Met with Leat, Watson and Raynes today, along with Cliff et al from Finance, to discuss ss marks. Randy did not attend. Range of outcomes from four possible approaches was quite wide as expected. Murray, Dom and I meeting in AM to reach Risk's consensus which we'll pass along to You along with Barker and Maheras. Fyi S. E.C. Meeting with top eight accounting firms tomorrow to discuss the results/proposals coming out of the analysis on this issue they have done so far, mostly GS and ML I believe.
