Can we have some check the agreements on these prior to Monday afternoon.

Thanks,
Mike

Glad we touched base today. As far as my schedule for Monday is concerned, I am free from 12 noon on, so whatever time is convenient for you and David please let me know and I will walk over to David's office. Please let me know the time and place.

Further to my conversation, I have sent \$760,871,545 to Goldman Sachs for value today. That brings our total amount of money sent to you to date to \$3,775,361,545. It was brought to my attention that 3 deals on your list:

1. Index 5
2. Duke
3. MKP

are deals done under a separate MASTER and I understand that they have separate collateral thresholds which would not require collateral as of this date. We can discuss these when I see you Monday, but they were included in the amount I transferred to you today.

Hope you had a good day off.
