE OR ANY BENEFICIAL INTEREST HEREIN MAY NOT BE HELD BY A U.S. PERSON OR A U.S. RESIDENT AT ANY TIME.

(17) Legend for Preference Shares. The purchaser understands and agrees that a legend in substantially the following form will be placed on each certificate representing any Preference Shares:

THE PREFERENCE SHARES REPRESENTED HEREBY HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED (THE "SECURITIES ACT"), OR THE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES OR ANY OTHER JURISDICTION, AND MAY BE RESOLD, PLEDGED OR OTHERWISE TRANSFERRED ONLY (A)(1) TO A PERSON WHOM THE SELLER REASONABLY BELIEVES IS A "QUALIFIED INSTITUTIONAL BUYER" WITHIN THE MEANING OF RULE 144A UNDER THE SECURITIES ACT ("RULE 144A"), PURCHASING FOR ITS OWN ACCOUNT, TO WHOM NOTICE IS GIVEN THAT THE RESALE, PLEDGE OR OTHER TRANSFER IS BEING MADE IN RELIANCE ON THE EXEMPTION FROM SECURITIES ACT REGISTRATION PROVIDED BY RULE 144A, (2) IN AN OFFSHORE TRANSACTION IN ACCORDANCE WITH RULE 903 OR RULE 904 OF REGULATION S UNDER THE SECURITIES ACT ("REGULATION S") OR (3) IN ACCORDANCE WITH ANOTHER EXEMPTION FROM THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT (SUBJECT TO THE DELIVERY OF SUCH CERTIFICATIONS, LEGAL OPINIONS OR OTHER INFORMATION AS THE ISSUER MAY REASONABLY REQUIRE TO CONFIRM THAT SUCH TRANSFER IS BEING MADE PURSUANT TO AN EXEMPTION FROM OR IN A TRANSACTION NOT SUBJECT TO, THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT), (B) IN COMPLIANCE WITH THE CERTIFICATION AND OTHER REQUIREMENTS SPECIFIED IN THE ISSUER CHARTER AND THE PREFERENCE SHARE PAYING AGENCY AGREEMENT REFERRED TO HEREIN AND (C) IN ACCORDANCE WITH ANY APPLICABLE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES AND ANY OTHER APPLICABLE JURISDICTION. NONE OF THE ISSUER, THE CO-ISSUER OR THE POOL OF COLLATERAL IS OR HAS BEEN REGISTERED UNDER THE INVESTMENT COMPANY ACT OF 1940, AS AMENDED (THE "INVESTMENT COMPANY ACT"), NO TRANSFER OF A PREFERENCE SHARE (OR ANY INTEREST THEREIN) MAY BE MADE (AND NEITHER THE ISSUER NOR THE PREFERENCE SHARE REGISTRAR WILL RECOGNIZE ANY SUCH TRANSFER) IF (A) SUCH TRANSFER WOULD BE MADE TO A TRANSFEREE WHO IS A U.S. RESIDENT (WITHIN THE MEANING OF THE INVESTMENT COMPANY ACT) THAT IS NOT (I) A "QUALIFIED PURCHASER" AS DEFINED IN SECTION 2(a)(51)(A) OF THE INVESTMENT COMPANY ACT AND RELATED RULES, (II) A "KNOWLEDGEABLE EMPLOYEE" WITH RESPECT TO THE ISSUER USING THE MEANING OF RULE 3c-5 UNDER THE INVESTMENT COMPANY ACT OR (III) A COMPANY BENEFICIALLY OWNED EXCLUSIVELY BY ONE OR MORE "QUALIFIED PURCHASERS" OR "KNOWLEDGEABLE EMPLOYEES" WITH RESPECT TO THE ISSUER, (B) SUCH TRANSFER WOULD HAVE THE EFFECT OF REQUIRING THE ISSUER OR THE POOL OF COLLATERAL TO REGISTER AS AN INVESTMENT COMPANY UNDER THE INVESTMENT COMPANY ACT, (C) AFTER GIVING EFFECT TO SUCH TRANSFER, 25% OR MORE, AS DETERMINED UNDER THE PLAN ASSET REGULATION OF THE U.S. DEPARTMENT OF LABOR, 29 C.F.R. SECTION 2510.3-101(f), OF THE PREFERENCE SHARES WOULD BE HELD BY BENEFIT PLAN INVESTORS (DISREGARDING PREFERENCE SHARES HELD BY CONTROLLING PERSONS) OR (D) SUCH TRANSFER WOULD BE MADE TO A TRANSFEREE THAT IS A U.S. RESIDENT WHICH IS A FLOW-THROUGH INVESTMENT

172
VEHICLE OTHER THAN A QUALIFYING INVESTMENT VEHICLE. ACCORDINGLY, AN INVESTOR IN THE PREFERENCE SHARES MUST BE PREPARED TO BEAR THE ECONOMIC RISK OF THE INVESTMENT FOR AN INDEFINITE PERIOD OF TIME.

IN ADDITION, NO TRANSFER OF THE PREFERENCE SHARES REPRESENTED HEREBY (OR ANY INTEREST HEREIN) MAY BE MADE (AND THE PREFERENCE SHARE PAYING AGENT, THE PREFERENCE SHARE REGISTRAR AND THE ISSUER WILL NOT RECOGNIZE ANY SUCH TRANSFER) IF SUCH TRANSFER WOULD BE MADE TO A TRANSFEREE THAT IS (A) A DEALER DESCRIBED IN PARAGRAPH (a)(1)(ii) OF RULE 144A WHICH OWNS AND INVESTS ON A DISCRETIONARY BASIS LESS THAN U.S.$ 25,000,000 IN SECURITIES OF ISSUERS THAT ARE NOT AFFILIATED PERSONS OF THE DEALER OR (B) A PLAN REFERRED TO IN PARAGRAPH (a)(1)(i)(D) OR (a)(1)(i)(E) OF RULE 144A OR A TRUST FUND REFERRED TO IN PARAGRAPH (a)(1)(i)(F) OF RULE 144A THAT HOLDS THE ASSETS OF SUCH A PLAN, UNLESS INVESTMENT DECISIONS WITH RESPECT TO THE PLAN ARE MADE SOLELY BY THE FIDUCIARY, TRUSTEE OR SPONSOR OF SUCH PLAN.

THE PREFERENCE SHARES REPRESENTED HEREBY OR ANY BENEFICIAL INTEREST HEREIN MAY BE TRANSFERRED IN THE UNITED STATES OR TO U.S. PERSONS ONLY IF THE PURCHASER IS (A)(I) A QUALIFIED INSTITUTIONAL BUYER OR AN ACCREDITED INVESTOR AND (2) A QUALIFIED PURCHASER AND (B) ACQUIRING THE SECURITIES FOR ITS OWN ACCOUNT, AND IN TRADING LOTS OF NOT LESS THAN 250 PREFERENCE SHARES. THIS SECURITY OR ANY BENEFICIAL INTEREST HEREIN MAY BE TRANSFERRED TO A PERSON WHO ACQUIRES A BENEFICIAL INTEREST IN A REGULATION S PREFERENCE SHARE CERTIFICATE UPON RECEIPT BY THE PREFERENCE SHARE PAYING AGENT OF A TRANSFER CERTIFICATE FROM THE TRANSFEROR SUBSTANTIALLY IN THE FORM SPECIFIED IN THE PREFERENCE SHARE PAYING AGENCY AGREEMENT.

IF, NOTWITHSTANDING THE RESTRICTIONS SET FORTH IN THE PREFERENCE SHARE PAYING AGENCY AGREEMENT, THE ISSUER DETERMINES THAT ANY HOLDER OF THIS SECURITY OR AN INTEREST HEREIN (I) IS A U.S. PERSON OR U.S. RESIDENT AND (II) IS NOT BOTH (A)(I) A QUALIFIED INSTITUTIONAL BUYER OR (2) AN ACCREDITED INVESTOR AND (B) A QUALIFIED PURCHASER, THE ISSUER MAY REQUIRE, BY NOTICE TO SUCH HOLDER THAT SUCH HOLDER SELL ALL OF ITS RIGHT, TITLE AND INTEREST TO THIS SECURITY (OR INTEREST HEREIN) TO A PERSON THAT IS BOTH (A)(I) A QUALIFIED INSTITUTIONAL BUYER OR (2) AN ACCREDITED INVESTOR AND (B) A QUALIFIED PURCHASER, WITH SUCH SALE TO BE EFFECTED WITHIN 30 DAYS AFTER NOTICE OF SUCH SALE REQUIREMENT IS GIVEN. IF SUCH HOLDER FAILS TO EFFECT THE TRANSFER REQUIRED WITHIN SUCH 30-DAY PERIOD, (X) UPON WRITTEN DIRECTION FROM THE COLLATERAL MANAGER OR THE ISSUER, THE PREFERENCE SHARE PAYING AGENT WILL, AND IS HEREBY IRREVOCABLY AUTHORIZED BY SUCH HOLDER TO CAUSE ITS INTEREST IN THIS SECURITY TO BE TRANSFERRED IN A COMMERCIALY REASONABLE SALE ARRANGED BY THE COLLATERAL MANAGER (CONDUCTED BY THE PREFERENCE SHARE PAYING AGENT IN ACCORDANCE WITH SECTION 9-504(3) OF THE UCC AS IN EFFECT IN THE STATE OF NEW YORK AS APPLIED TO SECURITIES THAT ARE SOLD ON A RECOGNIZED MARKET OR THAT MAY DECLINE SPEEDILY IN VALUE) TO A PERSON THAT CERTIFIES TO THE PREFERENCE SHARE PAYING AGENT, THE ISSUER AND THE COLLATERAL MANAGER IN CONNECTION WITH SUCH TRANSFER, THAT SUCH PERSON IS WITH (A)(I) A QUALIFIED INSTITUTIONAL BUYER OR (2) AN ACCREDITED INVESTOR AND (B) A QUALIFIED PURCHASER, AND (Y) PENDING SUCH TRANSFER, NO FURTHER PAYMENTS WILL BE MADE IN RESPECT OF THE INTEREST IN THIS SECURITY HELD BY SUCH HOLDER AND THE INTEREST IN THIS SECURITY WILL NOT BE DEEMED TO BE OUTSTANDING FOR THE PURPOSE OF ANY VOTE OR CONSENT OF THE HOLDERS OF THE PREFERENCE SHARES. EACH PURCHASER OF A PREFERENCE SHARE ACKNOWLEDGES THAT SUCH PREFERENCE SHARE MAY NOT BE TRANSFERRED TO A BENEFIT PLAN INVESTOR OR CONTROLLING PERSON.

In addition, the legend set forth on any Restricted Preference Share will also have the following:

173
EACH ORIGINAL PURCHASER OF RESTRICTED PREFERENCE SHARES WILL BE REQUIRED TO REPRESENT AND WARRANT (i) WHETHER IT IS, OR IS ACTING ON BEHALF OF, A BENEFIT PLAN INVESTOR OR A CONTROLLING PERSON AND (ii) WHETHER IT IS, OR IS ACTING ON BEHALF OF, AN INSURANCE COMPANY GENERAL ACCOUNT OR IS INVESTING FUNDS ATTRIBUTABLE TO AN INSURANCE COMPANY GENERAL ACCOUNT IF THE PURCHASER IS, OR IS ACTING ON BEHALF OF, AN INSURANCE COMPANY GENERAL ACCOUNT OR IS INVESTING FUNDS ATTRIBUTABLE TO AN INSURANCE COMPANY GENERAL ACCOUNT, THE PURCHASER WILL ALSO BE REQUIRED TO REPRESENT AND WARRANT THE MAXIMUM PERCENTAGE OF SUCH PURCHASE THAT MAY BE DEEMED TO CONSTITUTE (AND MAY BE DEEMED TO CONSTITUTE SO LONG AS IT OWNS ANY RESTRICTED PREFERENCE SHARES) AN INVESTMENT BY A BENEFIT PLAN INVESTOR OR AN INVESTMENT BY A CONTROLLING PERSON. EACH PURCHASER THAT IS, OR IS ACTING ON BEHALF OF OR WITH THE ASSETS OF, A PLAN SUBJECT TO SECTION 406 OF TITLE I OF ERISA OR SECTION 4975 OF THE CODE OR A FOREIGN, GOVERNMENTAL OR CHURCH PLAN WHICH IS SUBJECT TO ANY FOREIGN, FEDERAL, STATE OR LOCAL LAW THAT IS MATERIALLY SIMILAR TO THE FOREGOING PROVISIONS OF ERISA OR THE CODE WILL BE REQUIRED TO REPRESENT THAT ITS PURCHASE AND OWNERSHIP OF PREFERENCE SHARES WILL NOT RESULT IN A NON-EXEMPT PROHIBITED TRANSACTION UNDER SECTION 406 OF ERISA OR SECTION 4975 OF THE CODE (OR, IN THE CASE OF A FOREIGN, GOVERNMENTAL OR CHURCH PLAN, A VIOLATION OF ANY MATERIALLY SIMILAR FOREIGN, FEDERAL, STATE OR LOCAL LAW). EACH PURCHASER OF A PREFERENCE SHARE ACKNOWLEDGES THAT SUCH PREFERENCE SHARE MAY NOT BE TRANSFERRED TO A BENEFIT PLAN INVESTOR OR CONTROLLING PERSON.

In addition, the legend set forth on any Global Preference Share or Definitive Preference Share will include the following:

EACH PURCHASER OF A GLOBAL PREFERENCE SHARE OR DEFINITIVE PREFERENCE SHARE ACKNOWLEDGES THAT SUCH PREFERENCE SHARE MAY NOT BE HELD BY OR ON BEHALF OF, OR TRANSFERRED TO A BENEFIT PLAN INVESTOR OR A CONTROLLING PERSON. EACH INITIAL PURCHASER OF A GLOBAL PREFERENCE SHARE WILL BE REQUIRED TO REPRESENT AND WARRANT IN THE RELATED INVESTOR REPRESENTATION LETTER (AND EACH TRANSFEREE OF A GLOBAL PREFERENCE SHARE WILL BE DEEMED TO REPRESENT AND WARRANT) THAT (I) IT IS NOT, AND IS NOT ACTING ON BEHALF OF, A BENEFIT PLAN INVESTOR OR A CONTROLLING PERSON AND (II) IT, AND ANY FIDUCIARY OF IT CAUSING IT TO ACQUIRE SUCH PREFERENCE SHARE, AGREES TO INDEMNIFY AND HOLD HARMLESS THE ISSUER, THE CO-ISSUER, THE PLACEMENT AGENTS AND THE COLLATERAL MANAGER AND THEIR RESPECTIVE AFFILIATES FROM ANY COST, DAMAGE OR LOSS INCURRED BY THEM AS A RESULT OF IT BEING OR BEING DEEMED TO BE A BENEFIT PLAN INVESTOR.

In addition, the following will be inserted in the case of Global Notes or Global Preference Shares:

UNLESS THIS NOTE [PREFERENCE SHARE] IS PRESENTED BY AN AUTHORIZED REPRESENTATIVE OF THE DEPOSITORY TRUST COMPANY ("DTC") TO THE NOTE REGISTRAR [PREFERENCE SHARE REGISTRAR] FOR REGISTRATION OF TRANSFER, EXCHANGE OR PAYMENT, AND) ANY CERTIFICATE ISSUED IS REGISTERED IN THE NAME OF CEDE & CO. OR IN SUCH OTHER NAME AS IS REQUESTED BY AN AUTHORIZED REPRESENTATIVE OF DTC (AND ANY PAYMENT MADE TO CEDE & CO. OR TO SUCH OTHER ENTITY AS IS REQUESTED BY AN AUTHORIZED REPRESENTATIVE OF DTC), ANY TRANSFER, PLEDGE OR OTHER USE HEREOF FOR VALUE OR OTHERWISE BY OR TO ANY PERSON IS WRONGFUL INASMUCH AS THE REGISTERED OWNER HEREOF, CEDE & CO., HAS AN INTEREST HEREIN.

(18)Reliance on Representations, etc. The purchaser acknowledges that the Issuer, the Initial Purchaser, the Trustee and others will rely upon the truth and accuracy of the foregoing acknowledgments, representations and agreements and agrees that, if any of the acknowledgments, representations or warranties made or deemed
to have been made by it in connection with its purchase of the Offered Securities are no longer accurate, the purchaser will promptly notify the Issuer and the Initial Purchaser.

Investor Representations on Resale. Except as provided below, each transferee of an Offered Security will be required to deliver to the Issuer and the Note Registrar (in the case of the Notes), the Preference Share Paying Agent (in the case of the Preference Shares), as the case may be, a duly executed transferee certificate in the form of the relevant exhibit attached to the Indenture (in the case of the Notes) or the Preference Share Paying Agency Agreement (in the case of the Preference Shares), as the case may be, and such other certificates and other information as the Issuer, the Co-Issuer, the Trustee or the Preference Share Paying Agent may reasonably require to confirm that the proposed transfer complies with the transfer restrictions contained in this Offering Circular. An owner of a beneficial interest in a Regulation S Global Note or a Global Preference Share may transfer such interest in the form of a beneficial interest in such Regulation S Global Note or Global Preference Share without the provision of written certification, provided that, such transfer is not made to a U.S. Person or a U.S. Resident or for the account or benefit of a U.S. Person or a U.S. Resident and such transfer is effected through Euroclear or Clearstream, Luxembourg in an offshore transaction as required by Regulation S and only in accordance with the Applicable Procedures. An owner of a beneficial interest in a Restricted Global Note may transfer such interest in the form of a beneficial interest in such Restricted Global Note without the provision of written certification. Each transferee of a beneficial interest in a Regulation S Global Note or Restricted Global Note will be deemed to make the same representations and warranties at the time of purchase that a transferee of a Note subject to equivalent transfer restrictions that is required to deliver a transfer certificate would be required to make pursuant to such transferee certificate. No Restricted Preference Share may be transferred to a transferee acquiring an interest in a Global Preference Share or Definitive Preference Share unless the transferee executed and delivers to the Issuer and the Preference Share Paying Agent a letter in the form attached as an exhibit to the Preference Share Paying Agency Agreement to the effect that such purchaser will not transfer such interest except in compliance with the transfer restrictions set forth in the Preference Share Paying Agency Agreement (including the requirement that any subsequent transferee execute and deliver such letter).

Each transferee of an Offered Security that is required to deliver a transfer certificate will be required, pursuant to such transferee certificate, and each transferee who is not required to deliver a certificate will be deemed (a) to acknowledge, represent to and agree with the Issuer and the Trustee as to the matters set forth in each of paragraphs (1) through (18) above (other than paragraph (5) above) as if each reference therein to “the purchaser” were instead a reference to the transferee and (b) to further represent to and agree with the Issuer and the Trustee (in the case of a Note) or the Preference Share Paying Agent (in the case of a Preference Share) as follows:

(19) In the case of a transferee who takes delivery of a beneficial interest in a Restricted Global Note, it (i) is a Qualified Institutional Buyer and also a Qualified Purchaser; (ii) is not a dealer described in paragraph (a)(1)(ii) of Rule 144A unless such purchaser owns and invests on a discretionary basis at least U.S.$ 25,000,000 in securities of issuers that are not affiliated persons of the dealer; (iii) is not a plan referred to in paragraph (a)(1)(i)(D) or (a)(1)(i)(E) of Rule 144A, or a trust fund referred to in paragraph (a)(1)(i)(F) of Rule 144A that holds the assets of such a plan, unless investment decisions with respect to the plan are made solely by the fiduciary, trustee or sponsor of such plan; (iv) it will provide written notice of the foregoing, and of any applicable restrictions on transfer, to any transferee; (v) is aware that the sale to it is being made in reliance on Rule 144A; and (vi) is acquiring such Offered Securities for its own account. In the case of a transferee who takes delivery of a Restricted Note that is a Definitive Note or who takes delivery of a Restricted Preference Share, unless, with respect to a Restricted Preference Share only, such transfer is effected to a transferee who is a Qualified Purchaser and entitled to purchase such Restricted Preference Share in accordance with another exemption from the registration requirements of the Securities Act (and such certifications, legal opinions or other information as the Issuer has reasonably required to confirm that such transfer is being made pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act have been delivered), it is a Qualified Institutional Buyer and a Qualified Purchaser purchasing for its own account. In the case of a transferee who takes delivery of Regulation S Notes or Regulation S Preference Shares, it (i) is acquiring such Notes or Preference Shares, as applicable, in an “offshore transaction” in accordance with Rule 903 or Rule 904 of Regulation S, (ii) is acquiring such Notes or Preference Shares, as applicable, for its own account, (iii) is not acquiring, and has not entered into any discussions regarding its acquisition of, such Notes or Preference Shares, as applicable, while it is in the United States or any of its territories or possessions, (iv) understands that such Notes or Preference Shares, as applicable, are being sold...
without registration under the Securities Act by reason of an exemption that depends, in part, on the accuracy of these representations, (v) understands that such Notes or Preference Shares, as applicable, may not, absent an applicable exemption, be transferred without registration and/or qualification under the Securities Act and applicable state securities laws and the laws of any other applicable jurisdiction and (vi) in the case of a transferee of a Regulation S Global Note or a Global Preference Share, understands that interests in a Regulation S Global Note or a Global Preference Share, as applicable, may only be held through Euroclear or Clearstream, Luxembourg.

(20) It acknowledges that the foregoing acknowledgements, representations and agreements will be relied upon by the Issuer and the Trustee (in the case of a Note) or the Preference Share Paying Agent and Preference Share Registrar (in the case of a Preference Share) for the purpose of determining its eligibility to purchase Offered Securities. It agrees to provide, if requested, any additional information that may be required to substantiate its status as a Qualified Institutional Buyer or (solely in the case of a Preference Share) an Accredited Investor or under the exception provided pursuant to Section 3(c)(7) of the Investment Company Act, to determine compliance with ERISA and/or Section 4975 of the Code or to otherwise determine its eligibility to purchase Offered Securities.
LISTING AND GENERAL INFORMATION

1. Application will be made to IFSRA, as competent authority under the Prospectus Directive for the approval of this Offering Circular. Application will be made to the Irish Stock Exchange for the admittance of the Notes to the Official List of the Irish Stock Exchange and trading on its regulated market. No such application will be made in respect of the Preference Shares.

2. For fourteen days following the date of the final Offering Circular, copies of the Issuer Charter, the Certificate of Formation and limited liability company agreement of the Co-Issuer, the Administration Agreement, the Indenture, the Collateral Management Agreement, the Preference Share Paying Agency Agreement, the Master Forward Sale Agreement, the Account Control Agreement, the Asset Sale Agreement, each Hedge Agreement, the confirmations to each transaction under each Hedge Agreement and copies of the transfer certificates will be available for inspection at the registered office of the Issuer. The Issuer is not required by Cayman Islands law and the Issuer does not intend, to publish annual reports and accounts. The Co-Issuer is not required by Delaware state law, and the Co-Issuer does not intend, to publish annual reports and accounts. The Indenture, however will require the Issuer to provide the Trustee with a written certificate, on an annual basis, that to the best of its knowledge following review of the activities of the prior year, no Event of Default has occurred or if there has been an Event of Default, the certificate will set forth the nature and status thereof, including actions undertaken to remedy the same.

3. So long as any Offered Security is listed on the Irish Stock Exchange, copies of the Issuer Charter, the Certificate of Formation and limited liability company agreement of the Co-Issuer, the Administration Agreement, the resolutions of the Board of Directors of the Issuer authorizing the issuance of the Notes and the execution of the Indenture, the Collateral Management Agreement, the Preference Share Paying Agency Agreement, the Master Forward Sale Agreement, the Asset Sale Agreement, the Account Control Agreement, each Hedge Agreement and the resolutions of the Board of Directors of the Co-Issuer authorizing the issuance of the Notes and the Indenture will be available for inspection during the term of the Notes in the city of Columbia, Maryland at the office of the Trustee and at the office of the Irish Paying Agent located in Dublin, Ireland.

4. So long as any Offered Security is listed on the Irish Stock Exchange, copies of the monthly reports and quarterly note valuation reports with respect to the Notes and the Collateral Debt Securities will be prepared by the Issuer in accordance with the Indenture and will be obtainable free of charge upon request in Ireland at the offices of the Irish Paying Agent located in Dublin, Ireland. The monthly reports will be prepared each month, beginning with the monthly report for February 2006, and the quarterly note valuation reports will be prepared in March, June, September and December, beginning in March 2006.

5. For so long as the Trustee is the Collateral Administrator, it will also make these monthly reports and quarterly note valuation reports available to Noteholders via the Trustee’s internet website. The Trustee’s internet website will initially be located at www.cdlolink.com. This website does not form part of the Offering Circular. Assistance in using the website can be obtained by calling the Trustee’s customer service desk at (301) 815-6600.

6. Each of the Co-Issuers represents that there has been no material adverse change in its financial position since its date of creation.

7. Neither of the Co-Issuers is involved, or has been since incorporation, in any litigation or arbitration proceedings relating to claims on amounts which are material in the context of the issue of the Offered Securities, nor, so far as either of the Co-Issuers is aware, is any such litigation or arbitration involving it pending or threatened.

8. The issuance of the Offered Securities will be authorized by the Board of Directors of the Issuer on November 30, 2005. The issuance of the Notes will be authorized by the Board of Directors of the Co-Issuer on or about December 1, 2005. Since incorporation, neither the Issuer nor the Co-Issuer has commenced trading.
established any accounts or declared any dividends, except for the transactions described herein relating to the issue of the Offered Securities.

9. Notes and Preference Shares sold in offshore transactions in reliance on Regulation S and represented by Regulation S Global Notes or Global Preference Shares, as applicable, have been accepted for clearance through Euroclear and Clearstream, Luxembourg. Part II

Standard & Poor’s Recovery Rate Matrix

A. If the Collateral Debt Security (other than a Synthetic Security, ABS REIT Debt Security, Corporate Debt Security, Cash Flow CDO, Market Value CDO or CDO of CDO) is the senior-most tranche of securities issued by the issuer of such Collateral Debt Security the recovery rate is as follows:

<table>
<thead>
<tr>
<th>Standard &amp; Poor’s Rating of Collateral Debt Security</th>
<th>Recovery Rate by Rating of Notes</th>
</tr>
</thead>
<tbody>
<tr>
<td>“AAA”</td>
<td>AAA  80.0%</td>
</tr>
<tr>
<td>“AA−”, “AA” or “AA+”</td>
<td>70.0%</td>
</tr>
<tr>
<td>“A−”, “A” or “A+”</td>
<td>60.0%</td>
</tr>
<tr>
<td>“BBB−”, “BBB” or “BBB+”</td>
<td>50.0%</td>
</tr>
</tbody>
</table>

B. If the Collateral Debt Security (other than a Synthetic Security, ABS REIT Debt Security, a Corporate Debt Security, Cash Flow CDO, Market Value CDO or CDO of CDO) is not the senior-most tranche of securities issued by the issuer of such Collateral Debt Security the recovery rate is as follows:

<table>
<thead>
<tr>
<th>Standard &amp; Poor’s Rating of Collateral Debt Security</th>
<th>Recovery Rate by Ratings of Notes</th>
</tr>
</thead>
<tbody>
<tr>
<td>“AAA”</td>
<td>AAA  65.0%</td>
</tr>
<tr>
<td>“AA−”, “AA” or “AA+”</td>
<td>55.0%</td>
</tr>
<tr>
<td>“A−”, “A” or “A+”</td>

</tr>
<tr>
<td>“B−”, “B” or “B+”</td>
<td>2.5%</td>
</tr>
<tr>
<td>“CCC+” and below</td>
<td>0.0%</td>
</tr>
</tbody>
</table>

C. If the Collateral Debt Security (other than an ABS REIT Debt Security or a Corporate Debt Security) is a Synthetic Security, the recovery rate will be assigned by Standard & Poor’s upon the acquisition of such Collateral Debt Security by the Issuer.

D. If the Collateral Debt Security (other than a Corporate Debt Security) is an ABS REIT Debt Security, the recovery rate of such Collateral Debt Security will be 40%.

E. If the Collateral Debt Security has its payment obligations guaranteed by a monoline insurer, the recovery rate will be 37%.

F. If the Collateral Debt Security is a Corporate Debt Security, Cash Flow CDO, Market Value CDO, CDO of CDO or any other type of security not listed in paragraphs A through E (inclusive) above, the recovery rate will be assigned by Standard & Poor’s on a case-by-case basis.
Part III
Fitch Recovery Rate Matrix

With respect to any Defaulted Security or Deferred Interest PIK Bond on any Measurement Date, an amount equal to the percentage corresponding to the domicile, original rating, tranche thickness and seniority of such Defaulted Security or Deferred Interest PIK Bond, as applicable, as set forth in the matrix below; provided that, the applicable percentage shall be the percentage corresponding to the most senior Outstanding Class or Sub-class of Notes then rated by Fitch.

### SCHEDULE C

**MOODY’S NOTCHING OF ASSET-BACKED SECURITIES**

The following notching conventions are appropriate for Standard & Poor’s-only rated tranches. The figures represent the number of notches to be subtracted from the Standard & Poor’s rating. (For example, a “1” applied to a Standard & Poor’s rating of “BBB” implies a Moody’s rating of “Baa3.”)

For this purpose, conduits are defined as fixed rate, sequential pay, multi-borrower transactions having a Herfindahl score of 40 or higher at the loan level with all collateral (conduit loans, A notes, large loans, CTLs and any other real estate collateral) factored in.

*A 1.5 notch haircut implies, for example, that if the S&P rating were “BBB,” then the Moody’s rating factor would be halfway between the “Baa3” and “Ba1” rating factors.

Catastrophe Bonds are not eligible to be notched unless otherwise agreed to by Moody’s.
## SCHEDULE D

### Standard & Poor’s Notching

Asset classes eligible for notching if they are not first loss tranches or combination securities. If the security is rated by two agencies, notch down as shown below based on the lowest rating. If rated only by one agency, then notch down what is shown below plus one more notch. This schedule may be modified or adjusted at any time, so please verify applicability.
