[1] Al-A is defined as all borrower-selected reduced documentation loans and excludes PayOption loans.
[2] Combined Loan to Value (CLTV) includes the balance of any second lien either originated or re-subordinated simultaneously to the origination of the first lien.
3] These entries provide responses for total dollar amount and number of mortgages purchased that quarter with a weighted average loan-to-value greater than 90 percent, as that is how Countrywide collects this information. We are also providing data for mortgages with a weighted average loan-to-value of "greater than 85 and less than or equal to 90 percent" to provide as close to an exact response as possible. The weighted average loan-to-
