 Re: RB presidents

talked to Lockhart, Rosengren, Fisher. All seemed fine with LEH briefing, though I was quized closely by Fisher on the appetite for Fed/Gov't involvement beyond liquidity provision. I told him strong predilection against by both Treas. and Fed--were exploring the bankruptcy option as well asways of involving private sector in wind down outside of bankruptcy--., but could give no 100% guarantees on what perception of situation would be Sunday evening. Only discussion on policy was with Fisher, who was fine with B; had some preference for a minor tweak in language, but couldn't remember what it was and didn't have statment in front of him. Brian later told me Fisher was ok with B language.
